PREFACE

The Mississippi Code of 1972, which became effective on November 1, 1973, is the culmination of nearly four years of effort on the part of the Legislature, the Attorney General's office and the publishers, which brings together provisions of general statutory law having a common subject matter into a more orderly and logical framework of code titles and chapters, and employing a modern and effective section numbering system. A major by-product of the code revision will be the state-owned magnetic computer tape containing the Mississippi Code of 1972, which will be of invaluable assistance to the Legislature and to the state.

The enabling act for the code was a recommendation of the Mississippi State Bar, which resulted in the consideration and passage of Senate Bill 1964, Chapter 465, Laws of 1970, signed into law by Governor John Bell Williams.

The Code Committee provided for in that act was comprised of A. F. Summer, Attorney General, Heber Ladner, Secretary of State, Representative Edgar J. Stephens, Jr., Chairman, House Appropriations Committee, Senator William G. Burgin, Jr., Chairman, Senate Appropriations Committee, Representative H. L. Meredith, Jr., Chairman, House Judiciary "A" and Judiciary en banc Committees, Senator E. K. Collins, Chairman, Senate Judiciary "A" and Judiciary en banc Committees, Representative Ney McKinley Gore, Jr., Chairman, House Judiciary "B" Committee, and Senator William E. Alexander, Chairman, Senate Judiciary "B" Committee. In 1972, Representative Marby Robert Penton and Senator Herman B. Decell, Chairman of House and Senate Judiciary "B" Committees, respectively, became members of the Committee, replacing Representative Gore and Senator Collins, Senator Alexander having been appointed Chairman of Senate Judiciary "A" and Judiciary en banc Committees. The Deputy Attorney General, Delos H. Burks, served the Code Committee as Secretary. Special Assistant Attorney General Fred J. Lotterhos, under the supervision of the Attorney General, was assigned the principal responsibility for the supervision of the recodification, including the consideration and treatment of some 16,000 sections of code manuscript.

Final legislative approval was given to the Mississippi Code of 1972 by passage of Senate Bill 2034, Laws of 1972, which was signed by Governor William L. Waller on April 26, 1972. A copy of that act is set out in Volume 1, following the Publisher's Foreword.

The Code Committee is of the opinion that the recodification has been thoroughly and well accomplished, and will result in a greatly improved repository of the general statutory law of the state.

PUBLISHER'S FOREWORD

This 2012 Volume 14A of the Mississippi Code of 1972 Annotated represents material appearing in both the original 1973 bound volume and the 1991 and 2005 Replacement Volume 14, as well as reflecting amendments, repeals, and new Code provisions enacted by the Mississippi Legislature through the 2012 Regular Legislative Session.

This volume contains the text of Titles 67 and 69 of the Mississippi Code of 1972 Annotated, as amended through the 2012 Regular Legislative Session.

Case annotations are included based on decisions of the State and federal courts in cases arising in Mississippi. Many of these cases were decided under the former statutes in effect prior to the enactment of the Code of 1972. These earlier cases have been moved to pertinent sections of the Code where they may be useful in interpreting the current statutes. Annotations to collateral research references are also included.

To better serve our customers by making our annotations more current, LexisNexis has changed the sources that are read to create annotations for this publication. Rather than waiting for cases to appear in printed reporters, we now read court decisions as they are released by the courts. A consequence of this more current reading of cases, as they are posted online on LexisNexis, is that the most recent cases annotated may not yet have print reporter citations. These will be provided, as they become available, through later publications.

This publication contains annotations taken from decisions of the Mississippi Supreme Court and the Court of Appeals. These cases will be printed in the following reporters:

- Southern Reporter, 3rd Series
- United States Supreme Court Reports
- Supreme Court Reporter
- United States Supreme Court Reports, Lawyers' Edition, 2nd Series
- Federal Reporter, 3rd Series
- Federal Supplement, 2nd Series
- Federal Rules Decisions
- Bankruptcy Reporter

Additionally, annotations have been taken from the following sources:

- American Law Reports, 6th Series
- American Law Reports, Federal Series
- Mississippi College Law Review
- Mississippi Law Journal

Finally, published Opinions of the Attorney General and opinions of the Ethics Commission have been examined for annotations.

A comprehensive Index appears at the end of this volume.

ADVANCE CODE SERVICE

Three times a year, at roughly quarterly intervals between delivery of Code supplement pocket parts, we publish the Mississippi Advance Code Service pamphlets. These pamphlets contain updated statutory material and annotations to Attorney General opinions, research and practice references, and recent court decisions construing the Code. Each pamphlet is cumulative, so that each is a "one-stop" source of case notes updating those in your Code bound volumes and pocket parts.

ADVANCE SHEETS

The Advance Sheets consist of a series of pamphlets issued in the spring. The series reproduces the acts passed by the Mississippi Legislature and

USER'S GUIDE

approved by the Governor during the legislative session. Features include tables showing the impact of legislation on sections of the Mississippi Code of 1972 Annotated, and a cumulative index. These pamphlets enable the user to receive a preview of approved legislation prior to supplement availability, and serve as an excellent source of legislative history.

AMENDMENT NOTES

Every time a Code provision is amended, we prepare a note describing the effect of the amendment. By reading the note, you can ascertain the impact of the change without having to check the former statute itself.

Amendment notes are retained in the Supplement until the bound volume is replaced, at which time notes from all but the last two years are deleted.

Amendment notes are available online from 1991 until the present in the Mississippi Legislative Archive.

ANALYSES

Each title, chapter, and article appearing in a bound volume or supplement is preceded by an analysis. The analysis details the scope of the title, chapter, and article and enables you to see at a glance the content of the title, chapter, and article without resorting to a page-by-page examination in the bound volume or supplement.

ATTORNEY GENERAL OPINIONS

Opinions of the Attorney General for the State of Mississippi have been read for constructions of Mississippi law. Notes describing the subject matter of the opinions have been placed under relevant Code provisions under the heading "Attorney General Opinions." The citation at the end of each note refers to the person requesting the opinion, the date of the opinion, and the opinion number.

CODE STATUS

The Mississippi Code of 1972 Annotated is Mississippi's official code and is considered evidence of the statute law of the State of Mississippi (see § 1-1-8). The Code was enacted by Chapter 394 of the Laws of 1972, which was signed by the Governor on April 26, 1972.

Title 1, Chapters 1 through 5 of the Code contain statutes governing the status and construction of the Code.

COMPARABLE LEGISLATION FROM OTHER STATES

Notes to comparable legislation from other states appear for uniform laws, interstate compacts, statutory provisions pertaining to reciprocity and cooper-

USER'S GUIDE

ation with other states, and various important statutes of general interest. Other states' statutes that are similar in subject matter and scope to those of Mississippi are cited, generally, under the first section of the chapter or article to which they pertain. Occasionally, comparable legislation pertains to only one section, in which case it is cited under that section rather than at the chapter or article level.

See also *Federal Aspects*.

COURT RULES

The Mississippi Court Rules are published separately by LexisNexis in a fully annotated softcover volume which is replaced annually and supplemented semi-annually.

The Court Rules volume contains statewide rules of procedure of the state courts, the local rules of the United States district courts and bankruptcy courts for Mississippi, and the rules of the United States Court of Appeals for the Fifth Circuit. Rules are received from the courts and edited only for stylistic consistency. For further information, see the Preface to the Mississippi Court Rules volume.

CROSS REFERENCES

Cross references refer you to notes under other Code sections, that may affect a law or place it in context. Cross references also are used under repealed provisions to refer you to an existing law on a similar subject. Cross references do not cite all related statutes, however, since these can be identified by using the General Index.

See also *Comparable Legislation from other States* and *Federal Aspects*.

EDITOR'S NOTES

Editor's notes are notes prepared by the Publisher that contain information about important or unusual features of a law, or special circumstances surrounding passage of the law, that are not apparent from the law's text.

See also *Effective Dates*.

EFFECTIVE DATES

Absent a specific effective date provision within an act, Mississippi laws generally take effect upon approval date, which is the date the act is signed into law by the Governor. Acts affecting voting rights and procedures take effect on the date the United States Attorney General interposes no objection under § 5 of the Voting Right Act of 1965.

USER'S GUIDE

FEDERAL ASPECTS

Notes to federal legislation that is similar in subject matter and scope to the laws of Mississippi are referenced throughout the Code. In addition, the Code contains the United States Code Service citation for any federal law that is referred to in a Mississippi statute by its popular name or by its session law designation.

See also *Comparable Legislation from other States*.

INDEX

The Code is completely indexed in two softcover Index volumes, which are updated and replaced annually. In addition, each volume of the Code is followed by its own index. As accurate and thorough as the Index is, your best defense against index wild goose chases is familiarity with indexing techniques. To that end, an explanatory Foreword to the Index appears in the first Index volume.

JOINT LEGISLATIVE COMMITTEE NOTES

Joint Legislative Committee notes are included in the Code to describe codification decisions made by the Mississippi Joint Legislative Committee on Compilation, Revision and Publication of Legislation. Examples of Committee actions that warrant the inclusion of a note are the integration of multiple amendments to a single Code section during the same legislative session, and the correction of typographical errors appearing in the Code.

JUDICIAL DECISIONS

Every reported case from the Supreme Court of Mississippi, the Court of Appeals of Mississippi, federal district courts for Mississippi, the federal Fifth Circuit Court of Appeals and the United States Supreme Court has been read for constructions of Mississippi law. These constructions are noted under pertinent sections of the statutes or Mississippi Constitution provisions, under the heading "Judicial Decisions." Where a decision has been reviewed by a higher court, subsequent judicial history and disposition is noted in the case note if such disposition has any bearing on the annotated material. Where two or more decisions state the same rule of law, the case citations are cumulated under one case note.

Case notes are grouped together under headings called "catchlines." The catchlines identify the basic subject matter of the case notes and assist the user in locating pertinent notes. Catchlines are numbered and arranged thematically, with "In general" first. Where there are two or more catchlines, an analysis, listing all the catchlines, precedes the annotations.

Frequently, statutes carry notes to cases that arose under earlier laws on the same subject. Case notes are retained so long as the editor believes the note

will have some relevance under current law, though of course the relevance may be diminished by later changes in the law. These case notes appear under the heading "Decisions under former law."

ORGANIZATION AND NUMBERING SYSTEM

The Code is organized by titles, chapters, articles, subarticles, undesignated centered headings and sections. Analyses at the beginning of each title, chapter, article, and subarticle help you understand the internal arrangement of each Code unit (see *Analyses*).

Odd numbers are generally used for the numbering of titles, chapters and sections. Even numbers have been used for some chapters and sections so that a particular new chapter or section might be logically placed with other chapters and sections dealing with the same or similar subject matter. Similarly, the use of numbers with decimal points has been used for some sections in order that they may be inserted among other sections pertaining to the same subject.

The title, chapter, and section for each Code section is revealed by its section number. Thus, in the designation "§ 1-3-65," the first digit ("1") means the provision is in Title 1 ("Laws and Statutes"); the second ("3") indicates Chapter 3 ("Construction of Statutes"); and the last two digits ("65") mean the 65th section in that chapter ("Construction of terms generally").

Articles and subarticles are not reflected by section number designations.

Within sections, subsections and paragraphs usually are designated following this pattern: (1)(a)(i)1. or (1)(a)(i)A. A distinctive indentation scheme is applied to suggest the relative value of each unit within this hierarchy.

PLACEMENT OF NOTES

Where a note pertains to a single statute section, it will of course be set out following that section. In many instances, however, a note applies equally to several statute sections or to an entire chapter or article. If the pertinent sections are scattered, or few in number, the note will be duplicated for each section. But where the note applies to all or most of the sections in a chapter or article, we prevent the space-consuming repetition of notes by placing the note at the very beginning of the chapter or article.

REPLACEMENT VOLUMES

The Code is periodically updated and streamlined by the replacement of volumes. Although a current set of the Code contains all currently applicable statutes, we encourage you to retain replaced volumes and their supplement pockets parts for historical reference.

USER'S GUIDE

RESEARCH AND PRACTICE REFERENCES

Citations to references in American Jurisprudence, American Jurisprudence Pleading and Practice, American Jurisprudence Proof of Facts, American Jurisprudence Trials, American Law Reports, First through Sixth Series, ALR Federal, Corpus Juris Secundum, various other treatises and practice guides, and Mississippi law journals are given under this heading, wherever the references appear to discuss the statute under which the citation appears, or a topic related to the statute. These citations are intended only to give you a starting point for your library research. The Mississippi law journals include Mississippi Law Journal and Mississippi College Law Review.

SOURCE NOTES

Each section of the Code is followed by a brief note showing the acts of the Legislature on which it is based, including the act that originally enacted the section and any subsequent amendments.

The source note follows the section text, preceding any other annotations for the section. Information in the source note is listed in chronological order, with the most recent information listed last. If a section has been renumbered, the former number will appear in the source note. :

The tables volume should also be consulted when researching the history of a statutory section, since it contains cross reference tables that provide a statutory citation for each section of the session laws and the date each act went into effect.

STATUTE HEADINGS

Headings or “catchlines” for Code sections and subsections are generally created and maintained by the publisher. They are mere catchwords and are not to be deemed or taken as the official title of a section or as a part of the section. Your suggestions for the improvement of particular catchlines are invited.

TABLES

The Mississippi Code of 1972 Annotated contains several tables that can assist you in your research. These are published in the Statutory Tables volume of the Code, and include the following:

- Sections of the Code of 1930 carried into the Code of 1942.
- Sections of the Code of 1942 carried into the Code of 1972.
- Allocation of Acts of Legislature, 1931 — 1972.

JUDICIAL DECISIONS

1. In general.

Since the Native Wine Act (§§ 67-5-1 et seq.) consists of laws relating specifically to one form of alcoholic beverage, it is, as such, special legislation which will prevail

over the general statutes dealing with alcohol that are contained in Chapter 1 of Title 67 (67-1-1 et seq). *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

ATTORNEY GENERAL OPINIONS

The general rule is that municipalities may not regulate activity that has been preempted by state law and regulation. Regulation of the manufacture, sale, distribution, possession and transportation of intoxicating liquor is preempted by state law. Likewise, designation of qualified resort areas is a matter preempted by state law. *Diaz*, Oct. 23, 1991, A.G. Op. #91-0681.

The regulation of sales of alcoholic beverages containing 5% or more of alcohol,

or intoxicating liquor, is an area wholly within the authority of the State Tax Commission; there is no authority for a municipality to adopt an ordinance that would further regulate the sale of intoxicating liquors by extending the hours during which the sale of such beverages by certain permitted retailers may be lawfully made. *Tyner*, March 5, 1999, A.G. Op. #99-0074.

§ 67-1-3. Prohibition reannounced as law of State.

The policy of this State is reannounced in favor of prohibition of the manufacture, sale, distribution, possession and transportation of intoxicating liquor; and the provisions against such manufacture, sale, distribution, possession and transportation of intoxicating liquor, as contained in Chapter 31 of Title 97, Mississippi Code of 1972 and elsewhere, are hereby redeclared the law of this state. The purpose and intent of this chapter is to vigorously enforce the prohibition laws throughout the state, except in those counties and municipalities voting themselves out from under the prohibition law in accordance with the provisions of this chapter, and, in those counties and municipalities, to require strict regulation and supervision of the manufacture, sale, distribution, possession and transportation of intoxicating liquor under a system of state licensing of manufacturers, wholesalers and retailers, which licenses shall be subject to revocation for violations of this chapter.

All laws and parts of laws in conflict with this chapter are repealed only to the extent of such conflict; however, except as is provided in this chapter, all laws prohibiting the manufacture, sale, distribution and possession of alcoholic beverages, which are not in conflict with this chapter shall remain in full force and effect, and all such laws shall remain in full force and effect in counties and municipalities wherein the manufacture, sale, distribution and possession of alcoholic beverages has not been authorized as a result of an election held under Section 67-1-11 or Section 67-1-14, Mississippi Code of 1972, or as otherwise provided in this chapter.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

It is apparent from the enumerated powers, functions, duties, and responsibilities reposed in and imposed upon the state tax commission in widely separated parts of the Local Option Alcoholic Beverage Control Law, that it was the intent of the legislature to grant the commission wide latitude and discretion in considering and acting upon applications for permits to operate retail liquor stores. *Mississippi State Tax Comm'n v. Package Store, Inc.*, 208 So. 2d 46 (Miss. 1968).

Subsection 3 of Code 1942, § 7545-71 under which all laws and ordinances of a city were made applicable to a noncontiguous municipal airport was repealed by implication by this section to the extent that it conflicted with the provisions of the Local Option Beverage Control Law, so although the city was located in a county where the sale of alcoholic beverages was legal this did not authorize the sale of such beverages at the municipal airport which was located in a "dry" county. *Jackson Mun. Airport Auth. v. Shivers*, 206 So. 2d 190 (Miss. 1968).

(o) "Qualified resort area" means any area or locality outside of the limits of incorporated municipalities in this state commonly known and accepted as a place which regularly and customarily attracts tourists, vacationists and other transients because of its historical, scenic or recrea-

tional facilities or attractions, or because of other attributes which regularly and customarily appeal to and attract tourists, vacationists and other transients in substantial numbers; however, no area or locality shall so qualify as a resort area until it has been duly and properly approved as such by the department.

(i) The department may approve an area or locality outside of the limits of an incorporated municipality that is in the process of being developed as a qualified resort area if such area or locality, when developed, can reasonably be expected to meet the requisites of the definition of the term "qualified resort area." In such a case, the status of qualified resort area shall not take effect until completion of the development.

(ii) The term includes any state park which is declared a resort area by the department; however, such declaration may only be initiated in a written request for resort area status made to the department by the Executive Director of the Department of Wildlife, Fisheries and Parks, and no permit for the sale of any alcoholic beverage, as defined in this chapter, except an on-premises retailer's permit, shall be issued for a hotel, restaurant or bed and breakfast inn in such park.

5. Any facility that is located in a municipality that is bordered by the Pearl River, traversed by Mississippi Highway 25, adjacent to the boundaries of the Jackson International Airport and is located in a county which has voted against coming out from under the dry law; however, any such facility may only be located in areas designated by the governing authorities of such municipality;

6. Any municipality with a population in excess of ten thousand (10,000) according to the latest federal decennial census that is located in a county that is bordered by the Pearl River and is not traversed by Interstate Highway 20, with a population in excess of forty-five thousand (45,000) according to the latest federal decennial census;

The status of these municipalities, districts, clubhouses, facilities and golf courses described in subparagraph (iii) of this paragraph (o) as qualified resort areas does not require any declaration of same by the department.

(p) "Native wine" means any product, produced in Mississippi for sale, having an alcohol content not to exceed twenty-one percent (21%) by weight and made in accordance with revenue laws of the United States, which shall be obtained primarily from the alcoholic fermentation of the juice of ripe grapes, fruits, berries or vegetables grown and produced in Mississippi; provided that bulk, concentrated or fortified wines used for blending may be produced without this state and used in producing native wines. No place shall qualify as a bed and breakfast inn under this chapter unless on the date of the initial application for a license under this chapter more than fifty percent (50%) of the sleeping rooms are located in a structure formerly used as a residence.

(s) "Board" shall refer to the Board of Tax Appeals of the State of Mississippi.

(t) "Spa facility" means an establishment within a municipality or qualified resort area and owned by a hotel where, in consideration of payment, patrons receive from licensed professionals a variety of private personal care treatments such as massages, facials, waxes, exfoliation and hairstyling.

On May 26, 2009, the United States Attorney General interposed no objection under Section 5 of the Voting Rights Act of 1965, as amended and extended, to the amendment of this section by Laws of 2009, ch. 558.

Amendment Notes — The first 2012 amendment (ch. 323) substituted “but shall not include light wine and beer, as defined in Section 67-3-3” for “but shall not include wine containing five percent (5%) or less of alcohol by weight and shall not include beer containing not more than five percent (5%) of alcohol by weight, as provided for in

Section 67-3-5" in the first sentence of (a); and inserted "the" preceding "Board of Tax Appeals" in (s).

The second 2012 amendment (ch. 428), in (m), added "Except as otherwise provided in this paragraph" at the beginning of the last sentence in (i); added (ii); and made minor stylistic changes.

The third 2012 amendment (ch. 501), in (a), substituted "but shall not include light wine and beer, as defined in Section 67-3-3" for "but shall not include wine containing five percent (5%) or less of alcohol by weight and shall not include beer containing not more than five percent (5%) of alcohol by weight, as provided for in Section 67-3-5" in the first sentence and added "or beer of an alcoholic content ... for sale in another state" at the end of the last sentence.

JUDICIAL DECISIONS

1. In general.

Phrase "alcoholic beverage" does not as matter of law exclude beer when phrase is used outside Chapter 1 of Title 67 of Mississippi Statutes. *Wilson ex rel. Wilson v. United States Fid. & Guar. Ins. Co.*, 830 F.2d 588 (5th Cir. 1987).

Policy of liability insurance covering convenience store, which policy excluded coverage for bodily injury for which insured may be held liable by reason of selling, serving or giving of any alcoholic beverage to minor, excludes coverage for bodily injury by reason of selling, serving or giving of "beer", even though definition of alcoholic beverage under state law excludes beer, as common and ordinary meaning of beer is beverage containing alcohol; liability policy which excluded coverage for bodily injury for which store was liable by reason of selling of alcoholic beverage to minor did not cover bodily

injuries sustained in accident caused by underaged motorist's intoxication from drinking beer which he bought at store, despite statute which excluded beer from definition of alcoholic beverages. *Wilson ex rel. Wilson v. United States Fid. & Guar. Ins. Co.*, 659 F. Supp. 553 (S.D. Miss. 1987), *aff'd*, 830 F.2d 588 (5th Cir. 1987).

Inasmuch as Code 1942, § 10625-05 excludes from the definition of "alcoholic beverage" beer and wine of not more than 4 percent of alcohol by weight, the authority conferred upon agents of the alcoholic beverage commission under Code 1942, §§ 10265-11 and 10265-17 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234 (Miss. 1968), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683 (Miss. 1982).

§ 67-1-7. General applicability of chapter.

(1) Except as otherwise provided in Section 67-9-1 for the transportation and possession of limited amounts of alcoholic beverages for the use of an alcohol processing permittee, and subject to all of the provisions and restrictions contained in this chapter, the manufacture, sale, distribution, possession and transportation of alcoholic beverages shall be lawful, subject to the restrictions hereinafter imposed, in those counties and municipalities of this state in which, at a local option election called and held for that purpose under the provisions of this chapter, a majority of the qualified electors voting in such election shall vote in favor thereof. Except as otherwise provided in Section 67-1-51 for holders of a caterer’s permit, the manufacture, sale and distribution of alcoholic beverages shall not be permissible or lawful in counties except in (a) incorporated municipalities located within such counties, (b) qualified resort areas within such counties approved as such by the State Tax Commission, or (c) clubs within such counties, whether within a municipality or not. The manufacture, sale, distribution and possession of native wines shall be lawful in any location within any such county except those locations where the manufacture, sale or distribution is prohibited by law other than this section or by regulations of the commission.

(2) Notwithstanding the foregoing, within any state park or any state park facility that has been declared a qualified resort area by the commission, and within any qualified resort area as defined under Section 67-1-5(o)(iii), an on-premises retailer’s permit may be issued for the qualified resort area, and the permittee may lawfully sell alcoholic beverages for consumption on his licensed premises regardless of whether or not the county or municipality in which the qualified resort area is located has voted in favor of coming out from under the dry law, and it shall be lawful to receive, store, sell, possess and consume alcoholic beverages on the licensed premises, and to sell, distribute and transport alcoholic beverages to the licensed premises.

JUDICIAL DECISIONS

1. In general.

Ordinance prohibiting commercial establishments from allowing consumption of alcoholic beverages between midnight and 7:00 a.m., which defined "consumption" to include possession in open containers as well as ingestion, was not preempted by statute expressly permitting possession of alcoholic beverages in "wet" municipalities absent clear expression of legislative intent to permit consumption, as opposed to mere possession, without limitation in wet areas, given broad grant of authority to municipalities to regulate impact of alcoholic beverages upon public health, morals, and safety and public policy favoring prevention of alcohol-related altercations and motor vehicle accidents, as limiting possession of opened containers was reasonable and necessary to enforce limitations on consumption. *Maynard v. City of Tupelo*, 691 So. 2d 385 (Miss. 1997).

In counties where the general prohibition laws have been suspended through legalization of the sale of alcoholic liquors by an election held under the local option alcoholic beverage control law, in order to charge an unlawful sale the indictment or affidavit must charge that the local option law is in effect in that county, and suffi-

cient facts to show a violation of one of the provisions of the local option law. *Wortham v. State*, 219 So. 2d 923 (Miss. 1969).

In a county in which the general prohibition laws had been suspended, it was error to permit the amendment of an indictment charging a violation of those laws so as to charge the commission of an offense prohibited under the local option beverage control law. *Wortham v. State*, 219 So. 2d 923 (Miss. 1969).

An indictment which charges an unlawful sale of intoxicating liquor in violation of the general prohibition laws fails to charge an indictable offense where the act occurred in a county where those laws had been suspended by an election held under the local option alcoholic beverage control law. *Wortham v. State*, 219 So. 2d 923 (Miss. 1969).

The state tax commission not only has the authority as a legislative administrative agency to hold a hearing upon the application of a county board of supervisors to determine "resort areas" but it was the commission's duty to hold a public hearing upon the application; and a failure to conduct a hearing which is required by statute would have been unlawful, arbitrary, and capricious. *Graves v. Rhoden*, 218 So. 2d 424 (Miss. 1969).

However, nothing contained herein shall prevent importers, wineries and distillers of alcoholic beverages from storing such alcoholic beverages in private bonded warehouses located within the State of Mississippi for the ultimate use and benefit of the State Tax Commission as provided in Section 67-1-41. The commission is hereby authorized to promulgate rules and regulations for the establishment of such private bonded warehouses and for the control of alcoholic beverages stored in such warehouses. Any drugstore employing a licensed pharmacist may possess and use alcoholic liquors in the combination of prescriptions of duly licensed physicians. The possession and dispensation of wine by an authorized representative of any church for the purpose of conducting any bona fide rite or religious ceremony conducted by such church shall not be prohibited by this chapter.

§ 67-1-11. Local option election to render chapter effective in county.

(1) Notwithstanding any provision of this chapter, the legalizing provisions of this chapter, except as authorized under Section 67-9-1 and Section 67-1-7(2), shall not be effective, applicable or operative in any county unless and until a local option election shall be called and held in such county in the manner and with the results hereinafter provided.

(2) Upon presentation and filing of a proper petition requesting same signed by at least twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the qualified electors of the county, it shall be the duty of the board of supervisors to call an election at which there shall be submitted to the qualified electors of the county the question of whether or not the sale, distribution and possession of alcoholic liquors shall be permitted in such county as provided in this chapter. Such election shall be held and conducted by the county election commissioners on a date fixed by the order of the board of supervisors, which date shall not be more than sixty (60) days from the date of the filing of said petition. Notice thereof shall be given by publishing such notice once each week for at least three (3) consecutive weeks in some newspaper published in said county or, if no newspaper be published therein, by such publication in a newspaper in an adjoining county and having a general circulation in the county involved. The election shall be held not earlier than fifteen (15) days from the first publication of such notice.

(3) Said election shall be held and conducted as far as may be possible in the same manner as is provided by law for the holding of general elections. The ballots used thereat shall contain a brief statement of the proposition submitted and, on separate lines, the words "I vote FOR coming out from under the dry law in _____ County () " "I vote AGAINST coming out from under the dry law in _____ County () " with appropriate boxes in which the voters may express their choice. All qualified electors may vote by marking the ballot with a cross (x) or check () mark opposite the words of their choice.

(4) The election commissioners shall canvass and determine the results of said election, and shall certify same to the board of supervisors which shall adopt and spread upon its minutes an order declaring such results. If, in such election, a majority of the qualified electors participating therein shall vote in favor of the proposition, this chapter shall become applicable and operative in such county and the manufacture, sale, distribution and possession of alcoholic beverages therein shall be lawful to the extent and in the manner permitted hereby. If, on the other hand, a majority of the qualified electors participating in the election shall vote against the proposition, this chapter, except for Section 67-9-1 and 67-1-7(2), shall not become effective and operative in such county and, except as otherwise provided under Section 67-9-1 and 67-1-7(2), all laws prohibiting and regulating the manufacture, sale, distribution and possession of intoxicating liquor shall remain in full force and effect and be administered and vigorously prosecuted therein. In either case, no further election shall be held in said county under the provisions of this chapter for a

period of two (2) years from the date of the prior election and then only upon the filing of a petition requesting same signed by at least twenty percent (20%) or fifteen hundred (1,500), whichever number is the lesser, of the qualified electors of the county as is otherwise provided herein.

§ 67-1-13. Local option election to render chapter ineffective in county.

(1) When this chapter has been made effective and operative in any county as a result of an election called and held as provided in Section 67-1-11, the same may be made ineffective and inapplicable therein by an election called and held upon a petition filed with the board of supervisors requesting same signed by at least twenty percent (20%) or fifteen hundred (1500), whichever number is the lesser, of the qualified electors of the county as is otherwise provided in Section 67-1-11, all of the provisions of which shall be fully applicable thereto. However, nothing herein shall authorize or permit the

calling and holding of any election under this chapter in any county more often than once every two (2) years. If in such election, a majority of the qualified electors participating therein shall vote against the legalized sale of intoxicating liquor, then the prohibition laws of the State of Mississippi, except as otherwise provided under Section 67-9-1 and 67-1-7(2), shall become applicable in said county.

(2) Notwithstanding an election reinstating the prohibition laws in a political subdivision, the holder of a native wine producer's permit or a native wine retailer's permit is allowed to continue to operate under such permits and to renew such permits. Possession of native wines and personal property related to the activities of the native wine permit holder which would otherwise be unlawful under prohibition shall be allowed subject to regulations of the Alcoholic Beverage Control Division.

§ 67-1-14. Local option election to render chapter ineffective in certain municipalities.

[Effective until the date Laws of 2012, ch. 462 is effectuated under Section 5 of the Voting Rights Act of 1965, as amended and extended, this section will read:]

(1) The legalizing provisions of this chapter may be effective, applicable and operative in any municipality located in a county which has voted against coming out from under the dry law if a local option election shall be called and held in such municipality in the manner and with the results hereinafter provided.

(2)(a) Any municipality in this state having a population of not less than six thousand (6,000) according to the latest federal census, all or any

portion of which is located within five (5) miles of the Tennessee-Tombigbee Waterway and which is located in a county which has voted against coming out from under the dry law, may, at an election held for the purpose under the election laws applicable to such municipality, either prohibit or permit, except as otherwise provided under Section 67-9-1, the sale, and the receipt, storage and transportation for the purpose of sale, of alcoholic beverages. An election to determine whether such sale and possession shall be permitted in municipalities wherein its sale and possession is prohibited by law shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality asking for such election. In like manner, an election to determine whether such sale and possession shall be prohibited in municipalities wherein its sale is permitted by law shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality asking for such election. No election on either question shall be held by any one (1) municipality more often than once in two (2) years.

Thirty (30) days' notice shall be given to the qualified electors of such municipality, in the manner prescribed by law, upon the question of either permitting or prohibiting such sale and possession, such notice to contain a statement of the question to be voted on at the election. The ballots to be used in the election shall have the following words printed thereon: "For the legal sale of alcoholic liquors," and the words "Against the legal sale of alcoholic liquors" next below. In marking his ballot the voter shall make a cross (X) opposite the words of his choice.

If in the election a majority of the qualified electors voting in the election shall vote "for the legal sale of alcoholic liquors," then the municipal governing authorities shall pass the necessary order permitting the legal sale of such alcoholic beverages in such municipality. If in the election a majority of the qualified electors voting in the election shall vote "against the legal sale of alcoholic liquors," then the municipal governing authorities shall pass the necessary order prohibiting the sale of alcoholic beverages in such municipality.

(b) The provisions of this subsection shall also apply to any municipality having a population of not less than six thousand (6,000) according to the latest federal census, a portion of which is located in a county which has voted against coming out from under the dry law and a portion of which is located in a county which has voted in favor of coming out from under the dry law. For the purpose of determining whether or not such a municipality meets the threshold population of six thousand (6,000) which will qualify the municipality to hold an election under this subsection, the entire population of the municipality shall be considered; however, the petition to hold the election authorized in this subsection shall be ordered by the municipal governing authorities upon the presentation of a petition

to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality who reside in that portion of the municipality located in a county which has voted against coming out from under the dry law and the election shall be held only in that portion of the municipality. In all other respects, the authority for the holding of elections and the manner in which such elections shall be conducted shall be as prescribed in paragraph (a) of this subsection; and, after proper certification of election results, the municipal governing authorities shall pass the appropriate order to permit or prohibit the legal sale of alcoholic beverages in that portion of the municipality located in a county which has voted against coming out from under the dry law.

[Effective from and after the date Laws of 2012, ch. 462 is effectuated under Section 5 of the Voting Rights Act of 1965, as amended and extended, this section will read:]

(1) The legalizing provisions of this chapter may be effective, applicable and operative in any municipality located in a county which has voted against coming out from under the dry law if a local option election shall be called and held in such municipality in the manner and with the results hereinafter provided.

(2)(a) Any municipality in this state having a population of not less than five thousand (5,000) according to the latest federal census and which is located in a county which has voted against coming out from under the dry law, or any municipality that is a county seat and which is located in a county which has voted against coming out from under the dry law, may, at an election held for the purpose under the election laws applicable to such municipality, either prohibit or permit, except as otherwise provided under Section 67-9-1, the sale, and the receipt, storage and transportation for the purpose of sale, of alcoholic beverages. An election to determine whether such sale and possession shall be permitted in municipalities wherein its sale and possession is prohibited by law shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality asking for such election. If in the election a majority of the qualified electors voting in the election shall vote "against the legal sale of alcoholic liquors," then the municipal governing authorities shall pass the necessary order prohibiting the sale of alcoholic beverages in such municipality.

(b) The provisions of this subsection shall also apply to any municipality having a population of not less than six thousand (6,000) according to the latest federal census, a portion of which is located in a county which has voted against coming out from under the dry law and a portion of which is located in a county which has voted in favor of coming out from under the dry law. For the purpose of determining whether or not such a municipality meets the threshold population of six thousand (6,000) which will qualify the municipality to hold an election under this subsection, the entire population of the municipality shall be considered; however, the petition to hold the election authorized in this subsection shall be ordered by the municipal governing authorities upon the presentation of a petition to such governing authorities containing the names of at least twenty percent (20%) of the duly qualified voters of such municipality who reside in that portion of the municipality located in a county which has voted against coming out from under the dry law and the election shall be held only in that portion of the municipality. In all other respects, the authority for the holding of elections and the manner in which such elections shall be conducted shall be as prescribed in paragraph (a) of this subsection; and, after proper certification of election results, the municipal governing authorities shall pass the appropriate order to permit or prohibit the legal sale of alcoholic beverages in that portion of the municipality located in a county which has voted against coming out from under the dry law.

(3) The governing authorities of a municipality that has voted to come out from under the dry laws after the effective date of this act may, by ordinance, provide that alcoholic beverages may be sold in the municipality only by the holder of an on-premises retailer's permit.

(c) The alcoholic beverage control division of the state tax commission and other law enforcement personnel described in this subsection have

probable cause to believe that the property was used or is intended to be used in violation of this chapter or Chapter 31 of Article 97, Mississippi Code of 1972.

(4) Alcoholic beverages and raw materials seized or detained under the authority of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, is deemed to be in the custody of the agent or agency so seizing the property and subject only to the orders and decrees of the court having jurisdiction over the property. When such property is seized it may be retained as evidence until final disposition of the cause in which such property is involved, and then the agent or agency so seizing the property shall physically transfer such alcoholic beverage or raw material to the director of the alcoholic beverage control division of the state tax commission together with an appropriate inventory of the items seized. Alcoholic beverages and raw materials seized or detained under the authority of this section shall be disposed of in accordance with the provisions of Section 67-1-18.

(5) Any property other than alcoholic beverages and raw materials seized or detained pursuant to this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, shall be deemed to be in the custody of the agent or agency so seizing the property and subject only to the orders and decrees of the court having jurisdiction over the property. When such property is seized it may be retained as evidence until the final disposition of the cause in which such property is involved. Property seized or detained other than alcoholic beverages or raw materials shall be disposed of in accordance with the provisions of Sections 67-1-93, 67-1-95 and 67-1-97.

JUDICIAL DECISIONS

1. In general.

Sections 67-1-17, 67-1-93, 67-1-95 and 67-1-97, which govern the seizure and disposal of personal property which is in violation of the prohibition law, do not provide for the return of the property prior to a hearing on the forfeiture proceeding.

Thus, a defendant was not entitled to the return of her seized car pending the outcome of the forfeiture hearing where the defendant admitted that the intoxicating liquors being transported in her automobile belonged to her, and that she was in the vehicle and was participating in the

actual transportation of the contraband. *Mississippi State Tax Comm'n v. One (1) 1984 Black Mercury Grand Marquis*, 568 So. 2d 707 (Miss. 1990).

Forfeiture applies when the prohibition law is violated using a vehicle for concealing or transporting of liquor in excess of 6 gallons; the burden is upon the State to prove that the forfeiture comes within the statute imposing liability by a preponderance of the evidence. Thus, an automobile which was used by the defendant to transport more than 6 gallons of intoxicating liquor into a "dry" county, was subject to forfeiture following the defendant's conviction for unlawful possession of intoxicating liquor in violation of § 97-31-27. *Mississippi State Tax Comm'n v. One (1)*

1984 Black Mercury Grand Marquis, 568 So. 2d 707 (Miss. 1990).

Section 67-1-17, providing for the seizure of unlawful alcoholic beverages, violates federal due process requirements by failing to provide for reasonable notice to the owner of a seized vehicle prior to its forfeiture. However, notice to the owner of a seized vehicle advising him of the pendency of a subsequent forfeiture proceeding, provided by § 99-27-11, and the owner's opportunity to interpose a claim to the seized property prior to its forfeiture, provided by § 99-27-13, satisfy due process notice and hearing requirements. *Holladay v. Roberts*, 425 F. Supp. 61 (N.D. Miss. 1977).

§ 67-1-18. Disposal of seized property by State Tax Commission.

Any alcoholic beverage or raw material seized under the authority of this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, shall be submitted to the custody of the Mississippi State Tax Commission for disposition.

The commission shall not dispose of any alcoholic beverage or raw material without first having a hearing with reasonable notice to all individuals having an interest in said property and an opportunity for them to appear and establish their right or claim to the property. Upon hearing the evidence, the commission shall issue its order requiring the alcoholic beverages or raw materials to be released to an interested party, sold for the benefit of the state or destroyed.

If the commission orders the property, other than alcoholic beverages, sold, then the same shall be sold to the highest bidder, such bidder being any person, firm or government agency. The offer for sale shall be made to not less than three (3) qualified prospective buyers, by mailing them an invitation to bid,

which shall describe the property, terms of sale, method of delivery, manner of bidding and fixing a time of not more than fifteen (15) days from the date of invitation for opening of bids received by the commission.

All bids and payment shall be made in the manner as prescribed by the commission. Bids, after opening, shall be subject to public inspection.

If the commission orders the sale of seized alcoholic beverages, it may place such alcoholic beverages in the state inventory to be sold to authorized retailers in the same manner as other alcoholic beverages in the state inventory are sold.

JUDICIAL DECISIONS

1. In general.

An agent of the alcoholic beverage control division did not have authority to serve a search warrant issued for the purpose of making a search for illegal gambling equipment, since such agents have no police powers other than those expressly granted by the provisions of the local option alcoholic beverage control law. *Presley v. State*, 229 So. 2d 830 (Miss. 1969).

Inasmuch as Code 1942, § 10265-05 excludes from the definition of "alcoholic

beverage" beer and wine of not more than 4 percent of alcohol by weight the authority conferred upon agents of the alcoholic beverage commission under this section and Code 1942, § 10265-17 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234 (Miss. 1968), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683 (Miss. 1982).

ATTORNEY GENERAL OPINIONS

The law enforcement authority of the agents and inspectors of the Alcoholic Beverage Control Division of the State Tax Commission is limited to the authority set forth in Section 67-1-31, which

includes the authority to aid and assist any law enforcement officer, if requested. *Carter*, December 13, 1996, A.G. Op. #96-0852.

JUDICIAL DECISIONS

1. In general.

1.5. Due process.

1. In general.

Sufficient-cause language within subsection (b) was an express grant of power that did not grant to the State Tax Commission arbitrary and capricious discretion; the commission was given authority to revoke, suspend or cancel a permit for noncompliance or other sufficient cause, and there was sufficient cause to find the business to have disregarded the authority and power of the Alcohol Beverage Control division. *D. J. Koenig & Assocs. v. Miss. State Tax Comm'n*, 838 So. 2d 246 (Miss. 2003).

Business was given due process consisting of notice and an opportunity to be heard; the statute was discussed in the first hearing, and this put the owner on notice that it was at issue in the second hearing. *D. J. Koenig & Assocs. v. Miss.*

State Tax Comm'n, 838 So. 2d 246 (Miss. 2003).

Chancery Court jurisdiction in case under local option alcoholic beverage control law (§§ 67-1-1 et seq.) is appellate only; Chancery Court has no original authority to initially hear and determine merits of case under law and may not issue order quashing subpoena duces tecum issued by Alcoholic Beverage Control Division. *Mississippi State Tax Comm'n v. Elks Lodge No. 553*, 471 So. 2d 1225 (Miss. 1985).

A chancery court order, removing the disabilities of a 19-year-old woman and empowering her to engage "in any profession or avocation which she could do if she were 21 years of age", as decreed pursuant to Code 1972 § 93-19-9, would take precedence over an Alcoholic Beverage Control Division regulation prohibiting the employment of persons under age 21 from the handling of alcoholic beverages, since

the regulatory authority vested in the Division by Code 1972 § 67-1-37(h) requires that such regulations not be inconsistent with other laws of the state. *Mississippi State Tax Comm'n v. Reynolds*, 351 So. 2d 326 (Miss. 1977).

Although this section, gives the state tax commission authority to designate hours when alcoholic beverages may be sold indifferent localities in the state which permit such sale, and the state tax commission did in fact approve the sale of alcoholic beverages in a certain municipality by hotels, restaurants, and clubs between the hours of 9 o'clock a.m. and 2 o'clock a.m. on all days except Sundays and election days, the allegation in a restaurant owners' bill of complaint alleging that the sheriff of the county had publicly stated that he would repeatedly arrest the complainant if he continued to sell alcoholic beverages between midnight and 2 a.m. was not sufficient to show that complainant's property rights were in danger of repeated arrest and prosecution by the sheriff, and was insufficient to support an injunction. *Watkins v. Navarrette*, 227 So. 2d 853 (Miss. 1969).

The state tax commission not only has the authority as a legislative administra-

tive agency to hold a hearing upon the application of a county board of supervisors to determine "resort areas" but it was the commission's duty to hold a public hearing upon the application; and a failure to conduct a hearing which is required by statute would have been unlawful, arbitrary, and capricious. *Graves v. Rhoden*, 218 So. 2d 424 (Miss. 1969).

Inasmuch as Code 1942, § 10265-05 excludes from the definition of "alcoholic beverage" beer and wine of not more than 4 percent of alcohol by weight, the authority conferred upon agents of the alcoholic beverage commission under this section and Code 1942, § 10265-11 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234 (Miss. 1968), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683 (Miss. 1982).

1.5. Due process.

Due process was afforded the business owner pursuant to the statute via notice and an opportunity to be heard. *D. J. Koenig & Assocs. v. Miss. State Tax Comm'n*, 838 So. 2d 246 (Miss. 2003).

§ 67-1-39. Appeals from Board of Tax Appeals orders.

Any appeal from an order of the Board of Tax Appeals regarding an action taken under this chapter shall be filed without supersedeas to the Chancery Court of the First Judicial District of Hinds County, Mississippi, if the appellant is the department, or to the county of the domicile of any other appellant. Any such appeal shall be based on the record made before the Board of Tax Appeals and shall be filed within thirty (30) days from the date of the order being appealed. There may be an appeal therefrom to the Supreme Court as in other cases provided, but it shall be without supersedeas on the order of the Board of Tax Appeals to them made and finally determined either by the chancery court or the Supreme Court. Actions taken by the department in suspending a permit when required by Section 93-11-157 or 93-11-163 are not actions resulting in an order from which an appeal may be taken under this

section. Any appeal of a permit suspension that is required by Section 93-11-157 shall be taken in accordance with the appeal procedure specified in Section 93-11-157 or 93-11-163, as the case may be, rather than the procedure specified in this section.

§ 67-1-41. Commission as a wholesale distributor and seller of alcoholic beverages; exception to commission's exclusive right to sell at wholesale.

(1) The State Tax Commission is hereby created a wholesale distributor and seller of alcoholic beverages, not including malt liquors, within the State of Mississippi. It is granted the sole right to import and sell intoxicating liquors at wholesale within the state, and no person who is granted the right to sell, distribute or receive intoxicating liquors at retail shall purchase any intoxicating liquors from any source other than the commission except as authorized in subsections (4) and (9). The commission may establish warehouses, purchase intoxicating liquors in such quantities and from such sources as it may deem desirable and sell the intoxicating liquors to authorized permittees within the state including, at the discretion of the commission, any retail distributors operating within any military post or qualified resort areas within the boundaries of the state, keeping a correct and accurate record of all such transactions and exercising such control over the distribution of alcoholic beverages as seem right and proper in keeping with the provisions or purposes of this chapter.

(2) No person for the purpose of sale shall manufacture, distill, brew, sell, possess, export, transport, distribute, warehouse, store, solicit, take orders for, bottle, rectify, blend, treat, mix or process any alcoholic beverage except in accordance with authority granted under this chapter, or as otherwise provided by law for native wines.

(3) No alcoholic beverage intended for sale or resale shall be imported, shipped or brought into this state for delivery to any person other than as provided in this chapter, or as otherwise provided by law for native wines.

(4) The commission may promulgate rules and regulations which authorize on-premises retailers to purchase limited amounts of alcoholic beverages from package retailers and for package retailers to purchase limited amounts of alcoholic beverages from other package retailers. The commission shall develop and provide forms to be completed by the on-premises retailers and the package retailers verifying the transaction. The completed forms shall be forwarded to the commission within a period of time prescribed by the commission.

(5) The commission may promulgate rules which authorize the holder of a package retailer's permit to permit individual retail purchasers of packages of alcoholic beverages to return, for exchange, credit or refund, limited amounts of original sealed and unopened packages of alcoholic beverages purchased by the individual from the package retailer.

(6) The commission shall maintain all forms to be completed by applicants necessary for licensure by the commission at all district offices of the commission.

(7) The commission may promulgate rules which authorize the manufacturer of an alcoholic beverage or wine to import, transport and furnish or give a sample of alcoholic beverages or wines to the holders of package retailer's

permits, on-premises retailer's permits, native wine retailer's permits and temporary retailer's permits who have not previously purchased the brand of that manufacturer from the commission. For each holder of the designated permits, the manufacturer may furnish not more than five hundred (500) milliliters of any brand of alcoholic beverage and not more than three (3) liters of any brand of wine.

(8) The commission may promulgate rules disallowing open product sampling of alcoholic beverages or wines by the holders of package retailer's permits and permitting open product sampling of alcoholic beverages by the holders of on-premises retailer's permits. Permitted sample products shall be plainly identified "sample" and the actual sampling must occur in the presence of the manufacturer's representatives during the legal operating hours of on-premises retailers.

(9) The commission may promulgate rules and regulations that authorize the holder of a research permit to import and purchase limited amounts of alcoholic beverages from importers, wineries and distillers of alcoholic beverages or from the commission. The commission shall develop and provide forms to be completed by the research permittee verifying each transaction. The completed forms shall be forwarded to the commission within a period of time prescribed by the commission. The records and inventory of alcoholic beverages shall be open to inspection at any time by the Director of the Alcoholic Beverage Control Division or any duly authorized agent.

JUDICIAL DECISIONS

1. In general.

Wholesale markup applied to liquor sold to federal military installations in Mississippi constituted a sales tax, the legal incidence of which rested upon instrumentalities of the United States as the purchasers, and therefore the markup was unconstitutional as a tax imposed upon the United States and its instrumentalities. Since the legal incidence of the tax was upon the United States, the federal immunity with respect to sales of liquor to the two exclusively federal enclaves was preserved by § 107(a) of the Buck Act (4 USCS §§ 105-110); The Twenty-First Amendment did not abolish federal immunity with respect to taxes on the sales of liquor to the concurrent jurisdiction bases. *United States v. Mississippi Tax Comm'n*, 421 U.S. 599, 95 S. Ct. 1872, 44 L. Ed. 2d 404 (1975).

Nothing occurs within a state giving it jurisdiction to regulate the initial wholesale transaction with respect to the initial sale and delivery of liquor by suppliers to

military facilities located in exclusively federal enclaves when the goods are ordered by officers' clubs and other nonappropriated fund activities and are then delivered within military bases over which the United States claims exclusive jurisdiction. *United States v. Mississippi Tax Comm'n*, 412 U.S. 363, 93 S. Ct. 2183, 37 L. Ed. 2d 1 (1973), conformed to, 378 F. Supp. 558 (S.D. Miss. 1974), 421 U.S. 599, 95 S. Ct. 1872, 44 L. Ed. 2d 404 (1975).

An indictment originally charging a violation of subsection (2) of this section by the unlawful and wilful storage of alcoholic beverages without authority of law could not thereafter be validly amended to include therein several essential elements of the offense sought to be charged, such as the holding of valid election whereby the county voted out from under the prohibition law and that the defendant did not possess a permit from the State of Mississippi authorizing him to store alcoholic liquors. *Price v. State*, 227 So. 2d 858 (Miss. 1969).

Any authorized retail distributor who shall purchase or receive intoxicating liquor from any source except from the commission, unless authorized by rules and regulations of the commission promulgated under subsection (4) of Section 67-1-41, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than Five Hundred Dollars (\$500.00), nor more than Two Thousand Dollars (\$2,000.00), to which may be added imprisonment in the county jail for not more than six (6) months. All distillers or distributors having contracts with the State Tax Commission for the sale of alcoholic beverages to the State Tax Commission, before making delivery of any merchandise to the State Tax Commission, shall register with the Secretary of State giving their name, address, name of all local agents and any other pertinent information which may be required by the Secretary of State and appointing an agent for the service of process within the State of Mississippi.

§ 67-1-49. Distillers and distributors dealing with commission shall file statements of salary expenses.

All distillers or distributors having contracts with the State Tax Commission for the sale of alcoholic beverages to said commission, shall, on or before February 1st of each year, file a statement, under oath, with the State Tax Commission and with the Secretary of State, listing the names and addresses of each person, firm or corporation in Mississippi to whom or which said distiller or distributor shall have paid or agreed to pay any fee, retainer, salary, or remuneration, during the preceding year, together with a statement of the purpose for such payment. Failure to file such statement shall constitute grounds for the commission to suspend the right of the distiller or distributor to sell to said commission until such time as said statement shall be filed.

§ 67-1-51. Permits; distance regulations; prohibition on ownership of more than one package retailer's permit; prohibition on ownership of additional permits by persons living in same household.

(1) Permits which may be issued by the department shall be as follows:

(a) **Manufacturer's permit.** — A manufacturer's permit shall permit the manufacture, importation in bulk, bottling and storage of alcoholic liquor and its distribution and sale to manufacturers holding permits under this chapter in this state and to persons outside the state who are authorized by law to purchase the same, and to sell exclusively to the department.

Manufacturer's permits shall be of the following classes:

Class 1. Distiller's and/or rectifier's permit, which shall authorize the holder thereof to operate a distillery for the production of distilled spirits by distillation or redistillation and/or to operate a rectifying plant for the purifying, refining, mixing, blending, flavoring or reducing in proof of distilled spirits and alcohol.

Class 2. Wine manufacturer's permit, which shall authorize the holder thereof to manufacture, import in bulk, bottle and store wine or vinous liquor.

Class 3. Native wine producer's permit, which shall authorize the holder thereof to produce, bottle, store and sell native wines.

(b) **Package retailer's permit.** — Except as otherwise provided in this paragraph, a package retailer's permit shall authorize the holder thereof to operate a store exclusively for the sale at retail in original sealed and unopened packages of alcoholic beverages, including native wines, not to be consumed on the premises where sold. Alcoholic beverages shall not be sold by any retailer in any package or container containing less than fifty (50) milliliters by liquid measure. In addition to the sale at retail of packages of alcoholic beverages, the holder of a package retailer's permit is authorized to sell at retail corkscrews, wine glasses, soft drinks, ice, juices, mixers and other beverages commonly used to mix with alcoholic beverages. Nonalcoholic beverages sold by the holder of a package retailer's permit shall not be consumed on the premises where sold.

(c) **On-premises retailer's permit.** — An on-premises retailer's permit shall authorize the sale of alcoholic beverages, including native wines, for consumption on the licensed premises only; however, a patron of the permit holder may remove one (1) bottle of wine from the licensed premises if: (i) the patron consumed a portion of the bottle of wine in the course of consuming a meal purchased on the licensed premises; (ii) the permit holder securely reseals the bottle; (iii) the bottle is placed in a bag that is secured in a manner so that it will be visibly apparent if the bag is opened; and (iv) a dated receipt for the wine and the meal is available. Such a permit shall issue only to qualified hotels, restaurants and clubs, and to common carriers with adequate facilities for serving passengers. In resort areas, whether inside or outside of a municipality, the department, in its discretion, may issue on-premises retailer's permits to such establishments as it deems proper. An on-premises retailer's permit when issued to a common carrier shall authorize the sale and serving of alcoholic beverages aboard any licensed vehicle while moving through any county of the state; however, the sale of such alcoholic beverages shall not be permitted while such vehicle is stopped in a county that has not legalized such sales.

(d) **Solicitor's permit.** — A solicitor's permit shall authorize the holder thereof to act as salesman for a manufacturer or wholesaler holding a proper permit, to solicit on behalf of his employer orders for alcoholic beverages, and to otherwise promote his employer's products in a legitimate manner. Such a permit shall authorize the representation of and employment by one (1) principal only. However, the permittee may also, in the discretion of the department, be issued additional permits to represent other principals. No such permittee shall buy or sell alcoholic beverages for his own account, and no such beverage shall be brought into this state in pursuance of the exercise of such permit otherwise than through a permit issued to a wholesaler or manufacturer in the state.

(e) **Native wine retailer's permit.** — A native wine retailer's permit shall be issued only to a holder of a Class 3 manufacturer's permit, and shall authorize the holder thereof to make retail sales of native wines to consumers for on-premises consumption or to consumers in originally sealed and unopened containers at an establishment located on the premises of or in the immediate vicinity of a native winery.

(f) **Temporary retailer's permit.** — A temporary retailer's permit shall permit the purchase and resale of alcoholic beverages, including native wines, during legal hours on the premises described in the temporary permit only.

Temporary retailer's permits shall be of the following classes:

Class 1. A temporary one-day permit may be issued to bona fide nonprofit civic or charitable organizations authorizing the sale of alcoholic beverages, including native wine, for consumption on the premises described in the temporary permit only. Class 1 permits may be issued only to applicants demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days prior to the proposed date or such other time as the department may determine, that they meet the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. Class 1 permittees shall obtain all alcoholic beverages from package retailers located in the county in which the temporary permit is issued. Alcoholic beverages remaining in stock upon expiration of the temporary permit may be returned by the permittee to the package retailer for a refund of the purchase price upon consent of the package retailer or may be kept by the permittee exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2. A temporary permit, not to exceed seventy (70) days, may be issued to prospective permittees seeking to transfer a permit authorized in paragraph (c) of this subsection. A Class 2 permit may be issued only to applicants demonstrating to the department, by a statement signed under the penalty of perjury, that they meet the qualifications of Sections 67-1-5(1), (m), (n), (o), (p) or (q), 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 and

67-1-59. The department, following a preliminary review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit.

Class 2 temporary permittees must purchase their alcoholic beverages directly from the department or, with approval of the department, purchase the remaining stock of the previous permittee. If the proposed applicant of a Class 1 or Class 2 temporary permit falsifies information contained in the application or statement, the applicant shall never again be eligible for a retail alcohol beverage permit and shall be subject to prosecution for perjury.

Class 3. A temporary one-day permit may be issued to a retail establishment authorizing the complimentary distribution of wine, including native wine, to patrons of the retail establishment at an open house or promotional event, for consumption only on the premises described in the temporary permit. A Class 3 permit may be issued only to an applicant demonstrating to the department, by a statement signed under penalty of perjury submitted ten (10) days before the proposed date or such other time as the department may determine, that it meets the qualifications of Sections 67-1-11, 67-1-37, 67-1-51(2) and (3), 67-1-55, 67-1-57 (excluding paragraph (e)) and 67-1-59. A Class 3 permit holder shall obtain all alcoholic beverages from the holder(s) of a package retailer's permit located in the county in which the temporary permit is issued. Wine remaining in stock upon expiration of the temporary permit may be returned by the Class 3 temporary permit holder to the package retailer for a refund of the purchase price, with consent of the package retailer, or may be kept by the Class 3 temporary permit holder exclusively for personal use and consumption, subject to all laws pertaining to the illegal sale and possession of alcoholic beverages. The department, following review of the statement provided by the applicant and the requirements of the applicable statutes and regulations, may issue the permit. No retailer may receive more than twelve (12) Class 3 temporary permits in a calendar year. A Class 3 temporary permit shall not be issued to a retail establishment that either holds a merchant permit issued under paragraph (l) of this subsection, or holds a permit issued under Chapter 3, Title 67, Mississippi Code of 1972, authorizing the holder to engage in the business of a retailer of light wine or beer.

(g) **Caterer's permit.** — A caterer's permit shall permit the purchase of alcoholic beverages by a person engaging in business as a caterer and the resale of alcoholic beverages by such person in conjunction with such catering business. No person shall qualify as a caterer unless forty percent (40%) or more of the revenue derived from such catering business shall be from the serving of prepared food and not from the sale of alcoholic beverages and unless such person has obtained a permit for such business from the Department of Health. A caterer's permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in business as a caterer; however, the holder of an on-premises retailer's permit may hold a caterer's permit. When the holder of an on-premises retailer's permit or an affiliated entity of the holder also holds a caterer's permit, the caterer's

permit shall not authorize the service of alcoholic beverages on a consistent, recurring basis at a separate, fixed location owned or operated by the caterer, on-premises retailer or affiliated entity and an on-premises retailer's permit shall be required for the separate location. All sales of alcoholic beverages by holders of a caterer's permit shall be made at the location being catered by the caterer, and such sales may be made only for consumption at the catered location. The location being catered may be anywhere within a county or judicial district that has voted to come out from under the dry laws or in which the sale, distribution and possession of alcoholic beverages is otherwise authorized by law. Such sales shall be made pursuant to any other conditions and restrictions which apply to sales made by on-premises retail permittees. The holder of a caterer's permit or his employees shall remain at the catered location as long as alcoholic beverages are being sold pursuant to the permit issued under this paragraph (g), and the permittee shall have at the location the identification card issued by the Alcoholic Beverage Control Division of the department. No unsold alcoholic beverages may be left at the catered location by the permittee upon the conclusion of his business at that location. Appropriate law enforcement officers and Alcoholic Beverage Control Division personnel may enter a catered location on private property in order to enforce laws governing the sale or serving of alcoholic beverages.

(h) **Research permit.** — A research permit shall authorize the holder thereof to operate a research facility for the professional research of alcoholic beverages. Such permit shall authorize the holder of the permit to import and purchase limited amounts of alcoholic beverages from the department or from importers, wineries and distillers of alcoholic beverages for professional research.

(i) **Alcohol processing permit.** — An alcohol processing permit shall authorize the holder thereof to purchase, transport and possess alcoholic beverages for the exclusive use in cooking, processing or manufacturing products which contain alcoholic beverages as an integral ingredient. An alcohol processing permit shall not authorize the sale of alcoholic beverages on the premises of the person engaging in the business of cooking, processing or manufacturing products which contain alcoholic beverages. The amounts of alcoholic beverages allowed under an alcohol processing permit shall be set by the department.

(j) **Hospitality cart permit.** — A hospitality cart permit shall authorize the sale of alcoholic beverages from a mobile cart on a golf course that is the holder of an on-premises retailer's permit. The alcoholic beverages sold from the cart must be consumed within the boundaries of the golf course.

(k) **Special service permit.** — A special service permit shall authorize the holder to sell commercially sealed alcoholic beverages to the operator of a commercial or private aircraft for en route consumption only by passengers. A special service permit shall be issued only to a fixed-base operator who contracts with an airport facility to provide fueling and other associated services to commercial and private aircraft.

(l) **Merchant permit.** — A merchant permit shall be issued only to the owner of a spa facility, an art studio or gallery, or a cooking school, and shall

authorize the holder to serve complimentary by the glass wine only, including native wine, at the holder's spa facility, art studio or gallery, or cooking school. A merchant permit holder shall obtain all wine from the holder of a package retailer's permit.

(m) **Temporary wine charitable auction permit.** — A temporary permit, not to exceed five (5) days, may be issued to a qualifying charitable nonprofit organization that is exempt from taxation under Section 501(c)(3) or (4) of the Internal Revenue Code of 1986. The permit shall authorize the holder to sell wine for the limited purpose of raising funds for the organization during a live or silent auction that is conducted by the organization and that meets the following requirements: (i) the auction is conducted in an area of the state where the sale of wine is authorized; (ii) if the auction is conducted on the premises of an on-premises retailer's permit holder, then the wine to be auctioned must be stored separately from the wine sold, stored or served on the premises, must be removed from the premises immediately following the auction, and may not be consumed on the premises; (iii) the permit holder may not conduct more than two (2) auctions during a calendar year; (iv) the permit holder may not pay a commission or promotional fee to any person to arrange or conduct the auction.

(2) Except as otherwise provided in subsection (4) of this section, retail permittees may hold more than one (1) retail permit, at the discretion of the department.

(3) Except as otherwise provided in this subsection, no authority shall be granted to any person to manufacture, sell or store for sale any intoxicating liquor as specified in this chapter within four hundred (400) feet of any church, school, kindergarten or funeral home. However, within an area zoned commercial or business, such minimum distance shall be not less than one hundred (100) feet.

A church or funeral home may waive the distance restrictions imposed in this subsection in favor of allowing issuance by the department of a permit, pursuant to subsection (1) of this section, to authorize activity relating to the manufacturing, sale or storage of alcoholic beverages which would otherwise be prohibited under the minimum distance criterion. Such waiver shall be in written form from the owner, the governing body, or the appropriate officer of the church or funeral home having the authority to execute such a waiver, and the waiver shall be filed with and verified by the department before becoming effective.

The distance restrictions imposed in this subsection shall not apply to the sale or storage of alcoholic beverages at a bed and breakfast inn listed in the National Register of Historic Places or to the sale or storage of alcoholic beverages in a historic district that is listed in the National Register of Historic Places, is a qualified resort area and is located in a municipality having a population greater than one hundred thousand (100,000) according to the latest federal decennial census.

(4) No person, either individually or as a member of a firm, partnership, limited liability company or association, or as a stockholder, officer or director

in a corporation, shall own or control any interest in more than one (1) package retailer's permit, nor shall such person's spouse, if living in the same household of such person, any relative of such person, if living in the same household of such person, or any other person living in the same household with such person own any interest in any other package retailer's permit.

JUDICIAL DECISIONS

1. In general.

A decision of a city council, refusing to issue a city permit to operate a place of business to sell alcoholic beverages upon the ground that the business was within 500 feet of a church, against the applicant's claim that the place of business was within the distance regulated by the city ordinance because the building called a church was not a church in fact but a storehouse for the use of a church, would not be interfered with by the court, since the question was an issue of fact for the determination of the administrative

agency in the first instance. *Crawford v. City of Pascagoula*, 243 So. 2d 555 (Miss. 1971).

The refusal of the state tax commission to issue a permit for the operation of a package liquor store at a location closer than 100 feet to a building in which a day care center for children was operated was not an arbitrary, capricious, or unreasonable action; nor did it constitute an abuse of discretion. *Mississippi State Tax Comm'n v. Package Store, Inc.*, 208 So. 2d 46 (Miss. 1968).

It is up to the State Tax Commission whether to issue a waiver for the distance requirement between a day care and a restaurant serving liquor by the drink. Mayo, Mar. 4, 2005, A.G. Op. 05-0076.

§ 67-1-53. Application for permit; notice of application.

(1) Application for permits shall be in such form and shall contain such information as shall be required by the regulations of the commission; however, no regulation of the commission shall require personal financial information from any officer of a corporation applying for an on-premises retailer's permit to sell alcoholic beverages unless such officer owns ten percent (10%) or more of the stock of such corporation.

(2) Every applicant for each type of permit authorized by Section 67-1-51 shall give notice of such application by publication for two (2) consecutive issues in a newspaper of general circulation published in the city or town in which applicant's place of business is located. However, in instances where no newspaper is published in the city or town, then the notice shall be published in a newspaper of general circulation published in the county where the applicant's business is located. If no newspaper is published in the county, the notice shall be published in a qualified newspaper which is published in the closest neighboring county and circulated in the county of applicant's residence. The notice shall be printed in ten-point black face type and shall set forth the type of permit to be applied for, the exact location of the place of business, the name of the owner or owners thereof, and if operating under an assumed name, the trade name together with the names of all owners, and if

a corporation, the names and titles of all officers. The cost of such notice shall be borne by the applicant.

(3) Each application or filing made under this section shall include the social security number(s) of the applicant in accordance with Section 93-11-64, Mississippi Code of 1972.

§ 67-1-55. Applicants for permits must disclose persons financially interested in business; penalty.

No permit of any type shall be issued by the commission until the applicant has first filed with the commission a sworn statement disclosing all persons who are financially involved in the operation of the business for which the permit is sought. If an applicant is an individual, he will swear that he owns one hundred percent (100%) of the business for which he is seeking a permit. If the applicant is a partnership, all partners and their addresses shall be disclosed and the extent of their interest in the partnership shall be disclosed. If the applicant is a corporation, the total stock in the corporation shall be disclosed and each shareholder and his address and the amount of stock in the corporation owned by him shall be disclosed. If the applicant is a limited liability company, each member and their addresses shall be disclosed and the extent of their interest in the limited liability company shall be disclosed. If the applicant is a trust, the trustee and all beneficiaries and their addresses shall be disclosed. If the applicant is a combination of any of the above, all information required to be disclosed above shall be required.

All the disclosures shall be in writing and kept on file at the commission's office and shall be available to the public.

Every applicant must, when applying for a renewal of his permit, disclose any change in the ownership of the business or any change in the beneficiaries of the income from the business.

Any person who willfully fails to fully disclose the information required by this section, or who gives false information, shall be guilty of a misdemeanor and, upon conviction thereof, shall be fined a sum not to exceed Five Hundred Dollars (\$500.00) or imprisoned for not more than one (1) year, or both, and the person or applicant shall never again be eligible for any permit pertaining to alcoholic beverages.

JUDICIAL DECISIONS

1. In general.

The licensing power for retail liquor permits is placed in the state tax commission, not the courts, and the commission is given a wide latitude and discretion in acting upon applications for such permits. *Mississippi State Tax Comm'n v. Moore*, 209 So. 2d 832 (Miss. 1968).

No person has a vested right to have a license for the sale of intoxicating liquors issued to him, and qualifications prescribed by statute are construed as strict limitations on the granting of such licenses. *Mississippi State Tax Comm'n v. Moore*, 209 So. 2d 832 (Miss. 1968).

Where another person who is himself disqualified from holding a license for operation of a retail liquor store has a financial interest in the premises or business

and would dominate the applicant in operating the business, the license may be refused. *Mississippi State Tax Comm'n v. Moore*, 209 So. 2d 832 (Miss. 1968).

In determining whether to grant a retail liquor dealer's license the state tax commission can consider the evidence and all reasonable inferences from it, and where the applicant for the license was a young woman college student whose father had previously been denied a license to operate a package store on the same premises by reason of his judgment indebtedness to the commission, that body could reasonably conclude that it was highly probable that the applicant, in the operation of the business, would be under the direction and control of her father. *Mississippi State Tax Comm'n v. Moore*, 209 So. 2d 832 (Miss. 1968).

§ 67-1-57. Qualification of applicants.

Before a permit is issued the commission shall satisfy itself:

(a) That the applicant, if an individual, or if a partnership, each of the members of the partnership, or if a corporation, each of its principal officers and directors, or if a limited liability company, each member of the limited liability company, is of good moral character and, in addition, enjoys a reputation of being a peaceable, law-abiding citizen of the community in which he resides, and is generally fit for the trust to be reposed in him, is not less than twenty-one (21) years of age, and has not been convicted of a felony in any state or federal court.

(b) That, except in the case of an application for a solicitor's permit, the applicant is the true and actual owner of the business for which the permit is desired, and that he intends to carry on the business authorized for himself and not as the agent of any other person, and that he intends to superintend in person the management of the business or that he will designate a manager to manage the business for him; any manager must be approved by the commission and must possess all of the qualifications required of a permittee.

(c) That the applicant for a package retailer's permit, if an individual, is a resident of the State of Mississippi. If the applicant is a partnership, each member of the partnership must be a resident of the state. If the applicant is a limited liability company, each member of the limited liability company must be a resident of the state. If the applicant is a corporation, the designated manager of the corporation must be a resident of the state.

(d) That the place for which the permit is to be issued is an appropriate one considering the character of the premises and the surrounding neighborhood.

(e) That the place for which the permit is to be issued is within the corporate limits of an incorporated municipality or qualified resort area or club which comes within the provisions of this chapter.

(f) That the applicant is not indebted to the state for any taxes, fees or payment of penalties imposed by any law of the State of Mississippi or by any rule or regulation of the commission.

(g) That the applicant is not in the habit of using alcoholic beverages to excess and is not physically or mentally incapacitated, and that the applicant has the ability to read and write the English language.

(h) That the commission does not believe and has no reason to believe that the applicant will sell or knowingly permit any agent, servant or employee to unlawfully sell liquor in a dry area or in any other manner contrary to law.

(i) That the applicant is not residentially domiciled with any person whose permit or license has been cancelled for cause within the twelve (12) months next preceding the date of the present application for a permit.

(j) That the commission has not, in the exercise of its discretion which is reserved and preserved to it, refused to grant permits under the restric-

tions of this section, as well as under any other pertinent provision of this chapter.

(k) That there are not sufficient legal reasons to deny a permit on the ground that the premises for which the permit is sought has previously been operated, used or frequented for any purpose or in any manner that is lewd, immoral or offensive to public decency. In the granting or withholding of any permit to sell alcoholic beverages at retail, the commission in forming its conclusions may give consideration to any recommendations made in writing by the district or county attorney or county, circuit or chancery judge of the county, or the sheriff of the county, or the mayor or chief of police of an incorporated city or town wherein the applicant proposes to conduct his business and to any recommendations made by representatives of the commission.

(l) That the applicant and the applicant's key employees, as determined by the commission, do not have a disqualifying criminal record. In order to obtain a criminal record history check, the applicant shall submit to the commission a set of fingerprints from any local law enforcement agency for each person for whom the records check is required. The commission shall forward the fingerprints to the Mississippi Department of Public Safety. If no disqualifying record is identified at the state level, the Department of Public Safety shall forward the fingerprints to the Federal Bureau of Investigation for a national criminal history record check. Costs for processing the set or sets of fingerprints shall be borne by the applicant. The commission shall not deny employment to an employee of the applicant prior to the identification of a disqualifying record or other disqualifying information.

JUDICIAL DECISIONS

1. In general.

Statute only applied to those seeking a permit; it did not apply where the business owner already had a solicitor's permit and no other section of the code stated that the statute applied to maintaining the permit. *D. J. Koenig & Assocs. v. Miss.*

The common law of agency is not the proper criterion to determine whether the state tax commission abused its discretion in refusing to issue a retail liquor dealer's license, and the commission may satisfy

itself as to whether the applicant or another will be or become the true and actual owner of the business for which the permit is sought. Mississippi State Tax Comm'n v. Moore, 209 So. 2d 832 (Miss. 1968).

§ 67-1-63. Permit renewals; continued operation after denial of renewal under certain circumstances; appeals.

(1) Any permittee may renew his permit at the expiration thereof for an additional term of one (1) year, provided he is then qualified to receive a permit and the premises for which the renewal is sought are suitable for such purposes. The renewal privilege herein provided for shall not be construed as a vested right. No "on-premises" retailer's permit shall be renewed at the expiration thereof for any "hotel" or "restaurant" under this chapter unless the commission is satisfied that the holder thereof is continuing to meet the requirements of a hotel or restaurant, as defined in Section 67-1-5.

(2) When an application for the renewal of a permit has been denied by the department for a reason other than for being incomplete, for failure to pay any applicable license privilege taxes or fees required for renewal or for failure to post a bond, cash or securities as required by Section 27-71-21, the permittee shall be allowed to continue to operate under the permit for which renewal was denied until the last of the following dates:

(a) The date on which the permit expires;

(b) The date on which the time period for filing an appeal of the denial of the renewal to the Board of Tax Appeals expires;

(c) If the denial is timely appealed to the Board of Tax Appeals and this appeal is later withdrawn, the date on which the withdrawal of appeal occurs; or

(d) If the denial is timely appealed to the Board of Tax Appeals and an order is entered by the Board of Tax Appeals affirming the denial of the renewal, the date on which the permittee receives notice of the decision of the Board of Tax Appeals affirming the denial. Refusal to accept delivery of such notice or the posting of the final decision of the Board of Tax Appeals at the permitted place of business shall constitute receipt of notice by the permittee of this decision.

(3) If the denial of an application for renewal of a permit is appealed to the Board of Tax Appeals and the board reverses the denial of the application for

renewal, the department shall renew and issue the permit from its last expiration date.

(4) The issuance and/or renewal of a permit based on the decision of the Board of Tax Appeals shall not bar or estop the department from appealing this decision of the Board of Tax Appeals to chancery court under Section 67-1-39. Any subsequent renewal of this permit while an appeal by the department from the decision of the Board of Tax Appeals is pending shall be subject to the final decision of the court on this appeal. If in such an appeal by the department, a court enters a final decision and/or order reversing the decision of the board and affirming the denial of the application for a permit or the application for renewal of a permit, the permit, even if subsequently renewed, shall be deemed denied and not authorize the permittee to sell alcoholic beverages under that permit after the date on which the decision and/or order of the court affirming the denial of the permit becomes final and not subject to any further appeal.

§ 67-1-71. Suspension and revocation of permits; reasonable notice of charges for which suspension or revocation is sought; hearing before Board of Tax Appeals.

The department may revoke or suspend any permit issued by it for a violation by the permittee of any of the provisions of this chapter or of the regulations promulgated under it by the department.

Permits must be revoked or suspended for the following causes:

(a) Conviction of the permittee for the violation of any of the provisions of this chapter;

(b) Willful failure or refusal by any permittee to comply with any of the provisions of this chapter or of any rule or regulation adopted pursuant thereto;

(c) The making of any materially false statement in any application for a permit;

(d) Conviction of one or more of the clerks, agents or employees of the permittee, of any violation of this chapter upon the premises covered by such permit within a period of time as designated by the rules or regulations of the department;

(e) The possession on the premises of any retail permittee of any alcoholic beverages upon which the tax has not been paid;

(f) The willful failure of any permittee to keep the records or make the reports required by this chapter, or to allow an inspection of such records by any duly authorized person;

(g) The suspension or revocation of a permit issued to the permittee by the federal government, or conviction of violating any federal law relating to alcoholic beverages;

(h) The failure to furnish any bond required by Section 27-71-21 within fifteen (15) days after notice from the department; and

(i) The conducting of any form of illegal gambling on the premises of any permittee or on any premises connected therewith or the presence on any such premises of any gambling device with the knowledge of the permittee.

The provisions of paragraph (i) of this section shall not apply to gambling or the presence of any gambling devices, with knowledge of the permittee, on board a cruise vessel in the waters within the State of Mississippi, which lie adjacent to the State of Mississippi south of the three (3) most southern counties in the State of Mississippi, or on any vessel as defined in Section 27-109-1 whenever such vessel is on the Mississippi River or navigable waters within any county bordering on the Mississippi River. The department may, in its discretion, issue on-premises retailer's permits to a common carrier of the nature described in this paragraph.

No permit shall be suspended or revoked until after the permittee has been provided reasonable notice of the charges against him for which suspension or revocation is sought and the opportunity to a hearing before the Board of Tax Appeals to contest such charges and the suspension or revocation proposed. Opportunity to a hearing is provided without an actual hearing if the

permittee, after receiving reasonable notice, including notice of his right to a hearing, fails to timely request a hearing. The permittee may also at any time waive his rights to reasonable notice and/or to the opportunity to a hearing by agreeing to a suspension or revocation offered by the department. Notwithstanding the requirement above that a permit may not be suspended without notice and opportunity to a hearing, sales of alcoholic beverages by a permittee under a permit for which the bond under Section 27-71-21 has been cancelled shall be suspended from and after issuance of the notice provided in subsection (h) above and shall continue to be suspended until the bond is reinstated, a new bond is posted or sufficient cash or securities as provided under Section 27-71-21 are deposited with the State Treasurer for this permit.

In addition to the causes specified in this section and other provisions of this chapter, the department shall be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

(c) Shall sell, offer for sale or permit the sale in, on or about the premises of alcoholic beverages in any package or container containing less than fifty (50) milliliters by liquid measure; then such person or employee shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the county jail for a term of not more than one (1) year, or by both such fine and imprisonment, in the discretion of the court. In addition, in the case of the commission of any of such offenses by the holder of a permit, it shall be the duty of the commission forthwith to revoke the permit held by such person and conviction of the criminal offense shall not be a condition precedent to such revocation.

§ 67-1-77. Financial interest prohibition; exceptions; penalty.

(1) It shall be unlawful for the holder of a manufacturer's or wholesaler's permit, or anyone connected with the business of such holder, or for any other distiller, wine manufacturer, brewer, rectifier, blender, or bottler, to have any financial interest in any premises upon which any alcoholic beverage is sold at retail by any permittee, or in the business conducted by such permittee, except that:

(a) The holder of a manufacturer's or wholesaler's permit may contract for the service of a representative in the area of governmental affairs on a part-time basis with a holder of an on-premises permit.

(b) A distiller, wine manufacturer, brewer, rectifier, blender or bottler may have a financial interest in a premises upon which alcoholic beverages are sold at retail by a permittee, or in the business conducted by a permittee, if the permittee does not sell or serve any alcoholic beverages that are distilled, manufactured, brewed, rectified, blended or bottled by the distiller, wine manufacturer, brewer, rectifier, blender or bottler having the financial interest in the premises or in the business conducted by a permittee.

(2) It shall also be unlawful for any such person, or anyone connected with his, its, or their business to lend any money or make any gift or offer any gratuity, to any retail permittee, except as authorized by regulations of the commission, to the holder of any retail permit issued under the provisions of this chapter. Except as above provided, no retail permittee shall accept, receive, or make use of any money or gift furnished by any such person, or become indebted to such person except for the purchase of alcoholic beverages.

(3) The commission shall not prohibit the furnishing of advertising specialties, printed materials, or other things having nominal value to a retail permittee. This section shall not be construed to prohibit the possession by any

person of advertising specialties, printed materials, or other things having nominal value furnished by a retail permittee.

(4) Any person violating the provisions of this section shall, upon conviction, be punished by a fine of not more than Five Thousand Dollars (\$5,000.00) or by imprisonment for not more than two (2) years, or by both such fine and imprisonment, in the discretion of the court.

§ 67-1-81. Sales to minors prohibited; penalties.

(1) Any permittee or other person who shall sell, furnish, dispose of, give, or cause to be sold, furnished, disposed of, or given, any alcoholic beverage to any person under the age of twenty-one (21) years shall be guilty of a misdemeanor and shall be punished by a fine of not less than Five Hundred Dollars (\$500.00) nor more than One Thousand Dollars (\$1,000.00) for a first offense. For a second or subsequent offense, such permittee or other person shall be punished by a fine of not less than One Thousand Dollars (\$1,000.00) nor more than Two Thousand Dollars (\$2,000.00), or by imprisonment for not more than one (1) year, or by both such fine and imprisonment in the discretion of the court. Upon conviction of a second offense under the provisions of this

section the permit of any permittee so convicted shall be automatically and permanently revoked.

(2) Any person under the age of twenty-one (21) years who purchases, receives, or has in his or her possession in any public place, any alcoholic beverages, shall be guilty of a misdemeanor and shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00). Provided, that clearing or busing tables that have glasses or other containers that contain or did contain alcoholic beverages, or stocking, bagging or otherwise handling purchases of alcoholic beverages shall not be deemed possession of alcoholic beverages for the purposes of this section. Provided further, that a person who is at least eighteen (18) years of age but under the age of twenty-one (21) years who waits on tables by taking orders for or delivering orders of alcoholic beverages shall not be deemed to unlawfully possess or furnish alcoholic beverages if in the scope of his employment by the holder of an on-premises retailer's permit. This exception shall not authorize a person under the age of twenty-one (21) to tend bar or act in the capacity of bartender. Any person under the age of twenty-one (21) who knowingly makes a false statement to the effect that he or she is twenty-one (21) years old or older or presents any document that indicates he or she is twenty-one (21) years of age or older for the purpose of purchasing alcoholic beverages from any person engaged in the sale of alcoholic beverages shall be guilty of a misdemeanor and shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00), and a sentence to not more than thirty (30) days' community service.

(3) The term "community service" as used in this section shall mean work, projects or services for the benefit of the community assigned, supervised and recorded by appropriate public officials.

(4) If a person under the age of twenty-one (21) years is convicted or enters a plea of guilty of purchasing, receiving or having in his or her possession in any public place any alcoholic beverages in violation of subsection (2) of this section, the trial judge, in lieu of the penalties otherwise provided under subsection (2) of this section, shall suspend the minor's driver's license by taking and keeping it in the custody of the court for a period of time not to exceed ninety (90) days. The judge so ordering the suspension shall enter upon his docket "DEFENDANT'S DRIVER'S LICENSE SUSPENDED FOR _____ DAYS IN LIEU OF CONVICTION" and such action by the trial judge shall not constitute a conviction. During the period that the minor's driver's license is suspended, the trial judge shall suspend the imposition of any fines or penalties that may be imposed under subsection (2) of this section and may place the minor on probation subject to such conditions as the judge deems appropriate. If the minor violates any of the conditions of probation, then the trial judge shall return the driver's license to the minor and impose the fines, penalties or both, that he would have otherwise imposed, and such action shall constitute a conviction.

JUDICIAL DECISIONS

1. In general.

Although Mississippi statutes relating to the sale of alcoholic beverages have sometimes been referred to as the Mississippi Dram Shop Law, such references are misleading because true dram shop acts are civil liability acts wherein the legislature specifically imposes liability on the seller of intoxicating liquors when a third party is injured as a result of the intoxication of the buyer where the sale caused or contributed to such intoxication.

Cuevas v. Royal D'Iberville Hotel, 498 So. 2d 346 (Miss. 1986).

Society has a greater interest in protecting the welfare of minors than other groups listed in §§ 67-3-53(b), 67-1-81 and 67-1-83, because minors comprise a larger segment of society than do the others listed, and the future of society is dependent upon the welfare and protection of its youth. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986).

ATTORNEY GENERAL OPINIONS

Since possession of alcohol or light wine or beer by a minor is not a delinquent act, the youth court does not have original

jurisdiction over such offenses. *Wiggins*, Sept. 19, 2003, A.G. Op. 03-0424.

§ 67-1-83. Other prohibited sales; penalty.

(1) It shall be unlawful for any permittee or other person to sell or furnish any alcoholic beverage to any person who is visibly intoxicated, or to any person who is known to habitually drink alcoholic beverages to excess, or to

any person who is known to be an habitual user of narcotics or other habit-forming drugs. It shall also be unlawful for the holder of any package retailer's permit to sell any alcoholic beverages except by delivery in person to the purchaser at the place of business of the permittee.

(2) It shall be unlawful for any permittee or other person to sell or furnish any alcoholic beverage to any person to whom the commission has, after investigation, decided to prohibit the sale of those beverages because of an appeal to the commission so to do by the husband, wife, father, mother, brother, sister, child, or employer of the person. The interdiction in those cases shall last until removed by the commission, but no person shall be held to have violated this subsection unless he has been informed by the commission, by registered letter, that it is forbidden to sell to that individual or unless that fact is otherwise known to the permittee or other person.

(3) It shall be unlawful for any holder of a package retailer's permit, or any employee or agent thereof, engaged solely in the business of package retail sales under this chapter to sell or furnish any alcoholic beverage before 10:00 a.m. and after 10:00 p.m. or to sell alcoholic beverages on Sunday and Christmas Day.

(4) Any person who violates any of the provisions of this section shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00) or by imprisonment in the county jail for a term of not more than six (6) months or by both that fine and imprisonment, in the discretion of the court. In addition, the commission shall immediately revoke the permit of any permittee who violates the provisions of this section.

1. In general.

Prohibition in Mississippi's dram shop statute created liability for the permit holder and any employees of the permit holder, and the parent company, as the sole shareholder of the permit holder, the casino owner, was neither; the family failed to allege any facts to suggest that

the corporation had either disregarded corporate formalities or used the corporate form to commit misfeasance, and thus the family did not assert a viable claim against the parent company as required by Miss. R. Civ. P. 12(b). *Penn Nat'l Gaming v. Ratliff*, — So. 2d —, 2007 Miss. LEXIS 1 (Miss. Jan. 4, 2007), opinion withdrawn by, substituted opinion at, remanded by 954 So. 2d 427, 2007 Miss. LEXIS 229 (Miss. 2007).

There was no indication that the decedent (an adult), was visibly intoxicated in the terms of Miss. Code Ann. §§ 67-1-83(1), 67-3-53, and 67-3-73. The transcripts of the casino's security cameras evidenced that while she drank and gambled, she was ambulatory and conversational and there was nothing in the record to raise a question of fact as to the possibility that she was a habitual drunkard, or known to be insane or mentally defective, in the terms of Miss. Code Ann. §§ 67-1-83(1) and 67-3-53(b); accordingly, summary judgment for the casino was proper. *Estate of White v. Rainbow Casino-Vicksburg P'ship*, 910 So. 2d 713 (Miss. Ct. App. 2005).

There was no indication that the decedent (an adult), was visibly intoxicated, as defined in Miss. Code Ann. §§ 67-1-83(1), 67-3-53, and 67-3-73. The transcripts of the casino's security cameras evidenced that while she drank and gambled, she was ambulatory and conversational and there was nothing in the record to raise a question of fact as to the possibility that she was a habitual drunkard, or known to be insane or mentally defective, as defined in Miss. Customer who suffered injuries after voluntarily consuming alcohol is not part of the protected class of Miss. Code Ann. § 67-3-73; therefore, a casino's motion to dismiss a negligence action was properly granted since there was no liability under either § 67-3-73 or Miss. Code Ann. § 67-1-83. *Bridges v. Park Place Entm't, Inc.*, 860 So. 2d 811 (Miss. 2003).

One selling alcohol on the premises, though not an insurer of its guest's safety, has a duty to exercise reasonable care to protect its patrons from reasonably foreseeable injury at the hands of another. *Grisham v. John Q. Long VFW Post, No. 4057, Inc.*, 519 So. 2d 413 (Miss. 1988).

A dispenser of intoxicants is not liable to an adult individual who voluntarily consumes intoxicants and then, by reason of his inebriated condition, injures himself. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986); *Gregg v. Four Squires, Ltd.*, 498 So. 2d 362 (Miss. 1986).

Society has a greater interest in protecting the welfare of minors than other groups listed in §§ 67-3-53(b), 67-1-81 and 67-1-83, because minors comprise a larger segment of society than do the others listed, and the future of society is dependent upon the welfare and protection of its youth. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986).

The public, for example, a third-party class whether minor or adult, is protected under the statute from the negligent acts of an intoxicated person, and has a claim against a person or business furnishing alcoholic beverages in violation of the statute. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986).

Host who provides alcoholic beverage to visibly intoxicated social guest is not liable when guest subsequently causes automobile collision as result of intoxication. *Boutwell v. Sullivan*, 469 So. 2d 526 (Miss. 1985).

An indictment or affidavit for a violation of a local option law must clearly aver facts showing that the offense was committed in a county or locality where such law was in effect. *Benward v. State*, 308 So. 2d 94 (Miss. 1975).

A state statute under which various persons, by forbidding in writing the sale or gift of intoxicating liquors to one who, by excessive drinking, produced described conditions or exhibited certain traits, such as exposing himself or his family to want or becoming a danger to the peace of the community, could cause a notice to be posted in local retail liquor outlets prohibiting sales or gifts of liquor to the named person, was violative of procedural due process because of failure to provide for

advance notice of such posting and an opportunity to be heard, such posting being to many a stigma or badge of disgrace, exposing an individual to public embarrassment and ridicule. *Wisconsin v. Constantineau*, 400 U.S. 433, 91 S. Ct. 507, 27 L. Ed. 2d 515 (1971).

2. No liability.

Accident victim's claims against a bar failed because the drunk driver testified at his deposition that he was not served any alcohol by any employee of the bar and did not recall purchasing any "set ups" that night. A bartender testified that she did not see any employee serve the driver any beer that night. *Pontillo v. Warehouse Bar & Grill, L.L.C.*, 19 So. 3d 797 (Miss. Ct. App. 2009).

Parent company of an alcohol permit holder should have been dismissed from a personal injury case because it was not liable under Miss. Code Ann. § 67-1-83

since it was not a permit holder itself or an employee of such; moreover, the pleadings did not adequately state a claim showing that the corporate veil should have been pierced. *Penn Nat'l Gaming, Inc. v. Ratliff*, 954 So. 2d 427 (Miss. 2007).

There was no indication that the decedent (an adult), was visibly intoxicated, as defined in Miss. Code Ann. §§ 67-1-83(1), 67-3-53, and 67-3-73. Wherever the sign is located on the premises, the name of the business shall also include the permit number thereof, preceded by the words "A.B.C. Permit No."

(2) It shall be lawful to advertise alcoholic beverages by means of signs, billboards or displays on or along any road, highway, street or building.

(1) It is hereby made the duty of every police and peace officer and every district and county attorney and the Alcoholic Beverage Control Division of the State Tax Commission to enforce the provisions of this chapter and to inform against and diligently prosecute persons whom they have reasonable cause to believe to be offenders against the provisions thereof. Every such officer refusing or neglecting to do so shall be guilty of a misdemeanor, and the court, in addition to imposing the penalty therefor, shall adjudge forfeiture of his office.

(2) In any county or municipality where it is readily apparent that local law enforcement authorities in cooperation with the agents and inspectors provided by the commission cannot control the illegal sale of alcoholic beverages, the commission shall request such assistance as it may deem necessary from the Mississippi Highway Safety Patrol; and it shall be the duty of the Governor of the State of Mississippi to see that the laws of the state are properly enforced by use of the additional authority as herein provided.

(3) The officers, agents and representatives of the State Tax Commission and the Alcoholic Beverage Control Division thereof are authorized and directed to strictly enforce the prohibition laws throughout the state, except in those counties and municipalities which have voted for the legalized sale of intoxicating liquor. The State Highway Patrol, sheriffs, police departments, constables, and all peace officers, and prosecuting attorneys, the Attorney General's office, district attorneys, county attorneys, city attorneys, and all others charged with upholding the law, as well as the citizenry of this state, are hereby urged and directed to uphold the dignity of the law, to foster public respect therefor and to strictly enforce the laws against intoxicating liquor in all cases while operating a motor vehicle on the streets and highways of this state, and to enforce the law and prosecute against the wrongful use of intoxicating liquor in any county or municipality by a permit holder or licensee or anyone else under such circumstances and conditions as would lead to a breakdown in public law or is violative of the public sense of common decency, as well as to enforce the law against gambling, organized crime, or social vice and corruption.

JUDICIAL DECISIONS

1. In general.

Where the ABC Division had been informed by a trusted former employee that he had personally seen the defendant, who had been repeatedly convicted of violating the prohibition laws, enter a liquor package store empty-handed and had personally seen him depart therefrom with a brown bag full of purchases, and agents did not attempt to stop the defendant in Hinds County which is wet, but attempted to stop him and to check his purchases on a road in Rakin County which is dry, there was probable cause for the agents to stop the defendant and to search his car. *Allison v. State*, 274 So. 2d 678 (Miss. 1973).

An agent of the alcoholic beverage control division did not have authority to serve a search warrant issued for the purpose of making a search for illegal

gambling equipment, since such agents have no police powers other than those expressly granted by the provisions of the local option alcoholic beverage control law. *Presley v. State*, 229 So. 2d 830 (Miss. 1969).

Inasmuch as Code 1942, § 10265-05 excludes from the definition of "alcoholic beverage" beer and wine of not more than 4 percent of alcohol by weight, the authority conferred upon agents of the alcoholic beverage commission under Code 1942, §§ 10265-11 and 10265-17 does not authorize and empower them to check a retailer's beer license to see whether it was in date or to inspect beer stock to determine whether it was Mississippi-taxed beer. *Jolliff v. State*, 215 So. 2d 234 (Miss. 1968), but see *Cumbest v. Commissioners of Election*, 416 So. 2d 683 (Miss. 1982).

§ 67-1-93. Petition for forfeiture of property other than alcoholic beverages and raw materials; service upon owner, secured or interested party; compliance with procedures.

(1) Except as otherwise provided in Section 67-1-99, when any property, other than an alcoholic beverage or raw material, is seized under this chapter or Chapter 31 of Title 97, Mississippi Code of 1972, proceedings under this section shall be instituted promptly.

(2) A petition for forfeiture shall be filed promptly in the name of the State of Mississippi with the clerk of the circuit or county court of the county in which the seizure is made. A copy of such petition shall be served upon the following persons by service of process in the same manner as in civil cases:

(a) The owner of the property, if address is known;

(b) Any secured party who has registered his lien or filed a financing statement as provided by law, if the identity of such secured party can be ascertained by the agent or agency which seized the property making a good faith effort to ascertain the identity of such secured party as described in subsections (3), (4), (5), (6) and (7) of this section;

(c) Any other bona fide lienholder or secured party or other person holding an interest in the property in the nature of a security interest of whom the agent or agency has actual knowledge; and

(d) Any person in possession of property subject to forfeiture at the time that it was seized.

(3) If the property is a motor vehicle susceptible of titling under the Mississippi Motor Vehicle Title Law and if there is any reasonable cause to believe that the vehicle has been titled, the agent or agency shall make inquiry of the State Tax Commission as to what the records of the State Tax Commission show as to who is the record owner of the vehicle and who, if anyone, holds any lien or security interest which affects the vehicle.

(4) If the property is a motor vehicle and is not titled in the State of Mississippi then the agent or agency shall attempt to ascertain the name and address of the person in whose name the vehicle is licensed, and if the vehicle is licensed in a state which has in effect a certificate of title law, the agent or agency shall make inquiry of the appropriate agency of that state to determine through such agency's records the name of the record owner of the vehicle and who, if anyone, holds any lien, security interest or other instrument in the nature of a security device which affects the vehicle.

(5) If the property is of a nature that a financing statement is required by the laws of this state to be filed to perfect a security interest affecting the property and if there is any reasonable cause to believe that a financing statement covering the security interest has been filed under the laws of this state, the agent or agency shall make inquiry of the appropriate office designated in Section 75-9-501 to determine through the records of such office the name of the record owner of the property and who, if anyone, has filed a financing statement affecting the property.

(6) If the property is an aircraft or part thereof and if there is any reasonable cause to believe that an instrument in the nature of a security device affects the property, then the agent or agency shall make inquiry of the Administrator of the Federal Aviation Administration to determine through records of the administrator the name of the record owner of the property and who, if anyone, holds an instrument in the name of a security device which affects the property.

(7) In the case of all other property other than an alcoholic beverage or raw material subject to forfeiture, if there is any reasonable cause to believe that an instrument in the nature of a security device affects the property, then the agent or agency shall make a good faith inquiry to identify the holder of any such instrument.

(8) In the event the answer to an inquiry states that the record owner of the property is any person other than the person who was in possession of it when it was seized, or states that any person holds any lien, security interest or other interest in the nature of a security interest which affects the property, the agent or agency shall cause any record owner and also any lienholder, secured party or other person who holds an interest in the property in the nature of a security interest which affects the property to be named in the

petition of forfeiture and to be served with process in the same manner as in civil cases.

(9) If the owner of the property cannot be found and served with a copy of the petition of forfeiture, or if no person was in possession of the property subject to forfeiture at the time that it was seized and the owner of the property is unknown, the agent or agency shall file with the clerk of the court in which the proceeding is pending an affidavit to such effect, whereupon the clerk of the court shall publish notice of the hearing addressed to "the Unknown Owner of _____," filling in the blank space with a reasonably detailed description of the property subject to forfeiture. Service by publication shall be made in accordance with the Mississippi Rules of Civil Procedure.

(10) No proceedings instituted pursuant to the provisions of this chapter shall proceed to hearing unless the judge conducting the hearing is satisfied that this section has been complied with. Any answer received from an inquiry required by subsections (3) through (7) of this section shall be introduced into evidence at the hearing.

JUDICIAL DECISIONS

1. In general.

Sections 67-1-17, 67-1-93, 67-1-95 and 67-1-97, which govern the seizure and disposal of personal property which is in violation of the prohibition law, do not provide for the return of the property prior to a hearing on the forfeiture proceeding. Thus, a defendant was not entitled to the return of her seized car pending the out-

come of the forfeiture hearing where the defendant admitted that the intoxicating liquors being transported in her automobile belonged to her, and that she was in the vehicle and was participating in the actual transportation of the contraband. *Mississippi State Tax Comm'n v. One (1) 1984 Black Mercury Grand Marquis*, 568 So. 2d 707 (Miss. 1990).

§ 67-1-95. Owner's verified answer; forfeiture hearing; burden of proof; rights of holders of security interests, liens, or other interests; disposition of property.

(1) An owner of property seized, other than an owner of alcoholic beverages or raw materials, shall file a verified answer within twenty (20) days after the completion of service of process. If no answer is filed, the court shall hear evidence that the property is subject to forfeiture and forfeit the property to the agency which seized the property. If an answer is filed, a time for hearing on forfeiture shall be set within thirty (30) days of filing the answer or at the succeeding term of court if court would not be in progress within thirty (30) days after filing the answer. Provided, however, that upon request by the agent or agency, or the owner of the property, the court may postpone the forfeiture hearing to a date past the time any criminal action is pending against such owner.

(2) If the owner of the property has filed a verified answer denying that the property is subject to forfeiture, then the burden is on the state to prove that the property is subject to forfeiture; however, if no answer had been filed by the owner of the property, the petition for forfeiture may be introduced into evidence and shall be prima facie evidence that the property is subject to forfeiture.

(3) At the hearing any claimant of any right, title or interest in the property may prove his lien, security interest or other interest in the nature of a security interest, to be bona fide and created without knowledge or consent that the property was to be used so as to cause the property to be subject to forfeiture.

(4) If it is found that the property is subject to forfeiture, then the judge shall forfeit the property to the agency which seized the property. If proof at the hearing discloses that the interest of any bona fide lienholder, secured party or other person holding an interest in the property in the nature of a security interest is greater than or equal to the present value of the property, the court shall order the property released to him. If such interest is less than the present value of the property and if the proof shows that the property is subject to forfeiture the court shall order the property forfeited to the agency.

(5) Upon a petition filed in the name of the state of Mississippi with the clerk of the circuit or county court of the county in which the seizure is made, the court having jurisdiction may order the property summarily forfeited except when lawful possession and title can be ascertained. If a person is found to have had lawful possession and title prior to seizure, the court shall order the property returned to the owner, if the owner so desires.

§ 67-1-97. Public auction of forfeited property other than alcoholic beverages and raw materials; disbursement of proceeds.

(1) All property other than alcoholic beverages or raw materials that have been forfeited shall be sold at a public auction for cash by the agency which seized such property to the highest and best bidder after advertising the sale for at least once each week for three (3) consecutive weeks, the last notice to appear not more than ten (10) days nor less than five (5) days prior to such sale, in a newspaper having a general circulation throughout the state of Mississippi. Such notices shall contain a description of the property to be sold and a statement of the time and place of the sale. It shall not be necessary to the validity of such sale either to have the property present at the place of the sale or to have the name of the owner thereof stated in such notice. The proceeds of the sale shall be delivered to the court clerk and shall be disposed of as follows:

(a) To any bona fide lienholder, secured party or other party holding an interest in the property in the nature of a security interest, to the extent of his interest; and

(b) The balance, if any, after deduction of all storage and court costs, shall be forwarded to the state treasurer and deposited with and used as general funds of the state.

(2)(a) Any county or municipal law enforcement agency which seizes property, other than alcoholic beverages or raw materials, may maintain, repair, use and operate for official purposes all such property that has been forfeited if it is free from any interest of a bona fide lienholder, secured party

or other party who holds an interest in the property in the nature of a security interest. Such county or municipal law enforcement agency may purchase the interest of a bona fide lienholder, secured party or other party who holds an interest so that the property can be released for its use. If the property is a motor vehicle susceptible of titling under the Mississippi Motor Vehicle Title Law, the law enforcement agency shall be deemed to be the purchaser, and the certificate of title shall be issued to it as required by subsection (4) of this section.

(b) All other property that a county or municipal law enforcement agency seizes, other than alcoholic beverages and raw materials, and other than property which such law enforcement agency retains for use and operation for official purposes, shall, upon its forfeiture, be sold by such law enforcement agency in the same manner and subject to the same procedure for the sale of such property as provided for in subsection (1) of this section; however, the proceeds of such sale shall be delivered to the clerk of the county or municipality for disposal in the following manner:

(i) To any bona fide lienholder, secured party or other party holding an interest in the property in the nature of a security interest, to the extent of his interest; and

(ii) The balance, if any, after deduction of all storage and court costs, shall be forwarded to the clerk of the county or municipality, as the case may be, and deposited with and used as general funds of the county or municipality.

(3) All other agencies which have seized all such property other than alcoholic beverages and raw materials may maintain, repair, use and operate for official purposes all property that has been forfeited to them if such property is free from any interest of a bona fide lienholder, secured party or other party who holds an interest in the property in the nature of a security interest. In such case, the agency may purchase the interest of a bona fide lienholder, secured party or other party who holds an interest so that the property can be released for use by such agency.

Such agency may maintain, repair, use and operate the property with money appropriated for current operations. If the property is a motor vehicle susceptible of titling under the Mississippi Motor Vehicle Title Law, such agency is deemed to be the purchaser and the certificate of title shall be issued to it as required by subsection (4) of this section.

(4) The State Tax Commission shall issue a certificate of title to any person who purchases property under the provisions of this section when a certificate of title is required under the laws of this state.

§ 67-3-1. Declaration of purpose.

The purpose of this chapter is to legalize the sale within this state of light wines and beer, to legalize the manufacture of beer, and to regulate the business of manufacturing and of selling light wines and beer so as to prevent the illicit manufacture, sale and consumption of alcoholic beverages as defined in Section 67-1-5, the manufacture and sale of which it is not the purpose of this chapter to legalize.

SOURCES: Codes, 1942, § 10211; Laws, 1934, ch. 171; Laws, 1998, ch. 306, § 3; Laws, 2012, ch. 323, § 3; Laws, 2012, ch. 501, § 1, eff from and after July 1, 2012.

Joint Legislative Committee Note — Section 1 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30, 2012), amended this section. Section 3 of Chapter 323, Laws of 2012, effective July 1, 2012 (approved April 5, 2012), also amended this section. As set out above, this section reflects the language of Section 1 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-1 as amended by Laws of 2012, ch. 323.

Amendment Notes — The first 2012 amendment (ch. 323), deleted “of an alcoholic content of not more than five percent (5%) by weight” following “state of light wines and beer,” substituted “selling light wines and beer” for “selling such liquors” and substituted “consumption of alcoholic beverages as defined in Section 67-1-5” for “consumption of liquors having an alcoholic content of more than five percent (5%) by weight.”

The second 2012 amendment (ch. 501), deleted “manufacture and” following “legalize the,” deleted “of an alcoholic content of not more than five percent (5%) by weight” following “state of light wines and beer,” inserted “to legalize the manufacture of beer,” substituted “selling light wines and beer” for “selling such liquors” and substituted “consumption of alcoholic beverages as defined in Section 67-1-5” for “consumption of liquors having an alcoholic content of more than five percent (5%) by weight.”

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

ATTORNEY GENERAL OPINIONS

The matter of issuing permits and the investigation of the validity of information presented in permit applications for the manufacture, sale, distribution, possession, and transportation of light wines and beer is strictly within the province of the State Tax Commission and a municipality has no power to act to block, prevent, restrict, refuse, or revoke alcoholic beverage permits; however, there is certainly nothing to prohibit interested parties from forwarding information they may consider relevant to the issuance or suspension or revocation of a permit to the attention of the State Tax Commission, the district attorney, or the county prosecuting attorney, as the situation demands. *Thomas*, April 10, 1998, A.G. Op. #98-0142.

A city cannot enact regulations to require that the applicant for a beer and/or light wine permit is the actual owner of the business, that the owner or the owner's employees do not have a criminal

records, or to require that the applicant and employees be fingerprinted and photographed. *Thomas*, April 10, 1998, A.G. Op. #98-0142.

A municipality may not adopt an ordinance which would further regulate the sale of intoxicating liquors by requiring commercial establishments holding a valid permit issued by the State Tax Commission to sell such beverages to achieve a mandatory ratio of food sales to alcoholic beverage sales. *Rutledge*, June 5, 1998, A.G. Op. #98-0278.

A city has no authority to require a retailer who has been issued a permit for the sale of beer and light wine by the State Tax Commission to also make application and pay for a second, "city" permit, separate and in addition to a local privilege license, as a condition of engaging in the sale of such beverages within the city; the only permits required by state law are not granted by municipalities but by the State Tax Commission. *Lee*, October 23, 1998, A.G. Op. #98-0661.

§ 67-3-5. Light wines and beer legalized.

(1) It shall be lawful, subject to the provisions set forth in this chapter, in this state to transport, store, sell, distribute, possess, receive and/or manufacture wine and beer, and it is hereby declared that it is the legislative intent that this chapter privileges the lawful sale and manufacture, within this state, of such light wines and beer. In determining if a wine product is “light wine,” or contains an alcoholic content of more than five percent (5%) by weight, or is not an “alcoholic beverage” as defined in the Local Option Alcoholic Beverage Control Law, Chapter 1 of Title 67, Mississippi Code of 1972, the alcoholic content of such wine product shall be subject to the same permitted tolerance as is allowed by the labeling requirements for light wine provided for in Section 27-71-509.

(2) Subject to the provisions set forth in this chapter, it shall be lawful in this state to transport, store, sell, distribute, possess, receive, and/or manufacture beer of an alcoholic content of more than eight percent (8%) by weight, if the beer is manufactured to be sold legally in another state and is transported outside of this state for retail sale.

As set out above, this section reflects the language of Section 2 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-5 as amended by Laws of 2012, ch.323.

Amendment Notes — The first 2012 amendment (ch. 323), deleted “of an alcoholic content of not more than five percent (5%) by weight” following “manufacture wine and beer” in the first sentence.

The second 2012 amendment (ch. 501), added (2) deleted “of an alcoholic content of not more than five percent (5%) by weight” following “manufacture wine and beer” in the first sentence; and

JUDICIAL DECISIONS

1. In general.
2. Construction.
3. Indictment.
4. Evidence.

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

The legislature had the power to enact statute authorizing sale of beer within the state and also authorizing county by election to prohibit the sale of beer within that county. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845 (1954).

Enactment of statute legalizing sale and possession of beer pending appeal from conviction for possessing beer and intoxicating liquor, held without effect

upon conviction. *Brown v. State*, 170 Miss. 86, 153 So. 302 (1934), error overruled, 153 So. 175 (Miss. 1934).

2. Construction.

Section 67-3-13 did not deny a defendant, who was convicted of possession of beer in a “dry” part of the county while traveling home after having legally purchased the beer in a “wet” city, equal protection under the laws and constitution of the State of Mississippi and the Constitution of the United States, nor was there any invasion of the defendant’s constitutional right of privacy. *Dantzler v. State*, 542 So. 2d 906 (Miss. 1989).

Chapter relating to wine and beer repealed statute making it unlawful to sell beer. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845 (1954).

Court must consider statute legalizing sale of wine and beer as an entirety and

effect must be given to each part of statute, so as to fulfill intent of legislature. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417 (1937).

3. Indictment.

Where an indictment charged only that the accused did unlawfully sell intoxicating liquor, namely home brew, and there was no allegation that the sale of beer has been outlawed by an election in the county, the indictment was insufficient because no crime was stated. *Riley v. State*, 212 Miss. 746, 55 So. 2d 447 (1951).

4. Evidence.

Evidence that defendant's place of business had a reputation of being place where intoxicating liquors were sold was properly excluded in a prosecution for unlawful possession of beer. *State v. Sisk*, 209 Miss. 174, 46 So. 2d 191 (1950).

In prosecution for unlawful possession of intoxicating liquor the affidavit must allege and the proof must show an alcoholic content in excess of 4 per cent by weight. *Hall v. State*, 199 Miss. 560, 24 So. 2d 780 (1946).

Mere fact that the malt liquor or beer may be intoxicating does not of necessity show that the alcoholic content exceeded 4 per cent by weight. *Hall v. State*, 199 Miss. 560, 24 So. 2d 780 (1946).

Refusal of requested instruction in prosecution for unlawful possession of intoxicating liquor submitting to jury the factual issue whether the malt liquor or beer contained over the maximum alcoholic content of 4 per cent by weight, constituted reversible error, where the testimony, although showing that the liquor or beer was intoxicating, did not disclose what percentage of alcohol by weight it contained. *Hall v. State*, 199 Miss. 560, 24 So. 2d 780 (1946).

Evidence that accused believed wine in his possession did not contain over four per cent of alcohol, was inadmissible. *Lowe v. City of Jackson*, 181 Miss. 296, 179 So. 568 (1938).

The intent of possessor of wine having an alcoholic content of more than 4% is immaterial. *Lowe v. City of Jackson*, 181 Miss. 296, 179 So. 568 (1938).

§ 67-3-7. Local option elections in county.

(1) If any county, at an election held for the purpose under the election laws of the state, shall by a majority vote of the duly qualified electors voting in the election determine that the transportation, storage, sale, distribution, receipt and/or manufacture of wine and beer shall not be permitted in such county, then the same shall not be permitted therein except as authorized under Section 67-9-1 and as may be otherwise authorized in this section. An election to determine whether such transportation, storage, sale, distribution, receipt and/or manufacture of such beverages shall be excluded from any county in the state, shall, on a petition of twenty percent (20%) of the duly qualified electors of such county, be ordered by the board of supervisors of the county, for such county only. No election on the question shall be held in any one county more often than once in five (5) years.

In counties which have elected, or may elect by a majority vote of the duly qualified electors voting in the election, that the transportation, storage, sale, distribution, receipt and/or manufacture of wine or beer shall not be permitted in the county, an election may be held in the same manner as the election hereinabove provided on the question of whether or not the transportation, storage, sale, distribution, receipt and/or manufacture of said beverages shall be permitted in such county. Such election shall be ordered by the board of supervisors of such county on a petition of twenty percent (20%) of the duly qualified electors of such county. No election on this question can be ordered more often than once in five (5) years.

(2) Nothing in this section shall make it unlawful to possess beer or wine, as defined herein, in any municipality which has heretofore or which may hereafter vote in an election, pursuant to Section 67-3-9, in which a majority of the qualified electors vote in favor of permitting the sale and the receipt, storage and transportation for the purpose of sale of beer or wine as defined herein.

(3) Nothing in this section shall make it unlawful to:

(a) Possess or consume light wine or beer at a qualified resort area as defined in Section 67-1-5;

(b) Sell, distribute and transport light wine or beer to a qualified resort area as defined in Section 67-1-5;

(c) Sell light wine or beer at a qualified resort area as defined in Section 67-1-5 if such light wine or beer is sold by a person with a permit to engage in the business as a retailer of light wine or beer;

(d) Transport beer of an alcoholic content of more than eight percent (8%) by weight if it is being transported to another state for legal sale in that state.

Joint Legislative Committee Note — Section 3 of Chapter 501, Laws of 2012, effective July 1, 2012 (approved April 30), amended this section. Section 5 of Laws of 2012, effective July 1, 2012 (approved April 5, 2012), also amended this section. As set out above, this section reflects the language of Section 3 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-7 as amended by Laws of 2012, ch. 323.

Amendment Notes — The first 2012 amendment (ch. 323), in (1), deleted “of an alcoholic content of not more than five percent (5%) by weight” following “wine and beer” in the first sentence of the first paragraph, and following “wine and beer” in the first sentence of the second paragraph, substituted “of the county” for “thereof” near the end of the second sentence of the first paragraph, and made minor stylistic changes.

The second 2012 amendment (ch. 501), in (1), deleted “of an alcoholic content of not more than five percent (5%) by weight” following “wine and beer” in the first sentence of the first paragraph, and following “wine and beer” in the first sentence of the second paragraph, substituted “of the county” for “thereof” near the end of the second sentence of the first paragraph, and made minor stylistic changes; and added (3)(d).

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer,

possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

Chapter 279, Laws of 1958, is constitutional and valid, and states an enforceable and definite offense. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540 (1959).

Omission of the phrase "as amended" in referring to the statute in petitions to the board of supervisors, upon which a local option election was held under Chapter 252, Laws of 1956, asking that the board call an election to submit to the electors the proposition of whether or not wines and beer should continue to be sold, transported, stored, distributed, received or manufactured in the named county, as provided by Code 1942, § 10208, did not constitute such substantial defect or error in the jurisdiction of the board as to warrant reversal and nullification of the election, where the voters were not misled at the election, and the correct proposition had been submitted to them. *Stennis v. Board of Supvrs.*, 232 Miss. 212, 98 So. 2d 636 (1957).

Although county in which city was located had voted out beer under this section in 1939, this would not prevent city from holding an election under Code 1942, § 10208.5, to determine whether or not beer could be sold therein; chapter 252, Laws of 1956, neither expressly nor by implication repealed Code 1942, § 10208.5. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224 (1957).

The legislature had the power to enact statute authorizing sale of beer within the state and also authorizing county by election to prohibit the sale of beer within that county. *Hays v. State*, 219 Miss. 808, 69 So. 2d 845 (1954).

Where the ordinance of a board of supervisors prohibited the sale and consumption of wines and beer in all territory of the county within five miles of any church, school, storehouse, filling station or any other public place, the ordinance was unreasonable because it usurped the function of electorate to decide the question of determining whether the entire county should be wet or dry. *State v. Hoyle*, 211 Miss. 342, 51 So. 2d 730 (1951).

Early decision of *Martin v. Board of Supervisors* (1938) 181 Miss 363, 178 So

315, on subject of outlawing beer and wine by local option election, which has stood as law of state for more than eleven years and has been relied upon by boards of supervisors in many counties and which cannot be said to be manifestly wrong or mischievous in operation, will be adhered to as established law of state, although question of whether it is necessary jurisdictional fact to be adjudicated by board of supervisors that no election on beer and wine has been held within past five years was not raised or passed upon by court in that case. *Caruthers v. Panola County*, 205 Miss. 403, 38 So. 2d 902 (1949).

A municipality has no power to enact an ordinance prohibiting possession of wines and beers as herein permitted for personal consumption. *City of Amory v. Yielding*, 203 Miss. 265, 34 So. 2d 726 (1948).

Primary election laws are not applicable to the general election required to be held on petition for an election on the question of prohibiting the transportation, sale, etc., of light wines and beer within a county. *Miles v. Board of Supvrs.*, 33 So. 2d 810 (Miss. 1948).

Board of supervisors, after an election wherein it was determined that traffic in light wines and beer should be excluded from the county, must allow protestants a hearing on issue whether the petition for the election contained the required 20 per cent of the qualified electors. *Costas v. Board of Supvrs.*, 198 Miss. 440, 22 So. 2d 229 (1945).

Fact that county is divided into two judicial districts does not require that 20 per cent of the qualified voters in each judicial district petition for election hereunder, but the requirement for the holding of such election is satisfied if 20 per cent of the qualified voters of the whole county, disregarding the districts, petition for the election. *Sparks v. Reddoch*, 196 Miss. 609, 18 So. 2d 450 (1944).

The statute authorizing counties to prohibit sale of beer and wine by local election is not unconstitutional as unlawful delegation of legislative power; and the calling of a local election to prohibit sale of beer and wine within county was not unconstitutional as taking previous licensees' property without due process. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

Statute providing for election on question whether beer and light wines should continue to be sold in county does not require that such election should be held on general election date, but contemplates special election of which electors of county must be given notice. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329 (1937).

2. Signatures to petition.

The statute authorizing local option election on petition of twenty per cent of qualified voters does not prohibit voter from authorizing some other person to sign petition for him rather than signing personally. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

3. Findings of jurisdictional facts.

Hearing before county board of supervisors to determine whether petition to exclude beer and wine from county contains requisite signatures is a judicial proceeding, and members of board of supervisors, convened as court to hear written protest denying fact that twenty percent of qualified electors of county signed petition for election, were correct in their refusal to permit themselves to be cross-examined as witnesses on issues before them, and such refusal is not denial of full and complete hearing of protests where protestants were given right to introduce other evidence, which they declined to do. *Duggan v. Board of Supvrs.*, 207 Miss. 854, 43 So. 2d 566 (1949).

It is not essential to jurisdiction of board of supervisors to order election under this section that it affirmatively adjudicate fact to be that no such election has been held within past five years and absence of such adjudication in proceedings does not make same void. *Caruthers v. Panola County*, 205 Miss. 403, 38 So. 2d 902 (1949).

It is not necessary that the board of supervisors find and recite as a jurisdictional fact that no election has been had within five years prior to the making of its order. *Henry v. Board of Supvrs.*, 203 Miss. 780, 34 So. 2d 232 (1948), error overruled, 203 Miss. 789, 35 So. 2d 317 (1948).

The hearing before the board of supervisors to determine whether a petition filed under this statute contains the

names of a sufficient number of qualified electors is a judicial proceeding from which interested parties and their attorneys may not be excluded and from whom relevant facts may not be withheld. *Miles v. Board of Supvrs.*, 33 So. 2d 810 (Miss. 1948).

The board of supervisors must adjudicate the facts requisite to an order calling an election to legalize the sale of light wine and beer before the order is entered; and, while it is better practice for the board of supervisors in its order expressly to find and adjudicate the total number of qualified electors in the county and on the petition, it is sufficient if the order recites that the petition is that of not less than twenty percentum of the qualified voters of the county; and failure of the board before entering the order to determine the number of qualified voters in the county and the percentage on the petition as of the time that the matter was considered was not cured by the appointment of a man at that time to ascertain such facts and his reporting back after the election had been held. *Miles v. Board of Supvrs.*, 200 Miss. 214, 26 So. 2d 541 (1946).

Finding of trial court that order of board of supervisors ordering referendum election upon issue whether traffic in beer and light wines should be excluded from county was properly and timely signed by the president of the board, was not manifestly wrong or without sufficient basis so as to require reversal. *Miller v. Board of Supvrs.*, 198 Miss. 320, 22 So. 2d 372 (1945).

Adjudication of board of supervisors as to sufficiency of signatures to petition for an election to determine whether traffic in light wines and beers should be excluded from the county, was interlocutory, and entire cause, including that issue, must on pertinent and competent protest be adjudicated by the board upon trial before the final judgment could be entered in the case. *Costas v. Board of Supvrs.*, 198 Miss. 440, 22 So. 2d 229 (1945).

Where the order of the board of supervisors found as a fact that a certain number of qualified electors had duly signed the petition for the holding of an election hereunder, being more than 20 per cent of the qualified electors of the county, there

was no merit to the contention that such order was insufficient to adjudge that fact in that reference was made therein to a certificate of the circuit court of the circuit clerk as to the number of qualified electors in the county, instead of the board making the finding as a result of its own investigation; and upon attack upon the validity of the election on certiorari, the circuit court did not err in refusing to hear evidence outside the record to support appellants' contention that the board of supervisors failed to adjudicate the required fact that the petition for election was signed by the requisite percentage of qualified electors. *Sides v. Board of Supvrs.*, 190 Miss. 420, 200 So. 595 (1941).

Where the order of the board of supervisors of a county, in passing upon the sufficiency of a petition for local option in the county signed by 810 qualified voters thereof in regard to the requisite jurisdictional facts, recited that the total registration for the county at the time the petition was presented did not exceed 2,600 voters, and therefore more than 20 per cent of the duly qualified voters of the county signed such petition, and a special election was ordered in which a majority voted for local option, and thereafter an order prohibiting the sale of beer and light wine was entered, which recited that due, legal and proper notice was given of such election as required by Mississippi Code 1930, §§ 310 and 6,265, and it was found that legal and proper notice was in fact given and a proof of publication was made and filed, such election was legal. *Day v. Board of Supvrs.*, 184 Miss. 611, 185 So. 251 (1939).

Jurisdictional facts supporting a judgment calling local option election must appear in the record, but language in which they are recited need not be such as a skillful lawyer would use. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

County board of supervisors is without power to call election on question of discontinuing sale of beer and light wines in county in response to petition therefor until adjudication that petition contains sufficient number of signatures of qualified electors has been made and has been actually entered on minutes of board.

Simpson County v. Burkett, 178 Miss. 44, 172 So. 329 (1937).

4. —Conclusiveness.

An order by the board of supervisors adjudicating the sufficiency of the petition and ordering an election, and a final judgment of the board excluding wine and beer from a county, pursuant to such election, is without authority of law and a denial of due process where the hearing on the petition is a star-chamber proceeding. *Miles v. Board of Supvrs.*, 33 So. 2d 810 (Miss. 1948).

Fact that some citizens not in privity with present protestants had appeared before board of supervisors and contested sufficiency of petition for an election to determine whether traffic in light wines and beer should be excluded from county, on ground that petition did not contain the required 20 per cent of the qualified electors when the board adjudicated the petition to be sufficient, did not estop other taxpayers from subsequently contesting the petition on the same grounds, where the present protestants had no notice of the hearing on the original petition and did not participate therein, since the hearing on the original petition did not close the question as to the sufficiency of the petition. *Costas v. Board of Supvrs.*, 198 Miss. 440, 22 So. 2d 229 (1945).

Where the order of the board of supervisors recited the jurisdictional facts, and showed compliance with the requirements of law leading to the issuance of an order prohibiting the sale of light wine and beer, their judgment became conclusive and could not be attacked by new proof on certiorari in the circuit court, since that court is confined to the examination of the proceedings appearing of record in the bill of exceptions, and cannot look to matters extraneous and foreign to the bill of exceptions; and accordingly evidence presented on certiorari that no proof of publication with respect to notice of the local option election was on file at the time the board of supervisors adjudicated the validity of the election, and the proceedings leading thereto, to prohibit the sale of light wines and beer in the county, could not affect the board's adjudication of validity. *Hall v. Franklin County*, 184 Miss. 77, 185 So. 591 (1939).

Where board of supervisors finds a jurisdictional fact, in support of judgment calling local option election, judgment is entitled to the same force and effect with respect to such fact as judgment of a court of general jurisdiction. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

A fact finding of board of supervisors, in order calling local option election, that petition for election was signed by twenty per cent or more of qualified voters, was conclusive on appeal with respect to whether petition was signed by voters personally. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

Where correctness of petition for local option election was not challenged at meeting of board of supervisors, and no appeal or certiorari was taken from board's order for election based on petition, board's fact finding in such order, that signatures on petition represented twenty per cent or more of the qualified electors as required by statute, was conclusive on appeal. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

5. Notice of election.

In the absence of a notice provision in § 67-3-7 with respect to local option elections, the general statute requiring 30 days' notice of election was applicable. *Howard v. Crider*, 341 So. 2d 477 (Miss. 1977).

When the law requires that 30 days notice of election be given by newspaper publication, the first publication of the notice must be made at least 30 days prior to the election and the publication must be continued in each successive weekly issue of the newspaper until the date of the election, and not more than 7 days should be allowed to intervene between the last publication of the notice and the election. *Neal v. Board of Supvrs.*, 217 Miss. 102, 63 So. 2d 540 (1953).

Notice of local option election under this section on question of outlawing wine and beer, given for thirty days in newspaper published and circulated in county, is correct and proper notice of election, as notice required to be given of such election is governed by Code 1942, § 3018, and not by Code 1942, § 3294. *Duggan v. Board of Supvrs.*, 207 Miss. 854, 43 So. 2d 566 (1949).

A published notice of election on local option was sufficient where it recited the fact and date of the order of the board of supervisors, the fact and date that an election would be held pursuant to the specified statutory enactments, and the purpose of the election. *Henry v. Board of Supvrs.*, 203 Miss. 780, 34 So. 2d 232 (1948), error overruled, 203 Miss. 789, 35 So. 2d 317 (1948).

The contemplated method of giving notice of election on local option is by publication in a newspaper. *Henry v. Board of Supvrs.*, 203 Miss. 780, 34 So. 2d 232 (1948), error overruled, 203 Miss. 789, 35 So. 2d 317 (1948).

This section makes no provision for notice to anybody interested except notice to the electors by the board of election commissioners concerning the holding of the election and such notice thereafter brings into the situation everybody affected thereby, and those failing thereafter before final judgment to seek to contest any phase of the issues, would be estopped. *Costas v. Board of Supvrs.*, 198 Miss. 440, 22 So. 2d 229 (1945).

Objection that notice for election hereunder, for the exercise of local option in the county, was signed by the president and clerk of the board of supervisors instead of by the election commissioners of the county, was without merit where the notice given was sufficient in form and substance, and pursuant thereto the election commissioners proceeded to hold the election and certify the result thereof as required by law. *Sides v. Board of Supvrs.*, 190 Miss. 420, 200 So. 595 (1941).

Six weeks' publication of notice of local option election, effected by order of clerk of board of supervisors rather than of election commissioners, without board's issuing commission to election commissioners directing the commissioners to hold election, was proper irrespective of applicability of general statute authorizing board of supervisors to call election, where election commissioners actually held the election in conformity with law. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

The manner of publication of notice for local option election is controlled by general statute requiring thirty days' notice of

election on any matter affecting the entire county. *Martin v. Board of Supvrs.*, 181 Miss. 363, 178 So. 315 (1938).

Thirty days' notice is essential to the holding of a valid election on the question whether beer and light wines should continue to be sold in county. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329 (1937).

6. Matters submitted.

A proposition submitted on the ballot in a local option election held under Chapter 252, Laws of 1956, in the exact terms of subsection (a) thereof, to the effect that the proposition was to exclude from a named county the transportation, storage, sale, distribution, the receipt and/or manufacture of wine and beer of alcoholic content of not more than four percent by weight, but which did not state that, by virtue of subsection (b) thereof, the possession of such beverages would also be prohibited, submitted the correct proposition to the voters. *Stennis v. Board of Supvrs.*, 232 Miss. 212, 98 So. 2d 636 (1957).

The fact that the order of the board of supervisors and the ballots used in the election to determine whether transportation, storage, sale, etc., of wine and beer should be excluded from the county, submitted to the voters, the right also to exclude the possession of wine and beer in the county did not vitiate the election. *Sparks v. Reddoch*, 196 Miss. 609, 18 So. 2d 450 (1944).

Fact that order of board and ballots used in election submitted to voters the right also to exclude possession of wine and beer did not vitiate the election. *Moffett v. Board of Supvrs.*, 181 Miss. 419, 179 So. 352 (1938).

7. Ballots.

Language in submission at election of question whether traffic in light wines or beer "shall be excluded" from the county is not inconsistent with the statutory language so as to invalidate the election. *Costas v. Board of Supvrs.*, 196 Miss. 104, 15 So. 2d 365, 154 A.L.R. 863 (1943), suggestion of error sustained in part, 196 Miss. 104, 16 So. 2d 378 (1943).

The use of the device "and/or" in ballots used in election to determine exclusion of

light wines and beer in the county did not render the election void as creating an ambiguity as to the issue submitted to the voters. *Costas v. Board of Supvrs.*, 196 Miss. 104, 15 So. 2d 365, 154 A.L.R. 863 (1943), suggestion of error sustained in part, 196 Miss. 104, 16 So. 2d 378 (1943).

The fact that some of the ballots used in several of the precincts in an election for the exercise of local option in the county, contained an incorrect description of the precincts, which error was corrected by the election manager, did not make the election invalid. *Sides v. Board of Supvrs.*, 190 Miss. 420, 200 So. 595 (1941).

On certiorari to invalidate an election to exclude wine and beer on the ground that some of the ballots used in some of the voting precincts were labeled with the designation of some other precinct, which error had been corrected by the election managers, the election was valid, since if the supreme court did not look to the evidence upon which a board of supervisors made its adjudication as to validity of the election, the result would be the same for the reason that without this report of the election commissioners and the approval thereof by the board of supervisors, there would not be anything to disclose the fact that the ballots were not properly labeled when sent to the respective precincts for use. *Sides v. Board of Supvrs.*, 190 Miss. 420, 200 So. 595 (1941).

8. Qualifications of electors.

In determining the sufficiency of a petition to exclude wine and beer from a county as regards the necessary number of signatures of qualified voters, the registration books are not conclusive evidence that the persons registered are qualified electors. *Miles v. Board of Supvrs.*, 33 So. 2d 810 (Miss. 1948).

The number of qualified voters in the county and the percentage on the petition must be determined as of the time that the matter is considered by the board, not as of the time that the petition is filed. *Miles v. Board of Supvrs.*, 200 Miss. 214, 26 So. 2d 541 (1946).

Qualifications of electors were properly determined as of hour petition considered and order passed, although not entered on minutes until two days later. *Moffett v.*

Board of Supvrs., 181 Miss. 419, 179 So. 352 (1938).

9. Judicial review.

Order of board of supervisors excluding traffic in light wines and beer pursuant to election had is a final order from which an appeal lies. Moreover, final order of board of supervisors from which appeal will lie in the exclusion of light wines and beer in the county is the order showing affirmatively an adjudication as to the sufficiency of the notice of the election and publication according to law, that the notice contained a statement of the proposition to be voted on at the election and that the report of the election commissioners disclosed that a majority of those voting in the election had voted in favor of exclusion; and order of board of supervisors, adjudicating sufficiency of petitions for election and providing for election to exclude traffic in light wines and beer in county, was an interlocutory order and not a final order, requiring appeal therefrom within ten days in order to question sufficiency of petitions. *Costas v. Board of Supvrs.*, 196 Miss. 104, 15 So. 2d 365, 154 A.L.R. 863 (1943), suggestion of error sustained in part, 196 Miss. 104, 16 So. 2d 378 (1943).

Allowance of appeal with supersedeas in beer election case does not operate as a judicial license to continue operations in spite of adverse election and the consequent judgment of the tribunals of original jurisdiction. *Early v. Board of Supvrs.*, 182 Miss. 636, 181 So. 132 (1938).

If judgment in case in which validity of local option election is questioned is affirmed, all offenses against law during time appeal was pending are punishable as if no appeal had been taken regardless of supersedeas. *Early v. Board of Supvrs.*, 182 Miss. 636, 181 So. 132 (1938).

Refusal to allow amendment of pleadings, whereby it was sought to have registration books and poll books, and other records, brought up to ascertain percentage of qualified electors signing petition for election, was not error. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615 (1938).

Court properly affirmed supervisor's order, in absence of error appearing on face of record. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615 (1938).

In certiorari proceedings to review order of supervisors calling election, facts regarding election and the report thereof by election commissioners, occurring subsequent to issuance of writ, were not part of record proper on hearing in circuit court, but consideration thereof did not harm party seeking writ where no error appeared in entire proceedings. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615 (1938).

Writ to review order of supervisors, held improvidently issued where exhibits recited all necessary jurisdictional facts entitling board to act. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615 (1938).

In petition for certiorari to review order of supervisors, it is only where ground for reversal appears from the record that circuit court can grant hearing on merits. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615 (1938).

Where affidavit accompanying petition for election stated petition contained more than twenty per cent of electors, but did not refer to number of qualified electors in county, but order of supervisors determining sufficiency of petition did state number of electors, supreme court was required to assume supervisors made independent investigation to determine if more than twenty per cent of qualified electors had signed petition. *Moffett v. Board of Supvrs.*, 181 Miss. 419, 179 So. 352 (1938).

On appeal from quashing of certiorari to review proceedings of board of county commissioners in calling election to determine whether sales of beer and light wines should be abolished, supreme court would not determine whether statute authorizing election was unconstitutional delegation of legislative authority where question was raised for first time on appeal. *Adams v. Board of Supvrs.*, 177 Miss. 403, 170 So. 684 (1936).

Action of county board of supervisors, in ordering election to determine whether sales of beer and light wines should be abolished, is appealable by certiorari, as against contention that action was not judicial but merely ministerial. *Mohundro v. Board of Supvrs.*, 174 Miss. 512, 165 So. 124 (1936).

10. Frequency of elections.

Statutory provision prohibiting holding of election, on question whether beer and

light wines should be continued to be sold in county, more often than once in a designated period is inapplicable if election is for any reason invalid. *Simpson County v. Burkett*, 178 Miss. 44, 172 So. 329 (1937).

11. Miscellaneous.

Affidavit charging that defendant did unlawfully sell beer contrary to statute was insufficient because of failure to allege that as result of election the sale of beer was not permitted in the county of alleged sale since such election was an essential element of the offense. *May v. State*, 209 Miss. 579, 47 So. 2d 887 (1950).

Party obtaining void writ of prohibition could not complain of order vacating writ on ground judge did not have authority in vacation. *Hamilton v. Long*, 181 Miss. 627, 180 So. 615 (1938).

Where no timely appeal or certiorari was taken to review judgment of board of supervisors that election to exclude sale of beer and wine was legal that electors had voted to exclude, and prohibiting sale thereof, validity of judgment could not be questioned in proceeding to prohibit prosecution for selling beer and wine. *Blount v. Kerley*, 180 Miss. 863, 178 So. 591 (1938).

Holders of license for sale of beer and light wines were not entitled to challenge constitutionality of statute authorizing election to determine whether sales of beer and light wine should be abolished on ground that failure of statute to provide for notice constituted denial of due process, in absence of showing that if statute had provided for notice result would have been different as to holders of license. *Adams v. Board of Supvrs.*, 177 Miss. 403, 170 So. 684 (1936).

ATTORNEY GENERAL OPINIONS

In dry county, where city is wet, person may not have beer in his or her possession outside of city limit. *Gilliland*, Sept. 16, 1992, A.G. Op. #92-0681.

A county board of supervisors is without authority to call an election on discontinuing the sale of beer and light wines in response to a petition therefor until an adjudication that the petition contains a sufficient number of signatures of quali-

fied electors has been made and entered on the minutes of the board. *Rogers*, Sept. 10, A.G. Op. 04-0476.

No statute can be found prohibiting use of a single petition for both a referendum on alcoholic beverages under § 67-1-11 and for beer and light wine under this section. *Lamar*, Sept. 13, 2004, A.G. Op. 04-0478.

§ 67-3-9. Local option elections in certain municipalities.

Any city in this state, having a population of not less than two thousand five hundred (2,500) according to the latest federal census, at an election held for the purpose, under the election laws applicable to such city, may either prohibit or permit, except as otherwise provided under Section 67-9-1, the sale and the receipt, storage and transportation for the purpose of sale of beer and light wine. An election to determine whether such sale shall be permitted in cities wherein its sale is prohibited by law shall be ordered by the city council

or mayor and board of aldermen or other governing body of such city for such city only, upon the presentation of a petition for such city to such governing board containing the names of twenty percent (20%) of the duly qualified voters of such city asking for such election. In like manner, an election to determine whether such sale shall be prohibited in cities wherein its sale is permitted by law shall be ordered by the city council or mayor and board of aldermen or other governing board of such city for such city only, upon the presentation of a petition to such governing board containing the names of twenty percent (20%) of the duly qualified voters of such city asking for such election. No election on either question shall be held by any one (1) city more often than once in five (5) years.

Thirty (30) days' notice shall be given to the qualified electors of such city in the manner prescribed by law upon the question of either permitting or prohibiting such sale, and the notice shall contain a statement of the question to be voted on at the election. The tickets to be used in the election shall have the following words printed thereon: "For the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight and beer of an alcoholic content of not more than eight percent (8%) by weight "; and the words "Against the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight and beer of an alcoholic content of not more than eight percent (8%) by weight," next below. In making up his ticket the voter shall make a cross (X) opposite the words of his choice.

If in the election a majority of the qualified electors voting in the election shall vote "For the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight and beer of an alcoholic content of not more than eight percent (8%) by weight," then the city council or mayor and board of aldermen or other governing body shall pass the necessary order permitting the legal sale of such light wine and beer in such city. If in the election a majority of the qualified electors voting in the election shall vote "Against the legal sale of light wine of an alcoholic content of not more than five percent (5%) by weight and beer of an alcoholic content of not more than eight percent (8%) by weight," then the city council or mayor and board of aldermen or other governing body shall pass the necessary order prohibiting the sale of such light wine and beer in such city.

All laws or parts of laws in conflict with this section are hereby repealed to the extent of such conflict only, this section being cumulative and supplementary.

Amendment Notes — The 2012 amendment in the first paragraph substituted "sale of beer and light wine" for "sale of beer of an alcoholic content of not more than five percent (5%) by weight" in the first sentence, and "more often" for "oftener" in the last sentence; rewrote the second and third paragraphs and made minor stylistic changes throughout.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer, possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

Where the petition filed on January 15, 1985 was 126 registered voters short of the statutorily required 20 percent necessary to call a beer sales referendum, whereupon the board of alderman requested Attorney General opinion for guidance and, upon release of Attorney General's opinion, petitioners gathered additional signatures, board properly accepted 126 validated names submitted on March 26, 1985 to supplement those on the petition as first filed, adjudged that the petition met the 20 percent requirement, and called the election. *City of Clinton v. Smith*, 493 So. 2d 331 (Miss. 1986).

Where no express deadline for the filing of petitions is fixed by statutes or order of the governing authority, additional signatures of registered voters may be added after the original filings if added within a reasonable time following the original filings, and provided further, that the governing authority be required to adjudge as of the date it determines to call the election that the number of validated signatures as of that day is adequate, and, where, as in this case, the delay was some 2 months and 10 days, several weeks of which were consumed in effort to obtain an Attorney General opinion, none of the 126 signatures submitted on March 25, 1985, and validated by the city clerk, was disqualified from consideration because of tardy filing. *City of Clinton v. Smith*, 493 So. 2d 331 (Miss. 1986).

Each signature of a registered voter, before that signature may be validated and counted toward the number of signatures required by statute, must appear upon a page which contains language expressing in an intelligible manner the desire of the signing party that a particular referendum election be called, that is, language sufficient that one reading it

before signing would not likely be mislead as to the import of his or her signature. *City of Clinton v. Smith*, 493 So. 2d 331 (Miss. 1986).

Forty-five validated signatures on 6 petition pages containing no language advising signatories of the reason for affixing their signatures thereon could not be counted toward the 20 percent requirement to call a beer sales referendum election. *City of Clinton v. Smith*, 493 So. 2d 331 (Miss. 1986).

A petition asking the board of aldermen to call an election to determine whether or not beer could be lawfully sold in the city, which was regular and sufficient on its face, and contained an attorney's affidavit that the signatures thereon were genuine, as well as the city clerk's affidavit that the names of more than 20 per cent of the city's qualified electors were on the petition, was sufficient to make a prima facie case for petitioners. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224 (1957).

It was the duty of the mayor and board of aldermen to canvass the names on petition asking that an election be called to determine whether or not beer could be lawfully sold in the city, in order to determine whether or not such petition contained the required number of qualified voters, and to adjudicate this fact. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224 (1957).

Where, upon appeal, the circuit judge correctly reversed the action of the mayor and board of supervisors in dismissing a petition asking that an election be held to determine whether or not beer could be lawfully sold in the city, it was error to fail to enter a judgment directing the mayor and the board of aldermen to call an election in accordance with this section. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224 (1957).

Although the county in which the city was located had voted out beer under Code 1942, § 10208, in 1939, this would not prevent the city from holding an elec-

tion under this section to determine whether or not beer could be sold therein.

Lee County Drys v. Anderson, 231 Miss. 222, 95 So. 2d 224 (1957).

ATTORNEY GENERAL OPINIONS

1988 census estimate is not viewed as official update or amendment to latest census; population figures of 1980 census and not those of 1988 estimate constitute

“latest federal census” as contemplated by statute. Shepard, March 15, 1990, A.G. Op. #90-0161.

Every person shall have the right to make homemade wine for domestic or household uses only, free of all restraint by this chapter or otherwise, and no such election as provided for in Sections 67-3-7, 67-3-9 and 67-3-13, shall deprive any person of the right to make homemade wine for domestic or household uses only.

JUDICIAL DECISIONS

1. In general.

In charging offense of unlawful possession of wine, it is not necessary to negative

exception of homemade wine. Forbert v. State, 179 Miss. 66, 174 So. 248 (1937).

§ 67-3-13. Prohibition against possession of light wine and beer in dry counties; penalty; exceptions.

(1) Except as otherwise provided herein and as authorized under this section and Section 67-9-1, in any county which has at any time since February 26, 1934, elected, or which may hereafter elect, to prohibit the transportation, storage, sale, distribution, receipt and/or manufacture of wine and beer of an alcoholic content of not more than four percent (4%) by weight in such county, it is hereby declared to be unlawful to possess such beverages therein. In any county which, after July 1, 1998, elects to prohibit the transportation, storage, sale, distribution, receipt and/or manufacture of wine and beer of an alcoholic content of not more than five percent (5%) by weight in such county, it is hereby declared to be unlawful to possess such wine or beer therein. In any county which, after July 1, 2012, elects to prohibit the transportation, storage, sale, distribution, receipt and/or manufacture of wine of an alcoholic content of not more than five percent (5%) by weight in such county and beer of an alcoholic

content of not more than eight percent (8%) by weight, it is hereby declared to be unlawful to possess such wine or beer therein. Any person found possessing any beer or wine of any quantity whatsoever in such county shall, on conviction, be imprisoned not more than ninety (90) days or fined not more than Five Hundred Dollars (\$500.00), or be both so fined and imprisoned.

(2) Notwithstanding the provisions of subsection (1) of this section, in any county or municipality in which the transportation, storage, sale, distribution, receipt and/or manufacture of light wine and beer is prohibited, it shall not be unlawful for a permitted wholesaler or distributor to possess light wine and beer when such light wine and beer is held therein solely for the purpose of storage and for distribution to other counties and municipalities in which possession of such beverages is lawful.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section, in any county in which transportation, storage, sale, distribution, receipt and/or manufacture of light wine and beer is prohibited, it shall not be unlawful:

(a) To receive, store, possess or consume light wine or beer at a resort area as defined in Section 67-1-5;

(b) To distribute and transport light wine or beer to a resort area as defined in Section 67-1-5;

(c) To transport beer of an alcoholic content of more than eight percent (8%) by weight if it is being transported to another state for legal sale in that state.

Section 7 of Chapter 323, Laws of 2012, effective July 1, 2012 (approved April 5, 2012), also amended this section. As set out above, this section reflects the language of Section 4 of Chapter 501, Laws of 2012, which contains language that specifically provides that it supersedes § 67-3-13 as amended by Laws of 2012, ch. 323.

Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a typographical error near the end of the second and third sentences of (1) by inserting the words “wine or” preceding “beer therein.” The Joint Committee ratified the correction at its August 16, 2012, meeting.

Amendment Notes — The first 2012 amendment (ch. 323), added the next-to-last sentence in (1).

The second 2012 amendment (ch. 501), added the next-to-last sentence in (1); and added (3)(c).

JUDICIAL DECISIONS

1. Validity.
2. Construction.
3. Effect.

1. Validity.

Section 67-3-13 did not deny a defendant, who was convicted of possession of beer in a "dry" part of the county while traveling home after having legally purchased the beer in a "wet" city, equal protection under the laws and constitution of the State of Mississippi and the Constitution of the United States, nor was there any invasion of the defendant's constitutional right of privacy. *Dantzler v. State*, 542 So. 2d 906 (Miss. 1989).

Chapter 279, Laws of 1958, is constitutional and valid, and states an enforceable and definite offense. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540 (1959).

2. Construction.

Chapter 252, Laws of 1956, neither expressly nor by implication repealed Code 1942, § 10208.5. *Lee County Drys v. Anderson*, 231 Miss. 222, 95 So. 2d 224 (1957).

It is not unlawful to possess beer having an alcoholic content of not more than 4 per cent by weight in a county where beer has been excluded by an election and neither is it unlawful to transport beer into such county for purposes of personal use or consumption. *King v. Monaghan*, 227 Miss. 251, 85 So. 2d 911 (1956).

3. Effect.

Where police found a bottle of vodka and four cans of beer in defendant's vehicle, he was arrested and charged with the offenses of possession of whiskey and possession of beer in a dry county; the failure of the police justice affidavit to cite to the Mississippi statute did not render the affidavit invalid, and the defendant was adequately notified of the nature and cause of the accusations against him. *Loveless v. City of Booneville*, 972 So. 2d 723 (Miss. Ct. App. 2007), writ of certiorari dismissed by 973 So. 2d 244, 2008 Miss. LEXIS 2 (Miss. 2008).

Where enforcement agents of the Alcoholic Beverage Control Division, in the course of a lawful search for intoxicating

liquor, discovered beer which was contraband in that county, it was lawful under the circumstances for the officers to seize the beer, and their testimony with respect to it was properly admitted in a prosecution for the illegal possession of beer. *Gann v. State*, 234 So. 2d 627 (Miss. 1970).

Where the qualified electors of a county had rejected the proposition that beer had not more than four percent alcohol by weight be legalized, possession of beer in the county was illegal and continued to be so after the election whether its alcoholic content was more or less than four percent, and proof that an accused's beer contained more than four percent of alcohol by weight was not necessary in order to convict the accused of the illegal possession of the beer. *Gann v. State*, 234 So. 2d 627 (Miss. 1970).

A charge of unlawfully possessing beer must allege that it was in violation of this statute. *Brown v. State*, 241 Miss. 838, 133 So. 2d 529 (1961).

The local option statutes, Chapter 171, Laws of 1934, and chapter 279, Laws of 1958, are so closely related that a valid affidavit charging an offense under subsection (b) of the 1958 Act must charge, among other averments, that the defendant had possession of alcoholic beverages in violation of the provisions of Chapter 279, Laws of 1958. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540 (1959).

A charge that one had in his possession beer when the same was prohibited in the county as the result of an election to prohibit its transportation, storage, sale, distribution or manufacture, contrary to that form of the statute in such case made and provided, fails to state an offense. *Kelly v. State*, 237 Miss. 112, 113 So. 2d 540 (1959).

In prosecution for unlawful distribution of beer in a county where such distribution has been outlawed by the vote of the people, this distribution is violation of this section regardless of the fact that the alcoholic content may be 4 per cent or less and it is unnecessary for the charge or the proof to show whether the alcoholic content was 4 per cent or more or less than that amount. *Walton v. State*, 219 Miss. 72, 68 So. 2d 87 (1953).

Under a statute allowing the county to determine that it shall be unlawful to transport beer of alcoholic content of not more than 4 per cent, an indictment which charged violation of the statute but did

not set out each step by which county effected its "determination" but stated what the county determined was sufficient. *Hoyle v. State*, 216 Miss. 330, 62 So. 2d 380 (1953).

ATTORNEY GENERAL OPINIONS

A beer distributorship may be located in a dry jurisdiction, provided that the beer or light wine is held solely for the purpose

of storage and distribution to wet counties and municipalities. *Johnson, III*, Nov. 30, 2001, A.G. Op. #01-0709.

As set out above, this section reflects the language of all three amendments pursuant to Section 1-1-109, which gives the Joint Legislative Committee on Compilation, Revision and Publication of Legislation authority to integrate amendments so that all versions of the same code section enacted within the same legislative session may become effective. The Joint Committee on Compilation, Revision and Publication of Legislation ratified

the integration of these amendments as consistent with the legislative intent at the August 16, 2012, meeting of the Committee.

Editor's Note — Laws, 1997, ch. 588, § 150, provides as follows:

“SECTION 150. Any person or entity shall be absolutely immune from any liability arising from compliance with the dictates of this act unless such conduct by the person or entity is willful and intentional”.

Laws of 2012, ch. 566, § 10 provide:

“SECTION 10. Sections 8 and 9 of this act shall take effect and be in force from and after its passage, and the remaining sections of this act shall take effect and be in force from and after July 1, 2012.”

Amendment Notes — The first 2012 amendment (ch. 323), substituted “alcoholic beverages as defined in Section 67-1-5, any beer having an alcoholic content of more than eight percent (8%) by weight or any” for “intoxicating liquor as defined by this chapter, including beer, wine and distilled spirits, or alcoholic, malt, or vinous liquors including beer and” in the second paragraph.

The second 2012 amendment (ch. 501), in the second paragraph, inserted “except as otherwise authorized in this chapter” and substituted “alcoholic beverages as defined in Section 67-1-5, any beer having an alcoholic content of more than eight percent (8%) by weight or any” for “intoxicating liquor as defined by this chapter, including beer, wine and distilled spirits, or alcoholic, malt, or vinous liquors including beer and.”

The third 2012 amendment (ch. 566), in (1), in the second paragraph, inserted “except as otherwise authorized in this chapter” and substituted “alcoholic beverages as defined in Section 67-1-5, any beer having an alcoholic content of more than eight percent (8%) by weight or any” for “intoxicating liquor as defined by this chapter, including beer, wine and distilled spirits, or alcoholic, malt, or vinous liquors including beer and” and made minor stylistic changes.

In a suit for the breach of a commercial lease, the tenant was not prohibited from claiming lost profits resulting from the club's sale of beer where he did not have a license to sell beer and any failure in obtaining a liquor license was not a contributing cause of the damages that he tenant sought. *Evans v. Clemons*, 872 So. 2d 23 (Miss. Ct. App. 2003), cert. denied, 873 So. 2d 1032 (Miss. 2004).

Where local option applies, the state proposes to maintain control as to who may sell beer, as well as when and where. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

The rejection of an application for a license to sell beer at retail may not be arbitrary or capricious. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

By the terms of this section it is meant that the applicant for a license to sell beer at retail should make apparent or clear by evidence, testimony or reasoning, or prove or demonstrate that he possesses the requisite qualifications. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

The burden of showing the necessary moral character ordinarily rests upon the

applicant for a license to sell beer. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

The granting of a permit to sell beer at retail ordinarily rests in the sound discretion of the official to whom the duty is committed, and the refusal to grant such permit deprives no one of any personal property right, but merely deprives him of the privilege which it is in the discretion of the proper authorities to grant or withhold. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

While if the law specially enjoined upon the state tax commissioner the duty to issue a permit to sell beer at retail, mandamus would be a proper remedy, but since the question whether the applicant possessed the requisite qualifications had to be determined by the commissioner, when he acted, he did so in the exercise of discretion and not ministerially. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

Since the commissioner, in denying the applicant a permit to sell beer at retail, was not acting ministerially but in the exercise of discretion, the action of the trial judge in refusing to grant the writ of mandamus was affirmed. *Powell v. State Tax Comm'n*, 233 Miss. 185, 101 So. 2d 350 (1958).

(1) The production limits for a brewpub shall be based upon production as determined by the State Tax Commission pursuant to Section 27-71-307, Mississippi Code of 1972, and shall be limited as follows:

(a) A stand-alone restaurant or restaurant operated by a hospitality operator with less than fifty (50) guest rooms in the aggregate shall not manufacture more than forty thousand three hundred (40,300) gallons of light wine or beer per calendar year.

(b) A restaurant operated by a hospitality operator with fifty (50) or more guest rooms in the aggregate but less than five hundred (500) guest rooms in the aggregate shall not manufacture more than sixty thousand (60,000) gallons of light wine or beer per calendar year.

(c) A restaurant operated by a hospitality operator with five hundred (500) or more guest rooms in the aggregate but less than one thousand (1,000) guest rooms in the aggregate shall not manufacture more than seventy-five thousand (75,000) gallons of light wine or beer per calendar year.

(d) A restaurant operated by a hospitality operator with one thousand (1,000) or more guest rooms in the aggregate shall not manufacture more than ninety-nine thousand (99,000) gallons of light wine or beer per calendar year.

(2) Light wine or beer produced at a brewpub shall not be sold at a price less than it cost to manufacture such light wine or beer.

(3) Light wine or beer manufactured by a brewpub shall not be sold away from the premises of such brewpub (as defined in Section 27-71-301, Mississippi Code of 1972) and shall not be packaged in any form that it may be carried away from the premises; provided, however, that the final one hundred (100) gallons of beer within a fermenting tank may be placed in kegs for sale on the premises to facilitate transition from one fermenting tank to another.

(4) A brewpub shall be required to offer for sale light wine or beer that is normally carried on the inventory of wholesalers or distributors of light wine or beer.

(5) As used in this section, the term "hospitality operator" means a business that operates guest rooms that at any one (1) time will accommodate transient guests on a daily or weekly basis in conjunction with a brewpub at one (1) location or facility.

Upon receipt of an application for a permit to engage in any business taxable under the provisions of Sections 27-71-303 through 27-71-317, Mississippi Code of 1972, and the oath required by Section 67-3-17, the commissioner shall issue to such applicant, without cost, a permit to engage in such business upon condition that the applicant shall obtain a license and pay the tax imposed under the provisions of law for the privilege of engaging, or continuing, in such business. Such permit shall be displayed at all times in some conspicuous place at the applicant's place of business. No permit shall be transferable.

1. In general.

Municipality may enforce municipal ordinance regarding sale of beer within 1500 feet of church against convenience stores notwithstanding fact that owner of one store has located store on basis of mayor's assurance that location complied with ordinance and that municipality has allowed sale of beer at another convenience store for some 12 years; furthermore renewal of permits for stores to sell beer may be denied on basis of noncompli-

ance with ordinance. *Suggs v. Town of Caledonia*, 470 So. 2d 1055 (Miss. 1985).

A licensee has no vested property right in a license to sell beer and light wines, which is simply a revocable permit or alienable privilege, with reference to a business which has long been recognized as peculiarly affecting the public interest and subject to governmental regulations. *Miller v. § 67-3-28. Brewpub alcoholic content testing requirements.

(1) Any person desiring to engage in business as a brewpub shall file with the commissioner, along with the application required by Section 67-3-17, Mississippi Code of 1972, a certificate issued by a licensed testing laboratory indicating that such laboratory has tested a sample of the applicant's beer or light wine, or both, and that the alcohol content of such sample of beer does not exceed eight percent (8%) by weight and the alcoholic content of such light wine does not exceed five percent (5%) by weight.

(2) Every brewpub shall be required to submit to random testing by the commissioner to determine whether any beer being manufactured, sold, kept, stored or secreted by the license holder contains an alcohol content greater

than eight percent (8%) by weight and any light wine being manufactured, sold, kept, stored or secreted by the license holder contains an alcoholic content greater than five percent (5%) by weight. The commissioner shall establish and administer testing standards and procedures to be used in such random testing. The brewpub licensee shall be responsible for all costs incurred by the commissioner in conducting random testing under this section.

Amendment Notes — The 2012 amendment substituted “sample of beer does not exceed eight percent (8%) by weight and the alcoholic content of such light wine does not exceed five percent (5%) by weight” for “sample does not exceed four percent (4%) by weight.” at the end of (1); and rewrote the first sentence in (2).

§ 67-3-29. Revocation or suspension of permit by commissioner.

(1) The commissioner, or a hearing officer or the board of review, as designated by the commissioner, after a show cause hearing, shall revoke or suspend any permit granted by authority of this chapter to any person who shall violate any of the provisions of this chapter or the revenue laws of this state relating to engaging in transporting, storing, selling, distributing, possessing, receiving or manufacturing of wines or beers, or any person who shall hereafter be convicted of the unlawful sale of intoxicating liquor, or any person who shall allow or permit any form of illegal gambling or immorality on the premises described in such permit. The commissioner shall not revoke or suspend a permit of a retailer for the sale of light wine or beer to a person under the age of twenty-one (21) years until there has been a conviction of the permit holder or an employee of the permit holder for such violation.

(2) If any person exercising any privilege taxable under the provisions of Chapter 71 of Title 27, Mississippi Code of 1972, shall willfully neglect or refuse to comply with the provisions of such chapter, or any rules or regulations promulgated by the commissioner under authority of such chapter, or the provisions of this chapter, including maintaining the qualifications of an applicant under Section 67-3-19, during the permit period, the commissioner shall be authorized to revoke or suspend the permit theretofore issued to the person. Any person whose permit shall have been revoked by the commissioner shall be thereafter prohibited from exercising any privilege under the provisions of Chapter 71 of Title 27, Mississippi Code of 1972, for a period of two (2) years from the date of the revocation. The commissioner may, however, for good cause shown, grant a new permit upon such conditions as the commissioner may prescribe. Any person whose permit shall have been suspended by the commissioner shall be prohibited from exercising any privilege under the provisions of Chapter 71 of Title 27, Mississippi Code of 1972, during the period of the suspension. Failure of the person to comply with the terms of the suspension shall be cause for revocation of his permit, in addition to the other penalties provided by law.

(3) In addition to the reasons specified in this section and other provisions of this chapter, the commissioner shall be authorized to suspend the permit of any permit holder for being out of compliance with an order for support, as defined in Section 93-11-153. The procedure for suspension of a permit for being out of compliance with an order for support, and the procedure for the reissuance or reinstatement of a permit suspended for that purpose, and the payment of any fees for the reissuance or reinstatement of a permit suspended for that purpose, shall be governed by Section 93-11-157 or Section 93-11-163, as the case may be. If there is any conflict between any provision of Section 93-11-157 or Section 93-11-163 and any provision of this chapter, the provisions of Section 93-11-157 or 93-11-163, as the case may be, shall control.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected a publishing error in subsection (1) of this section. The sentence “The commissioner shall not revoke or suspend a permit of a retailer for the sale of light wine or beer to a person under the age of twenty-one (21) years until there has been a conviction of the permit holder or an employee of the permit holder for such violation” was added at the end. The Joint Committee ratified the correction at its June 3, 2003 meeting.

JUDICIAL DECISIONS

1. In general.

Sections authorizing revocation of permit for wholesale distribution of beer under certain prescribed circumstances upon giving notice as required by Code 1942, § 10257, are constitutional. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

A permit or license for the wholesale distribution of beer is not a property or contract right, and its revocation need seek no judicial sanction, nor is a judicial proceeding available to forbid the proper exercise of such revocation. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

Although ordinarily a license may have aspects of property, the control retained in respect to the granting of a permit for wholesale distribution of beer strips the permit of that quality which requires divestiture only by judicial process. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

Those who avail themselves of legislative privilege of engaging in sale of beer accept the privilege under the conditions attached to its exercise. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

While absolute administrative power to revoke permit for wholesale distribution of beer excludes judicial review where exercised under condition of its bestowal, it does not imply arbitrary or capricious exercise. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

Administrative questions regarding revocation of permit for wholesale distribution of beer belong within the legislative orbit, and, although judicial oversight can never be absolutely forbidden, it is measured by the same considerations which apply to direct legislative acts. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

Order of commissioner revoking permit for wholesale distribution of beer upon sufficient grounds prescribed in the sec-

tions authorizing such revocation, after notice as required by Code 1942, § 10257 and a hearing, was final, where the notice to the permit holder set out the grounds

for such revocation which were confirmed by the commissioner's order. *Stone v. Farish*, 199 Miss. 186, 23 So. 2d 911 (1945).

§ 67-3-31. Judicial revocation or suspension of permit; affidavit and complaint.

Proceedings for the revocation or suspension of any permit authorizing the sale of beer or wine at retail for a violation of any of the provisions of Section 67-3-53 may be brought in the circuit or county court of the county in which the licensed premises are located. Such proceedings shall be entitled in the name of the state and against the permittee and shall be instituted by filing a complaint with the clerk of the court. The complaint may be filed by the county prosecuting attorney of the county upon his own initiative or, then by the district attorney of the district in which the county is located, and it shall be mandatory upon the county prosecuting attorney, or district attorney, as the case may be, to file a complaint when requested to do so by a peace officer or any person as provided in this section. Any peace officer within his jurisdiction or any enforcement officer of the Alcoholic Beverage Control Division within the Department of Revenue who learns that a retail permittee within his jurisdiction has violated any of the provisions of such section shall file with the county prosecuting attorney of the county in which the licensed premises are located, or, then with the district attorney of the district in which such county is located, an affidavit specifying in detail the facts alleged to constitute such violation, and requesting that a complaint be filed against the permittee for the revocation or suspension of his permit. A like affidavit may be filed with the county prosecuting attorney, or district attorney, as the case may be, by any person who resides, and has for at least one (1) year prior thereto resided within the county in which the licensed premises are located requesting that a complaint be filed for the revocation or suspension of the permittee's permit. Promptly upon receiving any such affidavit the county prosecuting attorney, or district attorney, shall prepare a proper complaint, which shall be signed and sworn to by the person or persons filing the affidavit with him, and the county prosecuting attorney or district attorney shall file the complaint with the clerk of the circuit or county court.

§ 67-3-33. Judicial revocation or suspension of permit; service of notice.

Upon filing a complaint with the clerk of the court, the county prosecuting attorney or district attorney filing the same shall promptly move the court to set the complaint for hearing. The court shall set the complaint for hearing at an early date in term time or in vacation and such proceedings shall have precedence for trial over all civil actions. Upon a date for trial being set by the court, the county prosecuting attorney or district attorney shall serve or cause to be served upon the permittee in accordance with the Mississippi Rules of Civil Procedure a notice of the filing of said complaint, together with a copy of said complaint, and shall set forth in said notice the time and place of the hearing thereon. Said notice shall be served upon the permittee at least ten (10) days prior to the date set for hearing if personal service be made. If service be made by mail, such notice shall be deposited in the United States mail not less than twelve (12) days prior to the date set for hearing. A copy of said complaint and notice of hearing thereon shall also be mailed to the commissioner by the county prosecuting attorney or district attorney.

§ 67-3-35. Judicial revocation or suspension of permit; hearing and judgment.

The complaint shall be heard by the court without a jury. If the court shall find upon the hearing that the offense or offenses charged in the complaint have been established by the evidence, the court shall order the revocation or suspension of the permit. If the court finds that the permittee has not previously violated the law in the operation of his licensed business, and that no permit or license held by him has previously been suspended or revoked, and if it appears to the satisfaction of the court that there is reasonable ground to expect that the permittee will not again commit the offense or offenses charged in the complaint and that to revoke the permit would be unduly severe, then the court may suspend the permit for such period of time as the court deems proper. However, if the permittee has previously had his permit suspended or revoked, it shall be mandatory upon the court upon a finding of guilty to revoke the said permit. The judgment of the court revoking or suspending such permit shall not be superseded or stayed during the pendency of an appeal therefrom. A certified copy of the final order or decree of the court shall be forwarded by the clerk of the court to the commissioner.

After the filing of a complaint with the clerk of the court for the revocation or suspension of a permit, the court in which the complaint is filed shall retain jurisdiction to hear and determine such complaint and to enter judgment revoking or suspending such permit. For the purpose of such hearing and as to the effect of the judgment of the court entered pursuant thereto, the permit shall be in full force and effect even though the permittee, after filing of such complaint, may have surrendered his permit, or such permit may have expired, or the rights of the permittee thereunder may have otherwise terminated. It is the purpose of this section to preclude the permittee from avoiding the effect of a judgment of revocation by a court by reason of conditions arising subsequent to the filing of a complaint.

It shall be the duty of the county prosecuting attorney or the district attorney, as the case may be, to file complaints as provided in Section 67-3-31 and to prosecute diligently and without delay all complaints filed by him.

It shall be the duty of all peace officers, within their jurisdiction, and all enforcement officers of the Alcoholic Beverage Control Division of the Department of Revenue to enforce the provisions of Section 67-3-53 and they shall frequently visit all licensed premises within their jurisdiction to determine whether such permittees are complying with the laws. They shall promptly investigate all complaints made to them by any citizen relative to any alleged violations of such section within their jurisdiction. When any peace officer or enforcement officer of the Alcoholic Beverage Control Division has knowledge of a violation of such section committed by a permittee within his jurisdiction, it shall be his duty forthwith to file an affidavit with the county prosecuting attorney or district attorney requesting that a complaint be filed for the revocation or suspension of the permit of the permittee.

§ 67-3-39. Judicial revocation or suspension of permit; jurisdiction of courts is not exclusive.

The jurisdiction conferred upon the circuit and county courts to hear and determine complaints for the revocation or suspension of permits shall not be exclusive and any authority conferred on the commissioner to revoke or suspend licenses shall remain in full force and effect, and the commissioner shall have authority to revoke or suspend permits for a violation of Section 67-3-53 in the manner provided in subsection (2) of Section 67-3-29 for the revocation of permits. However, when a complaint is filed with the court any

proceedings which may then be pending before the commissioner against the same permittee on the same charges shall abate and no proceedings for the revocation or suspension of a permit for a violation of the provisions of Section 67-3-53 shall be filed with the commissioner when proceedings are pending before the court against the permittee on the same charges. The revocation or suspension of a permittee's state permit by the court or by the commissioner shall automatically revoke or suspend any municipal license or permit held by such person. The revocation or suspension of a permittee's permit shall be in addition to and not in lieu of or limitation of any other penalty imposed by law.

(1) It shall be unlawful for any person to sell, or offer to sell, or keep for sale any bottled beer or bottled light wine except the same be in the original bottle or in the original package containing bottles, each of which bottles shall bear the original label and the full name of the brewer or manufacturer of the contents of such bottle, both on the label and on the cap or cork of such bottle in the case of beer, and on the label only in the case of light wine.

(2) It shall be unlawful for any person to sell, or offer for sale, or keep for sale any beer or light wine in the original package or packages unless each such original package (whether barrel or other container, and whether containing liquor in bottles or otherwise) shall have plainly stamped on the container or label for each such container the full name of the manufacturer of the liquor therein contained.

(3) It shall be unlawful for any person to sell on draught any beer or light wine except the same be drawn from the original barrel or other container, which such container shall have plainly stamped on each end thereof the full name of the manufacturer of such liquor.

(4) This section shall not apply to beer offered and provided on the premises of a brewery for the purpose of tasting or sampling as authorized in Section 67-3-47.

§ 67-3-52. Sale of beer or light wine obtained outside state.

It shall be unlawful for any person holding a permit authorizing the sale of beer or light wine at retail to obtain such beer or light wine from any source outside of the State of Mississippi. Any person who violates the provisions of this section, upon conviction thereof, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment in the county jail for not more than six (6) months, or by both such fine and imprisonment, in the discretion of the court. Any person convicted of violating this section, or any

rules or regulations promulgated by the commissioner with regard to the unlawful acts described in this section, shall forfeit his permit. Any person whose permit has been forfeited pursuant to this section shall not be eligible for a permit issued by the commissioner for a period of five (5) years after the date of such forfeiture. In addition, no permit shall be issued for the same location, for which an offender has forfeited a permit pursuant to this section, to a spouse, offspring or sibling of the offender when to do so would circumvent the purposes of this section. The commissioner may assess a retailer who violates this section the amount of excise taxes due on the unlawfully imported beer or light wine, together with a penalty in the amount of four (4) times the state excise taxes due or One Hundred Dollars (\$100.00) per case, whichever is greater.

§ 67-3-53. Unlawful acts.

In addition to any act declared to be unlawful by this chapter, or by Sections 27-71-301 through 27-71-347, and Sections 67-3-17, 67-3-27, 67-3-29 and 67-3-57, it shall be unlawful for the holder of a permit authorizing the sale of beer or light wine at retail or for the employee of the holder of such a permit:

(a) To sell or give to be consumed in or upon any licensed premises any beer or light wine between the hours of midnight and seven o'clock the following morning or during any time the licensed premises may be required to be closed by municipal ordinance or order of the board of supervisors; however, in areas where the sale of alcoholic beverages is legal under the provisions of the Local Option Alcoholic Beverage Control Law and the hours for selling those alcoholic beverages have been extended beyond midnight for on-premises permittees under Section 67-1-37, the hours for selling beer or light wines are likewise extended in areas where the sale of beer and light wines is legal in accordance with the provisions of this chapter.

(b) To sell, give or furnish any beer or light wine to any person visibly or noticeably intoxicated, or to any habitual drunkard, or to any person under the age of twenty-one (21) years.

(c) To permit in the premises any lewd, immoral or improper entertainment, conduct or practices.

(d) To permit loud, boisterous or disorderly conduct of any kind upon the premises or to permit the use of loud musical instruments if either or any of the same may disturb the peace and quietude of the community in which the business is located.

(e) To permit persons of ill repute, known criminals, prostitutes or minors to frequent the licensed premises, except minors accompanied by parents or guardians, or under proper supervision.

(f) To permit or suffer illegal gambling or the operation of illegal games of chance upon the licensed premises.

(g) To receive, possess or sell on the licensed premises any beverage of any kind or character containing more than five percent (5%) of alcohol by

weight except any beer containing not more than eight percent (8%) of alcohol by weight, unless the licensee also possesses an on-premises permit under the Local Option Alcoholic Beverage Control Law.

(h) To accept as full or partial payment for any product any coupons that are redeemed directly or indirectly from a manufacturer, wholesaler or distributor of light wine or beer.

JUDICIAL DECISIONS

1. In general.
2. Minors.

1. In general.

In an action arising from a motor vehicle accident caused by an intoxicated minor who allegedly smoked marijuana and drank beer purchased other than at the defendant restaurant, the defendant could be found liable if its negligence in selling beer consumed by the minor was a contributing case to the accident; it was not necessary that the defendant’s negligence be the sole proximate cause of the accident. *Delahoussaye v. Mary Mahoney’s, Inc.*, 783 So. 2d 666 (Miss. 2001).

In an action arising from a motor vehicle accident caused by a minor who alleged that he did not purchase beer from

the defendant restaurant, judgment for the defendant restaurant was reversed based on inadequate jury instruction; the jury should have been instructed that it could find negligence per se if it found that the restaurant sold alcohol to another minor and that it could then hold the restaurant liable if it concluded that it was foreseeable that the minor to whom the alcohol was sold would share that alcohol with other minors. *Delahoussaye v. Mary Mahoney’s, Inc.*, 783 So. 2d 666 (Miss. 2001).

Genuine issue of material fact existed as to whether restaurant had illegally sold beer to minor who subsequently struck two other vehicles with truck, injuring motorist; thus, summary judgment for restaurant owner in motorist’s negligence

action was precluded. *Delahoussaye v. Mary Mahoney's, Inc.*, 696 So. 2d 689 (Miss. 1997).

Ordinance prohibiting commercial establishments from allowing consumption of alcoholic beverages between midnight and 7:00 a.m., which defined "consumption" to include possession in open containers as well as ingestion, was not preempted by statute expressly permitting possession of alcoholic beverages in "wet" municipalities absent clear expression of legislative intent to permit consumption, as opposed to mere possession, without limitation in wet areas, given broad grant of authority to municipalities to regulate impact of alcoholic beverages upon public health, morals, and safety and public policy favoring prevention of alcohol-related altercations and motor vehicle accidents, as limiting possession of opened containers was reasonable and necessary to enforce limitations on consumption. *Maynard v. City of Tupelo*, 691 So. 2d 385 (Miss. 1997).

Plaintiff, who had been injured in accident caused by drunk driver, and who had obtained default judgment against tavern that had allegedly violated § 67-3-53 by providing beer to driver, could not collect judgment from tavern's insurance company where insurance policy specifically excluded coverage for bodily injury resulting from violation of any statute or by reason of selling, serving, or giving any alcoholic beverage to person under influence of alcohol or that contributes to person becoming intoxicated. *Williams v. United States Fid. & Guar. Co.*, 854 F.2d 106 (5th Cir. 1988).

Policy of liability insurance covering convenience store, which policy excluded coverage for bodily injury for which insured may be held liable by reason of selling, serving or giving of any alcoholic beverage to minor, excludes coverage for bodily injury by reason of selling, serving or giving of "beer", even though definition of alcoholic beverage under state law excludes beer, as common and ordinary meaning of beer is beverage containing alcohol; liability policy which excluded coverage for bodily injury for which store was liable by reason of selling of alcoholic beverage to minor did not cover bodily

injuries sustained in accident caused by underaged motorist's intoxication from drinking beer which he bought at store, despite statute which excluded beer from definition of alcoholic beverages. *Wilson ex rel. Wilson v. United States Fid. & Guar. Ins. Co.*, 659 F. Supp. 553 (S.D. Miss. 1987), *aff'd*, 830 F.2d 588 (5th Cir. 1987).

Sale of beer to minor in violation of statute constitutes negligence per se and trial court errs in refusing to grant such jury instruction. *Bryant v. Alpha Entertainment Corp.*, 508 So. 2d 1094 (Miss. 1987).

Although Mississippi statutes relating to the sale of alcoholic beverages have sometimes been referred to as the Mississippi Dram Shop Law, such references are misleading because true dram shop acts are civil liability acts wherein the legislature specifically imposes liability on the seller of intoxicating liquors when a third party is injured as a result of the intoxication of the buyer where the sale caused or contributed to such intoxication. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986).

The statute which prohibits the sale of beer or wine to a minor was adopted for the protection of the general public and a minor is a member of the protected class. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986).

Society has a greater interest in protecting the welfare of minors than other groups listed in §§ 67-3-53(b), 67-1-81 and 67-1-83, because minors comprise a larger segment of society than do the others listed, and the future of society is dependent upon the welfare and protection of its youth. *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986).

In a wrongful death action alleging that defendant market was negligent in selling beer to a minor who was subsequently killed in an automobile accident, the trial court did not err in overruling defendant's demurrer where the complaint alleged a violation of the statute prohibiting the sale of beer to minors and that such negligence had contributed to the car wreck and decedent's death; although such statute was enacted for the legalization and regulation of the manufacture and sale of

beer and wine, it was also adopted for the protection of the general public. *Munford, Inc. v. Peterson*, 368 So. 2d 213 (Miss. 1979).

An indictment charging the holder of a permit for the sale of beer and wine at retail with selling, giving or furnishing beer to a person under 18 years of age, was not defective in failing to charge the defendant with knowledge that his employee sold or gave beer to the minor, since the defendant's lack of knowledge of the acts of his employee was a defense and a question of fact for submission to the jury, and neither matters of evidence nor matters of defense need be averred in an indictment or information. *State v. Labella*, 232 So. 2d 354 (Miss. 1970).

An indictment under the wording of the statute making it unlawful for the holder of a permit for the sale of beer or wine at retail to sell, give or furnish any beer or wine to a person under the age of 18 years, was not defective for failing to charge the defendant with knowing that his employee sold or gave beer to a minor, where the statute itself does not use the word "knowing" and where the indictment was based upon an affidavit so worded as to show that the defendant knew of his employee's activities in selling beer to a minor. *State v. Labella*, 232 So. 2d 354 (Miss. 1970).

Subsection (a) of this section, when read in conjunction with Code 1942, § 10224, as a whole, and one section in context with the other, merely makes for the conclusion that though Code 1942, § 10224 refers to the authority of municipalities to prescribe hours opening or closing of businesses selling light wines and beer, those hours prescribed by the municipality must come within the limits of the hours established by state law. *Watkins v. Navarrette*, 227 So. 2d 853 (Miss. 1969).

Subsection (a) of this section means that municipalities have the authority to regulate the hours in which beer can be sold within the hours of 7:00 a.m. to midnight, and a municipal ordinance extending the hours in which beer can be sold beyond midnight and before 7:00 a.m. the following morning would be in conflict with this subparagraph; and it is well established that any conflict between an

ordinance and a statute, the latter must prevail. *Watkins v. Navarrette*, 227 So. 2d 853 (Miss. 1969).

A charge under this section is supported by a finding of guilty of any one of the elements specified. *Ellard v. State*, 248 Miss. 313, 158 So. 2d 690 (1963).

2. Minors.

When a reasonable inference from the evidence is that a person exhibiting identification that he or she was an adult ordered drinks for minors to be consumed on a bar's premises, this inference is sufficient to create a fact question on the issue of the bar's tort liability under Miss. Code Ann. § 67-3-53(b). *Moore v. K&J Enters.*, 856 So. 2d 621 (Miss. Ct. App. 2003), cert. dismissed, 2004 Miss. LEXIS 198 (Miss. 2004).

In a suit against a bar for furnishing alcohol to a minor who later caused an auto accident, the trial court properly excluded evidence of prior sales of alcohol to minors by the bar, as there was no purpose for such evidence other than to show that the bar had a propensity to sell alcohol to minors. *Moore v. K&J Enters.*, 856 So. 2d 621 (Miss. Ct. App. 2003), cert. dismissed, 2004 Miss. LEXIS 198 (Miss. 2004).

In a suit against a bar for furnishing alcohol to a minor who later caused an auto accident, the trial court erred by directing a verdict for the bar, as the evidence created a fact question as to whether the bar knew or should have known that the buyer of drinks (who presented a false Mississippi driver's license showing he was 21) was giving them to minors. *Moore v. K&J Enters.*, 856 So. 2d 621 (Miss. Ct. App. 2003), cert. dismissed, 2004 Miss. LEXIS 198 (Miss. 2004).

A municipal ordinance which made it a misdemeanor for any permit holder to allow persons under 21 years of age to enter on-premises retailers even if such persons were accompanied by parents, guardians, or under proper supervision was properly adopted under § 67-3-65 and was not invalid on the basis of its conflict with § 67-3-53. *Collins v. City of Hazlehurst*, 709 So. 2d 408 (Miss. 1997), cert. denied, 524 U.S. 904, 118 S. Ct. 2061, 141 L. Ed. 2d 138 (1998).

ATTORNEY GENERAL OPINIONS

Section 67-3-53(a) provides that a holder of a permit for the sale of beer and light wine may not sell or give to be consumed in or upon any licensed premises beer or light wine between the hours of midnight and seven o'clock the following morning. The statute applies only to businesses where beer or light wine is sold or given to be consumed in or upon the premises and does not apply to businesses where beer and light wine are sold for off premises consumption, such as grocery stores and convenience stores with permits for the sale of beer and light wine. Baker, November 1, 1996, A.G. Op. #96-0737.

An ordinance regulating the hours of sale of beer and light wines falls within the authority of a municipality to regulate hours of opening and closing pursuant to § 67-3-65; however, any specific hours prescribed by the municipality for the sale of such beverages must come within the

limits of this section. Tyner, March 5, 1999, A.G. Op. #99-0074.

Section 67-3-53(a) allows the on-premises sale of beer and light wine beyond midnight by anyone who has a permit to sell beer or light wine in areas where the Alcoholic Beverage Control Division (ABC) of the State Tax Commission has extended the hours of on-premises sale for alcoholic beverages beyond midnight. Parker, May 12, 2003, A.G. Op. 03-0219.

Because, based on the language of Section 67-3-53, the Legislature has shown a clear intent to allow the on-premises sale of beer and light wine beyond midnight in areas where the on-premises sale of alcoholic beverages have been extended beyond midnight, therefore, the Legislature has preempted this area with a specific statute that would make any local ordinance to the contrary void. Parker, May 12, 2003, A.G. Op. 03-0219.

JUDICIAL DECISIONS

1. In general.

Where evidence showed that defendant had in his possession cases of beer on which the state tax had not been paid or stamps affixed, and that the defendant intended to take the beer to a certain picnic but not for his own consumption, this could not warrant conviction of defendant under Code 1942, § 10233 which forbids wholesaler, distributor or retailer of beverages to have in his possession wine or beer manufactured or sold by manufacturer not complying with statu-

tory requirements pertaining to sale and taxation of wine and beer. *Mills v. State*, 219 Miss. 194, 68 So. 2d 278 (1953).

§ 67-3-59. Penalty for sales to persons not holding permits and sales of untaxed wine or beer; notice; disposition of proceeds.

(1) Except as provided in this subsection, sales by wholesalers, distributors or manufacturers to persons who do not hold valid permits are unlawful; and any wholesaler, distributor or manufacturer making such sales, or who sells any beer or light wine on which the tax provided by law has not been paid, shall, in addition to any other fines, penalties and forfeitures, be subject to a penalty of Twenty-five Dollars (\$25.00) for each sale. If all other applicable taxes are paid, this penalty will not apply to the following: sales to employees of the wholesaler; sales to nonprofit charitable and civic organizations for special fund-raising events provided that the beer or light wine is not resold; sales to affiliated member associations.

He shall also cause a record to be kept of all beer and light wines (and of the amount thereof) brewed or manufactured by each brewery or winery, and of all such liquors (and of the amount thereof) sold by each brewery or winery, with the names and business addresses of the purchasers, and of all such liquors (and of the amount thereof) sold by every dealer other than a brewer or manufacturer, and in the case of sales by dealers other than retail dealers, of the names and business addresses of the purchasers.

The commissioner shall cause a record to be kept of all expenses incurred in the collection of such data.

Municipalities may enforce such proper rules and regulations for fixing zones and territories, prescribing hours of opening and of closing, and for such other measures as will promote public health, morals, and safety, as they may by ordinance provide. The board of supervisors of any county may make such rules and regulations as to territory outside of municipalities as are herein provided for municipalities.

Nothing in this chapter shall prohibit the governing body of any municipality from designating what territory surrounding churches and schools in

said municipalities, and the board of supervisors of any county from designating what territory surrounding churches and schools outside of any municipality, in which light wines and beer shall not be sold or consumed.

1. Construction.

Code 1942, § 10223(a), when read in conjunction with Code 1942, § 10224, as a whole, and one section in context with the other, merely makes for the conclusion that though Code 1942, § 10224 refers to the authority of municipalities to prescribe hours opening or closing of businesses selling light wines and beer, those hours prescribed by the municipality must come within the limits of the hours established by state law. *Watkins v. Navarrette*, 227 So. 2d 853 (Miss. 1969).

A licensee has no vested property right in a license to sell beer and light wines, which is simply a revocable permit or alienable privilege, with reference to a business which has long been recognized as peculiarly affecting the public interest and subject to governmental regulations. *Miller v. Board of Supvrs.*, 230 Miss. 849, 94 So. 2d 604 (1957).

Provision of statute relating to regulation of sale of wine and beer by municipalities and boards of supervisors outside of municipalities that nothing in statute shall prohibit the designation of the territory surrounding churches and schools in which such beverages shall not be sold or consumed, did not limit power to prohibit to territory surrounding churches and schools. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417 (1937).

Statute relating to sale of wine and beer which provided that municipalities and boards of supervisors of territory lying outside of municipalities may enforce

regulations "for fixing zones and territories" and for prescribing hours of opening and closing and such other measures as will promote public health, morals, and safety held to confer upon municipalities and on boards of supervisors in such territory the power to fix zones in which sale might be conducted and other zones in which sale might be prohibited, "zone" connoting within itself a fixed territory. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417 (1937).

Powers conferred on municipalities and boards of supervisors of territory lying outside municipalities with regard to regulating sale of wine and beer must be based on reasonable conditions, that is, some basis of fact ascertained by board of supervisors which would have a material bearing on whether sale should be by a resident of the state for a period of two years. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417 (1937).

2. Powers of local governments.

A municipal ordinance which made it a misdemeanor for any permit holder to allow persons under 21 years of age to enter on-premises retailers even if such persons were accompanied by parents, guardians, or under proper supervision was properly adopted under § 67-3-65 and was not invalid on the basis of its conflict with § 67-3-53. *Collins v. City of Hazlehurst*, 709 So. 2d 408 (Miss. 1997), cert. denied, 524 U.S. 904, 118 S. Ct. 2061, 141 L. Ed. 2d 138 (1998).

Pursuant to § 67-3-65, a city was authorized to enact ordinances regulating light wine and beer on adult entertainment premises without showing any secondary effects or showing that such establishments were conducive to criminal

behavior; accordingly, any artistic or communicative value that might attach to topless dancing was overridden by the city's exercise of its broad powers arising under the Twenty-First Amendment, and the city's prohibition of light wine and beer in a lounge featuring topless dancing was constitutionally permissible. *Steverson v. City of Vicksburg*, 900 F. Supp. 1 (S.D. Miss. 1994).

Conditions arising largely from the coming into the county to purchase wine and beer, of persons from other counties in which such sale was not permitted, warrant the zoning against such sale of a half mile strip bordering such other counties. *Herbert v. Board of Supvrs.*, 241 Miss. 223, 130 So. 2d 250 (1961).

Notice and hearing are not required before the making of a zoning order. *Herbert v. Board of Supvrs.*, 241 Miss. 223, 130 So. 2d 250 (1961).

It was not necessary for the board of supervisors to give notice and have a hearing prior to the making of an order prohibiting the sale of beer and light wines in a described area of two heavily populated unincorporated communities, which were without adequate police protection. *Miller v. Board of Supvrs.*, 230 Miss. 849, 94 So. 2d 604 (1957).

This section and Code 1942, § 10228, vest in board of supervisors a wide discretion in determining the reasonableness of an order prohibiting or restricting the sale of beer within a named territory. *Miller v. Board of Supvrs.*, 230 Miss. 849, 94 So. 2d 604 (1957).

Order of board of supervisors prohibiting sale of beer or wine between 9 p.m. and 7 a.m. and all day on Sunday, outside of the municipalities of county, passed without petition therefor and without hearing or notice to interested parties, is within the power of the board and does not violate any constitutional right of any of the complaining parties, since order does not prohibit places from being open for any other lawful purpose. *Board of Supvrs. v. McCormick*, 207 Miss. 216, 42 So. 2d 177 (1949).

3. Actions of local governments.

Zoning ordinance prohibiting sale of beer within 500 feet of public school constitutes valid and reasonable exercise of

police power of city because only minimal showing of rationality is necessary to enable liquor zoning ordinance to withstand constitutional attack. *Davidson v. City of Clinton*, 826 F.2d 1430 (5th Cir. 1987).

Defendant was properly enjoined from engaging in the sale of beer in violation of an order of the board of supervisors zoning a certain area of the county against the sale of beer, notwithstanding his contention that the board's order, having been adopted and entered without notice and without a hearing to the complaining parties, was invalid and beyond the power of the board, and that there was no proof to justify the issuance of the injunction against the defendant. *Pace v. State*, 231 Miss. 144, 94 So. 2d 798 (1957).

An order of the board of supervisors made without any public hearing or notice, prohibiting the sale of beer and light wines within a described area of two heavily populated, unincorporated communities, which were without adequate police protection, and located only a few miles from a city, after being advised by the sheriff that such action was necessary in interest of adequate law enforcement, was not unreasonable, arbitrary or capricious. *Miller v. Board of Supvrs.*, 230 Miss. 849, 94 So. 2d 604 (1957).

An order of a board of supervisors prohibiting the sale of light beer and wine from an entire school district in which there had been no election on the question, where it was shown that the place of business of the only authorized beer dealer in the district was one-half mile from the nearest residence and one and one-half miles from the school and the nearest church, and that school children did not pass the place going to or from schools, was unreasonable, and was beyond the power of the board. *Green v. Alcorn County*, 192 Miss. 468, 6 So. 2d 130 (1942).

Where a board of supervisors adopted an order prohibiting the sale of light beer and wine from an entire school district, rather than an order based upon reasonable grounds prohibiting such sale merely within a limited area adjacent to a church or school, specifying the distance, the order was reversed. *Green v. Alcorn County*, 192 Miss. 468, 6 So. 2d 130 (1942).

An order by the board of county supervisors, issued pursuant to the powers conferred by this section, prohibiting the sale of beer and wine within fifteen hundred feet of any school or church in certain territory in an unincorporated village containing two hundred and four inhabitants, was reasonable. *Ford v. Easterling*, 183 Miss. 575, 184 So. 153, 119 A.L.R. 634 (1938).

Finding of board of supervisors that property within zone in which sale of wine and beer was prohibited was a residential section and that it would promote public health, morals, and safety to have sale prohibited within such territory was binding on reviewing court where petition for prohibition to restrain enforcement of ordinance did not set forth specific facts but merely general conclusions. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417 (1937).

4. Appeals.

Since the passage of an order prohibiting the sale of beer prescribing the areas within which it might be sold is a legislative action of the board of supervisors under powers delegated to it by statute, on appeal therefrom the question is whether the board's decision is supported by substantial evidence, or is arbitrary or capricious, or beyond the power of the board to make, or whether it violates any constitutional right of the complaining party. *Miller v. Board of Supvrs.*, 230 Miss. 849, 94 So. 2d 604 (1957).

Board of supervisors in enforcing rules and regulations for prescribing hours of opening and closing under the provisions of this section exercises a legislative and not a judicial power but appeals from their

decisions are nonetheless within the contemplation of Code 1942, § 1195. *Board of Supvrs. v. McCormick*, 207 Miss. 216, 42 So. 2d 177 (1949).

Writ of prohibition to restrain board of supervisors and sheriff from enforcing against petitioners order of board forbidding sale of beer during certain hours, adopted pursuant to this section, was properly denied, since the writ was not sought to restrain either the board or the sheriff from any judicial action. *Holmes v. Board of Supvrs.*, 199 Miss. 363, 24 So. 2d 867 (1946).

While it is true that the courts will not interfere with boards of supervisors in the lawful exercise of the jurisdiction committed to them by law on the sole grounds that their actions are characterized by lack of wisdom or sound discretion, it is the duty of the court to review an order prohibiting the sale of light beer and wine from an entire school district for the purpose of determining whether it has any substantial support under the facts disclosed as a reasonable exercise of the powers delegated to the boards by the legislature. *Green v. Alcorn County*, 192 Miss. 468, 6 So. 2d 130 (1942).

Walters v. Board of Supvrs., 184 So. 160 (Miss. 1938).

5. Miscellaneous.

Licensed person selling beer held not entitled to restrain enforcement of ordinance adopted by board of supervisors finding the district in which such person sold beer was a residential district and prohibiting sale of beer therein. *Alexander v. Graves*, 178 Miss. 583, 173 So. 417 (1937).

ATTORNEY GENERAL OPINIONS

Determination of boundaries of territories in which the sale of beer will be prohibited in the vicinity of schools and churches lies within the discretion of governing authorities, as long as the ordinances are reasonable under statute. *Younger*, Feb. 5, 1992, A.G. Op. #92-0008.

County Board of Supervisors may by ordinance prohibit consumption of alco-

holic beverages, beer and wine on property owned by United States in county and on which concurrent jurisdiction has been reserved to state or granted by United States. *Gore* Oct. 6, 1993, A.G. Op. #93-0730.

A local "open container" ordinance prohibiting the possession of open containers of beer or light wine while operating a

motor vehicle would be allowed by section 67-3-65. Bradley, September 13, 1995, A.G. Op. #95-0585.

An ordinance prohibiting or regulating the sale of beer and light wines on Sundays falls within the authority of a municipality to regulate hours of opening and closing pursuant to the statute; further, an ordinance which could be reasonably interpreted to provide hours on Sunday within which establishments holding permits for the sale of beer are "closed" for the sale of beer and light wines but open for other lawful purposes would also be allowed. Stark, August 28, 1998, A.G. Op. #98-0484.

An ordinance regulating the hours of sale of beer and light wines falls within the authority of a municipality to regulate hours of opening and closing pursuant to this section; however, any specific hours prescribed by the municipality for the sale of such beverages must come within the limits of § 67-3-53. Tyner, March 5, 1999, A.G. Op. #99-0074.

An ordinance regulating or prohibiting the possession of open containers of beer or light wine by an individual while operating or riding in a motor vehicle, or while on public property, including municipally-owned buildings or property, would be

within the authority of a municipality. Phillips, July 2, 1999, A.G. Op. #99-0264.

A municipal ordinance may regulate or prohibit the possession of unopened containers of beer and wine within city parks, auditoriums or coliseums. Phillips, July 2, 1999, A.G. Op. #99-0264.

A municipal ordinance may not prohibit the possession of lawfully purchased beer or light wine by an individual on private property. Phillips, July 2, 1999, A.G. Op. #99-0264.

Whether adoption of an ordinance limiting sales of beer and light wines for on-premises consumption to establishments that serve a certain ratio of meals is a valid exercise of the municipality's power under Section 67-3-65 is a determination for a court of competent jurisdiction. Kirk, Nov. 8, 2002, A.G. Op. #02-0644.

A county board of supervisors may place the issue of Sunday sales of beer and light wines before the electorate by means of a non-binding referendum. Hemphill, Apr. 4, 2003, A.G. Op. 03-0061.

Even though a business selling alcohol located inside a municipality is within the proscribed distance from a church as set out in a county ordinance, the ordinance is not enforceable against such business. Howard, Feb. 17, 2006, A.G. Op. 06-0039.

JUDICIAL DECISIONS

1. In general.

Although replevin was not the proper action to secure possession from the sheriff of a truckload of beer confiscated while being transported through a "dry" county, where the plaintiff's declaration filed in

the action was in sufficient detail to constitute a claim for the beer, he was entitled to a hearing on the merits. *Mississippi State Hwy. Comm'n v. Ulmer*, 186 So. 2d 460 (Miss. 1966).

§ 67-3-69. Penalty.

(1) Except as to Sections 67-3-17, 67-3-23, 67-3-27, 67-3-55 and 67-3-57, any violation of any provision of this chapter or of any rule or regulation of the commissioner, shall be a misdemeanor and, where the punishment therefor is not elsewhere prescribed in this section, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00) or imprisonment for not more than six (6) months, or both, in the discretion of the court. If any person so convicted shall be the holder of any permit or license issued by the commissioner under authority of this chapter, the permit or license shall from and after the date of such conviction be void and the holder thereof shall not thereafter, for a period of one (1) year from the date of such conviction, be entitled to any permit or license for any purpose authorized by this chapter. Upon conviction of the holder of any permit or license, the appropriate law enforcement officer shall seize the permit or license and transmit it to the commissioner.

Any person convicted of violating any provision of the sections referred to in this subsection shall forfeit his permit, and shall not thereafter be permitted to engage in any business taxable under the provisions of Sections 27-71-301 through 27-71-347.

(3) If the holder of a permit, or the employee of the holder of a permit, shall be convicted of selling any beer or wine to anyone who is visibly intoxicated from the licensed premises or to any person under the age of twenty-one (21) years from the licensed premises in violation of Section 67-3-53(b), then, in addition to any other penalty provided for by law, the commissioner may impose the following penalties against the holder of a permit:

(a) For the first offense on the licensed premises, by a fine of not less than Five Hundred Dollars (\$500.00) nor more than One Thousand Dollars

(\$1,000.00) and/or suspension of the permit for not more than three (3) months.

(b) For a second offense occurring on the licensed premises within twelve (12) months of the first offense, by a fine of not less than Five Hundred Dollars (\$500.00) nor more than Two Thousand Dollars (\$2,000.00) and/or suspension of the permit for not more than six (6) months.

(c) For a third offense occurring on the licensed premises within twelve (12) months of the first, by a fine of not less than Two Thousand Dollars (\$2,000.00) nor more than Five Thousand Dollars (\$5,000.00) and/or suspension or revocation of the permit to sell beer or light wine.

(d) For a fourth or subsequent offense occurring on the licensed premises within twelve (12) months of the first, by a fine of not less than Two Thousand Dollars (\$2,000.00) nor more than Five Thousand Dollars (\$5,000.00) and/or suspension or revocation of the permit to sell beer or light wine.

(4) A person who sells any beer or wine to a person under the age of twenty-one (21) years shall not be guilty of a violation of Section 67-3-53(b) if the person under the age of twenty-one (21) years represents himself to be twenty-one (21) years of age or older by displaying an apparently valid Mississippi driver's license containing a physical description consistent with his appearance or by displaying some other apparently valid identification document containing a picture and physical description consistent with his appearance for the purpose of inducing the person to sell beer or wine to him.

(5) If the holder of a permit to operate a brewpub is convicted of violating the provisions of Section 67-3-22(3), then, in addition to any other provision provided for by law, the holder of the permit shall be punished as follows:

(a) For the first offense, the holder of a permit to operate a brewpub may be fined in an amount not to exceed Five Hundred Dollars (\$500.00).

(b) For a second offense occurring within twelve (12) months of the first offense, the holder of a permit to operate a brewpub may be fined an amount not to exceed One Thousand Dollars (\$1,000.00).

JUDICIAL DECISIONS

1. In general.

In a suit against a bar for furnishing alcohol to a minor who later caused an auto accident, the trial court erred by directing a verdict for the bar, as the evidence created a fact question as to whether the bar knew or should have known that the buyer of drinks (who presented a false Mississippi driver's license showing he was 21) was giving them to minors. *Moore v. Where a statute making it unlawful to sell beer was repealed by statute which

authorized sale within the state and permitted counties to prohibit such sales, and where a majority of qualified electors in county determined that the sale of beer should not be permitted within the county, such a sale of beer thereafter was prohibited and punishable as violation of chapter relating to wine and beer. *Hays v. § 67-3-70. Purchase of light wine or beer by person under age of 21; penalties; expungement of conviction.

(1) Except as otherwise provided by Section 67-3-54, any person under the age of twenty-one (21) years who purchases or possesses any light wine or beer shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00) and a sentence to not more than thirty (30) days community service.

(2) Any person under the age of twenty-one (21) years who falsely states he is twenty-one (21) years of age or older or presents any document that indicates he is twenty-one (21) years of age or older for the purpose of

purchasing or possessing any light wine or beer shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00) and a sentence to not more than thirty (30) days community service.

(3) Except as otherwise provided by Section 67-3-54, any person who knowingly purchases light wine or beer for, or gives light wine or beer to a person under the age of twenty-one (21) years, shall be guilty of a misdemeanor, and upon conviction, shall be punished by a fine of not less than Two Hundred Dollars (\$200.00) nor more than Five Hundred Dollars (\$500.00) and a sentence to not more than thirty (30) days community service. The punishment provided under this subsection shall not be applicable to violations of Section 97-5-49.

(4) The term “community service” as used in this section shall mean work, projects or services for the benefit of the community assigned, supervised and recorded by appropriate public officials.

(5) If a person under the age of twenty-one (21) years is convicted or enters a plea of guilty of violating subsection (1) or subsection (2) of this section, the trial judge, in lieu of the penalties otherwise provided under this section, shall suspend the minor’s driver’s license by taking and keeping it in the custody of the court for a period of time not to exceed ninety (90) days. The judge so ordering the suspension shall enter upon his docket “DEFENDANT’S DRIVER’S LICENSE SUSPENDED FOR _____ DAYS IN LIEU OF CONVICTION” and such action by the trial judge shall not constitute a conviction. During the period that the minor’s driver’s license is suspended, the trial judge shall suspend the imposition of any fines or penalties that may be imposed under this section and may place the minor on probation subject to such conditions as the judge deems appropriate. If the minor violates any of the conditions of probation, then the trial judge shall return the driver’s license to the minor and impose the fines, penalties, or both, that he would have otherwise imposed, and such action shall constitute a conviction.

(6) Any person who has been charged with a violation of subsections (1) or (2) of this section may, not sooner than one (1) year after the dismissal and discharge or completion of any sentence and/or payment of any fine, apply to the court for an order to expunge from all official records all recordation relating to his arrest, trial, finding or plea of guilty, and dismissal and discharge. If the court determines that such person was dismissed and the proceedings against him discharged or that such person had satisfactorily served his sentence and/or paid his fine, it shall enter such order.

JUDICIAL DECISIONS

1. In general.

In order to establish liability by proving negligence on the part of a licensee, the plaintiff must prove, in addition to negligence per se (that the licensee violated Miss. Code Ann. § 67-3-70 (Rev. 2001) by furnishing alcohol to a minor), that it was foreseeable that the minor to whom the alcohol was furnished would negligently cause injury to the plaintiff. *Moore v. K&J Enters.*, 856 So. 2d 621 (Miss. Ct. App. 2003), cert. dismissed, 2004 Miss. LEXIS 198 (Miss. 2004).

Records of criminal offenses are kept pursuant to § 45-27-1. The legislature of Mississippi has specifically authorized expungement of criminal offender records in limited cases-youth court cases, §§ 43-21-159 and 43-21-265; first offense misdemeanor convictions occurring prior to age 23, § 99-19-71; drug possession convictions occurring prior to age 26, § 41-29-150; purchase of alcoholic beverages by one under age 21, § 67-3-70; and municipal court convictions, § 21-23-7. Expunge-

ment of felony convictions which arose pursuant to guilty pleas are governed by § 99-15-57 which provides that any person who pled guilty within 6 months prior to the effective date of § 99-15-26 may apply to the court for an order expunging his or her criminal records. Under §§ 99-15-57 and 99-15-26 a circuit court has the power to expunge a felony conviction pursuant to a guilty plea under certain conditions. Accordingly, a petitioner who pled guilty to the felony of burglary might have been eligible for relief pursuant to §§ 99-15-57 and 99-15-26 if his guilty plea had occurred on or after October 1, 1982, that being the earliest date to satisfy the “within 6 months prior to” March 31, 1983, requirement of § 99-15-57. However, the petitioner pleaded guilty to burglary on October 9, 1979, 3 years prior to October 1, 1982, and admitted that he did not fall within the criterion in any of the statutes authorizing expungement, and thus the trial court did not err in denying his petition for expungement. *Caldwell v. State*, 564 So. 2d 1371 (Miss. 1990).

ATTORNEY GENERAL OPINIONS

Mississippi Justice Information Center is not prohibited from entering the following crimes committed by individuals un-

der 18 years of age into its database: (1) crimes punishable under state or federal law by life imprisonment or death; (2)

offenses committed by a child on or after his seventeenth birthday where such offenses would be a felony if committed by an adult; (3) a hunting or fishing violation; (4) a traffic violation; (5) a violation of the Mississippi Implied Consent Law; or (6) a violation of Section 67-3-70. Spann, Jan. 24, 2000, A.G. Op. #99-0694.

Since possession of alcohol or light wine or beer by a minor is not a delinquent act, the youth court does not have original jurisdiction over such offenses. Wiggins, Sept. 19, 2003, A.G. Op. 03-0424.

§ 67-3-73. Immunity from liability of persons who lawfully furnished or sold intoxicating beverages to one causing damage.

(1) The Mississippi Legislature finds and declares that the consumption of intoxicating beverages, rather than the sale or serving or furnishing of such beverages, is the proximate cause of any injury, including death and property damage, inflicted by an intoxicated person upon himself or upon another person.

(2) Notwithstanding any other law to the contrary, no holder of an alcoholic beverage, beer or light wine permit, or any agent or employee of such holder, who lawfully sells or serves intoxicating beverages to a person who may lawfully purchase such intoxicating beverages, shall be liable to such person or to any other person or to the estate, or survivors of either, for any injury suffered off the licensed premises, including wrongful death and property damage, because of the intoxication of the person to whom the intoxicating beverages were sold or served.

(3) Notwithstanding any other law to the contrary, no social host who serves or furnishes any intoxicating beverage to a person who may lawfully

consume such intoxicating beverage shall be liable to such person or to any other person or to the estate, or survivors of either, for any injury suffered off such social host's premises, including wrongful death and property damage, because of the intoxication of the person to whom the intoxicating beverages were served or furnished. No social host who owns, leases or otherwise lawfully occupies a premises on which, in his absence and without his consent, intoxicating beverages are consumed by a person who may lawfully consume such intoxicating beverage shall be liable to such person or to any other person or to the estate, or survivors of either, for any injury suffered off the premises, including wrongful death and property damage, because of the intoxication of the person who consumed the intoxicating beverages.

(4) The limitation of liability provided by this section shall not apply to any person who causes or contributes to the consumption of alcoholic beverages by force or by falsely representing that a beverage contains no alcohol, or to any holder of an alcoholic beverage, beer or light wine permit, or any agent or employee of such holder when it is shown that the person making a purchase of an alcoholic beverage was at the time of such purchase visibly intoxicated.

JUDICIAL DECISIONS

1. Evidence.
- 1.5. Liability.
2. No liability.
3. No exemption for distinction based on "making a purchase".
4. Construction.

1. Evidence.

Where plaintiff sued a casino and a bar for wrongful death pursuant to Mississippi's Dram Shop Act, Miss. Code Ann. § 67-3-73, expert testimony that the driver who killed decedent was visibly intoxicated when he was served alcohol precluded the entry of summary judgment for defendants under Miss. R. Civ. P. 56. Expert's testimony was based on Intoxilyzer results taken an hour after the accident indicating that the driver's BAC was 0.088% and a blood sample indicating a BAC of 0.07%. *Treasure Bay Corp. v. Ricard*, 967 So. 2d 1235 (Miss. 2007).

Casino offered assistance to the adult invitee who had been drinking for hours and the record reflected that she was attended by casino staff after she fell to

the floor. A casino staff member suggested that she seek the attention of a physician and further offered to summon an ambulance, however the adult invitee refused that suggestion as well; thus, the casino did not breach a duty of care, and in any event, where the record showed the invitee became voluntarily intoxicated (she later died at home as a result of aspirating on her own vomit), she was not a member of the class protected by Miss. Code Ann. § 67-3-73 and summary judgment for the casino was proper. *Estate of White v. Rainbow Casino-Vicksburg P'ship*, 910 So. 2d 713 (Miss. Ct. App. 2005).

In an action against a retail business that sold beer to a visibly intoxicated driver about two hours before an accident which killed a five year old child, the defendant was not entitled to summary judgment on the basis of an affidavit by the driver that she did not drink the alcoholic beverages purchased from it on the day of the accident and an affidavit by the driver's boyfriend and future husband which corroborated that statement where

(1) the driver had reason to lie, given her pending criminal trial arising from the same accident, (2) the credibility of the driver's boyfriend and future husband was suspect given his relationship to the driver, and (3) the plaintiff presented circumstantial evidence that the driver's level of intoxication increased throughout the day, that she must have consumed a large volume of alcohol to have been as visibly drunk as she was by the time of the accident, and that such volume must have consisted in significant part of some beer purchased from the defendant. *Thomas v. Great Atl. & Pac. Tea Co.*, 233 F.3d 326 (5th Cir. 2000).

1.5. Liability.

Under Mississippi's Dram Shop Act, Miss. Code Ann. § 67-3-73(4) (2005), which required proof that a customer was served alcohol when he was visibly intoxicated, a casino was liable for damages from the customer's car accident as the expert of the wrongful-death heirs testified that the driver's blood alcohol content was high enough that trained personnel should have spotted the driver's intoxication. However, under Miss. Code Ann. § 85-5-7(3), which was in effect when the suit was filed, joint and several liability was limited to fifty percent of recoverable damages. *Robinson Prop. Group, Ltd. P'ship v. McCalman*, 51 So. 3d 946 (Miss. 2011).

2. No liability.

Casino patron's claim of negligence per se in connection with injuries she allegedly sustained when a cocktail waitress dropped a tray of drinks on or near the patron, while attempting to serve another customer, failed because there was no evidence that the casino violated Mississippi's dram shop act, Miss Code Ann. § 67-3-73, where there was nothing to show that the customer was visibly intox-

icated. *Callender v. Imperial Palace of Miss., LLC*, — F. Supp. 2d —, 2008 U.S. Dist. LEXIS 71292 (S.D. Miss. Sept. 19, 2008).

Customer who suffered injuries after voluntarily consuming alcohol is not part of the protected class of Miss. Code Ann. § 67-3-73; therefore, a casino's motion to dismiss a negligence action was properly granted since there was no liability under either § 67-3-73 or Miss. Code Ann. § 67-1-83. *Bridges v. Park Place Entm't, Inc.*, 860 So. 2d 811 (Miss. 2003).

3. No exemption for distinction based on "making a purchase".

Legislature does not intend to exempt businesses from liability under Miss. Code Ann. § 67-3-73(4) based on a distinction of "making a purchase" as opposed to "being furnished" alcoholic beverages; therefore, it did not matter that a casino did not directly sell alcohol to a customer, but the casino was still not liable to a customer that was injured after voluntarily drinking alcohol. *Bridges v. Park Place Entm't, Inc.*, 860 So. 2d 811 (Miss. 2003).

4. Construction.

Under the Mississippi Supreme Court's holdings in *Bridges v. Park Place Entertainment*, 860 So. 2d 811 (Miss. 2003), and *Cuevas v. Royal D'Iberville Hotel*, 498 So. 2d 346 (Miss. 1986), if an "adult" voluntarily consumes intoxicants and subsequently injures himself or herself due to her intoxicated condition, he or she is not a member of the class protected by Miss. Code Ann. § 67-3-73. In the context of summary judgment, the question becomes whether there exists an issue of fact as to the voluntariness of said person's intoxication; if a genuine issue of material fact exists, summary judgment is improper. *Estate of White v. Rainbow Casino-Vicksburg P'ship*, 910 So. 2d 713 (Miss. Ct. App. 2005).

JUDICIAL DECISIONS

1. In general.

Since the Native Wine Act (§§ 67-5-1 et seq.) consists of laws relating specifically to one form of alcoholic beverage, it is, as such, special legislation which will prevail

over the general statutes dealing with alcohol that are contained in Chapter 1 of Title 67 (67-1-1 et seq.). *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

§ 67-5-3. Legislative declaration of intent.

The Legislature of the State of Mississippi, recognizes, by the passage of this chapter, the vital contribution of the agricultural industry to the economy of this state, and declares that the intent of this chapter is to enhance and expand such industry by authorizing and encouraging the domestic production of native wines from grapes, berries, fruits, honey and vegetables grown and produced in Mississippi.

The Legislature further recognizes the vital contribution of the tourist industry to the economy of this state, and declares that the intent of this chapter is to enhance such industry by encouraging the planting and development of native vineyards, the construction of native wineries, and the production and sale of native wines so that tourists traveling through Mississippi may visit vineyards, wineries and wine cellars, and purchase Mississippi domestic wines.

The Legislature of the State of Mississippi further recognizes the need for the expansion, diversification and development of Mississippi economy, and declares that the intent of this chapter is to authorize and encourage the introduction of a new industry into this state which will provide new employment opportunities, additional income, and support for existing industries in this state.

JUDICIAL DECISIONS

1. In general.

Under the provisions of the Native Wine Act (§§ 67-5-1 et seq.), the manufacturer,

possession, and sale of native wines are legal throughout the state. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

§ 67-5-5. Definitions; qualification period.

For purposes of this chapter, the following words and phrases shall have the definitions ascribed herein, unless the context otherwise requires:

(a) “Native wine” shall mean any product, produced in Mississippi for sale, having an alcohol content not to exceed twenty-one percent (21%) by weight and made in accordance with revenue laws of the United States, which shall be obtained primarily from the alcoholic fermentation of the juice of ripe grapes, fruits, berries, honey or vegetables grown and produced in Mississippi; provided that bulk, concentrated or fortified wines used for blending may be produced without this state and used in producing native wines. The commission shall adopt and promulgate rules and regulations to permit a producer to import such bulk and/or fortified wines into this state for use in blending with native wines without payment of any excise tax that would otherwise accrue thereon. In order to be classified as “native wine” under the provisions of this chapter, at least fifty-one percent (51%) of the finished product by volume shall have been obtained from fermentation of grapes, fruits, berries, honey or vegetables grown and produced in Mississippi.

(b) “Native winery” shall mean any place or establishment within this state where native wine is produced in whole or in part for sale.

(c) “Produce” shall mean to do or to perform any act or thing in the process of making native wine.

(d) “Person” shall mean one or more natural persons, or a corporation, partnership or association.

(e) “Producer” shall mean any person who owns, operates or conducts a native winery, but it does not mean the employees of such persons.

(f) “Consumer” shall mean any person who purchases native wine for the purpose of consuming it, giving it away, or distributing it in any way other than by sale, barter or exchange.

(g) "Commission" shall mean the Mississippi State Tax Commission.

(h) "Division" shall mean the Alcoholic Beverage Control Division of the State Tax Commission.

The production of native wine is hereby declared, under the laws of this state, to be a privilege, and as such privilege shall be subject to such permit fees upon the exercise of the privilege as levied by Section 67-5-13.

(1) Every native winery in the State of Mississippi shall apply for a permit as provided for in Section 67-1-51, Mississippi Code of 1972, and shall be issued said initial and renewal permit by the commission upon meeting the qualifications and requirements presently set forth by law or regulation for permits authorized by said Section 67-1-51.

(2) Every native winery shall register with the Secretary of State, shall show the location and permit number of said winery, shall show the name and address of the producer owning, conducting or operating the winery, shall show the name and address of all local agents and such other pertinent information which may be required by the Secretary of State, and shall appoint an agent for service of process within the State of Mississippi.

JUDICIAL DECISIONS

1. In general.

Since the state at trial chose to proceed on the indictment charging the defendant with distilling wine in violation of § 97-3-21, it could not argue for affirmance of his

conviction on proof that he did not have a valid permit issued under the Native Wine Act. *Martin v. State*, 501 So. 2d 1124 (Miss. 1987).

§ 67-5-11. Authorized sales by native wineries.

Within the State of Mississippi, every native winery is authorized to make sales to the commission or to consumers at the location of the native winery or its immediate vicinity. Every native winery is authorized to make sales to any producer, manufacturer, wholesaler, retailer or consumer located outside of the State of Mississippi who are authorized by law to purchase the same.

Records and reports by native wine producers and transporters of native wine, see § 67-1-73.

§ 67-5-13. Annual privilege license tax on producers; excise tax on cases sold by producers.

(1) Upon every producer holding a permit for the production of native wine, there is levied and imposed for each location for the privilege of engaging and continuing in this state in the production of native wine an annual privilege license tax in an amount equal to Ten Dollars (\$10.00) for each ten thousand (10,000) gallons, or any part thereof, of native wine produced by the winery.

(2) There is levied and assessed an excise tax upon each case of native wine sold by a producer to any source to be collected from the producer in the amount provided for in Section 27-71-7. However, native wine produced in

Mississippi for export and sale without this state and native wine produced in Mississippi and sold to the commission shall not be subject to the excise tax, nor shall the tax accrue or be collected on native wines dispensed, as free samples in quantities of not more than six (6) ounces, in the tasting room of a native winery.

(3) The privilege tax imposed by subsection (1) of this section shall be collected in the same manner as presently provided by law for the collection of other alcoholic beverages. § 67-7-7. Prohibited acts; suppliers.

(1) A supplier shall not do the following:

(a) Fail to provide each wholesaler of the supplier's brand or brands with a written agreement which contains in total the supplier's agreement with each wholesaler, and designates a specific sales territory. Any agreement which is in existence on April 7, 1995 shall be renewed consistent with this chapter, provided that this chapter may be incorporated by reference in the agreement. Nothing contained herein shall prevent a supplier from appointing, one (1) time for a period not to exceed ninety (90) days, a wholesaler to service temporarily a sales territory not designated to another wholesaler, until such time as a wholesaler is appointed by the supplier; and such wholesaler who is designated to service the sales territory during this period of temporary service shall not be in violation of the chapter, and, with respect to the temporary service territory, shall not have any of the rights provided under Sections 67-7-11 and 67-7-15.

(b) Fix, maintain or establish the price at which a wholesaler shall sell any light wine or beer.

(c) Enter into an additional agreement with any other wholesaler for, or to sell to any other wholesaler, the same brand or brands of light wine or beer in the same territory or any portion thereof, or to sell directly to any retailer in this state.

(d) Require any wholesaler to accept delivery of any light wine or beer or other commodity which has not been ordered by the wholesaler, except that a supplier may impose reasonable inventory requirements upon a wholesaler if the requirements are made in good faith and are generally applied to other similarly situated wholesalers who have an agreement with the supplier.

(e) Require any wholesaler to accept delivery of any light wine or beer or other commodity ordered by a wholesaler if the order was properly cancelled by the wholesaler in accordance with the supplier's procedure.

(f) Require any wholesaler to do any illegal act or to violate any law or regulation by threatening to amend, modify, cancel, terminate or refuse to renew any agreement existing between the supplier and wholesaler.

(g) Require a wholesaler to assent to any condition, stipulation or provision limiting the wholesaler's right to sell the brand or brands of light wine or beer of any other supplier unless the acquisition of the brand or brands of another supplier would materially impair or adversely affect the wholesaler's quality of service, sales or ability to compete effectively in representing the brand or brands of the supplier presently being sold by the wholesaler, except that in any action challenging a supplier's position, the supplier shall have the burden of providing that such acquisition of such other brand or brands would have such effect.

(h) Require a wholesaler to purchase one or more brands of light wine or beer products in order for the wholesaler to purchase another brand or brands of light wine or beer for any reason, except that a wholesaler that has agreed to distribute a brand or brands before April 7, 1995 shall continue to distribute the brand or brands in conformance with this chapter.

(i) Require a wholesaler to submit audited profit and loss statements, balance sheets or financial records as a condition of renewal or continuation of an agreement, except that a supplier may require reasonable proof of a wholesaler's financial condition prior to extending credit terms to a wholesaler.

(j) Withhold delivery of light wine or beer ordered by wholesaler, or change a wholesaler's quota of a brand or brands if the withholding or change is not made in good faith.

(k) Require a wholesaler by any means directly to participate in or contribute to any local or national advertising fund controlled directly or indirectly by a supplier.

(l) Take any retaliatory action against a wholesaler that files a complaint in good faith regarding an alleged violation by the supplier of federal, state or local law or an administrative rule as a result of that complaint.

(m) Require or prohibit any change in the manager or successor manager of any wholesaler who has been approved by the supplier as of or after April 7, 1995 unless the supplier acts in good faith. Should a wholesaler change an approved manager or successor manager, a supplier shall not require or prohibit the change unless the person selected by the wholesaler fails to meet the nondiscriminatory, material and reasonable standards and qualifications for managers consistently applied to similarly situated wholesalers by the supplier, except that, in any action challenging a supplier's decision, the supplier shall have the burden of proving that such person fails to meet such standards and qualifications.

(n) Upon written notice of intent to transfer the wholesaler's business, interfere with, prevent or unreasonably delay (not to exceed thirty (30) days)

the transfer of the wholesaler's business if the proposed transferee is a designated member.

(o) Upon written notice of intent to transfer the wholesaler's business other than to a designated member, withhold consent to or approval of, or unreasonably delay (not to exceed thirty (30) days after receipt of all material information reasonably requested) a response to a request by the wholesaler for any transfer of a wholesaler's business if the proposed transferee meets the nondiscriminatory material and reasonable qualifications and standards required by the supplier for similarly situated wholesalers.

(p) Restrict or inhibit the right of free association among wholesalers for any lawful purpose.

(q) Threaten to cancel or withhold credit, or to reduce the time period normally given the wholesaler to make payment on a delivery from the supplier as a means of compelling the wholesaler to meet certain standards of performance in any area of business not directly related to credit.

§ 67-7-11. Amendment, modification, cancellation, termination, nonrenewal, or discontinuance of agreements by suppliers.

(1) Except as otherwise provided for in this chapter, a supplier shall not amend or modify an agreement; cause a wholesaler to resign from an agreement; or cancel, terminate, fail to renew or refuse to continue under an agreement, unless the supplier has complied with all of the following:

(a) Has satisfied the applicable notice requirements of this section.

(b) Has acted in good faith.

(c) Has good cause for the amendment, modification, cancellation, termination, nonrenewal, discontinuance or forced resignation.

(2) In any action challenging such amendment, modification, termination, cancellation, nonrenewal or discontinuance, the supplier shall have the burden of proving that it has acted in good faith, that the notice requirements under this section have been complied with, and that there was good cause for the amendment, modification, termination, cancellation, nonrenewal or discontinuance.

(3) Except as otherwise provided in this section, and in addition to the time limits set forth in subsection (4)(d) of this section, the supplier shall furnish written notice of the amendment, modification, termination, cancellation, nonrenewal or discontinuance of an agreement to the wholesaler not less than thirty (30) days before the effective date of the amendment, modification, termination, cancellation, nonrenewal or discontinuance. The notice shall be by certified mail and shall contain all of the following:

(a) A statement of intention to amend, modify, terminate, cancel, nonrenew or discontinue the agreement.

(b) A statement of the reason for the amendment, modification, termination, cancellation, nonrenewal or discontinuance.

(c) The date on which the amendment, modification, termination, cancellation, nonrenewal or discontinuance takes effect.

(4) Good cause shall exist for the purposes of a termination, cancellation, nonrenewal or discontinuance under subsection (1)(c) of this section when all of the following occur:

(a) There is a failure by the wholesaler to comply with a provision of the agreement which is both reasonable and of material significance to the business relationship between the wholesaler and the supplier.

(b) The supplier first acquired knowledge of the failure described in subparagraph (a) not more than twenty-four (24) months before the date notification was given pursuant to subsection (3) of this section.

(c) The wholesaler was given notice by the supplier of failure to comply with this agreement.

(d) The wholesaler has been afforded thirty (30) days in which to submit a plan of corrective action to comply with the agreement and an additional ninety (90) days to cure such noncompliance in accordance with the plan.

(5) Notwithstanding subsections (1) and (3) of this section, a supplier may terminate, cancel, fail to renew or discontinue an agreement immediately upon written notice given in the manner and containing the information required by subsection (3)(a)(b) and (c) of this section if any of the following occur:

(a) Insolvency of the wholesaler, the filing of any petition by or against the wholesaler under any bankruptcy or receivership law or the assignment for the benefit of creditors or dissolution or liquidation of the wholesaler which materially affects the wholesaler's ability to remain in business.

(b) Revocation or suspension of the wholesaler's state or federal license by the appropriate regulatory agency whereby the wholesaler cannot service the wholesaler's sales territory for more than thirty-one (31) days.

(c) The wholesaler, or a partner or an individual who owns ten percent (10%) or more of the partnership or stock of a corporate wholesaler, has been convicted of a felony under the United States Code or the laws of any state which reasonably may adversely affect the good will or interest of the wholesaler or supplier. However, an existing stockholder or stockholders, or partner or partners, or a designated member or members, shall have, subject to the provisions of this chapter, the right to purchase the partnership interest or the stock of the offending partner or stockholder prior to the conviction of the offending partner or stockholder, and if the sale is completed prior to conviction the provisions of this subparagraph shall not apply.

(d) There was fraudulent conduct relating to a material matter on the part of the wholesaler in dealings with the supplier or its product, except that the supplier shall have the burden of proving fraudulent conduct relating to a material matter on the part of the wholesaler in any legal action challenging such termination.

(e) The wholesaler failed to confine to the designated sales territory its sales of a brand or brands to retailers except that this subsection does not apply if there is a dispute between two (2) or more wholesalers as to the boundaries of the assigned territory, and the boundaries cannot be determined by a reading of the description contained in the agreements between the supplier and the wholesalers.

(f) A wholesaler has failed to pay for light wine or beer ordered and delivered in accordance with established terms and the wholesaler fails to make full payment within five (5) business days after receipt of written notice of the delinquency and demand for immediate payment from the supplier.

(g) A wholesaler intentionally has made a transfer of wholesaler's business, other than a transfer to a designated member without prior written notice to the supplier.

(h) A wholesaler intentionally has made a transfer of wholesaler's business, other than a transfer to a designated member, although the wholesaler has prior to said transfer received from supplier a timely notice of disapproval of said transfer in accordance with this chapter.

(i) The wholesaler intentionally ceases to carry on business with respect to any of supplier's brand or brands previously serviced by wholesaler in its territory designated by the supplier, unless such cessation is due to force majeure or to labor dispute and the wholesaler has made good faith efforts to overcome such events. Provided, however, this shall affect only that brand or brands with respect to which the wholesaler ceased to carry on business.

(6) Notwithstanding subsections (1), (3) and (5) of this section, a supplier may terminate, cancel, not renew or discontinue an agreement upon not less than thirty (30) days prior written notice if the supplier discontinues production or discontinues distribution in this state of all the brands sold by the supplier to the wholesaler, except that nothing in this section shall prohibit a supplier from: (a) upon not less than thirty (30) days notice, discontinuing the distribution of any particular brand or package of light wine or beer; or (b) conducting test marketing of a new brand of light wine or beer which is not currently being sold in this state, except that the supplier has notified the State Tax Commission in writing of its plans to test market, which notice shall describe the market area in which the test shall be conducted; the name or names of the wholesaler or wholesalers who will be selling the light wine or beer; the name or names of the brand of light wine or beer being tested; and the period of time, not to exceed eighteen (18) months, during which the testing will take place.

§ 67-7-15. Duty of supplier to compensate wholesaler for conduct resulting in diminished value of business; determination of compensation by arbitration.

(1) Except as provided for in this chapter, a supplier that has amended, modified, cancelled, terminated or refused to renew any agreement; or caused a wholesaler to resign from an agreement; or has interfered with, prevented or unreasonably delayed, or where required by this chapter, has withheld or unreasonably delayed consent to or approval of, any assignment or transfer of a wholesaler's business, shall pay the wholesaler reasonable compensation for the diminished value of the wholesaler's business, including any ancillary business which has been negatively affected by the act of the supplier. The value of the wholesaler's business or ancillary business shall include, but not be limited to, its good will, except that nothing contained in this chapter shall give rise to a claim against the supplier or wholesaler by any proposed purchaser of wholesaler's business.

(2) Should either party, at any time, determine that mutual agreement on the amount of reasonable compensation cannot be reached, the supplier or the wholesaler may send by certified mail, return receipt requested, written notice to the other party declaring its intention to proceed with arbitration. Arbitration shall proceed only by mutual agreement of both parties.

(3) Not more than ten (10) business days after the notice to enter into arbitration has been delivered, the other party shall send written notice to the requesting party declaring its intention either to proceed or not to proceed with arbitration. Should the other party fail to respond within ten (10) business days, it shall be conclusively presumed that said party shall have agreed to arbitration.

(4) The matter of determining the amount of compensation may, by agreement of the parties, be submitted to a three (3) member arbitration panel consisting of one (1) representative selected by the supplier but unassociated with the affected supplier; one (1) wholesaler representative selected by the wholesaler but unassociated with the wholesaler; and an impartial arbitrator.

(5) Not more than ten (10) business days after mutual agreement of both parties has been reached to arbitrate, each party shall designate, in writing, its one (1) arbitrator representative and the party initiating arbitration shall request, in writing, a list of five (5) arbitrators from the American Arbitration Association or its successor and request that the list be mailed to each party by certified mail, return receipt requested. Not more than ten (10) business days after the receipt of the list of five (5) choices, the wholesaler arbitrator and the supplier arbitrator shall strike and disqualify up to two (2) names each from the list. Should either party fail to respond within the ten (10) business days or should more than one (1) name remain after the strikes, the American Arbitration Association shall make the selection of the impartial arbitrator from the names not stricken from said list.

(6) Not more than thirty (30) days after the final selection of the arbitration panel is made, the arbitration panel shall convene to decide the dispute. The panel shall conclude the arbitration within twenty (20) days after the arbitration panel convenes and shall render a decision by majority vote of the arbitrators within twenty (20) days from the conclusion of the arbitration. The award of the arbitration panel shall be final and binding on the parties as to the amount of compensation for said diminished value.

(7) The cost of the impartial arbitrator, the stenographer and the meeting site shall be equally divided between the wholesaler and the supplier. All other costs shall be paid by the party incurring them.

(8) After both parties have agreed to arbitrate, should either party, except by mutual agreement, fail to abide by the time limitations as prescribed in subsections (3), (5) and (6) of this section, or fail or refuse to make the selection of any arbitrators, or fail to participate in the arbitration hearings, the other party shall make the selection of its arbitrators and proceed to arbitration. The party who has failed or refused to comply as prescribed in this section shall be considered to be in default. Any party considered to be in default pursuant to this subsection shall have waived any and all rights the party would have had in the arbitration and shall be considered to have consented to the determination of the arbitration panel.

JUDICIAL DECISIONS

3.5 Domestic Violence.

In an action arising out of an automobile accident that occurred at the entrance to a municipal airport, which was physically located in Rankin County, plaintiff's allegations that the other driver violated state motor vehicle statutes (Miss. Code Ann. §§ 63-15-43 and 63-3-801) and that plaintiff's insurer violated Miss. Code Ann. § 83-11-101 by failing to compensate him adequately for medical expenses under his uninsured motorist policy were insufficient to establish jurisdiction in Hinds county under Miss. Code Ann.

§ 61-9-3(3), even if the airport were to be found to belong to the City of Jackson, which is located in Hinds county; Miss. Code Ann. § 61-9-3(3) does not apply because the statutes alleged to have been violated were not against laws resulting from action by the municipal officials of Jackson, nor laws which are "of and applicable to" the City of Jackson, but rather, were "of" the Mississippi State Legislature and resulted from state action. *Holmes v. McMillan*, 21 So. 3d 614 (Miss. 2009).

§ 69-1-5. Oath and bond of commissioner.

The commissioner, before entering upon the duties of the office, must take and subscribe the oath of office prescribed by the constitution, and must enter into bond payable to the State of Mississippi, in the sum of five thousand dollars with a guaranty company, the expense of such bond being paid by the state. The bond must be approved by the Attorney General and when approved shall, together with the oath of office, be filed in the office of the secretary of state.

The Commissioner of Agriculture and Commerce must appoint a clerk, who must take the oath of office to discharge faithfully all the duties, which are or may be required of him by law. The clerk shall hold office during the term of the commissioner by whom he is appointed, and until the appointment and qualification of his successor, unless sooner removed.

It shall be the duty of the members of the boards of supervisors and the county tax assessor of each county in this state to make such reports as may be required by this bureau touching the matter within the scope of this chapter; and failure of any supervisor or tax assessor to make such report when required shall be deemed a misdemeanor and shall be punished as provided by law.

(k) He shall appoint county correspondents who shall report to him from time to time, as may be desired.

(l) He shall collect specimens of wood suitable for manufacture and other purposes, and specimens of agricultural, mineral, phosphate and marl deposits of the state; cause correct analysis of such as may be deemed expedient to be made and recorded in a substantial book to be kept for this purpose.

§ 69-2-3. Legislative intent.

The Legislature hereby finds and declares that there exists within the state a serious emergency as a result of the nation's agricultural crisis and that there is a need to ensure that services are available for farmers, farm laborers, farm families and small businesses who have been adversely affected by the declining agricultural economy. Existing state programs need to be dedicated to meet these needs to the extent possible without creating additional administration. It is important that existing programs and services be coordinated into a network so that those in the agricultural and small business community can learn of these programs and services and obtain their benefits as expeditiously as possible.

The provisions of this section in establishing a single contact point for information and referral services shall not be construed to authorize the hiring of additional personnel.

(3) The Cooperative Extension Service shall establish a method for the dissemination of information to those who can be benefited by the existing programs and services of the state.

[Through June 30, 2014, this section shall read as follows:]

(1) There is hereby established in the State Treasury a fund to be known as the “Emerging Crops Fund,” which shall be used to pay the interest on loans made to farmers for nonland capital costs of establishing production of emerging crops on land in Mississippi, and to make loans and grants which are authorized under this section to be made from the fund. The fund shall be administered by the Mississippi Development Authority. A board comprised of the directors of the authority, the Mississippi Cooperative Extension Service, the Mississippi Small Farm Development Center and the Mississippi Agricultural and Forestry Experiment Station, or their designees, shall develop definitions, guidelines and procedures for the implementation of this chapter. Funds for the Emerging Crops Fund shall be provided from the issuance of bonds or notes under Sections 69-2-19 through 69-2-37 and from repayment of interest loans made from the fund.

(2)(a) The Mississippi Development Authority shall develop a program which gives fair consideration to making loans for the processing and manufacturing of goods and services by agribusiness, greenhouse production horticulture, and small business concerns. It is the policy of the State of Mississippi that the Mississippi Development Authority shall give due recognition to and shall aid, counsel, assist and protect, insofar as is possible, the interests of agribusiness, greenhouse production horticulture, and small business concerns. To ensure that the purposes of this subsection are carried out, the Mississippi Development Authority shall loan not more than One Million Dollars (\$1,000,000.00) to finance any single agribusiness, greenhouse production horticulture, or small business concern. Loans made pursuant to this subsection shall be made in accordance with the criteria established in Section 57-71-11.

receive monies pursuant to this provision shall use such monies to make loans to private companies for purposes consistent with this subsection.

(c) The Mississippi Development Authority is hereby authorized to engage legal services, financial advisors, appraisers and consultants if needed to review and close loans made hereunder and to establish and assess reasonable fees including, but not limited to, liquidation expenses.

(3)(a) The Mississippi Development Authority shall, in addition to the other programs described in this section, provide for the following programs of loans to be made to agribusiness or greenhouse production horticulture enterprises for the purpose of encouraging thereby the extension of conventional financing and the issuance of letters of credit to such agribusiness or greenhouse production horticulture enterprises by private institutions. Monies to make such loans by the Mississippi Development Authority shall be drawn from the Emerging Crops Fund.

(b) The Mississippi Development Authority may make loans to agribusiness or greenhouse production horticulture enterprises. The amount of any loan to any single enterprise under this paragraph (b) shall not exceed twenty percent (20%) of the total cost of the project for which financing is sought or Two Hundred Thousand Dollars (\$200,000.00), whichever is less. No interest shall be charged on such loans, and only the amount actually loaned shall be required to be repaid. Repayments shall be deposited into the Emerging Crops Fund.

(c) The Mississippi Development Authority also may make loans under this subsection (3) to existing agribusiness or greenhouse production horticulture enterprises for the purpose of assisting such enterprises to make upgrades, renovations, repairs and other improvements to their equipment, facilities and operations, which shall not exceed Two Hundred Thousand Dollars (\$200,000.00) or thirty percent (30%) of the total cost of the project for which financing is sought, whichever is less. The monies loaned or granted by the

Mississippi Development Authority shall be drawn from the Emerging Crops Fund and shall not exceed Twenty-nine Million Dollars (\$29,000,000.00) in the aggregate. Planning and development districts or qualified entities which receive monies pursuant to this provision shall use such monies to make loans to minority business enterprises consistent with criteria established by the Mississippi Development Authority. Such criteria shall include, at a minimum, the following:

(i) The business enterprise must be a private, for-profit enterprise.

(ii) If the business enterprise is a proprietorship, the borrower must be a resident citizen of the State of Mississippi; if the business enterprise is a corporation or partnership, at least fifty percent (50%) of the owners must be resident citizens of the State of Mississippi.

(iii) The borrower must have at least five percent (5%) equity interest in the business enterprise.

(iv) The borrower must demonstrate ability to repay the loan.

(v) The borrower must not be in default of any previous loan from the state or federal government.

(vi) Loan proceeds may be used for financing all project costs associated with development or expansion of a new small business, including fixed assets, working capital, start-up costs, rental payments, interest expense during construction and professional fees related to the project.

(vii) Loan proceeds shall not be used to pay off existing debt for loan consolidation purposes; to finance the acquisition, construction, improvement or operation of real property which is to be held primarily for sale or investment; to provide for, or free funds, for speculation in any kind of property; or as a loan to owners, partners or stockholders of the applicant which do not change ownership interest by the applicant. However, this does not apply to ordinary compensation for services rendered in the course of business.

(viii) The maximum amount that may be loaned to any one borrower shall be Two Hundred Fifty Thousand Dollars (\$250,000.00).

(ix) The Mississippi Development Authority shall review each loan before it is made, and no loan shall be made to any borrower until the loan has been reviewed and approved by the Mississippi Development Authority.

(b) For the purpose of this subsection, the term "minority business enterprise" means a socially and economically disadvantaged small business concern, organized for profit, performing a commercially useful function which is owned and controlled by one or more minorities or minority business enterprises certified by the Mississippi Development Authority, at least fifty percent (50%) of whom are resident citizens of the State of Mississippi. Except as otherwise provided, for purposes of this subsection, the term "socially and economically disadvantaged small business concern" shall have the meaning ascribed to such term under the Small Business Act (15 USCS, Section 637(a)), or women, and the term "owned and controlled" means a business in which one or more minorities or minority business

enterprises certified by the Mississippi Development Authority own sixty percent (60%) or, in the case of a corporation, sixty percent (60%) of the voting stock, and control sixty percent (60%) of the management and daily business operations of the business. However, an individual whose personal net worth exceeds Five Hundred Thousand Dollars (\$500,000.00) shall not be considered to be an economically disadvantaged individual.

From and after July 1, 2010, monies not loaned or granted by the Mississippi Development Authority to planning and development districts or qualified entities under this subsection, and monies not loaned by planning and development districts or qualified entities, shall be deposited to the credit of the sinking fund created and maintained in the State Treasury for the retirement of bonds issued under Section 69-2-19.

(c) Notwithstanding any other provision of this subsection to the contrary, if federal funds are not available for commitments made by a planning and development district to provide assistance under any federal loan program administered by the planning and development district in coordination with the Appalachian Regional Commission or Economic Development Administration, or both, a planning and development district may use funds in its loan revolving fund, which have not been committed otherwise to provide assistance, for the purpose of providing temporary funding for such commitments. If a planning and development district uses uncommitted funds in its loan revolving fund to provide such temporary funding, the district shall use funds repaid to the district under the temporarily funded federal loan program to replenish the funds used to provide the temporary funding. Funds used by a planning and development district to provide temporary funding under this paragraph (c) must be repaid to the district's loan revolving fund no later than twelve (12) months after the date the district provides the temporary funding. A planning and development district may not use uncommitted funds in its loan revolving fund to provide temporary funding under this paragraph (c) on more than two (2) occasions during a calendar year. A planning and development district may provide temporary funding for multiple commitments on each such occasion. The maximum aggregate amount of uncommitted funds in a loan revolving fund that may be used for such purposes during a calendar year shall not exceed seventy percent (70%) of the uncommitted funds in the loan revolving fund on the date the district first provides temporary funding during the calendar year.

(d) If the Mississippi Development Authority determines that a planning and development district or qualified entity has provided loans to minority businesses in a manner inconsistent with the provisions of this subsection, then the amount of such loans so provided shall be withheld by the Mississippi Development Authority from any additional grant funds to which the planning and development district or qualified entity becomes entitled under this subsection. If the Mississippi Development Authority determines, after notifying such planning and development district or qualified entity twice in writing and providing such planning and develop-

ment district or qualified entity a reasonable opportunity to comply, that a planning and development district or qualified entity has consistently failed to comply with this subsection, the Mississippi Development Authority may declare such planning and development district or qualified entity in default under this subsection and, upon receipt of notice thereof from the Mississippi Development Authority, such planning and development district or qualified entity shall immediately cease providing loans under this subsection, shall refund to the Mississippi Development Authority for distribution to other planning and development districts or qualified entities all funds held in its revolving loan fund and, if required by the Mississippi Development Authority, shall convey to the Mississippi Development Authority all administrative and management control of loans provided by it under this subsection.

(e) If the Mississippi Development Authority determines, after notifying a planning and development district or qualified entity twice in writing and providing copies of such notification to each member of the Legislature in whose district or in a part of whose district such planning and development district or qualified entity is located and providing such planning and development district or qualified entity a reasonable opportunity to take corrective action, that a planning and development district or qualified entity administering a revolving loan fund under the provisions of this subsection is not actively engaged in lending as defined by the rules and regulations of the Mississippi Development Authority, the Mississippi Development Authority may declare such planning and development district or qualified entity in default under this subsection and, upon receipt of notice thereof from the Mississippi Development Authority, such planning and development district or qualified entity shall immediately cease providing loans under this subsection, shall refund to the Mississippi Development Authority for distribution to other planning and development districts or qualified entities all funds held in its revolving loan fund and, if required by the Mississippi Development Authority, shall convey to the Mississippi Development Authority all administrative and management control of loans provided by it under this subsection.

(5) The Mississippi Development Authority shall develop a program which will assist minority business enterprises by guaranteeing bid, performance and payment bonds which such minority businesses are required to obtain in order to contract with federal agencies, state agencies or political subdivisions of the state. The Mississippi Development Authority may secure letters of credit, as determined necessary by the authority, to guarantee bid, performance and payment bonds pursuant to this subsection. Monies for such program shall be drawn from the monies allocated under subsection (4) of this section to assist the financing of minority economic development and shall not exceed Three Million Dollars (\$3,000,000.00) in the aggregate. The Mississippi Development Authority may promulgate rules and regulations for the operation of the program established pursuant to this subsection. For the purpose of this subsection (5), the term "minority business enterprise" has the meaning assigned such term in subsection (4) of this section.

(6) The Mississippi Development Authority may loan or grant to public entities and to nonprofit corporations funds to defray the expense of financing (or to match any funds available from other public or private sources for the expense of financing) projects in this state which are devoted to the study, teaching and/or promotion of regional crafts and which are deemed by the authority to be significant tourist attractions. The monies loaned or granted shall be drawn from the Emerging Crops Fund and shall not exceed Two Hundred Fifty Thousand Dollars (\$250,000.00) in the aggregate.

(vii) Loan proceeds shall not be used to pay off existing debt for loan consolidation purposes; to finance the acquisition, construction, improvement or operation of real property which is to be held primarily for sale or investment; to provide for, or free funds, for speculation in any kind of property; or as a loan to owners, partners or stockholders of the applicant which do not change ownership interest by the applicant. However, this does not apply to ordinary compensation for services rendered in the course of business.

(viii) The maximum amount that may be loaned to any one borrower shall be Two Hundred Fifty Thousand Dollars (\$250,000.00).

(ix) The Mississippi Development Authority shall review each loan before it is made, and no loan shall be made to any borrower until the loan has been reviewed and approved by the Mississippi Development Authority.

(b) For the purpose of this subsection, the term “minority business enterprise” means a socially and economically disadvantaged small business concern, organized for profit, performing a commercially useful function which is owned and controlled by one or more minorities or minority business enterprises certified by the Mississippi Development Authority, at least fifty percent (50%) of whom are resident citizens of the State of Mississippi. If a planning and development district uses uncommitted funds in its loan revolving fund to provide such temporary funding, the district shall use funds repaid to the district under the temporarily funded federal loan program to replenish the funds used to provide the temporary funding. Funds used by a planning and development district to provide temporary funding under this paragraph (c) must be repaid to the district's loan revolving fund no later than twelve (12) months after the date the district provides the temporary funding. A planning and development district may not use uncommitted funds in its loan revolving fund to provide temporary funding under this paragraph (c) on more than two (2) occasions during a calendar year. ATTORNEY GENERAL OPINIONS

The issuance of a written loan commitment, without lending money and creating a debtor-creditor relationship, does not constitute a loan, and the provisions of subsection (4) of this section requiring deposit in the State Treasury of monies not loaned or granted are applicable to any funds held pursuant thereto by the Mississippi Business Finance Corporation (MBFC) as of July 1, 1999; thus, MBFC will be in violation of such sunset provisions if it holds monies for the purpose of funding the loans or grants after June 30, 1999. Subsection (4) of this section permits Mississippi Business Finance Corporation

to make a grant of funds to qualified lending entities which have made minority business enterprise loans funded with repayments from previous loans, so long as the minority business loans for which the grant is made meet the requirements of subsection (4) of this section. § 69-2-15. Interest loans from Emerging Crops Fund.

(1) Any lender which has made a loan to a farmer to finance the nonland capital costs of establishing production of an emerging crop on land in

Mississippi may make application to the department for payment of the interest on the loan during the period from beginning of production to harvest or initial sale of the product, which payment shall be made from the fund. The maximum amount of interest loans from the fund for the benefit of any one (1) farmer shall be Fifty Thousand Dollars (\$50,000.00). During the period that the department pays the interest on a loan, the maximum rate of interest which may be charged on the loan by the lender shall be four percent (4%) per annum above the New York prime rate. By payment of the interest on a loan, neither the department nor the State of Mississippi shall be a guarantor of the loan, but the state shall have a lien junior to any lien that the lender may have on the loan.

(2) If a farmer defaults on the interest loan the Attorney General of the State of Mississippi shall take the necessary legal action, as soon as practicable, to recover the monies due and owing to the State of Mississippi. A suit against a defaulting party under this section may be brought in the county in which the lender is located, or in any Hinds County court.

The schedule for repayment of the interest loan shall be a period of time equal to two (2) times the period that interest is paid on the loan for that emerging crop from the fund. (3) The lender shall notify the department, as soon as possible, of any change in the principal loan status, release of collateral or any other matter that may adversely affect the security of the state's loan.

For the payment of such bonds and the interest thereon, the full faith, credit, and taxing power of the State of Mississippi are hereby irrevocably pledged. § 69-3-3. Seedsman permits.

(1) Every seedsman who sells, offers for sale, exposes for sale, distributes or solicits orders for the sale of any agricultural seed or mixtures thereof, vegetable seed, flower seed, or tree and shrub seed as defined in Section 69-3-1 to farmers, retail seed dealers, wholesale distributors, or to others who use or plant such seed in the State of Mississippi, shall, before selling or offering such seed for sale or distributing or soliciting orders for the sale of such seed and on or before the first day of July of each year, secure an annual permit from the commissioner to engage in such business. Seed dealers and other sellers of seed shall apply for an annual permit upon forms prescribed by the commissioner and such a permit shall be issued upon the payment of the following permit fees when the application is in proper form:

(a) Each seedsman selling packet seed, in closed containers of less than four (4) ounces, through commission merchants or agents, shall furnish each agent with permit at fee of Two Dollars and Fifty Cents (\$2.50) per agent. A separate permit shall be required for each location or place of business with rack display.

(b) For each seedsman engaged in selling vegetable seed at retail from containers of four (4) ounces or more, not displayed on a rack, a permit fee of Five Dollars (\$5.00) for each such place of business. This permit will qualify the seedsman to only sell vegetable seeds, as identified by the Federal Seed Act, directly to the consumer.

(c) For each seedsman engaged in selling seed at retail to the consumer, except vegetable seed dealers as defined above and packet seed agents, a permit fee of Twenty-five Dollars (\$25.00) for each such place of business. This permit will qualify the seedsman to only sell seed to the consumer for sowing but not for resale.

(d) For each seedsman engaged in selling seed to wholesale distributors only, a permit fee of Five Dollars (\$5.00) for each such place of business of the seller. This permit will qualify the seedsman to sell only to "wholesale distributors."

(e) For each seedsman engaged in selling seed as a wholesale distributor, a permit fee of One Hundred Dollars (\$100.00) for each such place of

business. This permit qualifies a seedsman to sell at levels for permits required by paragraphs (a), (b), (c), (d) and (e) of this section.

(2) Out-of-state seedsmen who sell or ship seed into this state shall obtain a permit in the same manner as described in paragraphs (a), (b), (c), (d) and (e) of this section.

(3) For the purpose of enforcement of the permit provisions of this section, the type of permit held by the buyer shall determine the type of permit required of the seller.

(4) Permits shall be renewed annually, beginning July 1, and may be revoked for cause by the commissioner. Failure to renew such permit by September 1 of each year will incur a penalty of twenty-five percent (25%) to the cost of the permit. The initial registration will be at the prescribed fee. However, the fee for first time permit applicants received on or after April 1 will be prorated by the commissioner for all classifications except packet agent permits.

(5) The Mississippi Agricultural and Forestry Experiment Station shall be exempt from permit requirements for seed distributed for increase.

(b) Maintain records, as required by the department, that accurately reflect the total pounds of seed subject to the fees that are handled, sold or offered, or distributed for sale;

(c) File quarterly notarized reports on forms provided or approved by the department, covering the total pounds of all sales of seed subject to the

(2) It shall be unlawful for any person within this state:

(a) To detach, alter, deface or destroy any label provided for in this article or the regulations promulgated thereunder, or to alter or substitute seed in any manner that may defeat the purpose or provisions of this article.

§ 69-3-19. Duties of enforcing agency.

(1) It shall be the duty of the Commissioner of Agriculture and Commerce, acting either directly or through his duly authorized agents:

(a) To sample, inspect, make analyses of and test agricultural, vegetable, flower, tree and shrub seeds, and transgenic seeds, transported, held in storage, sold, offered for sale or exposed for sale, or distributed within this state for seeding purposes, at such time and place, and to the extent as he may deem necessary to determine whether the seeds are in compliance with this article, and to notify promptly the person who transported, distributed, possessed, sold, offered or exposed the seed for sale, of any violation. Such test results shall be sufficient to be used by the Mississippi Department of Transportation to determine whether or not seed so tested meets the requirements of the Department of Transportation as set out in its contract specifications. No further testing shall be required unless the Department of Transportation determines that more than nine (9) months has elapsed, exclusive of the calendar month in which the test was completed, between the germination test data and the time of planting, or if by visual inspection the Department of Transportation determines that the seed was improperly stored or handled prior to planting.

(b) To prescribe and adopt reasonable rules and regulations governing the methods of sampling, inspecting, making analysis tests and examinations of agricultural, vegetable, flower and tree and shrub seeds, including standards, and the tolerances to be followed in the administration of this article, and any other reasonable rules and regulations as may be necessary to secure efficient enforcement of this article.

(c) To adopt and publish prohibited and restricted noxious weed seed lists.

(d) To publish list of kinds of seeds known and recognized to contain firm seeds.

(2) For the purpose of carrying out this article, the commissioner individually or through his designated agents is authorized:

(a) To enter upon any public or private premises where agricultural, vegetable, flower, or tree and shrub seeds are sold, offered or exposed for sale or distribution, during regular business hours in order to have access to seeds or records subject to this article and the rules and regulations, and to take samples of seed or copies of records in conformity therewith; and

(b) To establish, maintain and support a state seed testing laboratory with such facilities and personnel as may be deemed necessary. The laboratory shall be located at Mississippi State University of Agriculture and Applied Science. Such seed laboratory and equipment shall be in cooperation with Mississippi State University of Agriculture and Applied Science and under the supervision of the Director of the Bureau of Plant Industry, who shall be the state seed analyst; and

(c) To provide that any person, firm or corporation in this state shall have the privilege of submitting service seed samples for test to the state

seed testing laboratory, subject to the charges as specified in the rules and regulations. Any person receiving a statement for seed analysis which is not paid in ninety (90) days will be in violation of this article. Any resident farmer may have one (1) sample of each kind tested free in any calendar year. A signed request by a farmer or individual must accompany the sample when it is sent in by a dealer; otherwise, the sample will be recorded and charges for analysis will be made to the dealer. Official seed samples drawn by inspectors in the enforcement of this article shall have first priority for testing in the state seed testing laboratory. The state seed analyst shall not be obligated to analyze uncleaned, unprocessed, and other time-consuming samples which obviously do not meet seed law requirements, except as time and facilities will permit; and

(d) To publish, in his discretion, the results of analyses, tests, examinations, field trials and investigations of any seed sampled under this article, together with any information he may deem advisable; and

(e) To issue and enforce a written or printed “stop sale” or “seizure” order to the owner or custodian of any lot of agricultural, vegetable, flower, or tree and shrub seeds which the commissioner or his authorized agent finds is in violation of this article or the rules and regulations, which shall prohibit further sale or movement of such seed until the officer has evidence that the law has been complied with and a written release has been issued to the owner or custodian of the seed; and

(f) To issue and enforce a “stop sale” or “seizure” order with respect to a particular variety of agricultural, vegetable, flower or tree and shrub seeds if the producer or distributor of such variety is found to have violated this article or the rules and regulations with respect to the particular variety, which shall remain in effect until the producer or distributor is in compliance with the law and has taken any action required by the commissioner to correct the effect of the violation in the marketplace; and

(g) To cooperate with the United States Department of Agriculture in seed law enforcement.

§ 69-3-20. Appointment of arbitration council.

(1) The commissioner shall appoint an arbitration council composed of six (6) members to hear and decide each complaint. The Director of the Mississippi Agricultural and Forestry Experiment Station, the Director of the Mississippi Cooperative Extension Service, the President of the Mississippi Seedsmen's Association, the President of the Mississippi Farm Bureau Federation, and the Alcorn State University Divisional Director of Agriculture and Applied Sciences shall supply to the commissioner a list of four (4) candidates from their respective organizations. The commissioner shall choose one (1) candidate from each organization's list in selecting a council to hear each complaint. On or before January 1 of each year the respective recommending organizations shall submit member recommendations if they want to make changes from their previous recommendations. The commissioner, or his designee, shall be a member of and serve as chairman of the council and he may appoint a secretary for the council. It shall be the duty of the chairman to call the council into session to conduct all meetings and deliberations and to direct all other activities of the council. It shall be the duty of the secretary to keep accurate and correct records of all meetings and deliberations and perform such other duties for the council as directed by the chairman. The commissioner shall prescribe and adopt reasonable rules and regulations governing the arbitration process to include conditions and circumstances associated with seed to which arbitration is applicable.

(2) The purpose of the arbitration council is to assist consumers and seedsmen in determining the validity of complaints made by consumers against seedsmen and recommend cost damages resulting from failure of the seed to properly perform or produce, whether related to specific representations on the label or the labeling, other information on the seed container or conditions attributed to the quality of the seed.

(3)(a) When the department refers a complaint made by a consumer against a seedsman to the arbitration council, the council shall make a full and complete investigation of the matters complained of, and at the conclusion of the investigation, report its findings and make its recommendations of cost damages and file them with the department. Council findings and recommendations may be admissible as evidence in a court of law. When a complaint involving transgenic seeds is filed for arbitration, the seedsman shall furnish the commissioner the technology and procedures necessary to conduct any test to determine whether the seeds will perform as represented by the seedsman. The commissioner shall ensure that all technology and procedural information submitted to the department by the seedsman shall be kept confidential to ensure the proprietary rights of the seedsman. After a final disposition of all judicial proceedings or expiration of any applicable statute of limitation, the commissioner shall return all technology, records, test data or procedural information to the seedsman. In addition, remedies for misappropriation of a trade secret shall be governed by the Mississippi Uniform Trade Secrets Act in Sections 75-26-1 through 75-26-19.

(b) In conducting its investigation the arbitration council or any member or members shall be authorized to examine the consumer on his farming operation of which he complains; to examine the seedsman on his packaging, labeling and selling operation of the seed alleged to be faulty; to conduct an appropriate test of a representative sample of the alleged faulty seed through the facilities of the state and under the supervision of the department when such action is deemed to be necessary; and to hold informal hearings at a time and place designated by the chairman upon reasonable notice to the consumer and the seedsman.

(c) Any investigation made by less than the entire membership of the council shall be made by authority of a written directive by the chairman and the investigation shall be summarized in writing and considered by the council in its findings and in making its recommendations.

(d) If the council holds an informal hearing to allow each party an opportunity to present their side of the dispute, attorneys may be present at the hearings to confer with their clients. However, no attorney may participate directly in the proceedings.

(4) A majority of the six-member council shall constitute a quorum and action by a majority of a quorum shall be the official act of the council.

(5) The commissioner may issue subpoenas to require the attendance of witnesses and the production of documents. Any court of general jurisdiction in this state may enforce compliance with such subpoenas.

(6) The deliberations of the council at which the merits of a seed arbitration claim are under consideration shall not be subject to Section 25-41-1 et seq.

(7) The members of the council shall receive no compensation for the performance of their duties but shall be reimbursed for travel expenses in the manner and amount provided in Section 25-3-41, Mississippi Code of 1972.

(8) In lieu of a hearing by the council, informal hearings for arbitration may be conducted by an independent arbitrator appointed by the commissioner. The consumer filing a complaint or the seedsmen named in the complaint may request arbitration by an independent arbitrator. When a request is made, both parties shall be notified and consent to arbitration by an independent arbitrator. The commissioner shall appoint the arbitrator from a list of six (6) persons who shall be qualified to conduct arbitration proceedings. The commissioner shall publish the lists of qualified arbitrations every other year. The arbitrator appointed by the commissioner shall conduct all proceedings and hearings as provided in Section 69-3-20 and applicable rules and regulations and shall report the findings and recommendations to the commissioner.

found to be in violation of any of the provisions of this article until the law has been complied with and said violation otherwise legally disposed of. The inspectors of the state department of agriculture and commerce shall have power to enforce this section.

§ 69-3-22. Procedure for complaint before council.

(1) As a prerequisite to filing a cause of action in court against a seedsman, a consumer who is damaged by the failure of agricultural, vegetable, flower or forest tree seed to properly produce or perform, as represented by the label or labeling whether related to specific representations on the label, other information on the seed container or conditions attributed to the quality of the seed, shall make a sworn complaint against such seedsman alleging damages sustained. The complaint shall be accompanied by documentation from a recognized professional verifying that there is a connection between the seed and the performance or production problem. The complaint shall be filed with the department and the department shall send a copy of the complaint to the seedsman by certified mail, within such time as to permit inspection of the crops, plants or trees by the seed arbitration council or its representatives and by the seedsman from whom the seed was purchased.

(2) Language setting forth the requirement for filing and serving the complaint shall be legibly typed or printed on the seed packages or the analysis label attached to the package containing such seed at the time of purchase by the consumer as follows:

“NOTICE: As a prerequisite to maintaining a legal action based upon the failure of seed to which this label is attached to properly produce or perform, as represented by the label or labeling, a consumer shall file a sworn complaint with the Commissioner of Agriculture and Commerce within such time as to permit inspection of the crops, plants or trees.”

§ 69-3-29. Administrative procedures; evidentiary hearings.

(1) When a written complaint is made against a person for violation of this article, or any of the rules or regulations, the commissioner, or his designee,

shall conduct a full evidentiary hearing. The complaint shall be in writing and shall be filed in the office of the department. The commissioner shall serve the accused with a copy of the complaint and a summons by any of the methods set forth in Rule 4 of the Mississippi Rules of Civil Procedure or by certified mail. Within thirty (30) days after receipt of the summons and a copy of the complaint, the accused shall file a written answer with the department. Upon receipt of the written answer of the accused, the matter shall be set for hearing before the commissioner within a reasonable time. If the accused fails to file an answer within the thirty (30) days, the commissioner may enter an order by default against the accused. The commissioner may issue subpoenas to require the attendance of witnesses and the production of documents. Compliance with the subpoenas may be enforced by any court of general jurisdiction in this state. The testimony of witnesses shall be upon oath or affirmation, and they shall be subject to cross-examination. The proceedings shall be recorded. If the commissioner determines that the complaint lacks merit, he may dismiss same. If he finds that there is substantial evidence showing that a violation has occurred, he may impose any or all of the following penalties upon the accused: (a) levy a civil penalty in the amount of no more than Five Thousand Dollars (\$5,000.00) for each violation; (b) revoke or suspend any license or permit issued to the accused under the terms of this article; (c) issue a stop sale order; (d) require the accused to relabel a lot of seed that he is offering or exposing for sale which is not labeled in accordance with this article; or (e) seize any lot of seed that is not in compliance with this article and destroy, sell or otherwise dispose of the seed and apply the proceeds of the sale to the costs and civil penalties levied with the balance to be paid to the accused. The decision of the commissioner, or his designee, shall be in writing, and it shall be delivered to the accused by certified mail.

(2) Either the accused or the department may appeal the decision of the commissioner to the circuit court of the county of residence of the accused or, if the accused is a nonresident of the State of Mississippi, to the Circuit Court of the First Judicial District of Hinds County, Mississippi. The appellant shall have the record transcribed and file it with the circuit court. The appeal shall otherwise be governed by all applicable laws and rules affecting appeals to circuit court. If no appeal is perfected within the required time, the decision of the commissioner shall then become final.

(3) The decision of the circuit court may then be appealed by either party to the Mississippi Supreme Court in accordance with the existing law and rules affecting such appeals.

(4) When any violation of this article, or the rules and regulations occurs, or is about to occur, that presents a clear and present danger to the public health, safety or welfare requiring immediate action, any of the department's field inspectors, and any other persons authorized by the commissioner may issue an order to be effective immediately before notice and a hearing that imposes any or all of the following penalties against the accused: (a) issue a stop sale order; (b) require the accused to relabel a lot of seed that he is offering or exposing for sale and which is not labeled in accordance with this article; or

(c) seize any lot of seed that is not in compliance with this article and destroy, sell or otherwise dispose of the seed and apply the proceeds of the sale to the cost and any civil penalties levied with the balance to be paid to the accused. The order shall be served upon the accused in the same manner that the summons and complaint may be served upon him. The accused shall then have thirty (30) days after service of the order upon him within which to request an informal administrative review before the Director of the Bureau of Plant Industry in the department, or his designee, who shall act as reviewing officer. If the accused makes a timely request, the reviewing officer shall conduct an informal administrative review within ten (10) days after the request is made. If the accused does not request an informal administrative review within the thirty (30) days, then he will be deemed to have waived his right to the review. At the informal administrative review, subpoena power shall not be available, witnesses shall not be sworn nor be subject to cross-examination and there shall be no court reporter or record made of the proceedings. Each party may present its case in the form of documents, oral statements or any other method. The rules of evidence shall not apply. The reviewing officer's decision shall be in writing, and it shall be delivered to the parties by certified mail. If either party is aggrieved by the order of the reviewing officer, he may appeal to the commissioner for a full evidentiary hearing in accordance with the procedures in subsection (1) of this section, except that there shall be no requirement for a written complaint or answer to be filed by the parties. The appeal shall be perfected by filing a notice of appeal with the commissioner within thirty (30) days after the order of the reviewing officer is served on the appealing party. The hearing before the commissioner, or his designee, shall be held within a reasonable time after the appeal has been perfected. Failure to perfect an appeal within the allotted time shall be deemed a waiver of such right.

(5) The procedures described herein shall not apply to seed arbitration claims which are described in Section 69-3-19, as such claims shall be governed by the procedures set forth in that statute.

ATTORNEY GENERAL OPINIONS

Based upon a factual situation presented regarding a typical grower/processor contract, a processor engaged in a grower/processor contract for the production of broilers or laying hens is required to obtain a license from the Department of Agriculture and Commerce as set forth in the statute. Spell, Jr., May 8, 2000, A.G. Op. #2000-0210.

A processor raising broilers or laying hens on his own land, paying all the costs of raising the birds, and employing a grower by way of a salary (thus making the grower an employee of the processor) is not required to be licensed with the Department of Agriculture and Commerce under the statute. Spell, Jr., May 8, 2000, A.G. Op. #2000-0210.

For any subsequent offense, the license may be suspended for any period, or may be revoked. Such disciplinary action shall be the result of not less than board action. Any person against whom such disciplinary action has been taken may apply to the board for a hearing in order to show cause why the disciplinary action shall not be taken. Such petition for a hearing shall act as supersedeas of the disciplinary action until such time as the board shall give the applicant an opportunity for a hearing; provided, however, that if such hearing is granted and any continuation or delay is the result of the action of the applicant, the supersedeas shall not continue past the date set by the board for such hearing.

Application for reinstatement of a revoked license may be made upon expiration of the period of revocation or if permanently revoked, then after twelve (12) months from date of said revocation. § 69-7-602. Legislative findings.

The Legislature finds that aquaculture sales and consumption have increased worldwide and that the use of antibiotics or chemicals not approved for use in food-producing animals in the United States is permitted in aquaculture in other countries and that consumers of aquaculture in Missis-

issippi should be provided clear information as to where the aquaculture product originates from to protect the health and welfare of Mississippi consumers; and the Legislature also finds that food-misrepresentation or the passing off of less expensive aquaculture products as pricier aquaculture products to unknowing customers and retailers has become an issue in the marketplace and is a deceitful practice used on consumers and retailers alike and that consumers and retailers should be informed of the country and species of fish.

§ 69-7-607. Labeling of catfish products; notice of country of origin; method of notification; record-keeping audit trail; commissioner authorized to inspect businesses for compliance; exceptions.

(1) Notice of country of origin.

(a) General requirements:

(i) All retailers of catfish products shall inform consumers, at the final point of sale of the catfish to the consumers, of the country of origin of the catfish;

(ii) United States country of origin. A retailer of catfish products may designate the catfish as having a United States country of origin only if:

1. In case of "Farm-raised Catfish," it is hatched, raised, harvested and processed in the United States;

2. In case of "River or Lake Catfish," it is:

a. Harvested in waters of the United States, a territory of the United States or a state, including the waters thereof; and

b. Processed in the United States, a territory of the United States or a state, including the waters thereof.

(iii) Farm-raised and River or Lake Catfish. The notice of country of origin for "Farm-raised Catfish" and "River or Lake Catfish" shall distinguish between "Farm-raised Catfish" and "River or Lake Catfish."

(b) Method of notification.

(i) Retailers.

1. The information required by paragraph (a) of subsection (1) of this section may be provided to consumers by means of a label, stamp, mark, placard or other clear and visible sign on the catfish or on the package, display, holding unit or bin containing the catfish at the final point of sale to consumers.

2. If the catfish is already individually labeled for retail sale regarding country of origin, the retailer shall not be required to provide any additional information to comply with this section.

(ii) Food service establishments. The information required by paragraph (a) of subsection (1) of this section shall be provided to the consumer on the menu of the food service establishment. For foreign or imported catfish, the information shall be adjacent to the item on the menu and printed in the same font style and size as the item. If the food service establishment offers for sale only catfish having a United States country of origin, then the food service establishment may generally disclose this in a prominent location in the food service establishment in lieu of disclosure on the menu. The signage disclosing the sale of catfish having a United States country of origin, that is to be placed in a prominent location in the food service establishment, shall be approved, as indicated by a stamp or seal, by the Mississippi Department of Agriculture and Commerce, which shall be held harmless in a cause of action for a retail or food service establishment's failure to disclose or fraudulent disclosure. Any liability

arising from failure to disclose country of origin shall remain with the wholesaler and the retail or food service establishment.

(c) The commissioner may require that any person that prepares, stores, handles or distributes catfish for retail sale maintain a verifiable record-keeping audit trail that permits the commissioner to verify compliance with this law and any regulations promulgated hereunder.

Joint Legislative Committee Note — Pursuant to Section 1-1-109, the Joint Legislative Committee on Compilation, Revision and Publication of Legislation corrected an error in (1)(b)(ii), inserting the words “to disclose” after the word “failure” so that “food service establishment’s failure or fraudulent disclosure” will read as “food service establishment’s failure to disclose or fraudulent disclosure,” in the next-to-last sentence. The Joint Committee ratified the correction at its August 5, 2008, meeting.

(1) When a complaint is made against a person for violation of any of the provisions of this article, or any of the rules or regulations promulgated hereunder, the Director of the Regulatory Division of the Mississippi Department of Agriculture and Commerce, or his designee, shall act as reviewing officer. The complaint shall be filed with the Mississippi Department of Agriculture and Commerce. The reviewing officer shall cause to be delivered to the accused, in the manner described herein, a copy of the complaint and any supporting documents along with a summons requiring the accused to respond to the allegations within thirty (30) days after service of the summons and complaint upon the accused. The accused shall file with the department a written response to the complaint and any supporting documents within the thirty-day period. The accused may be notified by serving a copy of the summons and complaint on the accused or any of his officers, agents or employees by personal service or by certified mail. Upon the expiration of the thirty-day period, the reviewing officer shall review the complaint, the written response of the accused, if any, and all supporting documents offered by the parties in support of their respective positions. The reviewing officer's decision shall be based solely on the documents provided by the parties. If the reviewing officer determines that the complaint lacks merit, he may dismiss the complaint. If he finds that there are reasonable grounds showing that a violation of the statutes or regulations has been committed, he may impose any or all of the following penalties upon the accused: (a) levy a civil penalty in the amount of no more than One Thousand Dollars (\$1,000.00) for each violation; (b) issue a stop-sale order; (c) require the accused to relabel any fish that he is offering for sale and which is not labeled in accordance with the provisions of this article; or (d) seize any fish that is not in compliance with this article, and destroy, sell or otherwise dispose of the fish, and apply the proceeds of any such sale to the costs herein and any civil penalties levied, with the balance to be paid to the accused. The reviewing officer's decision shall be in writing, and it shall be delivered to the accused by any of the methods described herein for service of the summons and complaint on the accused.

(2) Either the accused or the department may appeal the decision of the reviewing officer to the Commissioner of Agriculture and Commerce by filing a notice of appeal with the department within thirty (30) days of receipt of the reviewing officer's decision. If no appeal is taken from the order of the reviewing officer within the allotted time, the order shall then become final. In the event of an appeal, the commissioner, or his designee, shall conduct a full evidentiary hearing relative to the charges. The commissioner may issue subpoenas to require the attendance of witnesses and the production of documents. Compliance with such subpoenas may be enforced by any court of general jurisdiction in this state. The testimony of witnesses shall be upon oath

or affirmation, and they shall be subject to cross-examination. The proceedings shall be recorded by a court reporter. The commissioner shall have all the powers of the reviewing officer described herein, and the commissioner may affirm, reverse or modify the order of the reviewing officer. The commissioner's decision shall be in writing, and it shall be delivered to the parties in the same manner that the summons and complaint may be served upon the accused.

(3) Either the accused or the department may appeal the decision of the commissioner to the circuit court of the county of residence of the accused, or if the accused is a nonresident of the State of Mississippi, to the Circuit Court of the First Judicial District of Hinds County, Mississippi. The appellant has the obligation of having the record transcribed and filed with the circuit court. The appeal shall otherwise be governed by all applicable laws and rules affecting appeals to the circuit court. If no appeal is perfected within the required time, the decision of the commissioner, or his designee, shall then become final.

(4) The decision of the circuit court may then be appealed by either party to the Mississippi Supreme Court in accordance with the existing laws and rules affecting such appeals.

(5) Where any violation of this article, or the rules and regulations promulgated hereunder, occurs, or is about to occur, that presents a clear and present danger to the public health, safety or welfare requiring immediate action, any of the department's field inspectors and any other persons authorized by the commissioner, may issue an order to be effective immediately, before notice and a hearing, that imposes any or all of the penalties described herein against the accused. The order shall be served upon the accused in the same manner that the summons and complaint may be served upon him. The accused shall then have thirty (30) days after service of the order upon him within which to request an informal administrative review before the reviewing officer, or his designee, as described herein. The accused shall include within his request all documents that support his position. The department may also submit any documents that support its position. If the accused makes such a request within such time, the reviewing officer, or his designee, shall review the documents provided by the parties and render a written decision within thirty (30) days after such request is made. The application forms shall be prepared by the Department of Agriculture and Commerce and shall be available at the first point of sale. All such applications shall be processed and refunds paid by the Department of Agriculture and Commerce within sixty (60) days after the funds have been received by the department. Each marketing agency shall be furnished a poster to be displayed in a prominent place, stating that refunds are available and forms to be used, including self-addressed envelopes, are available at its office.

(2) The assessment imposed and levied by this section shall be payable to and collected by the Department of Agriculture and Commerce, hereafter referred to as "the department," from the purchaser of such soybeans at the first point of sale or from the Commodity Credit Corporation as provided in

subsection (1) of this section. Such records shall be in such form and contain such other information as the department shall by rule or regulation prescribe. The records shall be preserved by the purchaser for a period of two (2) years and shall be offered for inspection at any time upon oral or written demand by the department or any duly authorized agent or representative thereof. Every purchaser or the Commodity Credit Corporation, at such time or times as the department may require, shall submit reports or other documentary information deemed necessary for the efficient and equitable collection of the assessment imposed in this chapter. § 69-10-5. Assessment on rice grown in state; rice promotion fund; records and reports.

Such assessment shall be deducted by the purchaser from the amount paid the producer at the first point of sale, whether within or without the state. Assessments on rice put under loan to the Commodity Credit Corporation or purchased by the Commodity Credit Corporation and delivered to it shall be payable when such rice is placed under loan or is purchased. The Commodity Credit Corporation may require deduction and payment of the assessment from the loan proceeds or from the purchase price on the behalf of the producer. Assessments on rice put under loan to the Commodity Credit Corporation and redeemed by the producer before the takeover date, if already paid by having been deducted from the loan proceeds shall not be deducted by each miller or handler from the amount paid the producer at the first point of sale as provided in this section; otherwise, the assessment shall be deducted.

(2) The assessment imposed and levied by this section shall be payable to and collected by the Mississippi Department of Agriculture and Commerce,

hereafter referred to as “the department,” from the purchaser of such rice at the first point of sale or from the Commodity Credit Corporation as provided in subsection (1) of this section. The department shall pay over to the Mississippi Rice Promotion Fund the funds collected, less an amount not to exceed three and one-half percent (3-½%) of the gross amount collected. The amount withheld by the department must be approved by the Mississippi Rice Promotion Board by July 1 of each year. The payments to the Mississippi Rice Promotion Board shall be accompanied by a complete report of all funds collected and disbursed.

(4) Each purchaser or the Commodity Credit Corporation shall keep a complete and accurate record of all rice handled by him and shall furnish each producer with a signed sales slip showing the number of bushels purchased from him and the amount deducted by him for the Mississippi Rice Promotion Fund. Such records shall be in such form and contain such other information as the department shall by rule or regulation prescribe. The records shall be preserved by the purchaser for a period of two (2) years and shall be offered for inspection at any time upon oral or written demand by the department or any duly authorized agent or representative thereof. Every purchaser or the Commodity Credit Corporation, at such time or times as the commissioner of the department may require, shall submit reports or other documentary information deemed necessary for the efficient and equitable collection of the assessment imposed in this chapter. The department shall have the power to cause any duly authorized agent or representative to enter upon the premises of any purchaser of rice and examine or cause to be examined by such agent, only books, papers and records which deal in any way with respect to the payment of the assessment or enforcement of the provisions of this chapter.

§ 69-11-1. Declaration of purpose.

The purpose of this chapter is to eradicate and prevent the spread of contagious and infectious diseases of swine in the State of Mississippi through preventative methods based upon recommendations of leading veterinary medical authorities and animal disease research scientists to the effect that raw garbage keeps causative virus alive and the feeding of such garbage causes the spread of several contagious, infectious and deadly diseases of swine. Chief among these is hog cholera which is known to be spread among swine through the feeding of raw garbage. Trichinella infection in human population, foot and mouth disease, swine erysipelas, African swine fever, tuberculosis, brucellosis and other human and animal diseases have been associated with the feeding of garbage to swine. Since the production of swine is of great economic importance not only to the farmers of Mississippi but to the general economy of the state, it is deemed for the best interest and advancement of the agricultural economy and the general welfare of the State of Mississippi to prohibit the commercial feeding of garbage to swine from and after July 1, 1972.

statewide stock law, then sixty days after said election the provisions thereof shall not apply to or be in force in said county, outside of the municipalities thereof, except in its application to hogs or swine, which shall not be permitted in any event to run at large in any county of this state.

In the event a county has heretofore elected to come out from under the stock law, no less than five years after such election, upon the petition of twenty percent of the qualified electors of any such county outside the municipalities thereof, the board of supervisors shall call an election to be held within sixty days after the filing of such petition to vote upon the question of whether or not the provisions of the statewide stock law shall apply in that county outside the municipalities. If a majority of the qualified electors of such county, outside of the municipalities thereof, voting in said election, shall favor the statewide stock law, then sixty days after said election the provisions of the statewide stock law shall apply in that county outside the municipalities. If the majority of those voting in the election vote against the statewide stock law, the provisions of the statewide stock law shall continue to be inapplicable to such county outside municipalities. No election on the same question may be held more often than once every two years.

• JUDICIAL DECISIONS

1. In general.

Where the statewide stock law is in full force, the owner of livestock is required to keep them under a safe enclosure of his own, without regard to whether or not other land owners in the stock law district have a sufficient fence, or any fence at all, around their crops. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

In a stockowner's replevin action wherein defendant cross claimed for damages for trespass, the plaintiff was liable for such damages as the defendant could prove within a reasonable degree of certainty as resulting to his fences, pasture or oat crop by reason of the running of the plaintiff's cattle, and the disturbing of the defendant's cattle in the execution of the writ of replevin. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

Neither this section nor Code 1942, § 4871, was enacted for the purpose of

protecting motorists upon the public highways from personal injury or property damage caused by collision with domestic animals straying onto the highway, but for the purpose of protecting agricultural crops in stock law areas from the ravages of straying livestock. *Penny v. Alexander*, 229 Miss. 704, 91 So. 2d 728, 59 A.L.R.2d 1321 (1957).

It is enough that the presence and actions of dogs and chickens create nuisance, and it is immaterial that such are not included with the terms of this section. *White v. Lewis*, 213 Miss. 686, 57 So. 2d 497 (1952).

It is within the constitutional power of the legislature to enact laws so as to prevent animals from running at large, and to require them to be confined within safe inclosures. *Bonnett v. Brown*, 155 Miss. 833, 125 So. 427 (1930).

In an action against railroad company for killing a mule where the company's liability was questioned by the jury, a stock ordinance in force in the city has no

application to defendant's liability. *O'Kelly v. Yazoo & Miss. V.R. Co.*, 94 Miss. 635, 47 So. 660 (1908).

ATTORNEY GENERAL OPINIONS

Section 69-13-1 of the general stock laws mandates that all livestock owners "keep such livestock confined in a safe inclosure or upon lands belonging to such

person." The presence of a cattle gap does not serve to legally create an "open range" or remove this obligation. *Caldwell*, August 9, 1996, A.G. Op. #96-0425.

§ 69-13-3. Election; ballots.

The board of supervisors shall provide for the holding of elections under the provisions of this article in the same manner as now provided by law for holding special elections in the county and the ballots for such election shall have written or printed upon them the following:

"For State-Wide Stock Law _____

Against State-Wide Stock Law _____ "

But the result of said election in any county shall in no wise affect the operation of the state-wide stock law in so far as it relates to hogs. When an election has been held in any county, then no other election shall be held in that county within twelve months.

§ 69-13-5. Counties; excepted.

The provisions of this article as to holding elections as provided in Section 69-13-1, shall not apply in any county where or in which more than one-fourth of the total number of acres of land in such county, according to the federal farm census of 1930, are in actual cultivation, that is to say that in all counties in the state in which one-fourth of the land is in cultivation, according to the federal farm census of 1930, the provisions of the state-wide stock law shall be and remain in full force and effect.

§ 69-13-7. Fences.

If two or more adjoining counties shall at an election called pursuant to Section 69-13-1, vote against the state-wide stock law, then in such case, no

fence or other barrier along the boundary lines of such county shall be necessary. However, in the event that two or more counties shall at such an election vote against the state-wide stock law, but an adjoining county or counties shall elect to remain under the provisions of the state-wide stock law, then the county or counties voting against the state-wide stock law shall, at its or their own proper cost and expense, before the provisions hereof shall become effective in such county or counties, build and erect and maintain along the line or lines of such counties a good and substantial fence or other sufficient barrier to prevent the intrusion of all such livestock mentioned in Section 69-13-1 as are permitted by the provisions of said section in such county or counties voting against the state-wide stock law, over, on, and upon the territory of the county or counties remaining under the provisions of the state-wide stock law. The fence herein provided shall be a fence satisfactory to and prescribed by the board of animal health, but no cattle guard or other obstruction shall be constructed or placed on any state highway. However, any infested county must provide watchmen night and day at such points to prevent cattle from passing through the gap where county fences would cross state highways.

§ 69-13-9. Lawful fence in open range counties defined.

In open range counties all fences four feet high, in good repair, and substantially and closely built with rails, planks, pickets, hedges or other substantial material, or with wires or wires and plank are lawful fences; and lawful fences may be made by raising the ground into a ridge and erecting thereon a fence of rails, planks, pickets, hedges, wires, or planks and wires, or other substantial material so that the ridge and fence together be four feet high, and such material so used shall not be more than six inches apart.

§ 69-13-11. Stock law districts in counties with sea walls.

In counties in the State of Mississippi wherein sea walls or similar structures are constructed and maintained by the county, and in which there are two or more municipalities, each of which have ten thousand inhabitants or more, the board of supervisors in such counties may, by ordinance, create a stock law district of such area adjoining such sea wall or structure as such board may determine and adjudicate, not to extend more than one mile from such sea wall. The ordinance which may be so adopted by the board of supervisors creating such a stock law district may prohibit live stock such as cattle, horses, mules, jacks, jennets, sheep, goats, or hogs, running at large within the territory so designated as the stock law district, and such ordinance so adopted by the board of supervisors shall provide the method in which such stock law may be enforced in said district, and the penalty for the violation

thereof, shall be in accordance with the provisions of the general statewide stock law.

The board of supervisors is hereby authorized and empowered to accept donations, grants or gifts from any private individual, corporation or organization, for the purpose of building and constructing fence or fences as necessary to protect such area.

If any county in the State of Mississippi by vote comes from under the provisions of the present state-wide stock law, and said county thereafter becomes tick infested, all expenditures in connection with the tick eradication in said county or tick infested area or areas, must be paid from the funds of said county, except the salary and expenses of the state officers and agents. Furthermore, any county that comes from under the state-wide stock law under the provisions of Sections 69-13-1 through 69-13-27 and becomes infested with the Texas fever tick, the same shall, on complaint of the board of animal health, go back under the provisions of the state-wide stock law.

§ 69-13-15. Stock taken up; what done.

Any livestock as referred to in Section 69-13-1, found running at large upon the lands of any other person than the owner or custodian of such stock, may be taken up by any sheriff, constable, marshal, or other peace officer of the state within his territorial jurisdiction, and confined within a safe enclosure. If such animal, or animals, taken up be infested with, or exposed to Texas fever tick, they may be dipped by such officers, or persons, having such animal, or animals, so confined, until said livestock are free from infestation, and said dipping shall be under the rules and regulations prescribed by the board of animal health as near as possible. And the charges for so taking up and confining, together with any damage done by said stock, if any, shall be a special, first and paramount lien upon said livestock, and unless same are paid by the owner, or persons having such livestock under his control, when so notified, such livestock shall be sold as estrays, and the cost of taking up and confining, and damages, if any, together with other costs and expenses, shall first be deducted, and the balance, if any, shall be paid to the owner, or person having such livestock under his control, and the officer, or person, taking up

such livestock, in addition to all other charges as now allowed by law, shall receive 50 cents per head for each dipping of each animal infested with or exposed to fever tick.

JUDICIAL DECISIONS

1. In general.

The owner of lands was entitled to equitable relief by way of permanent injunction against the repeated and continuous trespassing of defendant's stock roaming at large and was not relegated to the statutory remedy of taking up the stock and making a charge therefor; such rem-

edy was wholly inadequate to protect her against such repeated and continuous trespasses, notwithstanding an alleged custom established in the neighborhood of permitting stock to roam at large on the open range. *Rosenblatt v. Escher*, 184 Miss. 274, 185 So. 551 (1939).

§ 69-13-17. Any person may take up stock.

Any such livestock as referred to in Section 69-13-1 may be taken up and confined by any person upon whose land such animal, or animals, may have entered or may be found, such person not having consented for the animal, or animals, to run at large on such land, and when so taken up shall be dealt with as estrays. For taking up any animal the person so taking the animal up shall be allowed Ten Dollars (\$10.00) per head for each animal so taken up, but in no case shall he be entitled to receive more than Fifty Dollars (\$50.00) for stock taken up at any one time. JUDICIAL DECISIONS

1. In general.

In replevin action to recover cattle which had been taken up by defendant for straying onto his land, wherein defendant made cross-demand for damages to oat

crop and land, and for taking up, caring and feeding the cattle, allowance of double damages for taking up, caring and feeding the cattle was erroneous. *Calcote v. May*, 207 Miss. 547, 42 So. 2d 742 (1949).

§ 69-13-19. Owner liable for damages.

Every owner of livestock referred to in Section 69-13-1 shall be liable for damages for all injuries and trespasses committed by such animals by breaking and entering into or upon the lands, grounds, or premises of another person; and the person injured shall have a lien upon the animal, or animals, trespassing for all such damage. The damages for such trespass shall not be less than Ten Dollars (\$10.00) for each horse, cow or hog, and Five Dollars (\$5.00) for each of the other kinds of stock; and for every succeeding offense, after the owner has been notified of the first trespass or injury, double damages shall be recovered with costs. For breaking or entering into a pasture or waste ground, however, double damage shall not be recoverable, and the damages in such cases may be assessed as low as Eight Dollars (\$8.00) for each horse, cow or hog and Two Dollars (\$2.00) for each of the other kinds of livestock.

JUDICIAL DECISIONS

1. In general.
2. Roadways.

1. In general.

The statutory guide to damages set forth in § 69-13-19 for loss of crops as a result of trespass of livestock is not the maximum amount of damages allowed but it is the minimum. *Stephens v. Brock*, 568 So. 2d 702 (Miss. 1990).

Where defendant cross claimed for damages for trespass in a stockowner's replevin action, the stockowner was liable for such damages as the defendant could prove within a reasonable degree of certainty as resulting to his fences, pasture or oat crop by reason of the running of the plaintiff's cattle, and the disturbing of the defendant's cattle in the execution of the writ of replevin. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

In a stock owner's replevin action wherein defendant counterclaimed for

damages caused by trespassing, an instruction which might have misled the jury to believe that they were authorized to assess the plaintiff with the value of his own cattle in addition to, and as a part of, the allowance to defendant of damages, was error, since defendants were only entitled to have their lien established against the cattle for the amount of actual damages sustained by them by reason of the trespassing of the plaintiff's cattle upon their land, fences and crops, the amount of which should be proved with a reasonable degree of certainty as a proximate result of the fault of the plaintiff. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

In a stock owner's replevin action wherein landowner counterclaimed for damages caused by the trespassing cattle, the landowner was not entitled to any damage caused after the stock owner offered to remove his cattle and was pre-

vented by the landowner from doing so, or refrained from doing so because of the strenuous objection of the landowner. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

Double damages were not allowable under this section where stockowner's cattle had entered upon and grazed upon a portion of an oat field which was planted for and used only as a pasture for cattle belonging to landowner and others, and an instruction, authorizing the assessment of such damages if the jury found there had been, to the knowledge of the stockowner, former trespasses, was erroneous. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

The liability of owner of livestock trespassing upon the lands of another in a stock law district for the actual damages caused by the trespassing cattle is absolute. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

In replevin action to recover cattle which defendant had taken up when they strayed onto his land, wherein defendant made a cross-demand for damages to oat crop and land, and for taking up, caring and feeding the cattle, charges for taking up the cattle and their care and feeding are not subject to double damages. *Calcote v. May*, 207 Miss. 547, 42 So. 2d 742 (1949).

Owner of trespassing stock is absolutely liable for damages done by them to the crops of others and questions of due care and negligence in confining stock are eliminated. *Minor v. Dockery*, 125 Miss. 727, 88 So. 321 (1921).

It was reversible error to instruct the jury that before plaintiff can recover, the hogs of defendant must have done all the damage sued for. *Merrill v. Dockery*, 124 Miss. 41, 86 So. 709 (1921).

The common law which requires the owner of stock to keep them from tres-

passing upon the land of others has no application here; but the whole subject is under the control and power of the legislature and it may, without violating any legal rights, require an owner to so confine his stock as to keep them off the land of others. *Anderson v. Locke*, 64 Miss. 283, 1 So. 251 (1887).

If an act of legislature against stock running at large authorize stock trespassing to be taken up and carried to the nearest justice of the peace, to be sold by him after due notice given, the fact that the justice, in any given case is father-in-law of the party on whose land the cattle have been trespassing does not render him incompetent to perform such act, since it is not judicial in its character. *Anderson v. Locke*, 64 Miss. 283, 1 So. 251 (1887).

If one allow the stock of a stranger to mingle with his own and trespass on another, he is "owner" pro hac vice, and liable for the damages done by all the stock. *Montgomery v. Handy*, 62 Miss. 16 (1884).

The common inclosure remains until one party has entirely segregated his lands from the others by a lawful fence. *Montgomery v. Handy*, 62 Miss. 16 (1884).

To constitute a common inclosure, the fence surrounding it need not be a lawful fence. *Montgomery v. Handy*, 62 Miss. 16 (1884).

2. Roadways.

Neither Code 1942, § 4864, nor this section was enacted for the purpose of protecting motorists upon the public highways from personal injury or property damage caused by collision with domestic animals straying onto the highway, but for the purpose of protecting agricultural crops in stock law areas from the ravages of straying livestock. *Pennyman v. Alexander*, 229 Miss. 704, 91 So. 2d 728, 59 A.L.R.2d 1321 (1957).

The person taking up an animal trespassing, after two days may begin his action to recover damages and charges and to enforce his lien, by filing a bill of particulars of his damages, together with a description of the animal on which the lien is claimed, with a justice of the peace, if his claim does not exceed two hundred dollars; and the justice shall issue a summons for the owner or person entitled to the custody, returnable instanter at such place as he shall designate; and if the animal be not in the custody of the plaintiff, the justice may issue a writ commanding the officer to seize the animal. The summons being executed and returned, the justice shall proceed as in other suits. If the justice finds in favor of the plaintiff, he will assess the damages and charges and enter judgment accordingly, and direct the animal to be sold to satisfy the judgment; and if the animal be not in custody of the plaintiff or officer the order for sale may embrace a command to levy upon it.

JUDICIAL DECISIONS

1. In general.

In a stockowner's replevin action wherein defendant cross-claimed for damages for trespass, the plaintiff was liable for such damages as the defendant could prove within a reasonable degree of certainty as resulting to his fences, pasture or oat crop by reason of the running of the plaintiff's cattle, and the disturbing of the defendant's cattle in the execution of the writ of replevin. *Galloway v. Brown*, 230 Miss. 471, 93 So. 2d 459 (1957).

The surety, although he may in a proper case assert nonliability thereunder by contesting his original liability or asserting discharge, is not properly a party to the action of replevin, and must cede to his principal the responsibility of a defense upon the merits. *Calcote v. May*, 207 Miss. 547, 42 So. 2d 742 (1949).

Surety on possessory bond in replevin suit under this section may not draw upon either the forbearance of the defendant or the neglect of the plaintiff to avoid a liability upon the bond which was evidently satisfactory to both. *Calcote v. May*, 207 Miss. 547, 42 So. 2d 742 (1949).

Surety on replevin bond could not contend that no judgment could be allowed against him because the bond was ineffectual on the ground that statute required at least two individual sureties. *Calcote v. May*, 207 Miss. 547, 42 So. 2d 742 (1949).

Surety on replevin bond is not entitled to notice of the fact of loss of the replevin bond and proceedings for its substitution or re-establishment under §§ 766, 767, Code of 1942. *Calcote v. May*, 207 Miss. 547, 42 So. 2d 742 (1949).

The commissioner of public safety shall be placed in charge of and be responsible for the taking up and impounding of livestock found on the highways or highway right-of-ways described in Section 69-13-101. The commissioner of public safety is authorized, in his discretion, to secure the services of any person or persons residing in the respective counties of the state where he deems it necessary or advisable, other than an elected county officer, who shall assist the highway safety patrol in taking up such loose livestock and impounding the same in a private enclosure, which the private individual provides, without any cost to the state, such an individual being paid solely from the fees and assessments hereinafter provided against any such livestock. The commissioner of public safety, in the alternative, may require that such livestock be impounded in an enclosure, in the event the board of supervisors of that county has provided such an enclosure for that purpose.

A private individual hired by the commissioner of public safety to pick up loose livestock may not pick up such livestock off the highways and highway right-of-ways unless a state highway patrolman, or a sheriff or his deputy, or a constable, or some other law enforcement officer is present at the time such livestock is picked up.

The board of supervisors of each county within the State of Mississippi may, in its discretion, make provision for the care of animals so taken up and impounded under the provisions of this article and all county officers and law enforcement officers are directed to give full cooperation to the highway safety patrol in carrying out the provisions of this article.

JUDICIAL DECISIONS

1. In general.
2. Applicability.
3. Lack of negligence.

1. In general.

The language of § 69-13-111 stating that the “burden shall be on the owner of any such livestock to prove lack of negligence” applies to both the act and proximate cause elements of a negligence claim, so that the statute creates a presumption that the owner of stray livestock is negligent in his or her confinement of the animal, and also creates a presumption of proximate causation; the presumption does not create a case of absolute liability, but simply makes a prima facie case of negligence to the extent that the defendant is then called upon to meet it with an explanation. *Carpenter v. Nobile*, 620 So. 2d 961 (Miss. 1993).

In the absence of evidence of negligence in the maintenance of his fences on the part of the owner of a calf, he was not liable in damages to a motorist whose car collided with the animal on a public highway. *Hartford Ins. Group v. Massey*, 216 So. 2d 415 (Miss. 1968).

Proof by a truck owner that his vehicle was damaged as result of a collision between the truck and a bull belonging to defendants, and that the collision took place on a state-designated, paved highway established a prima facie case for liability under this section. *Hagger v. Self*, 254 Miss. 508, 183 So. 2d 175 (1966).

Evidence that a bull which damaged a truck on a public highway made its escape by pushing a four-strand barbed wire fence to the ground met the owners’ bur-

den that the escape of the animal had been without negligence on their part. *Hagger v. Self*, 254 Miss. 508, 183 So. 2d 175 (1966).

The owner of livestock straying onto highway and there causing damage has the burden of proving absence of negligence. *National Dairy Prods. Corp. v. Jumper*, 241 Miss. 339, 130 So. 2d 922 (1961).

2. Applicability.

In a case for damages arising from a collision between a driver and a bull, while the statute created a presumption of negligence against the owner of livestock involved in an accident on a highway, it did not necessarily preclude a finding of negligence against a keeper of an animal who exercised control over the animal. *McMillan v. Rodriguez*, 823 So. 2d 1173 (Miss. 2002).

This section did not apply to an accident involving a motor vehicle and a cow which occurred on a county road. *Barrett v. Parker*, 72 So. 2d 182 (Miss. 2000).

3. Lack of negligence.

In an action arising out of an accident involving the plaintiff’s car and the defendant’s bull, the court properly gave a peremptory instruction in favor of the defendant where the plaintiff presented no evidence demonstrating that the defendant was negligent in the construction or maintenance of the fence around the field from which the bull escaped and the defendant presented extensive evidence pertaining to the construction and maintenance of the fence. *Harris v. Penn*, 798 So. 2d 544 (Miss. Ct. App. 2001).

This statute is constitutional. *Moss v. Mississippi Live Stock San. Bd.*, 154 Miss. 765, 122 So. 776 (1929).

Livestock owners violating law requiring dipping of animals to eradicate fever tick were not entitled to protection of equity because of threatened invasion of constitutional right. *Moss v. Mississippi Live Stock San. Bd.*, 154 Miss. 765, 122 So. 776 (1929).

Chapter 106 Laws 1908, a former statute, was not invalid as a delegation of legislative functions. *Abbott v. State*, 106 Miss. 340, 63 So. 667 (1913).

In prosecution for moving cattle from Louisiana to Mississippi, evidence that copies of necessary Federal certificates authorizing such movement were customarily mailed to Mississippi Livestock Board, and that secretary thereof had

been unable to find copy of any certificate issued to defendant, was insufficient for jury in absence of proof of any law or regulation requiring Federal authorities to file copies of Federal certificates with Mississippi Livestock Board. *Calhoun v. State*, 172 Miss. 559, 161 So. 297 (1935).

Tick eradication statutes did not authorize entry on owner's premises and seizure of livestock on refusal to dip. *Gilbert v. Crosby*, 160 Miss. 711, 135 So. 201 (1931), motion overruled, 142 So. 507 (Miss. 1932).

Out of the proceeds of the sale, the sheriff shall pay the cost of publishing the notices, costs of dipping, feeding and caring for the animals and the costs of sale which shall include \$2.00 in the case of each sale, to said sheriff. The surplus, if any, shall be paid to the owner of the animal or animals, if he can be ascertained. If he cannot be ascertained within thirty days after such sale, then the sheriff shall pay such surplus to the county treasurer for benefit of the general fund of the county; provided, however, that if the owner of the animal or animals shall within three years after the fund is turned over to the county treasurer, as aforesaid, prove to the satisfaction of the board of supervisors of the county that he was the owner of such animals, upon the order of said board such surplus shall be refunded to the owner.

Any person or persons, firm or corporation, driving, conveying, transporting or allowing to drift from any state or territory, into or through this state, or within this state from a quarantined county or area into a free county or area or into a county or area in which systematic tick eradication is in progress, animals infested with or exposed to the cattle fever tick (*Margaropus*

annulatus) shall be deemed to be in violation of the animal health laws of this state and shall be subject to the provisions of Sections 69-15-53 through 69-15-69. Nothing herein shall apply to livestock shipped through a recognized disinfecting station and accompanied by a regulation permit covering the movement therefrom.

JUDICIAL DECISIONS

1. In general.

In prosecution for moving cattle from Louisiana to Mississippi, evidence that copies of necessary Federal certificates authorizing such movement were customarily mailed to Mississippi Livestock Board, and that secretary thereof had

been unable to find copy of any certificate issued to defendant, was insufficient for jury in absence of proof of any law or regulation requiring Federal authorities to file copies of Federal certificates with Mississippi Livestock Board. *Calhoun v. State*, 172 Miss. 559, 161 So. 297 (1935).

JUDICIAL DECISIONS

1. In general.

Rule of plant board requiring that contracts between persons licensed to engage in the profession of eliminating termites from wooden buildings to provide for absolute eradication is unreasonable, where

the proof is overwhelming that it is a practical impossibility in all cases to eradicate termites on the first treatment, and that it sometimes requires repeated treatments to do so. *State ex rel. Corley v. Hines*, 203 Miss. 60, 33 So. 2d 317 (1948).

ATTORNEY GENERAL OPINIONS

The Department of Agriculture does not have the authority to create a new license category without legislative approval. While Section 69-19-5(d) and Section 69-19-1 et seq. provide for a license for tree surgery work, the statutes do not provide for a license for a tree removal specialist only. *McCarty*, February 23, 1995, A.G. Op. #95-0108.

Section 69-19-1 et seq. does not require the commissioner to listen to objections of licensed tree surgeons to the licensing of other tree surgeons; however, he may in his administrative discretion listen to those objections presented either orally or in writing. *McCarty*, February 23, 1995, A.G. Op. #95-0108.

The regulation that contracts between pest control operators and their customers be in writing can be necessarily implied from the authority of the Department of Agriculture and Commerce to prevent fraudulent practices in the pest control profession; however, it cannot be logically implied from the pest control statutes that the department must approve the con-

tracts used by all pest control operators in the state. Spell, November 6, 1998, A.G. Op. #98-0604.

Absent specific statutory authority, there exists no responsibility on the part of a city to enforce any state licensing requirement, including those for landscape contractors. Clark, Mar. 15, 2002, A.G. Op. #02-0104.

§ 69-19-3. Persons subject; exceptions.

This chapter shall apply only to persons soliciting work and engaged in the work defined in this chapter as a profession; but in no event shall it be construed so as to apply to any person employed by the owners or others in possession of property to work under his supervision in grafting, spraying, dusting cotton or any such work.

SOURCES: Codes, 1942, § 5011; Laws, 1938, ch. 171; Laws, 1971, ch. 476, § 6, eff from and after July 1, 1971.

§ 69-19-5. Definitions.

Professional services are defined as follows:

(a) Entomological work. Receiving fees for advice or prescriptions for the control or eradication of any insect pest or rodent. Receiving fees for actual spraying, dusting, fumigating or any other methods used for the control or eradication of any insect pest or rodent. When the majority of the income of an operation, business or individual comes from the actual operation of a farm and the sale of crops therefrom and, as a service to other farmers, these services are performed, such services shall not be included in this definition.

(b) Plant pathological work. Receiving fees for advice or prescriptions for the control or eradication of any plant disease. Receiving fees for actual spraying or any other methods used for the control or eradication of any plant disease. When the majority of the income of an operation, business or individual comes from the actual operation of a farm and the sale of crops therefrom and, as a service to other farmers, these services are performed, such services shall not be included in this definition.

(c) Horticultural and floricultural work. Receiving fees for landscaping and setting of plants or for the sale of any plants for which the seller contracts to render future services.

(d) Tree surgery work. Advertising in a local phone book, newspaper, newsletter, bulletin or other prominently displayed sign as a licensed or bonded tree surgeon and receiving compensation for any work or consultation relative to the care, pruning, cabling, bracing, topping, trimming, fertilizing, cavity work and removal of ornamental trees and shrubs in any manner. Nothing shall prevent any person from performing such services as long as their advertising does not include the description licensed or bonded.

(e) Weed control work. Receiving fees for advice or prescriptions for the control or eradication of any weed. Receiving fees for actual spraying or other methods used for the control or eradication of any plant which grows where not wanted. When the majority of the income of an operation, business or individual comes from the actual operation of a farm and the sale of crops therefrom and, as a service to other farmers, these services are performed, such services shall not be included in this definition.

(f) Soil classifying work. Receiving compensation for plotting the boundaries of soil and describing and evaluating the kinds of soil as to their behavior and response to management under various uses.

Cross References — Fidelity bond required for horticultural, floricultural, and soil classifying work as defined in this section, see § 69-19-9.

ATTORNEY GENERAL OPINIONS

Pursuant to Section 69-19-5 a person who is paid for his or her services to remove ornamental trees and shrubs is required to be licensed as a tree surgeon. McCarty, February 23, 1995, A.G. Op. #95-0108.

The Department of Agriculture does not have the authority to create a new license category without legislative approval. While Section 69-19-5(d) and Section 69-19-1 et seq. provide for a license for tree surgery work, the statutes do not provide for a license for a tree removal specialist only. For the purpose of this chapter the word “person” shall be construed to mean an individual, a partnership, or a corporation.

SOURCES: Codes, 1942, § 5008; Laws, 1938, ch. 171; Laws, 1971, ch. 476, § 3, eff from and after July 1, 1971.

§ 69-19-9. License; bond; proof of insurance.

(1) Any person desiring to engage in professional services or work as herein defined shall obtain from the Commissioner of Agriculture and Commerce a license to engage in such professional work, and the application for such license shall be in writing and on such blank forms as may be required. No fee shall be required for the license. The Commissioner of Agriculture and

Commerce shall require applicants to submit statements as to training and experience in professional practice and may further require applicants to pass such tests or examinations as the commissioner may prescribe. The Commissioner of Agriculture and Commerce may require an applicant to furnish a surety bond satisfactory to him and conditioned so that the principal therein named shall conduct honestly such business in accordance with the laws and regulations of this state and shall faithfully perform all his professional service contracts. In no case shall a bond exceeding Ten Thousand Dollars (\$10,000.00) be required. A copy of the bond, duly certified by the Commissioner of Agriculture and Commerce or his agent, the State Entomologist, shall be received as evidence in all of the courts of this state without further proof. Any bond issued before the effective date of this chapter shall be deemed to be effective until the expiration date stated thereon. Any person having a right of action against such person may bring suit against the principal and sureties of such bond. Should the surety furnished become unsatisfactory, such person shall execute a new bond, and should he fail to do so, it shall be the duty of the Commissioner of Agriculture and Commerce or his agent, the State Entomologist, to cancel his license and give him notice of such fact, and it shall be unlawful thereafter for such person to engage in such business without obtaining a new license.

(2) In addition to the requirements of subsection (1) of this section, the Commissioner of Agriculture and Commerce, with the approval of the Advisory Board to the Bureau of Plant Industry, may require persons providing professional services as defined in this chapter to provide satisfactory proof of insurance for personal injury and property damage incurred as a result of the negligent or careless provision of such services, including coverage for errors and omissions. Such insurance shall be in an amount determined by the advisory board, but shall not exceed Two Hundred Thousand Dollars (\$200,000.00). Such insurance shall be in effect before a person may offer such professional services to the general public. Notice of cancellation or failure to renew such insurance shall be provided to the advisory board by the persons offering such professional services. The license to engage in such professional work shall be revoked if proof of insurance is not provided to the advisory board by the licensee within thirty (30) days of the notice of cancellation or failure to renew such insurance.

(3) For horticultural and floricultural work and soil classifying work, as defined in Section 69-19-5, such surety bond which may be required shall be in an amount not to exceed One Thousand Two Hundred Fifty Dollars (\$1,250.00) and such insurance which may be required shall be in an amount not to exceed One Hundred Thousand Dollars (\$100,000.00).

(4) No such bond and insurance shall be required from any person providing professional services as defined in this chapter if the Commissioner of Insurance certifies that such bond and insurance is not available to such person.

without a license in the past from now obtaining a license to practice tree surgery. However, under Section 69-19-9 the commissioner may require applicants for a tree surgery license to submit statements as to training and experience. *McCarty*, February 23, 1995, A.G. Op. #95-0108.

(iii) Not less than One Hundred Thousand Dollars (\$100,000.00) for property damage.

JUDICIAL DECISIONS

1. In general.

Under substantial compliance rule, failure by injured person to give written notice to state Department of Agriculture, landowner or lessee of land, and applicator, will not be considered fatally defective to bringing negligence action for spray-drift from aerial application, so long as state Department of Agriculture is notified in writing in accordance with notice of claim limitations period for bringing action. *Evans v. Boyle Flying Serv., Inc.*, 680 So. 2d 821 (Miss. 1996).

Notice pursuant to statute of limitations for bringing action for damages for negligent aerial application must be in writing where given to state Department of Agriculture, and should be in writing to others, but may be given orally to others. *Evans v. Boyle Flying Serv., Inc.*, 680 So. 2d 821 (Miss. 1996).

Notice of claim limitation period for bringing negligence action arising from spray-drift from aerial application begins to run on date claimant knew or reasonably should have known of damage from spray; in event spray-drift damage is alleged to growing crops, notice must be given within 60 days from date claimant know or reasonably should have known of damage and prior to harvesting of 25% of allegedly damaged crop, whichever occurs first. *Evans v. Boyle Flying Serv., Inc.*, 680 So. 2d 821 (Miss. 1996).

Notice of claim limitation period for bringing negligence action arising from spray-drift from aerial application began to run during time when property owners discovered that their trees were dying. *Evans v. Boyle Flying Serv., Inc.*, 680 So. 2d 821 (Miss. 1996).

JUDICIAL DECISIONS

1. In general.

Ordinance adopted by town pursuant to police power, requiring permit for application of pesticide to public land, was not pre-empted by Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 USCS §§ 136-136y), because (1) language

of FIFRA did not explicitly pre-empt local regulation and provided no clear and manifest indication that Congress sought to supplant local authority over pesticide regulation impliedly, (2) legislative history was at best ambiguous, and (3) there was no actual conflict either between

FIFRA in the ordinance or between FIFRA and local regulation generally. *Wisconsin Pub. Intervenor v. Mortier*, 501 U.S. 597, 111 S. Ct. 2476, 115 L. Ed. 2d 532 (1991).

In products liability suit decided under Arkansas law, evidence permitted jury

finding that herbicide applied on plaintiff's farm to control various pest-grasses in soybean fields was not defective. *Yellow Bayou Plantation, Inc. v. Shell Chem., Inc.*, 491 F.2d 1239 (5th Cir. 1974).

JUDICIAL DECISIONS

1. In general.

Anthrax vaccines do not fall in the category of economic poisons. Livestock

Servs., Inc. v. American Cyanamid Co.,
244 Miss. 531, 142 So. 2d 210 (1962).

§ 69-23-5. Prohibited acts; application of Trade Secrets Act.

(1) It shall be unlawful for any person to distribute, sell or offer for sale within this state or deliver for transportation or transport in intrastate commerce or between points within this state through any point outside this state any of the following:

(a) Any pesticide which has not been registered pursuant to the provisions of Section 69-23-7 or any pesticide if any of the claims made for it or any of the directions for its use differ from its composition or representations made in connection with its registration; provided, that in the discretion of the commissioner a change in the labeling or formula of a pesticide may be made within a reregistration period within requiring registration of the product if the registration is amended to reflect such change and if the changes will not violate any provisions of FIFRA or this chapter.

(b) Any pesticide unless it is in the registrant's or the manufacturer's unbroken immediate container, and there is affixed to such container, and to the outside container or wrapper of the retail package, if there be one (1) through which the required information on the immediate container cannot be clearly read, a label bearing:

(i) The name and address of the manufacturer, registrant or person for whom manufactured;

(ii) The name, brand, or trademark under which said article is sold;

(iii) The net weight or measure of the content, subject, however, to such reasonable variations as the commissioner may permit;

(iv) A batch number from which the date of packaging can be determined for certain pesticides which have been determined to deteriorate in relatively short periods, when requested by the commissioner;

(v) The EPA registration number assigned to each establishment in which it was produced and the EPA registration number assigned to the pesticide if required by regulation under FIFRA;

(ii) To the delivery of refined petroleum naphtha or refined petroleum distillate from a storage tank, or tank truck, in a quantity of not less than fifty (50) gallons, if, at the time of such delivery the person delivering the said material delivers to the person to whom the delivery is made, or his agent or representative, a written or printed statement containing the information, with respect to the material delivered, required by the provision of clauses (i), (ii) and (iii) of this subsection (b);

Provided, however, that the commissioner may designate that certain specific pesticides may be distributed or offered for sale by the manufacturer and/or registrant in bulk, in which case the label information required and any other statements required by this chapter must be stated in or attached to the invoice; and in addition, a copy of said invoice must be given to the purchaser at the time the pesticide is delivered. In addition to the above, the commissioner may set rules and regulations for the sale, dispensing, storing, handling and transportation of pesticides in bulk.

(b) For any person to use for his own advantage or to reveal, other than to the commissioner or proper officials or employees of the state or the EPA, or to the courts of this state in response to a subpoena, or to physicians, or in emergencies to pharmacists and other qualified persons, for use in preparation of antidotes, any information relative to formulas of products acquired by authority of this chapter or any information judged by the commissioner as containing or relating to trade secrets or commercial or financial information obtained by authority of this chapter and marked as confidential by the registrant;

(c) For any person to distribute any pesticide labeled for restricted use to any person, or his agent who is not certified to use or purchase such pesticide;

(d) For any person to use or cause to be used any pesticide in a manner inconsistent with its labeling or to regulations of the commissioner if those regulations further restrict the uses provided on the labeling;

(e) For any person to handle, transport, store, display, distribute or dispose of any pesticide or container in such a manner as to endanger man and his environment.

The commissioner is hereby authorized, empowered and directed to authorize and grant a permit to any person, firm or corporation to dispose of

any existing stock of pesticide it may have on hand at the time this chapter becomes effective, including all packages, labels and containers; provided that such stock is packaged and labeled in accordance with federal laws and regulations governing the packaging and labeling of such products.

(3) In addition to any criminal remedy set forth in subsection (2), remedies for misappropriation of a trade secret shall be governed by the Mississippi Uniform Trade Secrets Act, Sections 75-26-1 through 75-26-19.

§ 69-23-7. Registration.

(1) Every pesticide which is distributed, sold or offered for sale within this state or delivered for transportation or transported in intrastate commerce or between points within this state through any point outside this state shall be registered in the office of the commissioner, and such registration shall be renewed annually. Products which have the same formula, are manufactured by the same person, the labeling of which contains the same claims, and the labels bear a designation identifying the products as the same pesticide, may be registered as a single pesticide. Additional names and labels shall be added by supplement statements during the current period of registration. The registrant shall file with the commissioner a statement including:

(a) The name and address of the registrant and the name and address of the person whose name will appear on the label if other than the registrant;

(b) The name of the pesticide;

(c) A complete copy of the labeling accompanying the pesticide and a statement of all claims to be made for it, including directions for use and the use classification as provided for in FIFRA;

(d) If requested by the commissioner, a full description of the tests made and the results upon which the claims are based. In the case of renewal of registration, a statement shall be required only for information which is different from that furnished when the pesticide was registered or last reregistered; and

(e) Any other information required by the commissioner which may be prescribed by regulation.

(2) The registrant shall pay an annual fee of Two Hundred Dollars (\$200.00) for each brand or grade of pesticide registered. All of the fees collected under this section shall be deposited in a special fund in the Treasury of the State of Mississippi and subject to appropriation by the Mississippi Legislature. The fees shall be used by the Mississippi Department of Agriculture and Commerce for enforcement of this chapter. The Department of Agriculture and Commerce may contract with the Department of Environmental Quality for a groundwater monitoring program.

(3) The commissioner, whenever he deems it necessary in the administration of this chapter, may require the submission of the complete formula of any pesticide. If it appears to the commissioner that the composition of the article warrants the proposed claims for it, and if the article and its labeling and other material required to be submitted comply with the requirements of Section 69-23-5, he shall register the article, if the article is registered under FIFRA. If the state is certified by the administrator of EPA to register pesticides pursuant to Section 24(c) of FIFRA, the commissioner may register the article to meet special local needs if he determines that the registration will not be in violation of FIFRA.

(4) If it does not appear to the commissioner that the article warrants the proposed claims for it or if the article and its labeling and other material required to be submitted do not comply with the provisions of this chapter, the commissioner may refuse to register the article. In order to protect the public, the commissioner may, at any time, cancel or suspend the registration of a pesticide if he determines that it does not comply with this chapter or creates an imminent hazard. If he receives a notice from the Commission on Environmental Quality under Section 49-17-26 in relation to state underground water quality standards, he may order the relabeling of any pesticide, or suspend or cancel the registration of any pesticide or any use of any pesticide, or adopt a regulation in accordance with Section 69-23-9 to protect the underground water resources, as defined in the Federal Safe Drinking Water Act. He may advise EPA of the manner in which a federally registered pesticide fails to comply with FIFRA and suggest the necessary corrections. Regulatory action

taken under this subsection shall be conducted in accordance with Sections 69-25-51 through 69-25-63.

(5) Notwithstanding any other provision of this chapter, registration is not required in case of a pesticide shipped from one plant within this state to another plant within this state operated by the same person.

The application must be submitted at the time of registration.

(2) Upon receipt of a written application for a rebate of the pesticide registration fee, the commissioner may grant a rebate of not more than fifty percent (50%) of each pesticide registration fee to the pesticide manufacturer if the commissioner finds, based upon the application submitted by the pesticide manufacturer, public records and facts subject to official notice that the operations of the pesticide manufacturer substantially benefit the economy of Mississippi and employment in Mississippi.

§ 69-23-9. Determinations; rules and regulations; uniformity.

(1) The commissioner is authorized:

(a) To declare as a pest any form of plant or animal life or virus which is injurious to plants, man, domestic animals, articles or substances;

(b) To determine whether pesticides registered under authority of Section 24(c) of FIFRA are highly toxic to man as described in federal regulations;

(c) To determine standards of coloring or discoloring for pesticides and to subject pesticides to the requirements of Section 69-23-5(1).

(2) The commissioner may adopt, amend or repeal rules and regulations for carrying out the provisions of this chapter, including, but not limited to, rules and regulations providing for the collection and examination of samples; the safe handling, transportation, storage, display, distribution and disposal of pesticides and their containers; protecting the environment; labeling and adopting state restricted pesticide uses.

(3) In order to avoid confusion endangering the public health resulting from diverse requirements, particularly as to the labeling and coloring of pesticides, and to avoid increased costs to the people of this state due to the necessity of complying with such diverse requirements in the manufacture and sale of such pesticides, it is desirable that there should be uniformity between the requirements of the several states and the federal government relating to such pesticides. To this end the commissioner is authorized to adopt such regulations, applicable to and in conformity with the primary standards established by this chapter, as have been or may be prescribed by the United States government for pesticides.

(4) No action taken by the commissioner under this section shall be effective unless and until such action is approved by the advisory board created under Section 69-25-3, Mississippi Code of 1972.

(1) The commissioner or his employees, with proper identification and during normal working hours, shall have free access to all places of business, factories, buildings, carriages, cars, stores, warehouses and other places where pesticides are offered for sale or kept for sale or distribution or use and application, and shall have authority to inspect or open any container of pesticide and to take a sample for the purpose of examination and analysis. It shall be the duty of the commissioner to take such samples and deliver them to the State Chemist for examination and analysis.

(2) It shall be the duty of the State Chemist to cause as many analyses to be made of samples delivered to him by the commissioner as may be necessary to properly carry into effect the intent of this chapter. He shall make reports of such analysis to the commissioner and to the manufacturer, firm or person responsible for placing on the market the pesticide represented by the samples.

(3) If it appears that any pesticide fails to comply with the provisions of this chapter, or if provisions of this chapter are violated, the commissioner may proceed with appropriate action as provided in this chapter or under the administrative hearing procedures provided in Section 69-25-51 et seq. If, in the opinion of the commissioner, it appears that the provisions of the chapter have been violated, the commissioner may refer the facts to the county attorney, district attorney or Attorney General.

(4) It shall be the duty of each county attorney, district attorney or Attorney General to whom any such violation is reported to cause appropriate proceedings to be instituted and prosecuted in the appropriate court without delay.

(5) The commissioner shall, by publication in such manner as he may prescribe, give notice of all judgments entered in actions instituted under the authority of this chapter.

JUDICIAL DECISIONS

1. In general.

Ordinance adopted by town pursuant to police power, requiring permit for application of pesticide to public land, was not pre-empted by Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 USCS §§ 136-136y), because (1) language of FIFRA did not explicitly pre-empt local regulation and provided no clear and manifest indication that Congress sought

to supplant local authority over pesticide regulation impliedly, (2) legislative history was at best ambiguous, and (3) there was no actual conflict either between FIFRA in the ordinance or between FIFRA and local regulation generally. *Wisconsin Pub. Intervenor v. Mortier*, 501 U.S. 597, 111 S. Ct. 2476, 115 L. Ed. 2d 532 (1991).

§ 69-23-15. Exemptions.

(1) The penalties provided for violations of Section 69-23-5 (1) shall not apply to:

(a) Any carrier while lawfully engaged in transporting a pesticide within this state if such carrier shall, upon request, permit the commissioner or his employees to copy all records showing the transaction in and movement of the articles;

(b) Public officials of this state and the federal government engaged in the performance of their official duties in administering state or federal pesticide laws or regulations or while engaged in pesticide research.

(c) The manufacturer or shipper of a pesticide for experimental use only:

(i) By or under the supervision of an agency of this state or of the federal government authorized by law to conduct research in the field of pesticides; or

(ii) By others if the pesticides shipper or manufacturer holds a valid experimental use permit as provided for by Section 69-23-25 or by EPA.

(1) Any pesticide that is distributed, sold or offered for sale within this state or delivered for transportation or transported to intrastate commerce or between points within this state through any point outside this state shall be liable to be proceeded against in any circuit court in any county of the state where it may be found and seized for confiscation and condemnation:

- (a) If it is adulterated or misbranded;
- (b) If it has not been registered under the provisions of Section 69-23-7;

- (d) If it is a white power pesticide and is not colored as required under this chapter.

(2) If the article is condemned, it shall, after entry of decree, be disposed of by destruction or sale, as the court may direct, and the proceeds, if such article is sold, less legal costs, shall be paid to the commissioner for transmission to the General Funds of the State Treasury.

(3) When a decree of condemnation is entered against the article, court costs and fees and storage and other proper expenses shall be awarded against the person shown to be the claimant of the article.

§ 69-23-23. Nonresidents to designate Secretary of State as agent for service of process; bond, when required.

(1) Any nonresident individual, partnership, association, firm, or corporation desiring to distribute, sell, or offer for sale within this state any product described in this chapter, and any such nonresident who may be subject otherwise to the provisions of such chapter, shall file a written power of attorney designating the Secretary of State as the agent of such nonresident upon whom service of process may be had in the event of any suit against said nonresident individual, partnership, firm, association, or corporation; and such power of attorney shall be so prepared in such form as to render effective the jurisdiction of the courts of Mississippi over such nonresident applicants and make such applicants amenable to the jurisdiction of the courts of this state. Provided, however, that any such nonresident who has a duly appointed resident agent upon whom process may be served as provided by law shall not be required to designate the Secretary of State as such agent. The Secretary of State shall be allowed such fees therefor as provided by law for designating resident agents. The commissioner shall be furnished with a copy of such designation of the Secretary of State or of a resident agent, such copy to be duly certified by the Secretary of State.

(2) The commissioner may also require such nonresident subject to the provisions of this chapter to furnish to him a fidelity bond or other security satisfactory to him and conditioned that the principal therein named shall pay for any and all damages suffered by any person by reason of the negligence of the principal or his or its agents in the conduct of said business and shall honestly conduct said business and as otherwise conditioned by said commissioner, provided that in no case shall a bond or other security less than Ten Thousand Dollars (\$10,000.00) be required. A copy of said bond duly certified by the commissioner shall be received as evidence in all courts of this state without further proof. Any person having a right of action against such person, firm, association or corporation may bring suit against the principal and sureties on such bond. Should the surety furnished become unsatisfactory, said applicant shall execute a new bond and should he fail to do so, it shall be the duty of the commissioner to cancel his license and give him notice of said fact, and it shall be unlawful thereafter for such person to engage in said business without obtaining a new license.

JUDICIAL DECISIONS

1. In general.

The intent of the legislature in requiring nonresidents to qualify was to make them amenable to the process of the state courts in actions by the state plant board to enforce the provisions of the act and to

provide to a citizen of Mississippi redress for an injury against a manufacturer, distributor, or seller of economic poisons. *Livestock Servs., Inc. v. American Cyanamid Co.*, 244 Miss. 531, 142 So. 2d 210 (1962).

Since anthrax vaccine is not an economic poison, a foreign manufacturer and distributor which appointed the Secretary of State as its agent for service of process under this act did not subject itself to the jurisdiction of the state court in an action

for damages arising out of an alleged breach of warranty in reference to anthrax vaccine. *Livestock Servs., Inc. v. American Cyanamid Co.*, 244 Miss. 531, 142 So. 2d 210 (1962).

§ 69-23-25. Experimental use permits.

Upon the condition that the State of Mississippi is certified by the Administrator of the United States Environmental Protection Agency to issue experimental use permits for the testing of pesticides, the commissioner of agriculture and commerce may prescribe regulations for the issuance of such experimental permits. The commissioner may issue such experimental permit if he determines that the applicant needs the permit to obtain information necessary to register a pesticide under the provisions of this chapter.

SOURCES: Laws, 1975, ch. 319, § 1, eff from and after July 1, 1975.

§ 69-23-27. Licensing of pesticide dealers.

(1) It is unlawful for any person to act as a licensed pesticide dealer without being licensed by the commissioner. A license shall be required for each location or outlet located within this state from which such pesticides are distributed. Any dealer who has no pesticide outlet licensed within this state and who distributes such pesticides directly into this state shall obtain a pesticide dealer license for his principal out-of-state location or outlet.

(2) Application for a license shall be submitted on a form prescribed by the commissioner, and shall include the name and address of the applicant, the name of the pesticide dealer manager, the address of each outlet, the name of the resident agent if the dealer is not a resident of this state, and any other information required by the commissioner.

(3) This section shall not apply to (a) a licensed pesticide applicator who sells pesticides only as an integral part of his pesticide application service where such pesticides are applied by the commercial applicator; or (b) any federal, state, county or municipal agency which provides pesticides only for its own programs.

(4) The commissioner may set standards and qualifications for licensing of pesticide dealers and dealer managers to determine their competency.

(5) Licenses for pesticide dealers will expire on December 31 of each year and must be renewed annually.

(6) The commissioner may prescribe rules and regulations pertaining to licensing of pesticide dealers, including but not limited to record keeping, and may at any time cancel, suspend or revoke a pesticide dealer license when he finds there has been a failure or refusal to comply with the provisions of this chapter or regulations adopted hereunder. The regulatory action authorized in this subsection shall be governed by Sections 69-25-51 through 69-25-63.

§ 69-23-29. Penalties.

(1)(a) Any person violating any of the provisions of this chapter or the rules and regulations issued under this chapter is guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not more than One Thousand Dollars (\$1,000.00) or by imprisonment for not more than one (1) year or by both such fine and imprisonment at the discretion of the court having jurisdiction.

(b) Each violation and each day's violation for continuing acts, shall constitute a separate offense.

(c) Any person violating any of the provisions of this chapter or the rules and regulations issued under this chapter in such a way that causes harm or poses a threat to man, animals or the environment is guilty of a felony and, upon conviction, shall be punished by a fine of not more than Twenty-Five Thousand Dollars (\$25,000.00) or by imprisonment in the State Penitentiary for a term of not more than twenty (20) years or by both such fine and imprisonment for each violation.

(2) Each violation of this chapter or the applicable rules and regulations shall subject the violator to administrative action as provided for in Sections 69-25-51 through 69-25-63.

§ 69-24-7. Labeling.

(1) The following information shall appear on the fact or display side of all containers or accompany bulk shipments of soil or plant amendments; it shall be in a readable and conspicuous form, and shall be considered the label:

(a) net weight

(b) brand name

(c) minimum guaranteed analysis amending ingredients

name of ingredient _____ %

and continued until all soil and/or plant amending ingredients are listed and percentages given.

(d) inert ingredients. _____ %

(e) purpose of product

(f) direction for application

(g) name and address of the registrant

(2) No information or statement shall appear on any package, label, delivery slip, or advertising matter which is false or misleading to the purchaser as to the use, value, quality, analysis, type or composition of the soil or plant amendment.

(3) The commissioner and State Chemist may require proof of claims made for any soil or plant amendments. If no claims are made, the commissioner and State Chemist may require proof obtained in controlled scientific experiments of usefulness and value of the soil or plant amendment. For evidence of proof they may rely on experimental data, evaluation, or advice supplied from such sources as the director of the Mississippi Agricultural and Forestry Experiment Station and the director of the Mississippi Cooperative Extension Service. The experimental results shall be related to Mississippi conditions for which the product is intended. The commissioner and State Chemist may accept or reject other sources of proof cited as additional evidence in their evaluation of soil or plant amendments.

(4) No amending ingredient may be listed or guaranteed on the labels or labeling of soil or plant amendments without the permission of the commissioner and State Chemist. The commissioner and State Chemist may allow a

soil or plant amending ingredient to be listed and guaranteed on the label or labeling if satisfactory supportive data is provided to substantiate the value and usefulness of such soil or plant amending ingredient. The commissioner and State Chemist may rely on outside sources such as the director of the Mississippi Agricultural and Forestry Experiment Station and the director of the Mississippi Cooperative Extension Service for assistance in evaluating the data submitted. When a soil amending ingredient is permitted to be listed or guaranteed, its concentration in the soil or plant amendment must be determinable by approved laboratory methods, and it shall be subject to inspection and analysis. The commissioner and State Chemist may prescribe methods and procedures of inspection and analysis of the soil or plant amending ingredient. The commissioner and State Chemist may stipulate, by regulation, the minimum qualities of soil or plant amending ingredient(s) required in soil or plant amendments.

(5) The commissioner and State Chemist may allow labeling by volume rather than weight in subsection (1) for liquid products. The commissioner and State Chemist may allow payment of inspection fees on a calculated weight equivalent to that volume.

§ 69-24-9. Registration of each separate soil or plant amendment product.

(1) Each separately identified product shall be registered before being distributed in this state. The application for registration shall be submitted to the commissioner and State Chemist on the form furnished or approved by the commissioner and shall be accompanied by a fee of Twenty-five Dollars (\$25.00) per product. Upon approval by the commissioner and State Chemist, a copy of the registration shall be furnished to the applicant. All registrations expire on June 30, following registration. Each manufacturer shall submit to the commissioner and State Chemist copies of labels and advertising literature with the registration request for each soil or plant amendment.

(2) A distributor shall not be required to register any brand of soil or plant amendment which is already registered under this act by another person, providing the label and labeling do not differ in any respect.

(3) Before registering any soil or plant amendment, the commissioner and State Chemist may require evidence to substantiate the claims made for the soil or plant amendment and proof of the value and usefulness of the soil or plant amendment as in Section 69-24-7(3), (4).

(4) The commissioner and State Chemist may, by regulation, set the minimum amount of any soil or plant amending ingredients that must be present before a soil or plant amendment can be registered and sold.

(5) If the application for renewal of the soil or plant amendment registration provided for in this section is not filed prior to July 1 of any one year, a penalty of Twenty-five Dollars (\$25.00) shall be assessed and added to the original fee and shall be paid by the applicant before the renewal soil or plant amendment registration shall be issued; provided, however, that such penalty shall not apply if the applicant furnishes an affidavit that he has not distributed this soil or plant amendment subsequent to the expiration of his prior registration.

§ 69-24-11. Refusal or cancellation of registration; hearing.

The commissioner and State Chemist are authorized and empowered to refuse registration of a soil or plant amendment if they find the brand of soil or plant amendment violates any section of this chapter or the rules and regulations promulgated under this chapter. The commissioner and State Chemist are authorized and empowered to cancel the registration of any brand of soil or plant amendments upon satisfactory evidence that the registrant has used fraudulent or deceptive practices in the evasions or attempted evasions of the provisions of this chapter, or any rules or regulations promulgated thereunder; provided, that no registration shall be revoked until the registrant shall have been given the opportunity to appear for a hearing by the commissioner and State Chemist.

SOURCES: Laws, 1978, ch. 322, § 6, eff from and after July 1, 1978.

§ 69-24-13. Inspection fees; tonnage payments; penalties; disclosure of information.

(1) There shall be paid to the commissioner for all soil or plant amendments distributed in this state an inspection fee of Thirty-five Cents (\$.35) per ton; provided, however, that products sold in packages of ten (10) pounds or less or one (1) gallon or less, shall be subject to an annual inspection fee of Fifty Dollars (\$50.00) in lieu of the Thirty-five Cents (\$.35) per ton fee. Such annual inspection fee shall be paid upon date of registration.

(2) Every person who distributes a soil or plant amendment in the state shall file with the commissioner, on forms furnished by him, quarterly statements for periods ending September 30, December 31, March 31 and June 30, setting forth the number of net tons of each soil or plant amendment distributed in the state during such quarter. The report shall be due within thirty (30) days following each quarter. Such statement shall be accompanied

by a payment of the inspection fee at the rate of Thirty-five Cents (\$.35) per ton, except as specified in subsection (1) of this section.

(3) When more than one (1) distributor is involved in the distribution of a soil or plant amendment product, the last registrant who distributes to a non-registrant (dealer or consumer) is responsible for reporting the tonnage and paying the inspection fees unless the reporting and paying of fees has been made by a prior distributor of the soil or plant amendment product. If the report is not filed or is filed falsely, or the inspection fee is not paid within thirty (30) days following each quarter, the commissioner and State Chemist may revoke the registration of such products and a penalty of Ten Dollars (\$10.00) per day for each subsequent day shall be assessed against the registrant. The inspection fee and the penalty shall constitute a debt and become the basis for a judgment against such registrant, which may be collected by the commissioner and in any court of competent jurisdiction without prior demand.

(4) The report required by this section shall not be a public record, and it shall be a misdemeanor for any person to divulge any information given in such report which would reveal the business operations of a person or registrant making the report; provided, however, that nothing contained in this subsection shall be construed to prevent or make unlawful the use of information concerning the business operation of any registrant in any action, suit, or proceeding instituted under this chapter, including any civil action for collection of unpaid inspection fees, which action is hereby authorized and which shall be as an action at law in the name of the commissioner.

(5) All fees paid to the commissioner for registration, inspection, or penalties for product deficiencies shall be deposited into the general fund account of the State of Mississippi.

§ 69-24-15. Sampling, inspection and analysis.

(1) It is the duty of the commissioner and State Chemist, who may act through their duly authorized agents, to sample, inspect, make analyses of, and test soil or plant amendments distributed within the State of Mississippi at any time and place, and to such an extent they may deem necessary to determine whether such soil or plant amendments are in compliance with the provisions of this chapter. The commissioner, individually or through his agents, is authorized to enter upon any public or private premises of carriers during regular business hours in order to have access to soil or plant amendments subject to provisions of the chapter and the rules and regulations pertaining thereto, and to the records relating to their distribution.

(2) The methods of analysis and sampling shall be those adopted by the State Chemist from sources such as the Association of Official Analytical Chemists, or other sources acceptable to the State Chemist.

(3) The results of official analyses of soil or plant amendments and portions of official samples shall be distributed by the State Chemist as provided by regulation.

§ 69-24-17. Penalties for deficient analysis; determination of commercial values.

(1) If the analysis shall show that any soil or plant amendment falls short of the guaranteed analysis in any one (1) soil or plant amending ingredient, or in total soil or plant amending ingredients, beyond “investigational allowances” as established by regulation, a penalty of three (3) times the commercial value of such deficiency shall be assessed against the registrant by the commissioner on all the products represented by the sample analyzed.

(2) All penalties assessed under this section shall be paid to the commissioner within thirty (30) days after the date of notice to the registrant from the Department of Agriculture and Commerce. The commissioner shall deposit the amount of the penalty into the General Funds account of the State Treasury.

(3) Nothing contained in this section shall prevent any person from appealing to a court of competent jurisdiction for a judgment as to the justification of such penalties imposed under subsection (1) and (2) above.

(4) The penalties payable in subsections (1) and (2) above shall in no manner be construed as limiting the consumer’s right to bring a civil action in damage against the registrant paying said civil penalties.

(5) For the purpose of determining commercial values to be applied under the provisions of this section, the commissioner shall determine from the registrant’s sales invoice the values charged for the soil or plant amending ingredients. If no invoice is available or if the invoice fails to provide sufficient information, the commissioner may use other methods to determine values. The values so determined shall be used in determining and assessing penalties.

§ 69-24-19. Misbranding.

No person shall distribute a misbranded soil or plant amendment. A soil or plant amendment shall be deemed to be misbranded if:

(a) its labeling is false or misleading in any particular;

(b) if it is distributed under the name of another soil or plant amendment;

(c) if it is not labeled as required in Sections 69-24-7 and 69-24-9 and in accordance with regulations prescribed under this chapter;

(d) if it purports to be or is represented as a soil or plant amendment or represented as containing a soil or plant amendment, unless such soil or plant amendment conforms to the definitions of identity, if any, prescribed by regulation. In the adopting of such regulations, the commissioner and State Chemist shall give due regard to commonly accepted definitions and official terms such as those issued by the Association of American Plant Food Control Officials; or

(e) if it does not conform to ingredient form, minimums, labeling and investigational allowances in the regulations adopted by the commissioner and State Chemist.

§ 69-24-21. Adulteration.

No person shall distribute an adulterated soil or plant amendment. A soil or plant amendment shall be deemed to be adulterated if:

(a) it contains any deleterious or harmful agent in sufficient amount to render it injurious to beneficial plant, human, animal or aquatic life when applied in accordance with directions for use on the label, or if adequate warning statements and directions for use, which may be necessary to protect plant, human, animal or aquatic life are not shown upon the label;

(b) if its composition falls below or differs from that which it is purported to possess by its labeling; or

(c) if it contains unwanted crop or weed seed, or primary noxious or secondary noxious weed seed.

§ 69-24-23. "Stop sale, use or removal" orders.

The commissioner may issue and enforce a written or printed "stop sale, use or removal" order to the owner or custodian of any lot of soil or plant amendment and to hold at a designated place, when the commissioner finds said soil or plant amendment is offered or exposed for sale in violation of any of the provisions of this chapter, until the law has been complied with and said soil or plant amendment is released in writing by the commissioner, or said violation has been otherwise legally disposed of by written authority. The commissioner shall release the soil or plant amendment so withdrawn when

the requirements of the provisions of the chapter have been complied with and all costs and expenses incurred in connection with the withdrawal from sale have been paid.

§ 69-24-25. Violations; notice; hearings; penalties; warnings; injunctive relief.

(1) If it shall appear from the examination of any soil or plant amendment that any of the provisions of this chapter or the rules and regulations issued thereunder have been violated, the commissioner shall cause notice of the violations to be given to the registrant, distributor, or possessor from whom said sample was taken. Any person so notified shall be given opportunity to be heard under such rules and regulations as may be prescribed by the commissioner and State Chemist. If it appears after such hearing, either in the presence or absence of the person so notified, that any of the provisions of this chapter or rules and regulations issued thereunder have been violated, the commissioner and State Chemist may certify the facts to the proper prosecuting attorney.

(2) Any person convicted of violating any provision of this chapter or the rules and regulations issued thereunder shall be guilty of a misdemeanor and punished as provided for in Section 99-19-31. Appeals from convictions under this subsection shall be as in other cases at law.

(3) Nothing in this chapter shall be construed as requiring the commissioner, State Chemist or their representative to report for prosecution or for the institution of seizure proceedings as a result of minor violations of the chapter when they believe that the public interests will be best served by a suitable notice of warning in writing.

(4) It shall be the duty of each prosecuting attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay.

(5) The commissioner is hereby authorized to apply for and the court to grant a temporary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this chapter or any rule or regulation promulgated under the chapter notwithstanding the existence of other remedies at law. Said injunction shall be issued without bond.

§ 69-25-9. Duties of commissioner and persons having knowledge of infected plants.

The Commissioner of Agriculture and Commerce shall keep himself informed as to known varieties of insect pests, diseases and noxious weeds, their origin, locality, nature and appearance thereof, the manner in which they are disseminated, and approved methods of treatment and eradication.

The Commissioner of Agriculture and Commerce, in his rules and regulations made pursuant to this article, shall list the insect pests, diseases and noxious weeds, of which he shall find that the introduction into, or the dissemination within, this state should be prevented in order to safeguard the environment, agricultural and horticultural production and the plants and plant products of this state, together with the plants and plant products and other things likely to become infested or infected with such insect pests, diseases and noxious weeds. Every such insect pest, disease and noxious weed listed, and every plant and plant product and other thing infected therewith, is hereby declared to be a public nuisance. Every person who has knowledge of the presence of any insect pest, disease or noxious weed listed, as required by this section, in the rules and regulations made pursuant to this article, in or upon any place, shall immediately report same to the commissioner or an inspector therefor giving such detailed information relative thereto as he may have. Every person who deals in or engages in the sale of plants and plant products or other things infested or infected, or likely to be or become so shall furnish to the commissioner or his inspectors, when requested, a statement of the names and addresses of the persons from whom and the localities where he purchased or obtained such plants and plant products, and other things infested or infected, or likely to be or become so.

§ 69-25-10. Cultivation of certain nonnative plant species for purposes of fuel production without special permit prohibited.

(1) The purpose and intent of this section is to control and restrict the planting and cultivation of nonnative species of plants in this state which may become invasive or constitute a nuisance. This section shall apply retroactively to existing plantings of nonnative species.

(2) No individual or entity, commercial or noncommercial, may cultivate a nonnative plant species, including a genetically engineered plant, for purposes of fuel production or purposes other than agriculture, in plantings greater in

size than one (1) acre, except under a special permit issued by the Department of Agriculture and Commerce. Requests for a permit authorized under this section may be denied if the department, in conjunction with specialists at Mississippi State University, determines that the plant is invasive or has potential to constitute a nuisance.

(3) Each application for a special permit must be accompanied by a surety bond, the name of the plant to be cultivated, a legal description of the lands to be under cultivation and the estimated cost of removing and destroying such plants. Permits issued under this section shall be effective for one (1) year, and upon the expiration thereof, shall be required to be renewed by the holder of the permit for continued cultivation of the nonnative plant species. If an individual or entity cultivates more than one (1) nonnative plant species, then a permit must be acquired for each nonnative plant species in the manner required by this subsection.

(4) The surety bond shall be written by a company qualified to do business in this state and in an amount to be determined by the department. The bond shall be conditioned to secure the payment of all costs incurred in removing and destroying the plants cultivated under this permit.

(5) The department shall establish by regulation the circumstances under which it may order the permit holder to remove and destroy the nonnative plant species cultivated under the permit and the procedures to be followed in such cases. The department shall have the right to use the emergency procedures described in Section 69-25-61, in addition to all other rights and remedies available to it, at law or in equity. When the department enters an order requiring the removal and destruction of the subject plants, the permit holder and/or the surety on its bond shall move with dispatch to comply with the order of removal and destruction.

(6) The department shall have the right to enter the permit holder's lands or premises at any time and investigate the operations covered by this permit, to include the power to inspect and copy business and cultivation records, inspect plants, take samples of plants, soil or other substances and take photographs.

(7) The department shall have the right to adopt any and all rules and regulations as may be necessary or desirable to carry out the purpose and intent of this section.

If the accused does not respond within the thirty-day period, he shall be considered to be in default. Upon receipt of the response and any supporting documents from the accused, the reviewing officer shall determine the merits of the complaint. The reviewing officer may meet informally with the accused and discuss the alleged violation with him.

(2) If the reviewing officer determines that the complaint lacks merit, he may dismiss the complaint.

(g) Levy a civil penalty in an amount not to exceed Five Thousand Dollars (\$5,000.00) for each violation.

In determining the amount of the penalty, the reviewing officer shall consider the appropriateness of the penalty for the particular violation, the effect of the penalty on the person's ability to continue in business and the gravity of the violation.

(4) If the accused requests a hearing with the department, in writing, within thirty (30) days from receipt of the decision of the reviewing officer, the commissioner shall appoint three (3) members of the advisory board to the Bureau of Plant Industry to act as a hearing committee and a hearing shall be scheduled. - 69-26-1. Pest Control Compact.
- 69-26-2. State government agencies may cooperate with Insurance Fund.
- 69-26-3. Bylaws and amendments to be filed with Commissioner of Agriculture and Commerce.
- 69-26-4. Mississippi compact administrator; duties.

§ 69-26-1. Pest Control Compact.

The Pest Control Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

PEST CONTROL COMPACT

Article I

Findings

The party states find that:

(a) In the absence of the higher degree of cooperation among them possible under this Compact, the annual loss of approximately One Hundred Thirty-seven Billion Dollars (\$137,000,000,000.00) from the depredations of pests is virtually certain to continue, if not to increase.

(b) Because of the varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests; but all states share the inability to protect themselves fully against those pests which present serious dangers to them.

(c) The migratory character of pest infestations makes it necessary for states both adjacent to and distant from one another, to complement each other's activities when faced with conditions of infestation and reinfestation.

(d) While every state is seriously affected by a substantial number of pests, and every state is susceptible of infestation by many species of pests not now causing damage to its crops and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an Insurance Fund, from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interest, the most equitable means of financing cooperative pest eradication and control programs.

Article II

Definitions

As used in this Compact, unless the context clearly requires a different construction:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(b) "Requesting state" means a state which invokes the procedures of the Compact to secure the undertaking or intensification of measures to control or eradicate one or more pests within one or more other states.

(c) "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (b) of this Article.

(d) "Pest" means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses, or other plants of substantial value.

(e) "Insurance Fund" means the Pest Control Insurance Fund established pursuant to this Compact.

(f) "Governing Board" means the administrators of this Compact representing all of the party states when such administrators are acting as a body in pursuance of authority vested in them by this Compact.

(g) "Executive committee" means the committee established pursuant to Article V(e) of this Compact.

Article III

The Insurance Fund

There is hereby established a Pest Control Insurance Fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this Compact. The Insurance Fund shall contain monies appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in this Compact, shall be unconditional and may not be restricted by the appropriating state to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the Insurance Fund shall not accept any donation or grant whose terms are inconsistent with any provision of this Compact.

Article IV

The Insurance Fund, Internal Operations and Management

(a) The Insurance Fund shall be administered by a Governing Board and Executive Committee as hereinafter provided. The actions of the

Governing Board and the Executive Committee pursuant to this Compact shall be deemed the actions of the Insurance Fund.

(b) The members of the Governing Board shall be entitled to one vote on such board. No action of the Governing Board shall be binding unless taken at a meeting at which a majority of the total number of votes on the Governing Board is cast in favor thereof. Action of the Governing Board shall be only at a meeting at which a majority of the members are present.

(c) The Insurance Fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the Governing Board may provide.

(d) The Governing Board shall elect annually, from among its members, a chairman, a vice chairman, a secretary and a treasurer. The chairman may not succeed himself. The Governing Board may appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the Governing Board. The Governing Board shall make provision for the bonding of such of the officers and employees of the Insurance Fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the bylaws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the Insurance Fund and shall fix the duties and compensation of such personnel. The Governing Board in its bylaws shall provide for the personnel policies and programs of the Insurance Fund.

(f) The Insurance Fund may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation.

(g) The Insurance Fund may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association, or corporation, and may receive, utilize and dispose of the same. Any donation, gift, or grant accepted by the Governing Board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the Insurance Fund. Such report shall include the nature, amount and conditions, if any, of the donation, gift, grant, or services borrowed and the identity of the donor or lender.

(h) The Governing Board shall adopt bylaws for the conduct of the business of the Insurance Fund and shall have the power to amend and to rescind these bylaws. The Insurance Fund shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

(i) The Insurance Fund annually shall make to the Governor and legislature of each party state a report covering its activities for the

preceding year. The Insurance Fund may make such additional reports as it may deem desirable.

(j) In addition to the powers and duties specifically authorized and imposed, the Insurance Fund may do such other things as are necessary and incidental to the conduct of its affairs pursuant to this Compact.

Article V

Compact and Insurance Fund Administration

(a) In each party state there shall be a Compact administrator, who shall be selected and serve in such manner as the laws of his state may provide, and who shall:

1. Assist in the coordination of activities pursuant to the Compact in his state; and

2. Represent his state on the Governing Board of the Insurance Fund.

(b) If the laws of the United States specifically so provide, or if administrative provision is made therefore within the federal government, the United States may be represented on the Governing Board of the Insurance Fund by not to exceed three representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, but no such representative shall have a vote on the Governing Board or the Executive Committee thereof.

(c) The Governing Board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the Insurance Fund and, consistent with the provisions of the Compact, supervising and giving direction to the expenditure of monies from the Insurance Fund. Additional meetings of the Governing Board shall be held on call of the chairman, the Executive Committee, or a majority of the membership of the Governing Board.

(d) At such times as it may be meeting, the Governing Board shall pass upon applications for assistance from the Insurance Fund and authorize disbursements therefrom. When the Governing Board is not in session, the Executive Committee thereof shall act as agent of the Governing Board, with full authority to act for it in passing upon such applications.

(e) The Executive Committee shall be composed of the chairman of the Governing Board and four additional members of the Governing Board chosen by it so that there shall be one member representing each of four geographic groupings of party states. The Governing Board shall make such geographic groupings. If there is representation of the United States on the Governing Board, one such representative may meet with the Executive Committee. The chairman of the Governing Board shall be chairman of the Executive Committee. No action of the Executive Committee shall be binding unless taken at a meeting at which at least four members of such

Committee are present and vote in favor thereof. Necessary expenses of each of the five members of the Executive Committee incurred in attending meetings of such Committee, when not held at the same time and place as a meeting of the Governing Board, shall be charges against the Insurance Fund.

Article VI

Assistance and Reimbursement

(a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

1. The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this Compact.

2. The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this Compact.

(b) Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party state to cope with infestation or threatened infestation, that state may request the Governing Board to authorize expenditures from the Insurance Fund for eradication or control measures to be taken by one or more of such other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon such authorization the responding state or states shall take or increase such eradication or control measures as may be warranted. A responding state shall use monies available from the Insurance Fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the Insurance Fund, a requesting state shall submit the following in writing:

1. A detailed statement of the circumstances which occasion the request for the invoking of the Compact.

2. Evidence that the pest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass, or other plant having a substantial value to the requesting state.

3. A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the

expenditures being made or budgeted therefore, in connection with the eradication, control, or prevention of introduction of the pest concerned.

4. Proof that the expenditures being made or budgeted as detailed in item 3 do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level of program detailed in item 3 constitutes a normal level of pest control activity.

5. A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the Compact in the particular instance can be abated by a program undertaken with the aid of monies from the Insurance Fund in one (1) year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

6. Such other information as the Governing Board may require consistent with the provisions of this Compact.

(d) The Governing Board or Executive Committee shall give due notice of any meeting at which an application for assistance from the Insurance Fund is to be considered. Such notice shall be given to the Compact administrator of each party state and to such other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state shall be entitled to be represented and present evidence and argument at such meeting.

(e) Upon the submission as required by paragraph (c) of this Article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this Compact and justified thereby, the Governing Board or Executive Committee shall authorize support of the program. The Governing Board or Executive Committee may meet at any time or place for the purpose of receiving and considering an application. Any and all determinations of the Governing Board or Executive Committee, with respect to an application, together with the reasons therefore shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

(f) A requesting state which is dissatisfied with a determination of the Executive Committee shall upon notice in writing given within twenty (20) days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the Governing Board. Determinations of the Executive Committee shall be reviewable only by the Governing Board at one of its regular meetings, or at a special meeting held in such manner as the Governing Board may authorize.

(g) Responding states required to undertake or increase measures pursuant to this Compact may receive monies from the Insurance Fund, either at the time or times when such state incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the Insurance Fund. The Governing Board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

(h) Before authorizing the expenditure of monies from the Insurance Fund pursuant to an application of a requesting state, the Insurance Fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the federal government and shall request the appropriate agency or agencies of the federal government for such assistance and participation.

(i) The Insurance Fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the Insurance Fund, cooperating federal agencies, states, and any other entities concerned.

Article VII

Advisory and Technical Committees

The Governing Board may establish advisory and technical committees composed of state, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations upon request of the Governing Board or Executive Committee. An advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the Insurance Fund being considered by such Board or Committee and the Board or Committee may receive and consider the same: provided that any participant in a meeting of the Governing Board or Executive Committee held pursuant to Article VI(d) of the Compact shall be entitled to know the substance of any such information and recommendations, at the time of the meeting if made prior thereto or as a part thereof or, if made thereafter, no later than the time at which the Governing Board or Executive Committee makes its disposition of the application.

Article VIII

Relations with Nonparty Jurisdictions

(a) A party state may make application for assistance from the Insurance Fund in respect of a pest in a nonparty state. Such application shall be considered and disposed of by the Governing Board or Executive Committee in the same manner as an application with respect to a pest within a party state, except as provided in this Article.

(b) At or in connection with any meeting of the Governing Board or Executive Committee held pursuant to Article VI(d) of this Compact a nonparty state shall be entitled to appear, participate, and receive information only to such extent as the Governing Board or Executive Committee may provide. A nonparty state shall not be entitled to review of any determination made by the Executive Committee.

(c) The Governing Board or Executive Committee shall authorize expenditures from the Insurance Fund to be made in a nonparty state only after determining that the conditions in such state and the value of such expenditures to the party states as a whole justify them. The Governing Board or Executive Committee may set any conditions which it deems appropriate with respect to the expenditure of monies from the Insurance Fund in a nonparty state and may enter into such agreement or agreements with nonparty states and other jurisdictions or entities as it may deem necessary or appropriate to protect the interests of the Insurance Fund with respect to expenditures and activities outside of party states.

Article IX

Finance

(a) The Insurance Fund shall submit to the executive head or designated officer or officers of each party state a budget for the Insurance Fund for such period as may be required by the laws of that party state for a presentation to the legislature thereof.

(b) Each of the budgets shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The request for appropriations shall be apportioned among the party states as follows: one-tenth (1/10) of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of such crops and products the Insurance Fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the Insurance Fund shall be maintained in two accounts to be designated respectively as the "Operating Account" and the "Claims Account." The Operating Account shall consist only of those assets necessary for the administration of the Insurance Fund during the next ensuing two-year period. The Claims Account shall contain all monies not included in the Operating Account and shall not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the Insurance Fund for a period of three years. At any time when the Claims Account has reached its maximum limit or would reach its maximum limit by the addition of monies requested for appropriation by the party states, the Governing Board shall reduce its budget requests on a pro rata basis in such manner as to keep the Claims Account within such maximum limit. Any monies in the Claims Account by virtue of conditional donations, grants, or gifts shall be included in calculations made pursuant to this paragraph only

to the extent that such monies are available to meet demands arising out of the claims.

(d) The Insurance Fund shall not pledge the credit of any party state. The Insurance Fund may meet any of its obligations in whole or in part with monies available to it under Article IV(g) of this Compact, provided that the Governing Board take specific action setting aside such monies prior to incurring any obligation to be met in whole or in part in such manner. Except where the Insurance Fund makes use of monies available to it under Article IV(g) hereof, the Insurance Fund shall not incur any obligation prior to the allotment of monies by the party states adequate to meet the same.

(e) The Insurance Fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the Insurance Fund shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the Insurance Fund shall be audited yearly by a certified or licensed public accountant and report of the audit shall be included in and become part of the annual report of the Insurance Fund.

(f) The accounts of the Insurance Fund shall be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the Insurance Fund.

Article X

Entry Into Force and Withdrawal

(a) This Compact shall enter into force when enacted into law by any five (5) or more states. Thereafter, this Compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two (2) years after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article XI

Construction and Severability

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any govern-

ment, agency, person, or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state participating herein the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

§ 69-27-2. State Soil and Water Conservation Committee renamed; transfer of powers and duties to State Soil and Water Conservation Commission.

The State Soil and Water Conservation Committee is hereby renamed the State Soil and Water Conservation Commission. The State Soil and Water Conservation Commission shall retain all powers and duties as were accorded to the committee, and wherever the term “State Soil and Water Conservation Committee” or “committee” appears in any law heretofore or hereafter enacted, the same shall be construed to mean the State Soil and Water Conservation Commission.

§ 69-27-3. Legislative determinations and declarations of policy.

It is hereby declared, as a matter of legislative determination:

(a) **The condition.** — That good soil and usable water are essential to the success of agricultural activities in the State of Mississippi; that our farms, forests and grazing lands are among the basic assets of the state; and that the preservation of these lands and usable waters is necessary to protect and promote the health, safety and prosperity of the people.

That improper land usage causes the breaking of natural cover, and results in serious soil erosion of the farms, forests and grazing lands by uncontrolled waters; that erosion feeds itself, causing an accelerated washing of sloping fields and pastures, speeding up with the removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erodible subsoil; that failure by any landowner or operator to conserve the soil and water and control erosion upon his lands causes a washing of soil from his lands onto other lands and makes the conservation of soil and water and control of erosion on such other lands difficult or impossible; that good soil and water usage is possible only through joint actions of farmers, ranchers and foresters made possible through legislative action.

(b) **The consequences.** — That the consequences of such soil erosion in the form of soil-washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors and the movement of silt into creeks, rivers, ponds, lakes and bayous contributing to the pollution of the surface waters of the state; the piling up of soil on lower slopes, and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific process for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground and surface water reserve, which causes water shortages, intensifies periods of drought and causes crop failures; and increase in the speed and volume of rainfall runoff, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, farm buildings and other property from floods; and losses in navigation, hydro-electric power, municipal water supply, farming and grazing. Other consequences are the loss of surface soil and water because of the denuding of the forests, and the abuse and erosion of sloping lands; the declining mean low flow of the rivers reducing the amount of surface water available seasonally for beneficial use; the decrease in effectiveness and decline of ground water reaching aquifers

which provide a source of water for beneficial use; and the increase in rates of runoff from sloping land, adding to flood damage of the flood plains and valleys of the state; all adding to the drainage problem.

(c) **The appropriate corrective methods.** — That to conserve soil and water resources and control and prevent soil erosion, it is necessary that practices contributing to soil and water wastage and soil erosion be discouraged and discontinued, and appropriate water and soil conserving practices be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check dams, dikes, ponds, lakes, ditches, and the like; the utilization of strip cropping, lister furrowing, contour cultivating, and contour furrowing; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; afforestation and reforestation; rotation of crops; soil stabilization with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of runoff by increasing absorption of rainfall; and retirement from cultivation of steep, highly erodible areas and areas now badly gullied or otherwise eroded.

(d) **Declaration of policy.** — It is hereby declared to be the policy of the legislature to provide for the conservation of the water and soil resources of this state, and for the control and prevention of soil erosion, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, prosperity, and general welfare of the people of this state.

It is further declared to be the policy of the legislature to alleviate and prevent flood damage; to conserve the waters of the state through improvement and cover, and through impoundments and effective use for various beneficial purposes; to develop private lands and waters of the state for recreational purposes; to promulgate soil and water conservation practices and measures which beautify the landscape, and promote the economic welfare of communities, counties, and areas of the state; and to provide leadership through soil and water conservation districts to other governmental agencies, departments and private groups in the promotion of the conservation of land, water, and related resources.

(b) That there is need, in the interest of the public health, safety, and welfare, for a soil and water conservation district to function in the territory described in the petition.

(c) A description of the territory proposed to be organized as a district, which description shall not be required to be given by metes and bounds or by legal subdivisions, but shall be deemed sufficient if generally accurate.

(d) A request that the State Soil and Water Conservation Committee duly define the boundaries for such district; that a referendum be held within the territory so defined on the question of the creation of a soil conservation district in such territory; and that the committee determine that such a district be created.

§ 69-27-17. Soil and water conservation districts; hearing and determination of necessity therefor.

Within sixty (60) days after a petition pursuant to Section 69-27-15 has been filed with the State Soil and Water Conservation Committee, it shall cause due notice to be given of a proposed hearing upon the question of the desirability and necessity in the interest of public health, safety, and welfare, of the creation of such district, upon the question of the appropriate boundaries to be assigned to such district, upon the propriety of the petition and other proceedings taken under this article, and upon all questions relevant to such inquiries. All owners and all operators of land within the limits of the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all other interested parties, shall have the right to attend such hearings and to be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area considered for inclusion in the district, and such further hearing held. After such hearing, if the committee shall determine, upon the facts presented at such hearing and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety, and welfare, for a soil and water conservation district to function in the territory considered at the hearing, it shall make and record such determination, and shall define, by metes and bounds or by legal subdivisions, the boundaries of such district. In making such determination and in defining such boundaries, the committee shall give due weight and consideration to the topography of the area considered and of the state, the composition of soils therein, the distribution of erosion, the prevailing water and land use practices, the desirability and necessity of including within the

boundaries the particular lands under consideration and the benefit such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other soil and water conservation districts already organized or proposed for organization under the provisions of this article, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determinations set forth in Section 69-27-3. The territory to be included within such boundaries need not be contiguous. If the committee shall determine after such hearing, after due consideration of the said relevant facts, that there is no need for a soil and water conservation district to function in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After twelve (12) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon. If it be determined that there is no need for such soil and water conservation district, then in no event shall any expense or part thereof, incurred in connection with the hearing or other proceedings had to determine such question, be assessed against any landowner or other party except those landowners signing the original petition.

Editor's Note — State Soil and Water Conservation Committee renamed State Soil and Water Conservation Commission, see § 69-27-2.

§ 69-27-19. Soil and water conservation districts; referendum; commission to pay expenses.

(1) After the committee has made and recorded a determination that there is need, in the interest of public health, safety, and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon soil and water conservation districts in this article is administratively practicable and feasible. To assist the committee in the determination of such administrative practicability and feasibility, it shall be the duty of the committee, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold a referendum within the proposed district upon the proposition of the creation of the district, and to cause due notice of such referendum to be given. The question shall be submitted by ballots upon which the words "for creation of a soil and water conservation district of the lands below described and lying in the county(ies) of _____ and _____," and "against creation of a soil and water conservation district of the lands below described and lying in the county(ies) of _____ and _____," shall appear, with a square before each proposition and a direction to insert an X mark in the square before one or the

other of said propositions as the voter may favor or oppose creation of such district. The ballot shall set forth the boundaries of such proposed district as determined by the committee. All owners of lands lying within the boundaries of the territory, as determined by the state soil and water conservation committee, shall be eligible to vote in such referendum. Only such landowners shall be eligible to vote.

(2) The committee shall pay expenses for the issuance of such notices and the conduct of such hearings and referendums as hereinabove provided for and shall supervise the conduct of such hearings and referendums. It shall issue appropriate regulations governing the conduct of such hearings and referendums, and providing for the registration prior to the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such referendum. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the results thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

Editor's Note — State Soil and Water Conservation Committee renamed State Soil and Water Conservation Commission, see § 69-27-2.

§ 69-27-21. Results of referendum; determination of district's administrative feasibility.

The committee shall publish the results of a referendum held pursuant to the provisions of this article and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the committee shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the committee shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner hereinafter provided. In making such determination the committee shall give due regard and weight to the attitude of the owners and operators of lands lying within the defined boundaries, the number of landowners eligible to vote in such referendum in favor of the creation of the district to the total number of votes cast, the approximate wealth and income of the landowners of the proposed district, the probable expenses of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative determinations set forth in Section 69-27-3, but the committee shall not have authority to determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible unless at least a majority of the votes cast in the referendum upon the proposition of creation of the district shall

have been cast in favor of the creation of such district. In the event a majority of the votes cast in the referendum shall not have been cast in favor of the creation of such district, then in no event shall any of the expenses incident to the conduct of the referendum, investigation or other proceedings had in connection therewith be assessed against any party other than such parties as signed the original petition.

§ 69-27-23. Organization of soil and water conservation district; procedure; certificate of due organization.

(1) If the committee shall determine that the operation of the proposed district within the defined boundaries is administratively practicable and feasible, it shall appoint two (2) commissioners to act, with the three (3) commissioners elected as provided hereinafter, as the governing body of the district. Such district shall be a governmental subdivision of this state and a public body, corporate and politic, upon the taking of the following proceedings:

The two (2) appointed commissioners shall present to the Secretary of State an application signed by them, which shall set forth (and such application need contain no detail other than the mere recitals): (a) that a petition for the creation of the district was filed with the State Soil and Water Conservation Committee pursuant to the provisions of this article, and that the proceedings specified in this article were taken pursuant to such petition; that the application is being filed in order to complete the organization of the district as a governmental subdivision and a public body, corporate and politic, under this article; and that the committee has appointed them as commissioners; (b) the name and official residence of each of the commissioners, together with a certified copy of the appointments evidencing their right to office; (c) the term of office of each of the commissioners; (d) the name which is proposed for the district; and (e) the location of the principal office of the commissioners of the district. The application shall be subscribed and sworn to by each of the said commissioners before an officer authorized by the laws of this state to take and certify oaths, who shall certify upon the application that he personally knows the commissioners and knows them to be the officers as affirmed in the application, and that each has subscribed thereto in the officer's presence. The application shall be accompanied by a statement by the State Soil and Water Conservation Committee, which shall certify (and such statement need contain no detail other than the mere recitals) that a petition was filed, notice issued, and hearing held as aforesaid; that the committee did duly determine that there is need, in the interest of the public health, safety, and welfare, for a soil and water conservation district to function in the proposed territory and did define the boundaries thereof; that notice was given and a referendum held on

the question of the creation of such district, and that the result of such referendum showed a majority of the votes cast in such referendum to be in favor of the creation of the district; that thereafter the committee did duly determine that the operation of the proposed district is administratively practicable and feasible. The said statement shall set forth the boundaries of the district as they have been defined by the committee.

The Secretary of State shall examine the application and statement, and, if he finds that the name proposed for the district is not identical with that of any other soil and water conservation district of this state or so nearly similar as to lead to confusion or uncertainty, he shall receive and file them and shall record them in an appropriate book of record in his office. If the Secretary of State shall find that the name proposed for the district is identical with that of any other soil and water conservation district of this state, or so nearly similar as to lead to confusion and uncertainty, he shall certify such fact to the State Soil and Water Conservation Committee, which shall thereupon submit to the Secretary of State a new name for said district, which shall not be subject to such defects. Upon receipt of such new name, free of such defects, the Secretary of State shall record the application and statement, with the name so modified, in an appropriate book of record in his office. When the application and statement have been made, filed and recorded, as herein provided, the district shall constitute a governmental subdivision of this state and a public body, corporate and politic. The Secretary of State shall make and issue to the said commissioners a certificate, under the seal of the state, of the due organization of the said district, and shall record such certificate with the application and statement. The boundaries of such district shall include the territory as determined by the State Soil and Water Conservation Committee as aforesaid, but in no event shall they include any area included within the boundaries of another soil and water conservation district organized under the provisions of this article.

(2) In any suit, action, or proceeding involving the validity or enforcement of, or relating to, any contract, proceeding, or action of the district, the district shall be deemed to have been established in accordance with the provisions of the aforesaid sections upon proof of the issuance of the aforesaid certificate by the Secretary of State. A copy of such certificate duly certified by the Secretary of State shall be admissible in evidence in any such action or proceeding and shall be proof of the filing and contents thereof. However, the procedural steps required for the issuance of a certificate by the Secretary of State may be attacked in any suit or proceeding involving the validity or enforcement of or relating to any contract, proceeding, or action of the district.

Within thirty (30) days after the date of issuance by the Secretary of State of a certificate of organization of a soil and water conservation district, nominating petitions may be filed with the State Soil and Water Conservation Committee to nominate candidates for commissioners of such district. The committee shall have authority to extend the time within which nominating petitions may be filed. Landowners may sign more than one such nominating petition to nominate more than one candidate for commissioner but in no event shall a landowner sign more than three (3) such nominating petitions. The committee is hereby authorized to enact and implement rules to provide that not more than one commissioner shall be a resident of any one county or supervisors district, unless there is no person qualified and willing to serve in another county or supervisors district. § 69-27-33. Appointment, qualifications, and tenure of commissioners.

The governing body of the district shall consist of five (5) commissioners, elected or appointed as provided hereinabove. The commissioners shall be persons who are landowners and/or operators within the geographical areas of the district qualified to perform the specialized skilled services which will be required of them in the performance of their duties hereunder, and able to attend all meetings.

The commissioners shall designate a chairman annually. The term of office of each commissioner shall be three (3) years, except that the commissioners who are first appointed shall be designated to serve for terms of one (1) and two (2) years, respectively, from the date of their appointment. A commissioner shall hold office until his successor has been elected or appointed and has qualified. Vacancies shall be filled by election or appointment as in the case of the election or appointment of other commissioners, but in the event the unexpired terms remaining of the offices vacated are less than one (1) year, said vacancy shall be filled for the unexpired term by the other commissioners. The selection of successors for a full term shall be made in the same manner in which the original retiring commissioners shall, respectively, have been selected. A majority of the commissioners shall constitute a quorum and the concurrence of a majority in any matter within their duties shall be required for its determination. A commissioner and any deputy commissioner shall receive no compensation for their services, but they shall be entitled to expenses, including travelling expenses, necessarily incurred in the discharge of their duties.

The commissioners may utilize the services of the county agricultural agents and the facilities of the county agricultural agents' offices insofar as

practicable and feasible, and may, with the approval of the State Soil and Water Conservation Commission employ such other help as may be necessary. Employees hired pursuant to this section, upon agreement by the commissioners and the county board of supervisors, shall be considered as employees of the county or counties in which the district is located solely for the purpose of allowing such county or counties to include these employees in any group life and/or health insurance or workers' compensation insurance program maintained by the county or counties for its employees and to include these employees in the county payroll system. Upon such agreement, the county or counties shall be responsible for the payment and withholding functions for the commissioners and shall provide the employees with all required tax documents. If more than one (1) county desires to include these employees in a group life and/or health insurance or workers' compensation insurance program, the counties shall determine the program in which the employees shall be included and the amount of contributions that the other county or counties shall make to that program on behalf of the employees. Nothing in this section shall be construed to mean that these employees are to be considered as county employees for any purpose other than the purpose of including these employees in a county employee group life and/or health insurance or workers' compensation insurance program and the county's payroll system. The commissioners may call upon the Attorney General of the state for such legal services as they may require, or may use such other legal counsel as may be available. The commissioners may delegate to their chairman, to one or more commissioners, or to one or more agents, or employees, such powers and duties as they may deem proper, and may appoint such deputy commissioners as they deem appropriate, not to exceed one (1) deputy commissioner for each supervisor district in the soil and water conservation district, to assist the commissioners in the performance of their duties; however, deputy commissioners shall not be entitled to vote on any matter coming before the commissioners. The State Soil and Water Conservation Commission shall establish and administer qualification standards and establish term of office for deputy commissioners. The commissioners shall furnish to the State Soil and Water Conservation Commission, upon request, copies of such ordinances, rules, regulations, orders, contracts, forms and other documents as they shall adopt or employ, and such other information concerning their activities as it may require in the performance of its duties under this article.

The commissioners may provide for the execution of surety bonds for all employees and officers who shall be entrusted with funds or property; shall provide for the keeping of a full and accurate record of all proceedings and of all resolutions, regulations and orders issued or adopted; and shall provide for an annual audit of the accounts of receipts and disbursements if total annual receipts or expenditures exceeds Sixty Thousand Dollars (\$60,000.00) and an annual financial statement if total annual receipts or expenditures is equal to or less than Sixty Thousand Dollars (\$60,000.00).

The commissioners may invite the legislative body of any municipality or county located near the territory comprised within the district to designate a

representative to advise and consult with the commissioners of the district on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county.

§ 69-27-35. Powers of districts and commissioners.

A soil and water conservation district organized under the provisions of this article shall constitute a governmental subdivision of this state, and a public body, corporate and politic, exercising public powers, and such district and the commissioners thereof shall have the following powers, in addition to others granted in other sections of this article:

(a) To conduct surveys, investigations and research relating to the character of soil erosion and the preventive and control measures needed, to publish results of such surveys, investigations or research, and to disseminate information concerning such preventive and control measures. However, in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the government of this state or any of its agencies, or with the United States or any of its agencies.

(b) To conduct demonstration projects within the district on lands owned or controlled by this state or any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the owner of such lands or the necessary rights or interests in such lands, in order to demonstrate by example the means, methods, and measures by which water and soil resources may be conserved, and soil erosion in the form of soil washing may be prevented and controlled.

(c) To carry out preventive and control measures within the district including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of land, and the measures listed in subsection (c), Section 69-27-3, on lands owned or controlled by this state or

any of its agencies, with the cooperation of the agency administering and having jurisdiction thereof, and on any other lands within the district upon obtaining the consent of the owner of such lands.

(d) To cooperate, or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to any agency, governmental or otherwise, or any owner or operator of lands within the district, in the carrying on of erosion control and prevention operations within the district, subject to such conditions as the commissioners may deem necessary to advance the purposes of this article.

(e) To obtain options upon and to acquire by purchase, exchange, lease, gift, grant, bequest, or devise, any property, real or personal, or rights or interests therein, and all such property shall be exempt from state, county, or municipal taxation; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of this article; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and the provisions of this article. Notwithstanding any provisions of general law to the contrary, no land or interest therein described under this subsection shall be acquired for recreational purposes by eminent domain proceedings after the effective date of this article.

(f) To make available, on such terms as it shall prescribe, to landowners and operators within the district, agricultural and engineering machinery and equipment, fertilizer, seeds, and seedlings, and such other material or equipment, as will assist such landowners and operators to carry on operations upon their lands for the conservation of soil and water resources and for the prevention and control of soil erosion, and to purchase comprehensive insurance on such agricultural and engineering equipment.

(g) To construct, improve, and maintain such structures as may be necessary or convenient for the performance of any of the operations authorized in this article, with the consent of two-thirds ($\frac{2}{3}$) of the landowners owning sixty-six and two-thirds percent ($66\frac{2}{3}\%$) of all lands affected, whether the owners of such land live within such district or not.

(h) To develop comprehensive plans for the conservation of soil and water resources and for the control and prevention of soil erosion within the district, and to bring such plans and information to the attention of owners and operators of lands within the district.

(i) To acquire by purchase or lease, and to administer, any water and soil conservation, erosion-control or erosion-prevention project located within its boundaries undertaken by the United States or any of its agencies, or by this state or any of its agencies; to manage as agent of the United States or any of its agencies, or of this state or any of its agencies, any water and soil conservation, erosion-control or erosion-prevention project within its boundaries; to act as agent for the United States or any of its agencies, or for this state or any of its agencies, in connection with the acquisition, construction, operation, or administration of any soil and water conservation, erosion-control or erosion-prevention project within its boundaries; to

accept donations, gifts and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, or from this state or any of its agencies, or from private sources, and to use or expend such monies, services, materials, or other contributions in carrying on its operations.

(j) To assist individual landowners or operators and organized groups, associations, or other agencies or units of government to plan and establish recreational facilities for family use, income-producing purposes, or for community access.

(k) To enter into contracts with the approval of the Governor with any agency of the federal or state government or its political subdivisions to accomplish the objectives of this article.

(l) To collect cost-sharing funds, and to establish and implement procedures compatible with the purposes of this article for the necessary financing of water and soil conservation district activities, including the administration of any federal funds made available for the use of the district.

(m) To receive and expend funds or monies or other assets from any state or federal agency or any other source, public or private, in furtherance of the purposes of this article.

(n) To sue and be sued in the name of the district; to have a seal, which seal shall be judicially noticed; to have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to make, and from time to time amend and repeal rules and regulations not inconsistent with this article, to carry into effect its purposes and powers.

(o) As a condition to the extending of any benefits under this article to, or the performance of work upon, any lands not owned or controlled by this state or any of its agencies, the commissioners may require contributions in money, services, materials, or otherwise to any operations conferring such benefits, and may require landowners and operators to enter into and perform such agreements or covenants as to the permanent use of such lands as will tend to prevent or control erosion thereon.

(p) No provision with respect to the acquisition, operation, or disposition of property by other public bodies shall be applicable to a district organized hereunder unless the Legislature shall specifically so state.

ATTORNEY GENERAL OPINIONS

A county and a soil and water conservation district had the authority to contract to develop and implement various projects related to water management and the conservation of soil and water resources and the control and prevention of soil erosion, without the necessity of an inter-local agreement. *Dulaney*, February 12, 1999, A.G. Op. #99-0029.

The Tunica County Soil and Water Conservation District is authorized to imple-

ment a beaver control program as a "preventive and control measure" under Miss. Code Ann. § 69-27-35(c). County boards of supervisors are authorized to expend public funds to eradicate and control beaver populations. *Dulaney*, March 23, 2007, A.G. Op. #07-00150, 2007 Miss. AG LEXIS 62.

§ 69-27-37. Adoption of land-use regulations.

The commissioners of any district shall have authority to formulate regulations governing the use of lands within the district in the interest of conserving water and soil and soil resources and preventing and controlling soil erosion subject to the approval of and acceptance by two-thirds ($\frac{2}{3}$) of the landowners owning at least sixty-six and two-thirds per cent ($66\frac{2}{3}$) of the lands affected by such proposed regulations. Such regulations shall be compatible with state laws, particularly those related to the board of water commissioners.

The commissioners may conduct such public meetings and public hearings upon tentative regulations as may be necessary to assist them in this work. The commissioners shall not have authority to enact such water and land use regulations into law until after they shall have caused due notice to be given of their intention to conduct a referendum for submission of such regulations to the owners of lands lying within the boundaries of the district for their indication of approval or disapproval of such proposed regulations, and until after the commissioners have considered the result of such referendum. The proposed regulations shall be embodied in a proposed ordinance. Copies of such proposed ordinance shall be available for the inspection of all eligible voters during the period between publication of such notice and the date of the referendum. The notices of the referendum shall recite the contents of such proposed ordinance, or shall state where copies of such proposed ordinance may be examined. The question shall be submitted by ballots, upon which the words "for approval of proposed ordinance No. _____, prescribing land and water use regulations for conservation of soil and water and prevention of erosion" and "against approval of proposed ordinance No. _____, prescribing water and land use regulations for conservation of soil and water and prevention of erosion" shall appear, with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose approval of such proposed ordinance. The commissioners shall supervise such referendum, shall prescribe appropriate regulations governing the conduct thereof, and shall publish the result thereof. All owners of land within the district shall be eligible to vote in such referendum. Only such landowners shall be eligible to vote. No

informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The commissioners shall not have authority to enact such proposed ordinance into law unless two-thirds ($\frac{2}{3}$) of the landowners owning at least sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) of all lands affected by such proposed ordinance shall have voted in favor thereof. The approval of the proposed ordinance by two-thirds ($\frac{2}{3}$) of the landowners owning at least sixty-six and two-thirds per cent ($66\frac{2}{3}\%$) of the land affected by such ordinance shall not be deemed to require the commissioners to enact such proposed ordinance into law. Water and land use regulations prescribed in ordinances adopted pursuant to the provisions of this section by the commissioners of any district shall have the force and effect of law in the said district.

Any owners or operators of land within such district may at any time file a petition with the commissioners asking that any or all of the water and land use regulations prescribed in any ordinance adopted by the commissioners under the provisions of this section shall be amended, supplemented or repealed. Water and land use regulations prescribed in any ordinance adopted pursuant to the provisions of this section shall not be amended, supplemented, or repealed except in accordance with the procedure prescribed in this section for adoption of water and land use regulations. Referendums on adoption, amendment, supplementation, or repeal of water and land use regulations shall not be held more often than once in twelve (12) months.

The regulations to be adopted by the commissioners under the provisions of this section may include:

(a) Provisions requiring the carrying out of necessary engineering operations, including the construction of terraces, terrace outlets, check dams, dikes, ponds, ditches, and other necessary structures.

(b) Provisions requiring observance of particular methods of cultivation, including contour cultivating, contour furrowing, lister furrowing, sowing, planting, strip cropping, seeding, and planting of lands to water conserving and erosion-preventing plants, trees, and grasses, afforestation, and reforestation.

(c) Specifications of cropping programs and tillage practices to be observed.

(d) Provisions requiring the retirement from cultivation of highly erodible areas or of areas on which erosion may not be adequately controlled if cultivation is carried on.

(e) Provisions for such other means, measures, operations, and programs as may assist conservation of water and soil resources and prevent or control soil erosion in the district having due regard to the legislative findings set forth in Section 69-27-3.

The regulations shall be uniform throughout the territory comprised within the district except that the commissioners may classify the lands within the district with reference to such factors as soil type, degree of slope,

degree of erosion threatened or existing, cropping and tillage practices in use, and other relevant factors, and may provide regulations varying with the type or class of land affected, but uniform as to all lands within each class or type. Copies of water and land use regulations adopted under the provisions of this section shall be made available to all owners and operators of lands lying within the district.

§ 69-27-39. Enforcement of land-use regulations.

The commissioners shall have authority to go upon any lands within the district to determine whether land-use regulations adopted under the provisions of Section 69-27-37 are being observed. The commissioners are further authorized to provide by ordinance that any landowner or operator who shall sustain damages from any violation of such regulations by any other landowner or operator may recover damages at law from such other landowner or operator for such violation.

§ 69-27-41. Performance of work under the regulations by the commissioners.

Where the commissioners of any district shall find that any of the provisions of land-use regulations prescribed in an ordinance adopted in accordance with the provisions of Section 69-27-37 are not being observed on particular lands, and that such violations are the proximate cause of damage to any other landowner within the district, then the commissioners may present to the chancery court of the county in which the lands of the defendant may lie a petition, duly verified, setting forth the adoption of the ordinance prescribing land-use regulations, the failure of the defendant landowner or operator or both to observe such regulations, and to perform particular work, operations or avoidance as required thereby and that such nonobservance tends to increase erosion on such lands and is interfering with the prevention or control of erosion on other lands within the district and is the proximate cause of damage to other landowners within the district, and praying the court to require the defendant to perform the work, operations, or avoidances within a reasonable time and to order that if the defendant shall fail so to perform the commissioners may go on the land, perform the work or other operations or otherwise bring the condition of such lands into conformity with the requirements of such regulations and recover the costs and expenses thereof from the defendant. Upon the filing of such petition, process shall issue against the defendant returnable in the manner provided by law, and said cause shall be tried in the manner provided by law for the trial of civil actions. The defendant

may demand a trial by jury and in such event, the jurors shall have the qualifications of jurors in eminent domain proceedings in the chancery court. If the decree of the court be against the defendant, the court may require the defendant to perform the work, operations, or avoidances, and may provide that upon the failure of the defendant to initiate such performance within the time specified in the order of the court, and to prosecute the same to completion with reasonable diligence, the commissioners may enter upon the lands involved and perform the work or operations or otherwise bring the condition of such lands into conformity with the requirements of the regulations and may recover the costs and expenses thereof, from the defendant. In no case, however, shall the commissioners enter upon such lands for such purpose until the court shall have found that the landowner or person in possession has not prosecuted such work as was ordered by the court with reasonable diligence. In all cases where the person in possession of lands who shall fail to perform such work, operations, or avoidances shall not be the owner, the owner of such lands shall be joined as party defendant.

The court shall retain jurisdiction of the case until after the work has been completed. Upon completion of such work pursuant to such order of the court, the commissioners may file a petition with the court, a copy of which shall be served upon the defendant in the case, in the manner provided by law for service of process, stating the costs and expenses sustained by them in the performance of the work and praying judgment therefor. The court shall have jurisdiction to enter, upon a hearing to be held not sooner than five days after service of such process, its decree for the amount of such costs and expenses together with the costs of suit, including a reasonable attorney's fee to be fixed by the court. Such decree shall when entered upon the *lis pendens* docket of said court, constitute a lien on the lands of the defendant.

§ 69-27-43. Board of adjustment; members; expenses.

Where the commissioners of any district organized under the provisions of this article shall adopt an ordinance prescribing land-use regulations in accordance with the provisions of Section 69-27-37, they shall further provide by ordinance for the establishment of a board of adjustment. Such board of adjustment shall consist of three (3) members, each to be appointed for a term of three (3) years, except that the members first appointed shall be appointed for terms of one (1), two (2), and three (3) years, respectively. The members of each such board of adjustment shall be appointed by the State Soil and Water Conservation Committee, and shall be removable, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason, such hearing

to be conducted jointly by the State Soil and Water Conservation Committee and the commissioners of the district. Vacancies in the board of adjustment shall be filled in the same manner as original appointments, and shall be for the unexpired term of the member whose term becomes vacant. Members of the State Soil and Water Conservation Committee and the commissioners of the district shall be ineligible to appointment as members of the board of adjustment during their tenure of such other office. The members of the board of adjustment shall receive no compensation for their services but shall be entitled to expenses, including travelling expenses, necessarily incurred in the discharge of their duties. The commissioners shall pay the necessary administrative and other expenses of operation incurred by the board, upon the certificate of the chairman of the board.

§ 69-27-45. Board of adjustment; procedure; meetings; records.

The board of adjustment shall adopt rules to govern its procedure, which rules shall be in accordance with the provisions of this article, and with the provisions of any ordinance adopted pursuant to Sections 69-27-43 through 69-27-49. The board shall designate a chairman from among its members, and may, from time to time, change such designation. Meetings of the board shall be held at the call of the chairman and at such other times as the board may determine. Any two (2) members of the board shall constitute a quorum. The chairman, or in his absence such other member of the board as he may designate to serve as acting chairman, may administer oaths and compel the attendance of witnesses. All meetings of the board shall be open to the public. The board shall keep a full and accurate record of all proceedings, of all documents filed with it, and of all orders entered, which shall be filed in the office of the board and shall be a public record.

§ 69-27-47. Board of adjustment; hearing on land use regulations.

Any landowner or operator may file a petition with the board of adjustment alleging that there are great practical difficulties or unnecessary hardships in the way of his carrying out upon his lands the strict letter of the land-use regulations prescribed by ordinance approved by the commissioners, and praying the board to authorize a variance from the terms of the land-use regulations in the application of such regulations to the lands owned or

operated by the petitioner. Copies of such petition shall be served by the petitioner upon the chairman of the commissioners of the district within which his lands are located and upon the chairman of the State Soil and Water Conservation Committee. The board of adjustment shall fix a time for the hearing of the petition and cause due notice of such hearing to be given. The commissioners of the district and the State Soil and Water Conservation Committee shall have the right to appear and be heard at such hearing. Any owner or operator of lands lying within the district who shall object to the authorizing of the variance prayed for may intervene and become a party to the proceedings. Any party to the hearing before the board may appear in person, by agent, or by attorney. If, upon the facts presented at such hearing, the board shall determine that there are great practical difficulties or unnecessary hardship in the way of applying the strict letter of any of the land-use regulations upon the lands of the petitioner, it shall make and record such determination and shall make and record findings of fact as to the specific conditions which establish such great practical difficulties or unnecessary hardship. Upon the basis of such findings and determination, the board shall have power by order to authorize such variance from the terms of land-use regulations in their application to the lands of the petitioner, as will relieve such great practical difficulties or unnecessary hardship and will not be contrary to the public interest, and such that the spirit of the land-use regulations shall be observed, the public health, safety, and welfare secured, and substantial justice done.

§ 69-27-49. Appeal from order of board of adjustment.

Any petitioner aggrieved by an order of the board granting or denying, in whole or in part, the relief sought, the commissioners of the district, or any intervening party, may obtain a review of such order in the chancery court of the county in which the lands of the petitioner may lie, by filing in such court a petition praying that the order of the board be modified or set aside and may demand a jury qualified in all respects as the jurors in eminent domain proceedings in the chancery court. A copy of such petition shall forthwith be served upon the parties to the hearing before the board and thereupon the party seeking review shall file in the court a transcript of the entire record in the proceedings, certified by the board, including the documents and testimony upon which the order complained of was entered, and the findings, determination, and order of the board. Upon such filing, the court shall cause notice thereof to be served upon the parties and shall have jurisdiction of the proceedings and of the questions determined or to be determined therein, and shall have power to grant such temporary relief as it deems just and proper, and to make and enter a decree enforcing, modifying and enforcing as so

modified, or setting aside in whole or in part, the order of the board. No contention that has not been urged before the board shall be considered by the court unless the failure or neglect to urge such contention shall be excused because of extraordinary circumstances. The findings of the board as to the facts, if supported by evidence, shall be conclusive. If any party shall apply to the court for leave to produce additional evidence and shall show to the satisfaction of the court that such evidence is material and that there were reasonable grounds for the failure to produce such evidence in the hearing before the board, the court may order such additional evidence to be taken before the board and to be made a part of the transcript. The board may modify the findings as to the facts or make new findings, taking into consideration the additional evidence so taken and filed, and it shall file such modified or new findings which, if supported by evidence, shall be conclusive, and shall file with the court its recommendations, if any, for the modification or setting aside of its original order. The jurisdiction of the court shall be exclusive and its judgment and decree shall be final, except that the same shall be subject to review in the same manner as are other judgments or decrees of the court.

JUDICIAL DECISIONS

1. In general.

Office of committeeman on an executive committee elected upon agreement of two conservation districts to co-operate is a public office within the general rule that injunction will not lie to try the right and title to a public office. *Lacey v. Noblin*, 238 Miss. 329, 118 So. 2d 336 (1960).

In an injunction action by one claiming to have been elected as a member of an executive committee created upon agreement of two conservation districts to co-operate, and alleging that the other defen-

dants had refused to permit him to perform his duties and had attempted to substitute another in his place, since the allegations reflected that one other than complainant was in possession of the office and performing the duties thereof, complainant did not bring himself within the exception to the general rule that a bill for injunction will not lie to try the right and title to a public office. *Lacey v. Noblin*, 238 Miss. 329, 118 So. 2d 336 (1960).

§ 69-27-53. State agencies to cooperate.

Agencies of this state which shall have jurisdiction over, or be charged with the administration of, any state-owned lands, and of any county, or other governmental subdivision of the state, which shall have jurisdiction over, or be

charged with the administration of, any county-owned or other publicly owned lands, lying within the boundaries of any district organized hereunder, shall cooperate to the fullest extent with the commissioners of such districts in the effectuation of programs and operations undertaken by the commissioners under the provisions of this article. The commissioners of such districts shall be given free access to enter and perform work upon such publicly owned lands. The provisions of land-use regulations adopted pursuant to Section 69-27-37, shall have the force and effect of law over all such publicly owned lands, and shall be in all respects observed by the agencies administering such lands.

§ 69-27-55. Adjustment of boundaries or withdrawal of lands from district; consolidation with another district; petition.

Any twenty-five (25) owners of land lying within the limits of a portion of a soil and water conservation district organized under the provisions of this article may petition the State Soil and Water Conservation Committee asking that the described area be withdrawn from the present district, or that the district be dissolved, and consolidated with another district or segment of another district, and that the area withdraw or the composite area be designated as an individual soil and water conservation district, with all the powers and responsibilities designated to soil and water conservation districts by law. Such petition shall set forth:

(a) The proposed name of such district.

(b) That there is a need for adjustment of boundaries or reorganization of territory, to provide for a separate soil and water conservation district to function in the territory described in the petition, in the interest of public health, safety, and welfare.

(c) A description of the territory proposed to be included in the adjusted boundaries, or the territory to be withdrawn from an existing district, and the total territory to be included in the new district.

(d) A request that the State Soil and Water Conservation Committee duly define the boundaries for such district; that one or more public hearings be held to determine the feasibility and propriety of such changes; and that the committee determine that such adjustments be made or such district created.

Where more than one petition is filed covering parts of the same territory, the State Soil and Water Conservation Committee may consolidate all or any such petitions.

Editor's Note — State Soil and Water Conservation Committee renamed State Soil and Water Conservation Commission, see § 69-27-2.

§ 69-27-57. Adjustment or consolidation; hearing and determination of administrative feasibility.

(1) Within sixty (60) days after a petition pursuant to Section 69-27-55 has been filed with the State Soil and Water Conservation Committee, it shall cause due notice to be given of one or more proposed hearings upon the question of the desirability and necessity in the interest of the public health, safety, and welfare, of the adjustment of the boundaries or creation of such district, upon the question of appropriate boundaries of such district, upon the propriety of the petition and other proceedings taken under this article, and upon all questions relevant to such inquiries. All owners and operators of land within the territory described in the petition, and of lands within any territory considered for addition to such described territory, and all owners and all operators of land within the existing district or districts from which territory is being considered for withdrawal, and all other interested parties, shall have the right to attend such hearings and be heard. If it shall appear upon the hearing that it may be desirable to include within the proposed adjusted boundary or within the proposed district territory outside of the area within which due notice of the hearing has been given, the hearing shall be adjourned and due notice of further hearing shall be given throughout the entire area to be considered and such further hearing held.

(2) After such hearing or hearings, if the committee shall determine, upon the facts presented at such hearings and upon such other relevant facts and information as may be available, that there is need, in the interest of the public health, safety, and welfare, for adjustment in the boundaries, or for withdrawing territory from an existing district for the purpose of combination with other territory or district to provide an opportunity for more effective functioning of one or more districts in the territory considered at the hearings, it shall have the power to and shall make and record such determination, and shall define, by metes and bounds, or by legal subdivisions, the boundaries of such adjusted territory, or the boundaries of such district or districts. In making such determination and in defining such boundaries, the committee shall give due weight and consideration to the topography of the area considered, the composition of the soils, the distribution of erosion, the prevailing water and land-use practices, the desirability and necessity of including within the boundaries the particular lands under consideration and the benefit such lands may receive from being included within such boundaries, the relation of the proposed area to existing watersheds and agricultural regions, and to other soil and water conservation districts already organized or proposed to be organized under the provisions of this article, the relationship to existing political subdivisions of the state, and such other physical, geographical, and economic factors as are relevant, having due regard to the legislative determinations set forth by law.

(3) If the committee shall determine after such hearings, after due consideration of the said relevant facts, that there is no need for the

adjustment in boundary, or the revision of districts in the territory considered at the hearing, it shall make and record such determination and shall deny the petition. After twelve (12) months shall have expired from the date of the denial of any such petition, subsequent petitions covering the same or substantially the same territory may be filed as aforesaid and new hearings held and determinations made thereon.

(4) The committee shall pay all expenses for the issuance of such notices and the conduct of such hearings as are deemed necessary by the committee. The committee shall supervise the conduct of all hearings provided pursuant to the provisions of this article. It shall issue appropriate regulations governing the conduct of such hearings.

(5) If the committee has decided that the adjustment of boundaries or revision of districts is needed, as provided in subsection (2) of this section, it shall have the power to make the determination, upon the facts presented at such hearings, and upon such other relevant facts and information as may be available, that the operation of a district with the adjusted boundaries, or as revised or consolidated within the defined boundaries, is administratively practicable and feasible. If the committee shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the committee shall determine that the operation of a district within the described boundaries is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district in the manner provided in Sections 69-27-15 through 69-27-29, except that a referendum as provided therein shall not be deemed necessary, a hearing or hearings being substituted therefor.

(6) After twelve (12) months shall have expired from the date of entry of a determination by the State Soil and Water Conservation Committee that operation of a district within the adjusted boundary or revised territory is not administratively practicable and feasible, and denial of a petition pursuant to such determination, subsequent petitions may be filed as provided in subsection (3) of this section and action taken thereon in accordance with the provisions of Sections 69-27-55 through 69-27-61.

(2) The provisions of Sections 69-27-55 through 69-27-61 shall not be interpreted to remove from office commissioners previously appointed or elected to serve existing soil and water conservation districts. However, the State Soil and Water Conservation Committee is empowered to establish rules whereby these officers will continue to serve, either in the existing district, or in the newly constituted district, until the termination date of their present term of office.

§ 69-27-61. Adjustment or consolidation; division of assets.

The State Soil and Water Conservation Committee shall determine from each existing soil and water conservation district from which territory may be withdrawn in the adjustment of boundaries, or revision of a district, the value of cash or bonds on hand, and shall also make an appraisal of the cash value of the equipment, land, or other property of these affected districts, on hand as of the date of issuance of the certificate of organization by the Secretary of State to the revised district, and shall divide the liquid assets on the basis of the proportion of territory withdrawn from the existing district to the total territory in the existing district, make equitable distribution of the equipment, and partition any real property. The decision of the State Soil and Water Conservation Committee in this division of assets shall be final.

§ 69-27-63. Discontinuance of districts.

At any time after the organization of a district under the provisions of this article, any twenty-five (25) owners of land lying within the boundaries of such district may file a petition with the State Soil and Water Conservation Committee praying that the operations of the district be terminated and the existence of the district discontinued. The committee may conduct such public meetings and public hearings upon such petition as may be necessary to assist it in the consideration thereof. Within sixty (60) days after such a petition has been received by the committee, it shall give due notice of the holding of a referendum, and shall supervise such referendum, and issue appropriate regulations governing the conduct thereof, the question to be submitted by ballots upon which the words "For terminating the existence of the _____ (name of the soil and water conservation district to be here inserted)" and "Against terminating the existence of the _____ (name of the soil and water

conservation district to be here inserted)” shall appear, with a square before each proposition and a direction to insert an X mark in the square before one or the other of said propositions as the voter may favor or oppose discontinuance of such district. All owners of lands lying within the boundaries of the district shall be eligible to vote in such referendum. Only such landowners shall be eligible to vote. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate such referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

The committee shall publish the result of such referendum and shall thereafter consider and determine whether the continued operation of the district within the defined boundaries is administratively practicable and feasible. If the committee shall determine that the continued operation of such district is administratively practicable and feasible, it shall record such determination and deny the petition. If the committee shall determine that the continued operation of such district is not administratively practicable and feasible, it shall record such determination and shall certify such determination to the commissioners of the district. In making such determination the committee shall give due regard and weight to the attitudes of the owners and operators of lands lying within the district, the number of landowners eligible to vote in such referendum who shall have voted, the proportion of the votes cast in such referendum in favor of the discontinuance in the district to the total number of votes cast, the approximate wealth and income of the landowners of the district, the probable expense of carrying on erosion-control operations within such district, and such other economic and social factors as may be relevant to such determination, having due regard to the legislative findings set forth in Section 69-27-3. However, the committee shall not have authority to determine that the continued operation of the district is administratively practicable and feasible unless at least a majority of the votes cast in the referendum shall have been cast in favor of the continuance of such district.

Upon receipt from the State Soil and Water Conservation Committee of a certification that the committee has determined that the continued operation of the district is not administratively practicable and feasible, pursuant to the provisions of this section, the commissioners shall forthwith proceed to terminate the affairs of the district. The commissioners shall dispose of all property belonging to the district at public auction and shall pay over the proceeds of such sale to be covered into the state treasury. The commissioners shall thereupon file an application, duly verified, with the Secretary of State for the discontinuance of such district, and shall transmit with such application the certificate of the State Soil and Water Conservation Committee setting forth the determination of the committee that the continued operation of such district is not administratively practicable and feasible. The application shall recite that the property of the district has been disposed of and the proceeds paid over as in this section provided, and shall set forth a full accounting of such properties and proceeds of the sale. The Secretary of State shall issue to

the commissioners a certificate of dissolution and shall record such certificate in an appropriate book of record in his office.

Upon the issuance of a certificate of dissolution under the provisions of this section, all ordinances and regulations theretofore adopted and in force within such district shall be of no further force and effect. All contracts theretofore entered into, to which the district or commissioners are parties, shall remain in full force and effect for the period provided in such contracts. The State Soil and Water Conservation Committee shall be substituted for the district or commissioners as party to such contracts. The committee shall be entitled to all benefits and subject to all liabilities under such contracts and shall have the same right and liability to perform, to require performance, to sue and be sued thereon, and to modify or terminate such contracts by mutual consent or otherwise as the commissioners of the district would have had. Such dissolution shall not affect the lien of any judgment entered under the provisions of Section 69-27-41, nor the pendency of any action instituted under the provisions of such section, and the committee shall succeed to all the rights and obligations of the district or commissioners as to such liens and actions.

The State Soil and Water Conservation Committee shall not entertain petition for the discontinuance of any district nor conduct referendums upon such petitions nor make determinations pursuant to such petitions in accordance with the provisions of this section, more often than once in one (1) year.

In the event a majority of the landowners vote to dissolve a district the State Soil and Water Conservation Committee shall dissolve same.

ATTORNEY GENERAL OPINIONS

A county had statutory authority to appropriate and expend monies to a soil and water conservation district where the county had a local and private bill which created a special fund from gaming revenues, 40 percent of which could be expended, among other things, for the construction, support, or maintenance of public or nonprofit water and sewer systems, storm water drainage and flood prevention, public recreation uses, etc. Dulaney, February 12, 1999, A.G. Op. #99-0029.

A county is not responsible for paying the costs of life, health and workers' compensation insurance premiums, matching social security and medicare, retirement benefits, and like expenses for soil and water conservation district employees. Barefield, Feb. 13, 2004, A.G. Op. 03-0069.

The appropriate method for the transfer of funds to a Soil and Water Conservation District is a determination left to the discretion and judgment of the board of supervisors. Barefield, Feb. 13, 2004, A.G. Op. 03-0069.

The term of each member of said committee shall be five years from the date of his appointment, but any member may be removed from office as other public officers and the term of any member of said committee shall cease, if he fails to maintain his ownership of the requisite one hundred and sixty acres of land in the county. Vacancies on said committee shall be filled for a term of five years by appointment in the same manner as the original members were appointed. The members of said committee shall receive no pay for the services to be performed hereunder, but one member of said committee shall be designated by it as secretary of the committee, who shall be paid his reasonable expense out of the soil erosion funds herein provided for, by order of the board of supervisors, upon certificate of the committee.

§ 69-27-207. Contracts between county and owner; benefit payments.

All contracts entered into hereunder between a county designated in Section 69-27-201 and an owner of land therein for the terracing and/or ditching thereof shall be in such legal form as may be approved by the attorney for the board of supervisors, and each such contract, before becoming effective, shall contain a legal description of the land, shall be signed in his own behalf by the owner of the land, and if the property contained in such description be a part of the homestead of such owner, by the husband or wife, as the case may be, before at least two witnesses, and properly proved for recording, or acknowledged before some officer authorized to accept acknowledgments, shall be approved in writing by the secretary of the soil erosion committee, and shall be accepted by the board of supervisors, by order upon its minutes setting forth the date of the contract and the name of the landowner. Any number of such contracts may be accepted in one order, but no such contract shall be accepted unless all taxes theretofore becoming due and payable on the land therein described have been paid. Upon the acceptance of such contract or contracts, the clerk of the board of supervisors, acting in his official capacity as chancery clerk, shall note upon the *lis pendens* record the name of such landowner, together with a description of the land contained in such contract, which listing shall be notice to any subsequent purchaser or incumbrancer. Any subsequent transaction concerning such land shall be by reason of such listing and such notice subject to any and all assessments which may thereafter be made by virtue of such contract. All such contracts so accepted shall remain binding upon the signers thereof unless cancelled by an order of the board of supervisors, either of its own motion or by mutual agreement with the then owner of the land. The county shall not be liable for damages or otherwise because of its cancellation of any such contract, or its failure to perform the same; and the owner of the land shall not be required to make any payment under such contract unless and until the work to be done thereunder has been completed. The amount to be paid by the owner of the land for the work to be done under any such contract may at his option be paid in one payment on or before the 1st day of February following the completion thereof, or in not more than four equal annual payments, the first payment to be due on the first day of February following completion of the work, and one on the first day of February in each year thereafter until all are paid, with six per cent (6%) interest from the maturity date of the first payment; but such option shall be exercised in advance, and the terms of payment stated in the contract. All payments under such contracts shall be made to the tax collector of the county, for the benefit of a soil erosion fund or funds, to be collected, accounted for, paid in, and commissions charged thereon by the tax collector, as in case of other taxes collected for the county, except that sales of land for default in such payments shall be as herein provided.

§ 69-27-209. Machinery and equipment; how purchased; operation; election on question of purchase.

[With regard to any county which is exempt from the provisions of Section 19-2-3, this section shall read as follows:]

The board of supervisors of a county as designated in Section 69-27-201 may, on the recommendation of the soil erosion committee, or shall, if so required by the election hereinafter provided for, advertise for bids as in other cases and purchase the proper terracing and/or ditching machinery, either for the county as a whole or for any one or more supervisors districts thereof as a soil erosion district, and provide the necessary labor for the operation thereof, and the necessary supplies and maintenance to properly operate the same, subject, however, to the approval of the soil erosion committee herein otherwise provided. In event the board of supervisors shall fail or refuse to advertise for bids for the purchase of any machinery recommended by said soil erosion committee within sixty (60) days after receipt of such recommendation, it shall, on the filing with it of a petition signed by ten percent (10%) or more of the qualified electors of the county as a whole, or of one or more supervisors districts as the petition may provide, call and hold as in other cases a special election in said county, or in such one or more supervisors districts, within sixty (60) days after the filing of the petition, in which election the question shall be, for or against the purchase of terracing and/or ditching machinery for the county, or for one or more supervisors districts as the case may be; and if a majority of the votes cast in said election be in favor of the purchase of such machinery, then said board shall, at its next meeting, advertise for bids for the purchase thereof, and thereafter further perform the duties required of it hereunder with respect to soil erosion work. Such advertisement for bids shall constitute notice to the public of the intention of the board to make such purchase and the board may proceed accordingly unless on or before the first day of the meeting at which said bids are to be opened a petition, signed by twenty percent (20%) or more of the qualified electors of the county, exclusive of those who pay poll tax only, or if the soil erosion district is composed of one or more supervisors districts then of twenty percent (20%) or more of such soil erosion district, shall be filed with the clerk of the board protesting against such purchase, in which event such purchase shall not be made unless approved in an election called and held for the purpose in the manner provided for the calling and holding of elections on the question of the issuance of tax anticipation note or notes. Said board shall have full supervision of all soil erosion work, the machinery, labor, supplies, contracts, and the funds arising from work performed, from taxation, if any, or otherwise, except to the extent herein otherwise specifically provided; and in administering the soil erosion fund the board shall take into consideration the repairs and replacements incident to the operation of the character of machinery in use in order that the work may continue without undue interruption as long as may be necessary. In

event machinery be purchased hereunder for soil erosion districts composed of one or more supervisors districts, but less than the whole county, then the soil erosion fund shall be administered in one or more subdivisions as may be necessary, so as to keep separate the operations of the several soil erosion districts of the county, and the taxes levied, if any, shall likewise be levied upon said separate soil erosion districts, in the same manner as for separate road districts; and for these purposes such separate soil erosion districts may be designated by name or number, to be declared by the board. All acts and proceedings of the board with respect to soil erosion work and the funds thereof shall be by order upon its minutes, as in other cases. Contracts for terracing and/or ditching shall be performed as nearly as possible in the order of their dates, any deviation therefrom by reason of necessity, public convenience, causes beyond the control of the committee, or agreement with the landowners, to be under the direction of the soil erosion committee. Only one (1) committee shall be appointed in said county, regardless of the number of soil erosion districts in operation therein.

[With regard to any county which is required to operate on a countywide system of road administration as described in Section 19-2-3, this section shall read as follows:]

The board of supervisors of a county as designated in Section 69-27-201 may, on the recommendation of the soil erosion committee, or shall, if so required by the election hereinafter provided for, advertise for bids as in other cases and purchase the proper terracing and/or ditching machinery for the county and provide the necessary labor for the operation thereof, and the necessary supplies and maintenance to properly operate the same, subject, however, to the approval of the soil erosion committee herein otherwise provided. In event the board of supervisors shall fail or refuse to advertise for bids for the purchase of any machinery recommended by said soil erosion committee within sixty (60) days after receipt of such recommendation, it shall, on the filing with it of a petition signed by ten percent (10%) or more of the qualified electors of the county, call and hold as in other cases a special election in said county within sixty (60) days after the filing of the petition, in which election the question shall be, for or against the purchase of terracing and/or ditching machinery for the county; and if a majority of the votes cast in said election be in favor of the purchase of such machinery, then said board shall, at its next meeting, advertise for bids for the purchase thereof, and thereafter further perform the duties required of it hereunder with respect to soil erosion work. Such advertisement for bids shall constitute notice to the public of the intention of the board to make such purchase and the board may proceed accordingly unless on or before the first day of the meeting at which said bids are to be opened a petition, signed by twenty percent (20%) or more of the qualified electors of the county, shall be filed with the clerk of the board protesting against such purchase, in which event such purchase shall not be made unless approved in an election called and held for the purpose in the manner provided for the calling and holding of elections on the question of the

issuance of tax anticipation note or notes. Said board shall have full supervision of all soil erosion work, the machinery, labor, supplies, contracts, and the funds arising from work performed, from taxation, if any, or otherwise, except to the extent herein otherwise specifically provided; and in administering the soil erosion fund the board shall take into consideration the repairs and replacements incident to the operation of the character of machinery in use in order that the work may continue without undue interruption as long as may be necessary. All acts and proceedings of the board with respect to soil erosion work and the funds thereof shall be by order upon its minutes, as in other cases. § 69-27-211. Machinery and equipment; contracts with owners must be first obtained; additional machinery.

The soil erosion committee shall not, except as herein otherwise provided, make recommendation to the board for the purchase of the first machinery for said county, or part of the county, unless it has contracts in the form herein required, signed by the landowners, duly witnessed, and approved by the secretary of the committee, covering at least seventy-five hundred acres of land, which, however, shall justify the purchase of as many as three outfits of machinery; and thereafter the subsequent contracts made in said county, or part of the county, shall be allocated to the first machinery purchased therefor, until the whole amount reaches a total of not less than four thousand acres to each outfit. Should the committee thereafter obtain or have additional like contracts in said county, or part of the county, covering another four thousand acres or more, the same shall warrant the purchase of additional machinery by recommendation or election as herein provided; and this shall furnish the guide for all further purchases in said county or part of the county. In exceptional cases, where the board finds as a fact that the amount of work to be done upon the land is much greater than in ordinary cases, the board of supervisors may, with the unanimous consent of the soil erosion committee, reduce the amount of contract acreage necessary for the purchase of one outfit of machinery to not less than two thousand acres, and the amount of contract acreage to be allocated to one outfit of machinery to not less than three thousand acres, and the committee may then recommend purchases of machinery when those conditions are complied with, provided that not less than two outfits are owned or to be purchased by said county or part of the county under this article.

§ 69-27-213. Machinery and equipment; certificates of indebtedness for; tax levy; payment of expenses.

The board of supervisors shall have the right to issue certificates of indebtedness of the county for the purchase price of the necessary machinery for soil erosion work hereunder, or any part of such price, to be paid from the soil erosion fund of the county or part of the county for which such machinery is purchased, which certificates shall be payable in no more than three annual instalments, the first of which in the case of two instalments to be not less than one-half of the aggregate certificates issued for that purchase, and the first two of which in the case of three instalments to be for not less than one-third each of such aggregate, the first instalment in any case to be payable on the first Monday in April of the year following that in which the certificates are issued, and subsequent instalment on the first Monday in April each succeeding year. By its order purchasing such machinery the board may provide for the payment of interest at a rate of not more than six per cent (6%) per annum upon the deferred payments evidenced by said certificates, in which event said certificates shall show upon their face that fact, and shall be payable with interest accordingly; and said certificates shall also show upon their face the date when and the purpose for which issued, the principal amount of the certificate, the aggregate amount of the certificates issued for that particular purchase, the date when payable, and whether payable from the soil erosion fund of the whole county or of some named or numbered soil erosion district thereof; and all such certificates shall be signed by the president of the board, shall be countersigned by the clerk thereof, shall have the seal of the county impressed thereon, and shall be registered by the clerk when issued as is required in the case of bonds, and may be validated as such. The board shall also make appropriate provision, by budget and tax levy as in other cases, to so govern and supplement the soil erosion fund arising from performance of contracts for landowners, as to make prompt payments of all bills for labor, fuel, oil, supplies, repairs and other necessary cost and expenses incident to the operation of said machinery, the performance of said contracts, and the carrying out of the provisions hereof, and prompt payment of the certificates of indebtedness issued for the purchase of machinery, with interest, if any, as and when due. The board may also borrow money for the county in anticipation of taxes and the special assessments herein provided for, for the payment of current operating expenses of soil erosion work, as in case of other current operating expenses, the same to be paid out of the soil erosion fund, supplemented if necessary by a special tax as in other cases. Money so borrowed, as well as the certificates of indebtedness issued for the purchase of machinery, shall be a liability of the county until paid. The certificates herein provided for shall not be taken into consideration under any debt limitation statute.

§ 69-27-215. Notice of completion of contracts; special improvement tax; lien; lump sum payment, etc.

It shall be the duty of the soil erosion committee to notify the board of supervisors, the county assessor and the landowner within fifteen days after the performance of each contract by the county or separate soil erosion district, giving the assessor the name of the landowner, the legal description of the land, the amount to be paid to the county or district, and how payable, and to the landowner a notice that a special assessment will be made against his land by the assessor for the amount determined by the committee, and presented to the next meeting of the board of supervisors beginning more than ten days thereafter for approval. The assessor shall, at the next meeting of the board beginning more than ten days after such notice, file with the board of supervisors, in duplicate, on appropriate forms, keeping a copy thereof on file in his own office, an assessment of the land for a special improvement tax thereon equal to the amount fixed by the committee, and payable as provided by the contract. It shall be the duty of the board of supervisors at said meeting to hear any objections to such assessment, by the landowner or the holder of any lien thereon, and to determine the amount of the assessment, not to exceed the amount fixed by the committee, and to approve the assessment as finally determined. The clerk of the board shall forthwith certify such assessment to the tax collector of the county upon the duplicate of the assessment filed by the assessor. In event such assessment be not returned to or acted upon by the board at the first meeting for any reason, it may be returned, considered and acted upon at any subsequent meeting. When approved, such assessment shall be a lien upon the land subordinate only to the lien of other taxes, prior and subsequent, and no delay or irregularity in the giving of notices, the making of the assessment, the hearing and approval thereof, or the certification thereof to the tax collector, shall affect the validity of the assessment if the work was actually done upon the land and the amount of the assessment does not exceed the contract price. Appeals may be taken to the circuit court of the county as in other cases of assessments for taxation, by the landowner or the holder of any lien upon the land. Nothing herein contained shall prevent any landowner from making payment to the tax collector of the estimated amount to become due under his contract, or any part thereof, in advance of the time the same becomes due, and the tax collector shall receive any payment so tendered, and give the landowner credit therefor against the assessment when made.

§ 69-27-217. Tax collector's role; collection of assessment; sale of land for non-payment; redemption.

It shall be the duty of the tax collector to preserve all assessments so certified to him, to note upon the real property assessment roll of the county or county district upon which ad valorem taxes are to be collected for the year in which said work was done, the fact that said land is subject to a special soil

erosion fund tax, and to collect with the other taxes payable on February first, giving a separate receipt therefor, the amount of the special soil erosion fund tax then due accordingly, and to so continue from year to year until such a special tax has been paid in full. If said special tax was to be paid in one payment within one year after completion of the work, the assessment shall be made accordingly, and the tax shall be then payable, and shall be collected at the time shown by the assessment. In event said tax or any part thereof is not paid when due, the tax collector shall advertise and sell the land liable therefor as in the case of lands sold for the non-payment of drainage district taxes, and all provisions of law applicable to such drainage district tax sales shall be applied in the case of soil erosion fund tax sales, except that if there are no other bidders the soil erosion committee shall become the purchaser on behalf of and in the name of the county, a sale or sales may be made on the first Monday of any month, and such sales shall be subordinate to all other sales of taxes, prior or subsequent, to the same extent as sales for other special improvements. For the protection of its rights hereunder, any of said counties may redeem from sale of any such lands to the state after any tax sale thereof by payment to the state of the state taxes with damages thereon and costs of sale.

§ 69-27-219. No contracts on incumbered land.

No contract shall be approved by the soil erosion committee of any of said counties designated in Section 69-27-201, concerning any lands whereon there is any lien of any character whatever, except lien for current taxes, unless the holder of such lien shall have first approved such contract, and such approval shall operate as a waiver of such lien in favor of and in subordination to any subsequent special assessment made in accordance herewith.

§ 69-27-223. Additional equipment not purchased until.

In the event of a tax levy being made to pay the purchase price of any equipment purchased under this article, the county shall not be authorized to purchase any additional equipment until enough money has been collected from the use of equipment already purchased, sufficient to pay back into the county treasury the full amount collected by such tax levy.

§ 69-27-349. Terms of bonds; sale of bonds; expenses of issuance.

Such bonds may be executed and delivered by the state at any time and from time to time, may be in such form and denominations and of such terms and maturities, may be in fully registered form or in bearer form registrable either as to principal or interest or both, may bear such conversion privileges and be payable in such installments and at such time or times not exceeding twenty (20) years from the date thereof, may be payable at such place or places, whether within or without the State of Mississippi, may bear interest payable at such time or times and at such place or places and evidenced in such manner, and may contain such provisions not inconsistent herewith, all as shall be provided in the proceedings of the State Bond Commission under which the bonds are authorized to be issued. Such bonds shall not bear a greater overall maximum interest rate to maturity than that authorized by law for general obligation bonds. If deemed advisable by the State Bond Commission, there may be retained in the proceedings under which any such bonds are authorized to be issued an option to redeem all or any part thereof as may be specified in such proceedings, at such price or prices and after such notice or notices and on such terms and conditions as may be set forth in such proceedings and briefly recited or referred to on the face of the bonds, but nothing herein contained shall be construed to confer on the state any right or option to redeem any bonds, except as may be provided in the proceedings under which they shall be issued. Any such bonds shall be sold on sealed bids at public sale, and for such price as the State Bond Commission determines to be in the best interest of the State of Mississippi, but no such sale shall be made at a price less than par value plus accrued interest to date of delivery of

the bonds to the purchaser. The state may pay all expenses, premiums and commissions which the State Bond Commission may deem necessary or advantageous in connection with the issuance thereof, but solely from the proceeds of the bonds. The issuance by the state of one or more series of bonds shall not preclude it from issuing other series of bonds, but the proceedings under which any subsequent bonds may be issued shall recognize and protect any prior pledge made for any prior issuance of bonds.

Protection and Conservation of Agricultural Lands

SEC.

- 69-28-1. Legislative purpose and intent.
- 69-28-3. Definitions.
- 69-28-5. Qualifications for designation as agricultural district.
- 69-28-7. Petition for designation or redesignation of an agricultural district.
- 69-28-9. Procedures, limitations and responsibilities of agricultural districts.
- 69-28-11. Soil and water conservation district.

§ 69-28-1. Legislative purpose and intent.

It is the intent and purpose of the Legislature to encourage the conservation, protection and responsible utilization of lands that are managed for purposes of agricultural production. It is recognized that such lands are finite, fragile and valuable resources that contribute economically and socially to the well-being of the State of Mississippi. It is also recognized that these lands are subject to change and conversion from agricultural production as a result of urban expansion, transportation projects, water impoundments, utility expansion and similar land development measures. It is the policy of the Legislature to provide a process for the recognition of lands dedicated to agricultural production and to assure an accurate understanding of the impacts of public policy decisions that might otherwise alter the capability of those lands to remain in agricultural production.

SOURCES: Laws, 1997, ch. 469, § 1, eff from and after July 1, 1997.

§ 69-28-3. Definitions.

As used in this chapter, unless the context clearly indicates otherwise:

(a) “Agricultural production” means those operations including associated land and facility management activities engaged in the commercial propagation, raising, harvesting and/or processing of any plant or animal or products thereof for the purposes of consumption, utilization, goods or services either on-site or for distribution.

(b) “Farmland” means land and associated facilities involved in agricultural production activities.

(c) “Agricultural district” means those properties residing within a contiguous boundary and meeting appropriate criteria for designation as such by the local soil and water conservation district.

(d) “Soil and water conservation district” means that governmental body established by Section 69-27-15 et seq.

(e) “State Soil and Water Conservation Commission” means that governmental body established by Section 69-27-2 et seq.

(f) “District commissioners” means the governing body of the local soil and water conservation district.

(g) "Ownership" means any individual, family, company, corporation or organization holding title to property within a proposed or established agricultural district.

(h) "Petition" means the application and the application process for designation of an agricultural district as submitted to the local soil and water conservation district.

SOURCES: Laws, 1997, ch. 469, § 2, eff from and after July 1, 1997.

§ 69-28-5. Qualifications for designation as agricultural district.

(a) To qualify for designation as an agricultural district, a district shall initially contain at least fifty (50) contiguous acres and may include any number of individual property ownerships; however, no single ownership shall contain less than fifteen (15) acres.

(b) Agricultural districts shall include only ownerships engaged in agricultural production.

(c) Before designation of an agricultural district, landowners must submit a petition to the local soil and water conservation district commissioners requesting designation of an agricultural district. The petition shall include the following information:

(i) A general description of the proposed agricultural district including total number of ownerships, total acreage, land use information, social and economic information about the respective area of the county and potential impacts on development of agricultural production;

(ii) Location of the proposed agricultural district boundary on a standard United States Geological Survey Quadrangle map (1:2000 scale);

(iii) Location of the proposed agricultural district boundary on the local county tax assessor map including location and identification of each ownership within the agricultural district as well as identification of all ownerships adjacent to the agricultural district;

(iv) A description of the type and extent of agricultural production activity for each ownership within the proposed agricultural district;

(v) Other pertinent information as the local soil and water conservation district commissioners may require to evaluate the petition.

(d) Individual ownership participation in an agricultural district is entirely voluntary, and no land shall be included in the agricultural district without the consent of the owner.

(e) Upon receipt of a petition the local soil and water conservation district commissioners shall notify the county board of supervisors and/or any local or regional planning or zoning body that may apply by sending a copy of the petition to such body.

(f) In evaluating a petition for the establishment of an agricultural district the local soil and water conservation district commissioners shall consider the following:

- (i) The capability of the land to support continued agricultural production as indicated by soil conditions, climate, topography and other natural conditions;
- (ii) The ability of the local, regional, state and international markets to support continued agricultural production; and
- (iii) Any matter which might be relevant to evaluation of the petition.

SOURCES: Laws, 1997, ch. 469, § 3, eff from and after July 1, 1997.

§ 69-28-7. Petition for designation or redesignation of an agricultural district.

(a) Upon review of a petition, the local soil and water conservation district commissioners may approve designation of an agricultural district. A designated agricultural district shall be established for a period of five (5) years and reviewed for redesignation every five (5) years thereafter. However, the soil and water conservation district may review the status of designation at any time upon the written request and justification of the respective county board of supervisors, city board of aldermen, city council, city selectmen, city commissioners, city manager or mayor or upon a decision of the district commissioners that such a review is appropriate. The soil and water conservation district commissioners may sustain or repeal designation of an agricultural district based upon the following:

- (i) The continued viability of the agricultural district. An agricultural district may become reduced in acreage based upon the voluntary withdrawal of any of the ownerships. However, the agricultural district shall cease to exist if the total acreage drops below twenty (20) acres;
- (ii) The impacts and consequences of proposed land development; and
- (iii) Other factors that the district commissioners may find relevant.

(b) Any ownership, or any successor heir of the ownership, within an agricultural district may withdraw from the agricultural district upon notifying the local soil and water conservation district in writing.

(c) Landowners may submit or resubmit petitions for designation or redesignation at any time to the local soil and water conservation district.

(d) If a petition is rejected or the local soil and water conservation district commissioners repeal designation of an agricultural district, the ownerships within the agricultural district may appeal the decision of the district commissioners to the State Soil and Water Conservation Commission. Based upon a review of all relevant information and following a public hearing, the State Soil and Water Conservation Commission may either sustain or overturn the decision of the local soil and water conservation district.

SOURCES: Laws, 1997, ch. 469, § 4, eff from and after July 1, 1997.

§ 69-28-9. Procedures, limitations and responsibilities of agricultural districts.

Upon establishment of an agricultural district, the following procedures, limitations and responsibilities shall apply:

(a) Any ownership within an agricultural district that has received a notice of condemnation proceedings against its property may request the local soil and water conservation district to conduct a public hearing to review the project's impact on that property. Such public hearing shall be held within forty-five (45) calendar days of the receipt of such summons of condemnation proceedings.

(b) The local soil and water conservation district with assistance of the State Soil and Water Conservation Commission shall provide appropriate notification about establishment of the agricultural district to local and state government agencies, local media and other communication networks. The soil and water conservation district shall also issue appropriate certificates of recognition to the respective ownerships within the agricultural district.

(c) The local soil and water conservation district, in cooperation with the local road manager, or his counterpart, as well as the Mississippi Department of Transportation, may erect signs as may be appropriate to recognize a designated agricultural district.

An agricultural district may be comprised of ownerships residing in more than one (1) soil and water conservation district as long as the conditions of a contiguous boundary are satisfied. In such case, each soil and water conservation district shall have the responsibility to meet the requirements of this chapter within the county of its jurisdiction.

§ 69-29-9. Branding, misbranding or mismarking cattle or swine with intent to defraud; penalty.

Any person who shall, with intent to defraud, brand or mis-brand, mark or mismark any neat cattle or swine not his own; or any person who shall intentionally brand over a previous brand or in any manner alter, deface or obliterate a previous brand or earmark, or shall cut out and obliterate a previous brand or earmark on any neat cattle or swine, shall be guilty of a felony, and upon conviction thereof, shall be punished by imprisonment in the state penitentiary not less than six months nor more than one year.

JUDICIAL DECISIONS

1. In general.

An instruction that every dealer in cattle is required when selling cattle to give to the buyer a bill of sale, having the signature and the address of the buyer and the date of sale and delivery, was properly refused, because this instruction adds nothing to the information of the jury relevant to the issue of the guilt vel non of the defendant. *Lucas v. State*, 211 Miss. 339, 51 So. 2d 583 (1951).

The action of sheriff who after spying a cow in truck on highway one quarter of a mile ahead, overtook the truck, asked defendant occupants if they had a bill of sale to cattle therein, and upon receiving negative answer and unsatisfactory explanation as to identification of alleged seller and the presence of cattle, took the defen-

dants into custody, did not constitute an unlawful search and seizure. *Huggins v. State*, 209 Miss. 552, 47 So. 2d 852 (1950).

In prosecution for grand larceny of cattle, testimony of witness accompanying sheriff on patrolling expedition investigating cattle theft that the sheriff asked the defendants about a bill of sale of other cattle not covered by previous examination of witness was not prejudicial where court admonished the jury to disregard the question, and where the cross-examination of defendants disclosed the facts of other similar thefts in same neighborhood, including theft of cattle belonging to witnesses, and the failure of defendants to exhibit bill of sale. *Huggins v. State*, 209 Miss. 552, 47 So. 2d 852 (1950).

Any sheriff, constable, agricultural and livestock theft investigator or police officer shall have the power to inspect any livestock in the process of transportation upon the highways of Mississippi.

(1) Any cattle or other livestock owner, who uses or desires to use and adopt a brand or mark to identify his livestock must register his brand or mark by making application for such registration to the Department of Agriculture and Commerce. Not only all livestock owners who have their cattle branded before this law goes into effect must apply for registration, but also those persons who desire to brand or mark their livestock for the first time must apply for registration, and submit their proposed brand or mark to the department for clearing before it is applied. The application shall be made on forms prescribed and furnished by the department, which application shall be accompanied by a fee of Five Dollars (\$5.00) and a facsimile of the brand or mark or proposed brand or mark to be registered shall also be furnished by the applicant. All fees collected hereunder for registration, transfer, or reregistration of brands or marks shall be deposited in the State Treasury. If the brand or mark described in the application has not previously been registered by another cattle owner, or does not closely resemble a registered brand or mark, the department shall approve the application, register the brand or mark in the name of the applicant, and issue to the applicant a certificate of registration. When a livestock owner, who has registered a brand or mark with the department, transfers such brand or mark to another person, he shall immediately notify the department of the transfer, giving the date of transfer, and the name and address of the transferee. Upon receipt of the notice and a transfer fee of Two Dollars (\$2.00), the department shall cause such transfer to be noted in the register of brands and marks, and such brand or mark shall not be used by the new owner until permission has been given by the department for the use of such brand or mark.

All brands or marks of cattle and other livestock, upon being registered with the department shall be reregistered once every five (5) years thereafter. Those brands or marks which have been filed and recorded in the Office of the Secretary of State after January 1, 1946, give the owner priority to the use of such brand or mark, and in event of duplication, the brand or mark first filed with the Secretary of State shall have priority over any same or similar brand or mark filed with the Secretary of State thereafter.

After the effective date of this article it shall be necessary for all such owners of brands or marks who have filed and recorded brands or marks in the Office of the Secretary of State after January 1, 1946, to reregister any and all such brands or marks with the department, and pay the necessary registration fee. Brands or marks recorded in the Office of the Secretary of State before January 1, 1946, are not recognized for the purpose of priority, because of the confused state of the records. After the registration of such brands or marks with the department, they must be reregistered not later than five (5) years thereafter, or ownership thereto will be lost.

All brands or marks registered after the effective date of this article shall be reregistered on or before five (5) years after the date of registration. Upon the transfer of any such brand or mark, notice of such transfer shall be furnished the department by the transferor, and the department shall keep a record of all such transfers.

At least ninety (90) days before the renewal date for all brands or marks, the department shall notify all persons having brands or marks registered of the date on which such brand or mark must be renewed. On or before the renewal date of all brands or marks the registered owner thereof shall pay to the department a renewal fee of Five Dollars (\$5.00) and shall furnish such additional information as the department may require on forms to be fur-

nished by the department. If any cattle owner fails to renew any brand or mark registered in his name, such brand or mark shall be forfeited and shall be available to any other applicant.

§ 69-29-201. Purposes, organization, powers and duties.

For the purpose of encouraging the production of more and better livestock and poultry in this state, and for the purpose of preventing theft of livestock and poultry by posting cash rewards for the arrest and conviction of livestock and poultry thieves, and requesting the Governor to aid by posting rewards and employing detectives for this purpose, all owners of livestock and poultry and land owners in any county are hereby authorized and encouraged to organize a county livestock and poultry owners protective association, hereinafter referred to as the association. All persons owning land in the county and all persons owning any livestock or poultry in the county are eligible to membership in the association. They shall organize by meeting at the county courthouse, by electing a president of the association and a secretary, and a treasurer, who shall each agree to serve for one year, without pay, when their successors shall be elected. There shall be a board of directors, not to exceed three members from each beat in the county, elected at the same time and in the same manner as the other officers. No legal charter of incorporation shall be necessary. Each county association shall have authority to make and publish its own by-laws and fix the amount of annual dues. The association, being purely voluntary, may disband or continue to function, as the members shall determine. At the same time, it shall be the duty of the president of the association to assist the sheriff in the capture of the thief or thieves by posting or publishing the standing reward offered by the association for information leading to arrest and conviction of the said thief or thieves, but in case of a theft of poultry no such reward shall be offered by the association where the value of the poultry stolen would amount to a misdemeanor only. When additional assistance may be needed to bring those guilty of the theft of any livestock or poultry to justice, the president of the association, or in his absence or disability, three or more directors of the association may, in their discretion, notify the Governor and request his assistance. When the Governor shall receive such request it shall then be his duty to offer such reward as he may deem proper for arrest and conviction of the said thief or thieves, or for information leading to the arrest and conviction, but such reward shall not exceed Fifty Dollars (\$50.00) in any particular case. In case it is impossible to break up livestock and poultry thefts

§ 69-35-3. Legislative findings, purpose and policy.

(1) It is hereby declared and the Legislature hereby finds that:

(a) Dairy products are basic foods that are a valuable part of the human diet;

(b) The production of dairy products plays a significant role in the state's economy, the milk from which dairy products are manufactured is produced by milk producers and dairy products are consumed by thousands of people throughout the state and the United States;

(c) Dairy products must be readily available and marketed efficiently to ensure that the people of the state receive adequate nourishment;

(d) The maintenance and expansion of existing markets for dairy products are vital to the welfare of milk producers and those concerned with marketing, using and producing dairy products, as well as to the general economy of the state;

(e) Dairy products move in intrastate, interstate and foreign commerce;

(f) The Ninety-eighth Congress of the United States enacted the Dairy Production Stabilization Act of 1983 and established the National Dairy Board (7 U.S.C. 4501 et seq.) authorizing the establishment of orderly procedures for financing promotional and educational programs for milk and

dairy products through a mandatory Fifteen Cents (15¢) per hundredweight assessment on all milk produced in the United States for commercial use, and the carrying out of a coordinated program of promotion designed to strengthen the dairy industry's position in the marketplace, and authorizing such orderly procedures to permit a milk producer or a producer's cooperative to establish that the producer is participating in active, ongoing qualified state or regional dairy product promotion or nutrition education programs intended to increase consumption of milk and dairy products generally, to receive credit in determining the assessment due from such producer for contributions to such state programs in an amount not in excess of Ten Cents (10¢) per hundredweight of milk marketed; and

(g) The American Dairy Association of Mississippi has been designated by the Secretary of Agriculture of the United States Department of Agriculture as a qualified promotional organization pursuant to the terms of the Dairy Production Stabilization Act of 1983 (7 U.S.C. Section 4501 et seq).

(2) It, therefore, is declared to be the policy of the Legislature that it is in the public interest to authorize the establishment, through the exercise of the powers provided in this act, of an orderly procedure for financing (through assessments on all milk produced in the state for commercial use) and carrying out a coordinated program of promotion designed to strengthen the dairy industry's position in the marketplace and to maintain and expand domestic and foreign markets and uses for fluid milk and dairy products produced in the state and the United States. All funds obtained by the state ADA as a result of the passage of this act shall be exclusively utilized to promote the dairy industry within the State of Mississippi, and its contiguous states. Nothing in this act may be construed to provide for the control of production or otherwise limit the right of individual milk producers to produce milk.

§ 69-36-1. [Effective when enacted into law by at least two other states within compact group and when consent of Congress obtained] Southern Dairy Compact; Mississippi's participation.

The Southern Dairy Compact, the full text of which is hereinafter set forth and confirmed by the Mississippi Legislature, is hereby entered into on behalf of the State of Mississippi. The compact shall become effective when enacted into law by at least two (2) other states within the compact group of states and when the consent of Congress has been obtained. The full text of said compact is as follows:

SOUTHERN DAIRY COMPACT

ARTICLE I. STATEMENT OF PURPOSE, FINDINGS AND DECLARATION OF POLICY

§ 1. Statement of purpose, findings and declaration of policy.

The purpose of this compact is to recognize the interstate character of the southern dairy industry and the prerogative of the states under the United States Constitution to form an interstate commission for the southern region. The mission of the commission is to take such steps as are necessary to assure the continued viability of dairy farming in the south, and to assure consumers of an adequate, local supply of pure and wholesome milk.

The participating states find and declare that the dairy industry is an essential agricultural activity of the South. Dairy farms, and associated suppliers, marketers, processors and retailers are an integral component of the region's economy. Their ability to provide a stable, local supply of pure,

wholesome milk is a matter of great importance to the health and welfare of the region.

The participating states further find that dairy farms are essential and they are an integral part of the region's rural communities. The farms preserve land for agricultural purposes and provide needed economic stimuli for rural communities.

In establishing their constitutional regulatory authority over the region's fluid milk market by this compact, the participating states declare their purpose that this compact neither displace the federal order system nor encourage the merging of federal orders. Specific provisions of the compact itself set forth this basic principle.

Designed as a flexible mechanism able to adjust to changes in a regulated marketplace, the compact also contains a contingency provision should the federal order system be discontinued. In that event, the interstate commission is authorized to regulate the marketplace in replacement of the order system. This contingent authority does not anticipate such a change, however, and should not be so construed. It is only provided should developments in the market other than establishment of this compact result in continuance of the order system.

By entering into this compact, the participating states affirm that their ability to regulate the price which southern dairy farmers receive for their product is essential to the public interest. Assurance of a fair and equitable price for dairy farmers ensures their ability to provide milk to the market and the vitality of the southern dairy industry, with all the associated benefits.

Recent, dramatic price fluctuations with a pronounced downward trend threaten the viability and stability of the southern dairy region. Historically, individual state regulatory action had been an effective emergency remedy available to farmers confronting a distressed market. The federal order system, implemented by the Agricultural Marketing Agreement Act of 1937, establishes only minimum prices paid to producers for raw milk, without preempting the power of states to regulate milk prices above the minimum levels so established.

In today's regional dairy marketplace, cooperative rather than individual state action is needed to more effectively address the market disarray. Under our constitutional system, properly authorized states acting cooperative may exercise more power to regulate interstate commerce than they may assert individually without such authority. For this reason, the participating states invoke their authority to act in common agreement, with the consent of Congress, under the compact clause of the Constitution.

ARTICLE II. DEFINITIONS AND RULES OF CONSTRUCTION

§ 2. Definitions.

For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

(1) "Class I milk" means milk disposed of in fluid form or as a fluid milk product, subject to further definition in accordance with the principles expressed in subdivision (b) of § 3 of this compact.

(2) "Commission" means the Southern Dairy Compact Commission established by this compact.

(3) "Commission marketing order" means regulations adopted by the commission pursuant to § 9 and § 10 of this compact in place of a terminated federal marketing order or state dairy regulation. Such order may apply throughout the region or in any part or parts thereof as defined in the regulations of the commission. Such order may establish minimum prices for any or all classes of milk.

(4) "Compact" means this interstate compact.

(5) "Compact over-order price" means a minimum price required to be paid to producers for Class I milk established by the commission in regulations adopted pursuant to § 9 and § 10 of this compact, which is above the price established in federal marketing orders or by state farm price regulations in the regulated area. Such price may apply throughout the region or in any part or parts thereof as defined in the regulations of the commission.

(6) "Milk" means the lactal secretion of cows and includes all skim, butterfat, or other constituents obtained from separation or any other process. The term is used in its broadest sense and may be further defined by the commission for regulatory purposes.

(7) "Partially regulated plant" means a milk plant not located in a regulated area but having Class I distribution within such area. Commission regulations may exempt plants having such distribution or receipts in amounts less than the limits defined therein.

(8) "Participating state" means a state which has become a party to this compact by the enactment of concurring legislation.

(9) "Pool plant" means any milk plant located in a regulated area.

(10) "Region" means the territorial limits of the states which are parties to this compact.

(11) "Regulated area" means any area within the region governed by and defined in regulations establishing a compact over-order price or commission marketing order.

(12) "State dairy regulation" means any state regulation of dairy prices, and associated assessments, whether by statute, marketing order or otherwise.

§ 3. Rules of construction.

(a) This compact shall not be construed to displace existing federal milk marketing orders or state dairy regulation in the region but to supplement them. In the event some or all federal orders in the region are discontinued, the compact shall be construed to provide the commission the option to replace them with one or more commission marketing orders pursuant to this compact.

(b) The compact shall be construed liberally in order to achieve the purposes and intent enunciated in § 1 of this compact. It is the intent of this

compact to establish a basic structure by which the commission may achieve those purposes through the application, adaptation and development of the regulatory techniques historically associated with milk marketing and to afford the commission broad flexibility to devise regulatory mechanisms to achieve the purposes of this compact. In accordance with this intent, the technical terms which are associated with market order regulation and which have acquired commonly understood general meanings are not defined herein but the commission may further define the terms used in this compact and develop additional concepts and define additional terms as it may find appropriate to achieve its purposes.

ARTICLE III. COMMISSION ESTABLISHED

§ 4. Commission established.

There is hereby created a commission to administer the compact, composed of delegations from each state in the region. The commission shall be known as the Southern Dairy Compact Commission. A delegation shall include not less than three (3) nor more than five (5) persons. Each delegation shall include at least one (1) dairy farmer who is engaged in the production of milk at the time of appointment or reappointment, and one (1) consumer representative. Delegation members shall be residents and voters of, and subject to such confirmation process as is provided for in the appointing state. Delegation members shall serve no more than three (3) consecutive terms with no single term of more than four (4) years, and be subject to removal for cause. In all other respects, delegation members shall serve in accordance with the laws of the state represented. The compensation, if any, of the members of a state delegation shall be determined and paid by each state, but their expenses shall be paid by the commission.

§ 5. Voting requirements.

All actions taken by the commission, except for the establishment or termination of an over-order price or commission marketing order, and the adoption, amendment or rescission of the commission's bylaws, shall be by majority vote of the delegations present. Each state delegation shall be entitled to one (1) vote in the conduct of the commission's affairs. Establishment or termination of an over-order price or commission marketing order shall require at least a two-thirds ($\frac{2}{3}$) vote of the delegations present. The establishment of a regulated area which covers all or part of a participating state shall require also the affirmative vote of that state's delegation. A majority of the delegations from the participating states shall constitute a quorum for the conduct of the commission's business.

§ 6. Administration and management.

(a) The commission shall elect annually from among the members of the participating state delegations a chairperson, a vice chairperson, and a treasurer. The commission shall appoint an executive director and fix his or her duties and compensation. The executive director shall serve at the

pleasure of the commission, and together with the treasurer, shall be bonded in an amount determined by the commission. The commission may establish through its bylaws an executive committee composed of one (1) member elected by each delegation.

(b) The commission shall adopt bylaws for the conduct of its business by a two-thirds ($\frac{2}{3}$) vote, and shall have the power by the same vote to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form with the appropriate agency or officer in each of the participating states. The bylaws shall provide for appropriate notice to the delegations of all commission meetings and hearings and of the business to be transacted at such meetings or hearings. Notice also shall be given to other agencies or officers of participating states as provided by the laws of those states.

(c) The commission shall file an annual report with the Secretary of Agriculture of the United States, and with each of the participating states by submitting copies to the Governor, both houses of the Legislature, and the head of the state department having responsibilities for agriculture.

(d) In addition to the powers and duties elsewhere prescribed in this compact, the commission shall have the power:

- (1) To sue and be sued in any state or federal court;
- (2) To have a seal and alter the same at pleasure;
- (3) To acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or other similar manner, for its corporate purposes;
- (4) To borrow money and issue notes, to provide for the rights of the holders thereof and to pledge the revenue of the commission as security therefor, subject to the provisions of § 18 of this compact;
- (5) To appoint such officers, agents, and employees as it may deem necessary, prescribe their powers, duties and qualifications; and
- (6) To create and abolish such offices, employments and positions as it deems necessary for the purposes of the compact and provide for the removal, term, tenure, compensation, fringe benefits, pension, and retirement rights of its officers and employees. The commission may also retain personal services on a contract basis.

§ 7. Rulemaking power.

In addition to the power to promulgate a compact over-order price or commission marketing orders as provided by this compact, the commission is further empowered to make and enforce such additional rules and regulations as it deems necessary to implement any provisions of this compact, or to effectuate in any other respect the purposes of this compact.

ARTICLE IV. POWERS OF THE COMMISSION

§ 8. Powers to promote regulatory uniformity, simplicity, and interstate cooperation.

The commission is hereby empowered to:

(1) Investigate or provide for investigations or research projects designed to review the existing laws and regulations of the participating states, to consider their administration and costs, to measure their impact on the production and marketing of milk and their effects on the shipment of milk and milk products within the region.

(2) Study and recommend to the participating states joint or cooperative programs for the administration of the dairy marketing laws and regulations and to prepare estimates of cost savings and benefits of such programs.

(3) Encourage the harmonious relationships between the various elements in the industry for the solution of their material problems. Conduct symposia or conferences designed to improve industry relations, or a better understanding of problems.

(4) Prepare and release periodic reports on activities and results of the commission's efforts to the participating states.

(5) Review the existing marketing system for milk and milk products and recommend changes in the existing structure for assembly and distribution of milk which may assist, improve or promote more efficient assembly and distribution of milk.

(6) Investigate costs and charges for producing, hauling, handling, processing, distributing, selling and for all other services performed with respect to milk.

(7) Examine current economic forces affecting producers, probable trends in production and consumption, the level of dairy farm prices in relation to costs, the financial conditions of dairy farmers, and the need for an emergency order to relieve critical conditions on dairy farms.

§ 9. Equitable farm prices.

(a) The powers granted in this section and § 10 of this compact shall apply only to the establishment of a compact over-order price, so long as federal milk marketing orders remain in effect in the region. In the event that any or all such orders are terminated, this article shall authorize the commission to establish one or more commission marketing orders, as herein provided, in the region or parts thereof as defined in the order.

(b) A compact over-order price established pursuant to this section shall apply only to Class I milk. Such compact over-order price shall not exceed One Dollar and Fifty Cents (\$1.50) per gallon at Atlanta, Georgia; however, this compact over-order price shall be adjusted upward or downward at other locations in the region to reflect differences in minimum federal order prices. Beginning in 1990, and using that year as a base, the foregoing One Dollar and Fifty Cents (\$1.50) per gallon maximum shall be adjusted annually by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. For purposes of the pooling and equalization of an over-order price, the value of milk used in other use classifications shall be calculated at the appropriate class price established pursuant to the applicable federal order or state dairy regulation and the value of unregulated milk shall be calculated in relation to the

nearest prevailing class price in accordance with and subject to such adjustments as the commission may prescribe in regulations.

(c) A commission marketing order shall apply to all classes and uses of milk.

(d) The commission is hereby empowered to establish a compact over-order price for milk to be paid by pool plants and partially regulated plants. The commission is also empowered to establish a compact over-order price to be paid by all handlers receiving milk from producers located in a regulated area. This price shall be established either as a compact over-order price or by one or more commission marketing orders. Whenever such a price has been established by either type of regulation, the legal obligation to pay such price shall be determined solely by the terms and purpose of the regulation without regard to the situs of the transfer of title, possession or any other factors not related to the purposes of the regulation and this compact. Producer-handlers as defined in an applicable federal market order shall not be subject to a compact over-order price. The commission shall provide for similar treatment of producer-handlers under commission marketing orders.

(e) In determining the price, the commission shall consider the balance between production and consumption of milk and milk products in the regulated area, the costs of production including, but not limited to the price of feed, the cost of labor including the reasonable value of the producer's own labor and management, machinery expense, and interest expense, the prevailing price for milk outside the regulated area, the purchasing power of the public and the price necessary to yield a reasonable return to the producer and distributor.

(f) When establishing a compact over-order price, the commission shall take such other action as is necessary and feasible to help ensure that the over-order price does not cause or compensate producers so as to generate local production of milk in excess of those quantities necessary to assure consumers of an adequate supply for fluid purposes.

(g) The commission shall whenever possible enter into agreements with state or federal agencies for exchange of information or services for the purpose of reducing regulatory burden and cost of administering the compact. The commission may reimburse other agencies for the reasonable cost of providing these services.

§ 10. Optional provisions for pricing order.

Regulations establishing a compact over-order price or a commission marketing order may contain, but shall not be limited to any of the following:

(1) Provisions classifying milk in accordance with the form in which or purpose for which it is used, or creating a flat pricing program.

(2) With respect to a commission marketing order only, provisions establishing or providing a method for establishing separate minimum prices for each use classification prescribed by the commission, or a single minimum price for milk purchased from producers or associations of producers.

(3) With respect to an over-order minimum price, provisions establishing or providing a method for establishing such minimum price for Class I milk.

(4) Provisions for establishing either an over-order price or a commission marketing order may make use of any reasonable method for establishing such price or prices including flat pricing and formula pricing. Provision may also be made for location adjustments, zone differentials and for competitive credits with respect to regulated handlers who market outside the regulated area.

(5) Provisions for the payment to all producers and associations of producers delivering milk to all handlers or uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered, or for the payment of producers delivering milk to the same handler of uniform prices for all milk delivered by them.

(A) With respect to regulations, establishing a compact over-order price, the commission may establish one (1) equalization pool within the regulated area for the sole purpose of equalizing returns to producers throughout the regulated area.

(B) With respect to any commission marketing order, as defined in § 2, subdivision (3) of this compact, which replaces one or more terminated federal orders or state dairy regulations, the marketing area of now separate state or federal orders shall not be merged without the affirmative consent of each state, voting through its delegation, which is partly or wholly included within any such marketing area.

(6) Provisions requiring persons who bring Class I milk into the regulated area to make compensatory payments with respect to all such milk to the extent necessary to equalize the cost of milk purchased by handlers subject to a compact over-order price or commission marketing order. No such provisions shall discriminate against milk producers outside the regulated area. The provisions for compensatory payments may require payment of the difference between the Class I price required to be paid for such milk in the state of production by a federal milk marketing order or state dairy regulation and the Class I price established by the compact over-order price or commission marketing order.

(7) Provisions specially governing the pricing and pooling of milk handled by partially regulated plants.

(8) Provisions requiring that the account of any person regulated under the compact over-order price shall be adjusted for any payments made to or received by such persons with respect to a producer settlement fund of any federal or state milk marketing order or other state dairy regulation within the regulated area.

(9) Provision requiring the payment by handlers of an assessment to cover the costs of the administration and enforcement of such order pursuant to Article VII, § 18(a) of this compact.

(10) Provisions for reimbursement to participants of the Women, Infants and Children Special Supplemental Food Program of the United States Child Nutrition Act of 1966.

(11) Other provisions and requirements as the commission may find are necessary or appropriate to effectuate the purposes of this compact and to provide for the payment of fair and equitable minimum prices to producers.

ARTICLE V. RULEMAKING PROCEDURE

§ 11. Rulemaking procedure.

Before promulgation of any regulations establishing a compact over-order price or commission marketing order, including any provision with respect to milk supply under subsection 9(f) of this compact, or amendment thereof, as provided in Article IV, the commission shall conduct an informal rulemaking proceeding to provide interested persons with an opportunity to present data and views. Such rulemaking proceeding shall be governed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553). In addition, the commission shall, to the extent practicable, publish notice of rulemaking proceedings in the official register of each participating state. Before the initial adoption of regulations establishing a compact over-order price or a commission marketing order and thereafter before any amendment with regard to prices or assessments, the commission shall hold a public hearing. The commission may commence a rulemaking proceeding on its own initiative or may in its sole discretion act upon the petition of any person including individual milk producers, any organization of milk producers or handlers, general farm organizations, consumer or public interest groups, and local, state or federal officials.

§ 12. Findings and referendum.

(a) In addition to the concise general statement of basis and purpose required by Section 4(b) of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553(c)), the commission shall make findings of fact with respect to:

(1) Whether the public interest will be served by the establishment of minimum milk prices to dairy farmers under Article IV of this compact.

(2) What level of prices will assure that producers receive a price sufficient to cover their costs of production and will elicit an adequate supply of milk for the inhabitants of the regulated area and for manufacturing purposes.

(3) Whether the major provisions of the order, other than those fixing minimum milk prices, are in the public interest and are reasonably designed to achieve the purposes of the order.

(4) Whether the terms of the proposed regional order or amendment are approved by producers as provided in § 13 of this compact.

§ 13. Producer referendum.

(a) For the purpose of ascertaining whether the issuance or amendment of regulations establishing a compact over-order price or a commission marketing order, including any provision with respect to milk supply under subsection 9(f) of this compact, is approved by producers, the commission

shall conduct a referendum among producers. The referendum shall be held in a timely manner, as determined by regulation of the commission. The terms and conditions of the proposed order or amendment shall be described by the commission in the ballot used in the conduct of the referendum, but the nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto.

(b) An order or amendment shall be deemed approved by producers if the commission determines that it is approved by at least two-thirds ($\frac{2}{3}$) of the voting producers who, during a representative period determined by the commission, have been engaged in the production of milk the price of which would be regulated under the proposed order or amendment.

(c) For purposes of any referendum, the commission shall consider the approval or disapproval by any cooperative association of producers, qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the Capper-Volstead Act, bona fide engaged in marketing milk, or in rendering services for or advancing the interests of producers of such commodity, as the approval or disapproval of the producers who are members or stockholders in, or under contract with, such cooperative association of producers, except as provided in subdivision (1) hereof and subject to the provisions of subdivisions (2) through (5) hereof.

(1) No cooperative which has been formed to act as a common marketing agency for both cooperatives and individual producers shall be qualified to block vote for either.

(2) Any cooperative which is qualified to block vote shall, before submitting its approval or disapproval in any referendum, give prior written notice to each of its members as to whether and how it intends to cast its vote. The notice shall be given in a timely manner as established, and in the form prescribed, by the commission.

(3) Any producer may obtain a ballot from the commission in order to register approval or disapproval of the proposed order.

(4) A producer who is a member of a cooperative which has provided notice of its intent to approve or not to approve a proposed order, and who obtains a ballot and with such ballot expresses his approval or disapproval of the proposed order, shall notify the commission as to the name of the cooperative of which he or she is a member, and the commission shall remove such producer's name from the list certified by such cooperative with its corporate vote.

(5) In order to insure that all milk producers are informed regarding the proposed order, the commission shall notify all milk producers that an order is being considered and that each producer may register his approval or disapproval with the commission either directly or through his or her cooperative.

§ 14. Termination of over-order price or marketing order.

(a) The commission shall terminate any regulations establishing an over-order price or commission marketing order issued under this article whenever it finds that such order or price obstructs or does not tend to effectuate the declared policy of this compact.

(b) The commission shall terminate any regulations establishing an over-order price or a commission marketing order issued under this article whenever it finds that such termination is favored by a majority of the producers who, during a representative period determined by the commission, have been engaged in the production of milk the price of which is regulated by such order, but such termination shall be effective only if announced on or before such date as may be specified in such marketing agreement or order.

(c) The termination or suspension of any order or provision thereof shall not be considered an order within the meaning of this article and shall require no hearing, but shall comply with the requirements for informal rulemaking prescribed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553).

ARTICLE VI. ENFORCEMENT

§ 15. Records; reports; access to premises.

(a) The commission may by rule and regulation prescribe recordkeeping and reporting requirements for all regulated persons. For purposes of the administration and enforcement of this compact, the commission is authorized to examine the books and records of any regulated person relating to his or her milk business and for that purpose, the commission's properly designated officers, employees, or agents shall have full access during normal business hours to the premises and records of all regulated persons.

(b) Information furnished to or acquired by the commission officers, employees, or its agents pursuant to this section shall be confidential and not subject to disclosure except to the extent that the commission deems disclosure to be necessary in any administrative or judicial proceeding involving the administration or enforcement of this compact, an over-order price, a compact marketing order, or other regulations of the commission. The commission may promulgate regulations further defining the confidentiality of information pursuant to this section. Nothing in this section shall be deemed to prohibit (i) the issuance of general statements based upon the reports of a number of handlers, which do not identify the information furnished by any person, or (ii) the publication by direction of the commission of the name of any person violating any regulation of the commission, together with a statement of the particular provisions violated by such person.

(c) No officer, employee, or agent of the commission shall intentionally disclose information, by inference or otherwise, which is made confidential pursuant to this section. Any person violating the provisions of this section shall, upon conviction, be subject to a fine of not more than One Thousand Dollars (\$1,000.00) or to imprisonment for not more than one (1) year, or to both, and shall be removed from office. The commission shall refer any allegation of a violation of this section to the appropriate state enforcement authority or United States Attorney.

§ 16. Subpoena; hearings and judicial review.

(a) The commission is hereby authorized and empowered by its members and its properly designated officers to administer oaths and issue subpoenas throughout all signatory states to compel the attendance of witnesses and the giving of testimony and the production of other evidence.

(b) Any handler subject to an order may file a written petition with the commission stating that any such order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. He shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the commission. After such hearing, the commission shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(c) The district courts of the United States in any district in which such handler is an inhabitant, or has his principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within thirty (30) days from the date of the entry of such ruling. Service of process in such proceedings may be had upon the commission by delivering to it a copy of the complaint. If the court determines that such ruling is not in accordance with law, it shall remand such proceedings to the commission with directions either (1) to make such ruling as the court shall determine to be in accordance with law, or (2) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subdivision shall not impede, hinder, or delay the commission from obtaining relief pursuant to § 17 of this compact. Any proceedings brought pursuant to § 17 of this compact, except where brought by way of counterclaim in proceedings instituted pursuant to this section, shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this section.

§ 17. Enforcement with respect to handlers.

(a) Any violation by a handler of the provisions of regulations establishing an over-order price or a commission marketing order, or other regulations adopted pursuant to this compact shall:

(1) Constitute a violation of the laws of each of the signatory states. Such violation shall render the violator subject to a civil penalty in an amount as may be prescribed by the laws of each of the participating states, recoverable in any state or federal court of competent jurisdiction. Each day such violation continues shall constitute a separate violation.

(2) Constitute grounds for the revocation of license or permit to engage in the milk business under the applicable laws of the participating states.

(b) With respect to handlers, the commission shall enforce the provisions of this compact, regulations establishing an over-order price, a commission marketing order or other regulations adopted hereunder by:

(1) Commencing an action for legal or equitable relief brought in the name of the commission of any state or federal court of competent jurisdiction; or

(2) Referral to the state agency for enforcement by judicial or administrative remedy with the agreement of the appropriate state agency of a participating state.

(c) With respect to handlers, the commission may bring an action for injunction to enforce the provisions of this compact or the order or regulations adopted thereunder without being compelled to allege or prove that an adequate remedy of law does not exist.

ARTICLE VII. FINANCE

§ 18. Finance of start-up and regular costs.

(a) To provide for its start-up costs, the commission may borrow money pursuant to its general power under § 6, subdivision (d), paragraph four (4) of this compact. In order to finance the costs of administration and enforcement of this compact, including payback of start-up costs, the commission is hereby empowered to collect an assessment from each handler who purchases milk from producers within the region. If imposed, this assessment shall be collected on a monthly basis for up to one (1) year from the date the commission convenes, in an amount not to exceed \$.015 per hundredweight of milk purchased from producers during the period of the assessment. The initial assessment may apply to the projected purchases of handlers for the two-month period following the date the commission convenes. In addition, if regulations establishing an over-order price or a compact marketing order are adopted, they may include an assessment for the specific purpose of their administration. These regulations shall provide for establishment of a reserve for the commission's ongoing operating expenses.

(b) The commission shall not pledge the credit of any participating state or of the United States. Notes issued by the commission and all other financial obligations incurred by it shall be its sole responsibility and no participating state or the United States shall be liable therefor.

§ 19. Audit and accounts.

(a) The commission shall keep accurate accounts of all receipts and disbursements, which shall be subject to the audit and accounting procedures established under its rules. In addition, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual report of the commission.

(b) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the participating states and by any persons authorized by the commission.

(c) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any participating state or of the United States.

ARTICLE VIII. ENTRY INTO FORCE; ADDITIONAL MEMBERS AND
WITHDRAWAL

§ 20. Entry into force; additional members.

The compact shall enter into force effective when enacted into law by any three (3) states of the group of states composed of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia and West Virginia and when the consent of Congress has been obtained.

§ 21. Withdrawal from compact.

Any participating state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one (1) year after notice in writing of the withdrawal is given to the commission and the governors of all other participating states. No withdrawal shall affect any liability already incurred by or chargeable to a participating state prior to the time of such withdrawal.

§ 22. Severability.

If any part or provision of this compact is adjudged invalid by any court, such judgment shall be confined in its operation to the part or provision directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this compact. In the event Congress consents to this compact subject to conditions, said conditions shall not impair the validity of this compact when said conditions are accepted by three (3) or more compacting states. A compacting state may accept the conditions of Congress by implementation of this compact.

SOURCES: Laws, 1993, ch. 345, § 1, eff from and after July 1, 1993.

§ 69-37-3. Purpose; liberal construction.

The Legislature has determined that the boll weevil is a public nuisance, a pest and a menace to the cotton industry. The purpose of this chapter is:

(a) To provide procedures through which cotton growers in the State of Mississippi may manage boll weevil suppression, pre-eradication or eradication programs and boll weevil containment/maintenance programs;

(b) To provide for certification of the Mississippi Boll Weevil Management Corporation to cooperate with state and federal agencies in the administration of cost-sharing programs for suppression, pre-eradication, eradication or post-eradication of boll weevils in Mississippi; and

(c) To empower the Mississippi Department of Agriculture and Commerce to promulgate and enforce regulations in support of those programs. This chapter should be construed liberally to achieve these purposes.

SOURCES: Laws, 1993, ch. 345, § 2; Laws, 2010, ch. 524, § 2, eff from and after July 1, 2010.

Amendment Notes — The 2010 amendment, in (a), substituted “in the State of Mississippi may manage boll weevil suppression, pre-eradication or eradication programs and boll weevil containment/maintenance programs” for “in various geographical regions in Mississippi may initiate boll weevil suppression, pre-eradication or eradication programs within their respective regions”; in (b), substituted “the Mississippi Boll Weevil Management Corporation” for “a cotton grower’s organization,” inserted “or post-eradication” and deleted “various cotton-growing regions in” preceding “Mississippi”; and made a stylistic change in (d).

§ 69-37-17. Referenda, at request of corporation, as to assessments on cotton growers; character and disposition of funds assessed; Mississippi Boll Weevil Management Corporation Trust Fund [Paragraph (8)(b) repealed effective July 1, 2016].

(1) At the request of the corporation, the bureau shall authorize a statewide referendum among all Mississippi cotton growers on the question of whether an assessment, not to exceed One Dollar (\$1.00) per acre, shall be levied upon all cotton producers to offset, in whole or in part, the cost of maintaining the corporation, conducting referenda, and/or conducting a program to collect data and information on boll weevil populations and control costs. Any assessments levied for data-collecting programs as a result of the referendum shall be in addition to assessments being collected to support any other boll weevil management programs in the state.

(2) At the request of the corporation, the bureau shall authorize a statewide referendum among all Mississippi cotton growers on the question of whether an assessment, not to exceed Twelve Dollars (\$12.00) per acre, shall be levied upon all cotton growers to offset, in whole or in part, the cost of managing boll weevil suppression, pre-eradication, eradication, or post-eradication programs authorized by this chapter or by any other law of this state. The programs shall be designed on a statewide basis.

(3) The assessment levied under this chapter shall be based upon the level of boll weevil infestation and the anticipated cost of conducting the proposed program, as determined by available scientific data, and the number of acres of cotton planted in the specified management zone. The maximum amount of the assessment, the period of time for which it shall be levied, how it shall be levied, and when it shall be paid shall be determined by the bureau and the board and established by regulations according to this section. The maximum amount of the assessment, the period of time for which it will be levied, and when the payment is due shall appear on all ballots for the referenda authorized by subsections (1) and (2) of this section.

(4) All cotton growers having membership in a local cotton growers association shall be entitled to vote in any referendum authorized by subsections (1) and (2) of this section, and the bureau, after consultation with the corporation, shall determine any questions of eligibility to vote. A cotton grower must be growing cotton within this state and be a member of a local cotton growers association in order to be eligible to vote in elections and referenda concerning boll weevil management practices.

(5) Each eligible cotton grower shall be mailed a ballot upon which to cast a vote for or against the boll weevil suppression, pre-eradication, eradication or post-eradication program.

(6) Passage of a referendum under subsection (1) or (2) of this section shall require that at least twenty percent (20%) of the registered cotton growers vote in the referendum and that a majority of those voting statewide approve the referendum.

(7)(a) The assessments collected by the department under this chapter shall be promptly remitted to the State Treasury on behalf of the corporation in the special fund established in paragraph (b) of this subsection to be held in trust for the use and benefit of the corporation in administering the designated boll weevil management program through the suppression, pre-eradication, eradication or post-eradication of boll weevils.

(b) There is created within the State Treasury a special fund to be designated the "Mississippi Boll Weevil Management Corporation Trust Fund" into which shall be deposited all the revenues collected by the department for assessments levied under the provisions of this section. Monies in the fund shall be disbursed upon warrants issued by the State Fiscal Officer upon requisitions signed by the corporation's board. Monies in the fund shall remain inviolate and any unexpended amounts remaining in the fund at the end of the fiscal year, and any interest earned thereon, shall be divested to the corporation.

(8)(a) The corporation shall provide to the department an annual audit of its accounts performed by a certified public accountant.

(b)(i) The corporation shall provide the annual audit no later than November 15 for the preceding calendar year.

(ii) This paragraph (b) shall stand repealed on July 1, 2016.

(9) The assessments collected by the department under this chapter shall not be considered as "state" funds.

(10) Upon completion or termination of a program, any unused funds shall be transferred to and deposited in the Boll Weevil Management Fund created under Section 69-37-39, for the purpose of being used if there is a future occurrence of a boll weevil outbreak in the state.

Joint Legislative Committee Note — At the direction of the co-counsel for the Joint Legislative Committee on Compilation, Revision and Publication of Legislation, "under this chapter" was substituted for "under this act" in (7)(a).

Amendment Notes — The 2010 amendment rewrote the section.

The 2012 amendment extended the repealer for paragraph (8)(b) by substituting “July 1, 2016” for “July 1, 2012.”

ATTORNEY GENERAL OPINIONS

The amount of any one assessment cannot exceed \$40 per acre as provided in Section 69-37-17 for suppression, pre-eradication or eradication programs. However, it is up to regulations established by the Commissioner of Agriculture to determine for what period of time the assessment shall be levied, how it shall be levied and when it shall be paid. Foster, January 25, 1996, A.G. Op. #96-0037.

Section 69-37-17 appears to contemplate that individual cotton growers shall only be liable for assessments, penalties and fees as provided in the statute. The Certified Cotton Growers Organization could be liable for its debts. All employees and agents of the Organization who handle funds must be adequately bonded. Foster, January 25, 1996, A.G. Op. #96-0037.

Under Section 69-37-17, the bureau may limit those eligible to vote to those who are actually growing cotton, i.e. farmers, and may limit the assessment to those eligible voters. Foster, January 25, 1996, A.G. Op. #96-0037.

Under Section 69-37-17, assessment is made on a per acre basis. The same assessment for each acre cannot be payable twice; for example, by both the farmer and the landlord who owns the land and has a lien on the growing cotton. Foster, January 25, 1996, A.G. Op. #96-0037.

Based on the Section 69-37-21 and 69-37-17(5), in order for the program to continue fifty percent of the voting cotton growers must vote and two-thirds of those voting must vote for continuing with the program. If less than fifty percent of the registered cotton growers in the affected area do not vote then the referendum would not pass and the program would not continue. Moody, February 16, 1996, A.G. Op. #96-0052.

Any language that goes beyond the question to be voted upon or beyond the information required to be included by Section 69-37-17 should not appear on the ballot. Foster, February 22, 1996, A.G. Op. #96-0112.

§ 69-37-21. Subsequent referenda; annual report; limitation on assessment of fees.

(1) If any referendum conducted under this chapter fails to receive the required number of affirmative votes, the bureau, at the request of the corporation, shall be authorized to call other referenda.

(2) After the passage of any referendum, the eligible voters may be allowed, by subsequent referenda to be held upon recommendation of the corporation, to vote on whether to continue with the program and/or to modify the assessment fee. However, before any referendum is held proposing any modifications of the assessment, the corporation must submit its recommendation to the commissioner for approval. Upon petition by twenty percent (20%) of all eligible voting cotton growers within the state, the corporation shall be required to conduct a subsequent referendum on the question called in the petition, provided that the corporation is required to hold no more than one (1) petitioned referendum during any given calendar year. All the requirements for an initial referendum must be met in any subsequent referenda. The results of the referendum, along with annual audits of all monies expended on programs affected by the referendum, shall be reported each year to the Lieutenant Governor, the Speaker of the House of Representatives and the Chairmen of the Senate Agriculture Committee and the House of Representatives Agriculture Committee.

(3) It is the intent of the Legislature that the cost of the containment/maintenance phase of the boll weevil eradication program be borne by the producers, and that any subsequent debt incurred by the program be funded by subsidies, loans and grants from the federal government and other sources.

(4) No assessment under any subsequent referendum for a containment/maintenance program may exceed Twelve Dollars (\$12.00) an acre, and it shall be incumbent upon the Mississippi Boll Weevil Management Corporation to levy only that amount necessary to ensure the financial stability of the eradication program.

Amendment Notes — The 2010 amendment, in (1), substituted “at the request of the corporation, shall be authorized” for “with the consent of the Certified Cotton Growers Organization, may be authorized” and made a stylistic change; and in (2), in the first sentence, substituted “may be allowed” for “shall be allowed” and “corporation”

for “certified growers committee,” and deleted “at least every ten (10) years or” following “to be held,” added the second sentence, in the third sentence, substituted “all eligible voting cotton growers within the state” for “the voting cotton growers within a designated region,” twice substituted “corporation” for “Certified Cotton Growers Organization” and deleted “for each designated management region” following the second occurrence of “referendum”; and in the fourth sentence, substituted “The results of the referendum” for “The results of each referendum”; and in (4), inserted “Mississippi.”

ATTORNEY GENERAL OPINIONS

Based on Section 69-37-21(2), in a subsequent referendum, two thirds of the voters must vote in favor of continuing the program in order for it to continue. Foster, January 25, 1996, A.G. Op. #96-0037.

Based on Sections 69-37-21 and 69-37-17(5), in order for the program to continue fifty percent of the voting cotton growers must vote and two-thirds of those voting must vote for continuing with the program. If less than fifty percent of the registered cotton growers in the affected

area do not vote then the referendum would not pass and the program would not continue. Moody, February 16, 1996, A.G. Op. #96-0052.

A claim by some farmers against others based on detrimental reliance would not appear plausible since Section 69-37-21 specifically contemplates a subsequent referendum on whether to continue with the program. Spell, February 23, 1996, A.G. Op. #96-0082.

§ 69-37-23. Liens to secure payment of assessments and penalties; destruction of untreatable commercial cotton as nuisance; compensation.

(1) For statewide management when assessments are established by passage of a referendum, the commissioner shall have a lien for payment of the assessments, together with any penalties levied under this chapter, against all cotton grown by each cotton grower who grows cotton within the state. This lien shall be of equal dignity with liens for taxes in favor of the state and the commissioner is authorized to issue executions for the collection of the assessments and liens described in this section in like manner as executions are issued for ad valorem property taxes due the state.

(2) In addition, the commissioner shall have a special lien on cotton for payment of assessments, together with any penalties levied under this chapter, which shall be superior to any other lien provided by law, shall arise as of the time the assessments become due and payable, and shall cover all cotton grown by the cotton grower from the date the lien arises until the assessments are paid. However, any buyer of cotton shall take free of the lien if the buyer has not received written notice of the lien from the commissioner, or if he has paid for the cotton by a check in which the department is named as joint payee.

(3) A cotton grower who fails to pay when due and upon reasonable notice any assessment levied under this chapter shall be subject to a per acre penalty as established in the bureau's regulations, in addition to the assessment.

(4) Commercial cotton that is located in sites that cannot be treated adequately because of health, environmental or other concerns shall be deemed to be a public nuisance and shall be destroyed promptly. The commissioner, with the consent of the corporation and the approval of the Attorney General, may apply to the circuit court of the judicial circuit in which the public nuisance is located to have the nuisance condemned and destroyed. This injunctive relief shall be available to the commissioner notwithstanding the existence of any other legal remedy and the commissioner shall not be required to file a bond.

In those cases where commercial cotton is destroyed because of prevented treatment due to health or environmental concerns, the owner of the cotton shall be compensated for that portion of the crop that is destroyed. The per acre amount of the payments shall be based on a reasonable estimate of the value of the crop as determined by the commissioner in consultation with the corporation and the affected producer. Payments for those losses shall be funded by assessment fees paid by cotton growers and administered by the corporation.

The bureau shall determine when such action is necessary, or appears reasonably necessary, to prevent or retard the spread of the boll weevil. § 69-37-27. Suppression, pre-eradication, eradication and no-growth zones; growers to share costs; notice, referenda, penalties, and appeal of penalties.

The bureau, with the concurrence of the corporation, is authorized to designate by regulation one or more areas of this state as “suppression zones,” “pre-eradication zones” or “eradication zones” where the specified boll weevil management programs will be undertaken. The bureau, with the concurrence of the corporation, is authorized to promulgate reasonable regulations regarding areas where cotton cannot be planted within a specified management zone when there is reason to believe that growing cotton in those areas will jeopardize the success of the program or present a hazard to public health or safety. The bureau, with the concurrence of the corporation, is authorized to issue regulations prohibiting the planting of noncommercial cotton in the management zones and requiring that all growers of commercial cotton in these zones participate in the specified boll weevil management program and share equitably in the cost. The costs shall be determined by available

scientific data on the basis of the level of boll weevil infestation and the anticipated costs of the program in the various regions and shall be approved via referendum by cotton growers within the affected area under procedures set forth in this chapter. Notice of the prohibition and requirement shall be given by publication for one (1) day each week for three (3) successive weeks in a newspaper having general circulation in the affected area. The bureau, with the concurrence of the corporation, is authorized to set by regulation a reasonable schedule of penalty fees to be assessed when growers in designated "management zones" do not meet the requirements of regulations issued by the bureau with respect to reporting of acreage and participation in cost-sharing as prescribed by regulation. The penalty fees shall not exceed a charge of One Hundred Dollars (\$100.00) per acre. The cotton grower charged with those penalties has the right to appeal this decision to the corporation.

§ 69-37-35. Exemptions from assessment penalties for financial hardship; payment plan.

The commissioner, with the consent of the corporation, is authorized to exempt from the assessment penalty requirements set forth in this chapter those cotton growers for whom paying the assessment penalties would impose an undue financial hardship, and the commissioner is authorized to establish, upon the recommendation of the corporation, a payment plan in those hardship cases. This exemption shall be implemented as follows:

(a) The commissioner, with the consent of the corporation, shall adopt rules and regulations defining the criteria to be used in determining financial hardship. However, no exemption shall be granted to any cotton grower who, after the amount of assessments and penalties otherwise due has been subtracted from his taxable net income, has a net income exceeding Fifteen Thousand Dollars (\$15,000.00) for the year in which he seeks an exemption;

(b) Any cotton grower who claims an exemption shall apply on a form prescribed by the commissioner. A separate application shall be filed for each calendar year in which a cotton grower claims an exemption. Each applica-

tion shall contain an explanation of the conditions to be met for approval. An oath shall be included on the form that upon completion shall be returned to the commissioner;

(c) The commissioner shall forward all completed exemption application forms to the corporation. The corporation shall determine from the information contained in the application forms whether or not the applicants qualify for a hardship exemption (exemption from penalty) and may recommend a payment plan to the commissioner; and

(d) The corporation shall notify the commissioner of its determination, which shall be binding upon the applicants. Upon receipt of the determination of the corporation, the commissioner shall promptly notify each affected cotton grower of that determination. If an exemption has been denied, assessments and penalties for the year in which the application was made shall become due at the time they would otherwise have become due had no application for exemption been filed or within thirty (30) days after the date of the commissioner's notice of an adverse determination, whichever is later.

§ 69-39-5. Labeling requirements; posting at bulk delivery sites.

(1) All agricultural liming materials sold, offered or exposed for sale to any person in this state shall have affixed to each package in a conspicuous manner on the outside thereof, a plainly printed, stamped or otherwise marked label, tag or statement or in the case of bulk sales, a final invoice or bill of sale, setting forth at least the following information:

- (a) The name and principal office address of the manufacturer or distributor;
- (b) The brand or trade name of the material;
- (c) The identification of the product as to the type of the agricultural liming material;
- (d) The net weight of the agricultural liming material;

(5) At every site from which agricultural liming materials are delivered in bulk and at every place where consumer orders for bulk deliveries are placed, there shall be conspicuously posted a copy of the statement required by this section for each brand of material.

(6) When the commissioner determines that the requirement for expressing the calcium and magnesium in elemental form would not impose an economic hardship on distributors and users of agricultural liming materials by reason of conflicting label requirements among the states, he may require by regulation thereafter that the minimum percentage of calcium oxide and magnesium oxide and/or calcium carbonate and magnesium carbonate shall be expressed in the following form:

Total Calcium (Ca) percent
Total Magnesium (Mg) percent

§ 69-44-5. Assessment on corn grown in state; corn promotion fund; records and reports.

(1) After July 1, 2006, there is imposed and levied an assessment at the rate of One Cent (1¢) per bushel on all corn grown within the State of Mississippi, and the assessment shall be deducted by the purchaser from the amount paid the producer at the first point of sale, whether within or without the state. If a producer pledges corn grown by that producer as collateral for a loan issued by the Commodity Credit Corporation and if that producer forfeits the corn in lieu of loan repayment, the Commodity Credit Corporation shall, at the time of the loan settlement, collect the assessment from the producer.

(2) The assessment imposed and levied by this section shall be payable to and collected by the department from the purchaser of the corn at the first point of sale or from the Commodity Credit Corporation as provided in subsection (1) of this section. The proceeds of the assessment collected by the department shall be deposited with the State Treasurer in a special fund to be established as the "Mississippi Corn Promotion Fund," and promptly remitted to a foundation under the terms and conditions as the board deems necessary to ensure that the assessments are used properly in carrying out the purposes of this chapter.

the purposes set forth in that chapter, that is, to conduct a program of research, education and advertising designed to promote the corn industry in Mississippi. Spell, February 2, 2007, A.G. Op. #07-00019, 2007 Miss. AG LEXIS 11.

§ 69-44-7. Penalties; exemption.

(1) Any purchaser who fails to file a report or to pay any assessment within the time required by the department shall forfeit to the department a penalty of five percent (5%) of the assessment determined to be due, plus one percent (1%) of the amount for each month of delay or fraction thereof after the first month after the report was required to be filed or the assessment became due. The penalty shall be paid to the department and shall be disposed of by it in the same manner as funds derived from the payment of the assessment imposed herein.

(2) The department shall collect the penalties levied herein, together with the delinquent assessment, by any or all of the following methods:

(a) By voluntary payment by the person liable.

(b) By legal proceedings instituted in a court of competent jurisdiction.

(3) Any person required to pay the assessment provided for in this chapter who fails to remit same or who refuses to allow full inspection of the premises, or the books, records or other documents relating to the liability of the person for the assessment herein imposed, or who shall hinder or in any way delay or prevent the inspection, shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine not exceeding One Thousand Dollars (\$1,000.00) or by imprisonment not to exceed one (1) year, or both.

(4) The provisions of this chapter shall not apply to any person who purchases one thousand (1,000) or fewer bushels of corn in any calendar year, provided he is not regularly engaged in the purchase of corn.

The board is authorized to use the funds derived from the assessment imposed herein for these purposes, including basic administration expenses of the plan. Use of these funds may be applied, as prescribed in this section, within or without the State of Mississippi, including regional, national and international research and promotional applications.

(2)(a) The Mississippi Legislature finds and declares that the factors which affect the ability of Mississippi corn farmers to market their crop are established by national and international forces in the world market. The Legislature further finds and declares that the expenditure of funds by the board for the purpose of influencing the development and implementation of national and international policy affecting the marketing of corn produced by Mississippi farmers is the expenditure of funds for a public purpose.

(b) The board may expend a portion of the funds received and administered by the board for the purpose of influencing the development and implementation of national and international policy affecting the marketing of corn produced by Mississippi farmers.

(c) The amount of funds expended by the board in each fiscal year for the purposes authorized in this subsection shall not exceed fifteen percent (15%) of the budget of the board for that fiscal year.

(d) The board shall not expend any funds for the purpose of influencing any political activity.

(3) A report of all income and expenditures shall be made annually on December 31, with four (4) copies of the report to be filed and presented during the regular sessions of the Mississippi Legislature with each of the following: the Chairman of the House of Representatives Agriculture Committee, the Chairman of the Senate Agriculture Committee, the Mississippi Department of Agriculture and Commerce and the State Auditor.

ATTORNEY GENERAL OPINIONS

The Mississippi Land, Water and Timber Resources Board may contract with a private entity if that contract will further the purposes and duties of the board; an agreement with a private entity may be in the form of a contract for services or in the form of a grant, but, in either case, the contract or grant agreement should set out in reasonable detail the services and functions which will be performed by the private entity on behalf of the board. Spell, Jr., Feb. 1, 2002, A.G. Op. #02-0027.

The Land, Water and Timber Resources Board can enter into a loan or grant agreement for administration and disbursement of funds with a regional planning and development district, which are private entities often utilized as conduits for grants to small businesses for the purpose of job creation and small business development; further, the Land, Water and Timber Resources Board can make

loans or grants for specific projects to certain local governmental entities as are empowered to administer same, such as a county economic development district. Spell, Jr., Apr. 25, 2002, A.G. Op. #02-0226.

While the language in subsection (i) of this section grants fairly broad authority to the Mississippi Land, Water and Timber Resources Board does not grant the authority to the Board to merely fund the purchase of equipment utilizing existing forms of energy. The Board has the power to enact regulations which further define and clarify the terms "alternative energy" and "Mississippi natural resources." Spell, Aug. 8, 2003, A.G. Op. 03-0373.

The Land, Water and Timber Resources Board has the authority to loan to a purchaser a portion of the purchase price of the facility. Speed, Apr. 15, 2005, A.G. Op. 05-0191.

§ 69-48-5. Assessment on peanuts grown in state; peanut promotion fund; records and reports.

Assessments on peanuts put under loan to the Commodity Credit Corporation or purchased by the Commodity Credit Corporation and delivered to it shall be payable when such peanuts are placed under loan or are purchased. The Commodity Credit Corporation may require deduction and payment of the assessment from the loan proceeds or from the purchase price on behalf of the producer. Assessments on peanuts put under loan to the Commodity Credit Corporation and redeemed by the producer before the takeover date, if already paid by having been deducted from the loan proceeds, shall not be deducted by each handler from the amount paid the producer at the first point of sale as provided in this section; otherwise, the assessment shall be deducted.

(b) Any peanut producer may request and receive a refund of the amount of assessment deducted from the sale of his peanuts if he makes a written application with the department within sixty (60) days from the date of sale, supported by bona fide copies of sales slips signed by the purchaser. The application forms shall be prepared by the department and shall be

available at the first point of sale. All such applications shall be processed and refunds paid by the department within sixty (60) days after the funds have been received by the department. Each marketing agency shall be furnished a poster to be displayed in a prominent place, stating that refunds are available and that the forms, including self-addressed envelopes, are available at its office. If a producer pledges peanuts grown by that producer as collateral for a loan issued by the Commodity Credit Corporation and if that producer forfeits the peanuts in lieu of loan repayment, the Commodity Credit Corporation shall at the time of the loan settlement, collect the assessment from the producer.

(2) The assessment imposed and levied by this section shall be payable to and collected by the department from the purchaser of the peanuts at the first point of sale or from the Commodity Credit Corporation as provided in subsection (1) of this section. The proceeds of the assessment collected by the department shall be deposited monthly with the State Treasurer in a special fund to be established as the "Mississippi Peanut Promotion Fund," and promptly remitted to a foundation under the terms and conditions as the board deems necessary to ensure that the assessments are used properly in carrying out the purposes of this chapter.

The budget must be approved by the board by April 1 of each year. The department shall pay over to the Mississippi Peanut Promotion Fund the funds collected, less three and one-half percent (3-½%) of the gross amount collected. The amount withheld by the department must be approved by the board by July 1 of each year.

(4) Each purchaser or the Commodity Credit Corporation shall keep a complete and accurate record of all peanuts handled by him and shall furnish each producer with a signed sales slip showing the number of bushels purchased from him and the amount deducted by him for the Mississippi Peanut Promotion Fund. The records shall be in the form and contain any other information as the department shall by rule or regulation prescribe. The records shall be preserved by the purchaser for a period of two (2) years and shall be offered for inspection at any time upon oral or written demand by the department or any duly authorized agent or representative thereof. Every purchaser or the Commodity Credit Corporation, at such time or times as the department may require, shall submit reports or other documentary information deemed necessary for the efficient and equitable collection of the assessment imposed in this chapter. The department shall have the power to cause any duly authorized agent or representative to enter upon the premises of any purchaser of peanuts and examine or cause to be examined by the agent only books, papers and records which deal in any way with the payment of the assessment or enforcement of the provisions of this chapter.

§ 69-51-5. Cash payments to producers of ethanol, anhydrous alcohol, bio-diesel and wet alcohol.

(1) The Commissioner of Agriculture and Commerce is authorized to make cash payments to producers of ethanol, anhydrous alcohol, bio-diesel and wet alcohol located in the state. These payments shall apply only to ethanol, bio-diesel, anhydrous alcohol and wet alcohol fermented and produced at plants in the state. For purposes of this section, an entity that holds a controlling interest in more than one (1) ethanol or bio-diesel plant is considered a single producer. The amount of the payment for each producer's annual production is:

(a) Except as provided in subsection (2) of this section, for each gallon of ethanol, bio-diesel or anhydrous alcohol produced in Mississippi in accordance with subsection (13) of this section on or before June 30, 2005, or for ten (10) years after the start of production, whichever is later, Twenty Cents (20¢) per gallon; and

The producer payments for anhydrous alcohol, bio-diesel and wet alcohol under this section may be paid to the original producer.

No payments shall be made for production that occurs after June 30, 2015.

(2) If the level of production at an ethanol or bio-diesel plant increases due to an increase in the production capacity of the plant, the payment under subsection (1)(a) of this section applies to the additional increment of production until ten (10) years after the increased production began. Once a plant's production capacity reaches thirty million (30,000,000) gallons per year, no additional increment shall qualify for the payment.

(3) The commissioner is authorized to make payments to producers of ethanol, bio-diesel or wet alcohol in the amount of One and One-half Cents (1-½¢) for each kilowatt hour of electricity generated using biomass in a cogeneration facility at an ethanol plant located in the state. Payments under this subsection shall be made only for electricity generated at cogeneration facilities that begin operation by June 30, 2005. The payments apply to electricity generated on or before the date ten (10) years after the producer first qualifies for payment under this subsection. Total payments under this subsection in any fiscal year may not exceed Seven Hundred Fifty Thousand Dollars (\$750,000.00). For the purposes of this subsection:

"Cogeneration" means the combined generation of:

(a) Electrical or mechanical power; and

(b) Steam or forms of useful energy, such as heat, that are used for industrial, commercial, heating or cooling purposes.

(4) Payments under subsections (1) and (2) of this section to all producers may not exceed Thirty-seven Million Dollars (\$37,000,000.00) in a fiscal year.

Total payments under subsections (1) and (2) of this section to a producer in a fiscal year may not exceed Six Million Dollars (\$6,000,000.00).

(5) By the last day of October, January, April and July, each producer shall file a claim for payment for ethanol, bio-diesel, anhydrous alcohol and wet alcohol production during the preceding three (3) calendar months. A producer with more than one (1) plant shall file a separate claim for each plant. A producer that files a claim under this subsection shall include a statement of the producer's total ethanol, bio-diesel, anhydrous alcohol and wet alcohol production in Mississippi during the quarter covered by the claim, including anhydrous alcohol and wet alcohol produced or received from an outside source. A producer shall file a separate claim for any amount claimed under subsection (3) of this section. For each claim and statement of total ethanol, bio-diesel, anhydrous alcohol and wet alcohol production filed under this section, the volume of ethanol, bio-diesel, anhydrous alcohol and wet alcohol production or amounts of electricity generated using biomass must be examined by an independent certified public accountant in accordance with standards established by the American Institute of Certified Public Accountants.

(6) Payments shall be made November 15, February 15, May 15 and August 15. A separate payment shall be made for each claim filed. Except as provided in subsection (9) of this section, the total quarterly payment to a producer under this subsection, excluding amounts paid under subsection (3) of this section, may not exceed One Million Five Hundred Thousand Dollars (\$1,500,000.00).

(7) If the total amount for which all producers are eligible in a quarter under subsection (3) of this section exceeds the amount available for payments, the commissioner shall make payments pro rata.

(a) An application for approval of the new production capacity;

(b) An appropriate letter of long-term financial commitment for construction of the new production capacity; and

(c) Copies of all necessary permit applications for construction of the new production capacity. The commissioner may approve new production capacity based on the order in which the applications are received.

(9) Notwithstanding the quarterly payment limits of subsections (4) and (6), the commissioner shall make an additional payment in the eighth quarter of each fiscal biennium to ethanol or bio-diesel producers for Twenty Cents (20¢) per gallon of production in the eighth quarter of the biennium that is greater than seven million five hundred thousand (7,500,000) gallons.

(10) The commissioner shall adopt rules to implement this chapter and objective criteria by rule for who is eligible or not eligible for payment in compliance with this chapter.

(11) A plant in production or under construction by June 30, 2005, shall continue to receive uninterrupted payments under this section of at least Twenty Cents (20¢) per gallon of ethanol or bio-diesel produced until July 1, 2015.

(12) Promotional or educational efforts related to ethanol that are financed wholly or partially with state funds and that promote or identify a particular crop or commodity used to produce ethanol must also include a description of the other potential sources of ethanol listed in Section 69-51-3.

(13) It is the intent of this legislation that corn, biomass and resource commodities shall be furnished totally by Mississippi farmers insofar as the supply is available.

§ 69-53-1. Definitions [Repealed effective July 1, 2014].

As used in this chapter, the following terms shall have the meanings ascribed, unless the context requires otherwise:

(a) “Agritourism” means the travel or visit by the general public to, or the practice of inviting or allowing the general public to travel to or visit a working farm, ranch, or other commercial agricultural, aquacultural, horticultural, or forestry operation for the purpose of enjoyment, education, or participation in the activities of the farm, ranch, or other agricultural, aquacultural, horticultural, or forestry operation.

(b) “Agritourism activity” means any activity which allows members of the general public, for recreational, entertainment or educational purposes, to view or enjoy rural activities, including, but not limited to, farming activities, ranching activities or historic or cultural or natural attractions.

(c) “Agritourism professional” means any person, partnership, corporation, or the employees or authorized agents, who offer or conduct one or more agritourism activities, whether or not for compensation.

(d) “Inherent risks of agritourism activity” means those dangers or conditions that are an integral part of an agritourism activity, including, but not limited to, certain hazards involving surface and subsurface conditions, natural conditions of land, vegetation and waters, the behavior of wild or domestic animals, and ordinary dangers of structures or equipment ordinarily used in farming, ranching, or other commercial agricultural, aquacultural, horticultural or forestry operation. Inherent risks of agritourism activity also include the potential of a participant to act in a negligent manner that may contribute to injury to the participant or others, including failing to follow instructions given by the agritourism professional or failing to exercise reasonable caution while engaging in the agritourism activity.

(e) “Participant” means any person, other than the agritourism professional, who engages in an agritourism activity.

Editor’s Note — For repeal of this section see § 69-53-9.

§ 69-53-3. Agritourism activity liability [Repealed effective July 1, 2014].

(1) Except as provided in subsection (2) of this section, an agritourism professional is not liable for injury to or death of a participant resulting from the inherent risks of agritourism activities if the warning contained in Section 69-53-5 is posted as required and, except as provided in subsection (2) of this section, no participant or participant's representative can maintain an action against or recover from an agritourism professional for injury, loss, damage or death of the participant resulting exclusively from any of the inherent risks of agritourism activities. In any action for damages against an agritourism professional for agritourism activity, the agritourism professional may plead the provisions of this section as an affirmative defense.

(2) Nothing in subsection (1) of this section prevents or limits the liability of an agritourism professional if the agritourism professional does any one or more of the following:

(a) Commits or omits an act if the act or omission constitutes willful or wanton disregard for the safety of the participant, and that act or omission proximately causes injury, damage or death to the participant.

(b) Has actual knowledge or reasonably should have known of a dangerous condition on the land, facilities or equipment used in the activity or the dangerous propensity of a particular animal used in such activity and does not make the danger known to the participant, and the danger proximately causes injury, damage or death to the participant.

(c) Intentionally injures the participant.

(3) Nothing in subsection (1) of this section:

(a) Prevents or limits the liability of an agritourism professional under products liability laws.

(b) Shall be construed so as to negate that assumption of risk is an affirmative defense.

(4) Any limitation on legal liability afforded by this section to an agritourism professional is in addition to any other limitations of legal liability otherwise provided by law.

Editor's Note — For repeal of this section see § 69-53-9.

§ 69-53-5. Warning notice [Repealed effective July 1, 2014].

(1) Every agritourism professional must post and maintain signs that contain the warning notice specified in this section. The sign must be placed in a clearly visible location at the entrance to the agritourism location and at the site of the agritourism activity. The warning notice must consist of a sign in black letters, with each letter to be a minimum of one (1) inch in height. Every written contract entered into by an agritourism professional for the providing of professional services, instruction or the rental of equipment to a participant,

whether or not the contract involves agritourism activities on or off the location or at the site of the agritourism activity, must contain in clearly readable print the warning notice specified in subsection (2) of this section.

(2) The signs and contracts must contain the following notice of warning:

“WARNING

Under Mississippi law, there is no liability for an injury to or death of a participant in an agritourism activity conducted at this agritourism location if the injury or death results from the inherent risks of the agritourism activity. Inherent risks of agritourism activities include, among others, risks of injury inherent to land, equipment and animals, as well as the potential for you or another participant to act in a negligent manner that may contribute to your injury or death. You are assuming the risk of participating in this agritourism activity.”

(3) Failure to comply with the requirements concerning warning signs and notices provided in this section will prevent an agritourism professional from invoking the privileges of immunity provided by this chapter.

Editor’s Note — For repeal of this section see § 69-53-9.

§ 69-53-7. Registration of agritourism professionals [Repealed effective July 1, 2014].

(1) An agritourism professional must register with the Mississippi Department of Agriculture and Commerce on an annual basis. The registration shall contain information describing the agritourism activity that the agritourism professional conducts or intends to conduct and the location where the person conducts or intends to conduct such agritourism activity. Additionally, the agritourism professional must pay an annual fee in the amount of Fifty Dollars (\$50.00) to the Department at the time of registration. There is established in the State Treasury a special fund for the Mississippi Department of Agriculture and Commerce for the monies collected under this section. Unexpended monies remaining in the fund at the end of the fiscal year shall not lapse into the State General Fund, and any interest earned or investment earnings on amounts in the fund shall be deposited into the fund.

(2) The Department shall maintain a list of all registered agritourism professionals, the registered agritourism activities conducted by each professional, and the registered agritourism location where the professional conducts such activities. Such list shall be made available to the public. The Department, in conjunction with other agritourism and rural economic efforts, shall promote and publicize registered agritourism professionals, activities and locations to advance agritourism in the state. The Department assumes no legal liability by registering agritourism professionals, but merely serves to promote agritourism in the state.

(3) The Department shall adopt guidelines to carry out the intent of this chapter.
